MESSAGE FROM THE CHANCELLOR

On behalf of the faculty and staff, I welcome you to SOWELA Technical Community College. We are very excited that you have chosen SOWELA to help achieve your higher education goals. As a comprehensive community college, we offer high quality technical programs that will prepare you for a career in two years or less and programs/services designed to help you transfer to four-year colleges and universities. SOWELA is entering a new era and many exciting changes are taking place on campus. Student enrollment is increasing and the campus is expanding as evidenced by the construction of three new buildings which include a new facility for Arts and Sciences (including a new library), Nursing and Allied Health, and Process Technology.

Our dedicated faculty and staff are student focused and pride themselves on providing the pedagogical expertise, personal assistance, and the student support services needed to ensure that you will achieve success in your chosen program of study. Whether you just graduated high school, have been out of school for many years, or are returning to update your skills to improve your current job situation, we have the educational program and/or degree that will help put you on the path to a rewarding career.

SOWELA is also a strong community partner that strives to help improve the economy of Southwest Louisiana by providing programs and services focused on strengthening the area workforce. SOWELA has established many partnerships with the businesses and industries in the region in order to help enhance the skills of the local workforce and prepare them to compete more successfully in the 21st century global economy.

As you become acquainted with the SOWELA campus and the faculty and staff, you will quickly learn that we are here to help you achieve success and accomplish the educational and life goals you have set. Pursuing a higher education takes courage, stamina, and a great deal of personal responsibility and I want to assure you that we are here to make your journey as smooth as possible.

The “SOWELA Family” is here when you need us so please do not hesitate to call upon me or any of the faculty and staff when you need assistance or have questions. Thanks again for choosing SOWELA Technical Community College and I sincerely hope we can help you reach your destination and realize your dreams.

Dr. Neil Aspinwall
Chancellor
Sowela Technical Community College

ABOUT SOWELA

SOWELA Technical Community College (SOWELA) is a member of the Louisiana Community and Technical College System and under the governance of the Louisiana Board of Regents.

The course offerings and requirements of SOWELA are continually under examination and revision. This catalog presents the offerings and requirements in effect at the time of publication, but makes no guarantee that they will not be changed or revoked. However, adequate and reasonable notice will be given to students affected by any changes. This catalog is not intended to state contractual terms and does not constitute a contract between the student and SOWELA.

SOWELA reserves the right to make changes as required in course offerings, curricula, academic policies and other rules and regulations affecting students, to be effective whenever determined by the institution. These changes will govern current and formerly enrolled students. Enrollment of all students is subject to these conditions.

SOWELA provides the opportunity for students to increase their knowledge by providing programs of instruction in the various disciplines and programs through faculty who, in the opinion of the College, are qualified for teaching at the college level. The acquisition and retention of knowledge by any student is, however, contingent upon the student’s desire and ability to learn, and his or her application of appropriate study techniques to any course or program.

EEO/TITLE IX/SECTION 504/ADA

SOWELA does not discriminate on the basis of race, sex, color, religion, national origin, age or disability. This policy extends to employment by, admission to, or educational opportunities and benefits provided by the College.

Inquiries concerning EEO, Title IX, the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 should be directed to the Chancellor’s Office. For specific information on services for students with disabilities, refer to that section of the catalog. SOWELA is an affirmative action/equal opportunity college. It is committed to the education of a non-racially identifiable student body.

Failure to read this publication does not excuse students from the requirements and regulations described herein.

ACCREDITATION

SOWELA is accredited by the Accrediting Commission of the Council on Occupational Education (COE), a national accrediting agency that specializes in the accreditation of job training and workforce development institutions. This accreditation means that SOWELA is recognized as meeting standards of training acceptable for accreditation. The Council is the successor to the Commission on Occupational Education Institutions, founded in 1971 as a regional accrediting agency of the Southern Association of Colleges and Schools.

SOWELA Technical Community College is a candidate for accreditation with the Commission on Colleges of the Southern Association of Colleges and Schools to award associate degrees, diplomas, and certificates. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097 or call 404-679-4501 for questions about the status of SOWELA Technical Community College.

HISTORY

Technical education deals with knowledge, skills, and attitudes that prepare an individual for a specific occupation or vocation. To assist in the accomplishment of this task, the Southwest Louisiana Trade School was established by the Louisiana Legislature in 1938, and in 1940, classes began in five programs of training. In 1962, the name was changed to SOWELA Technical Institute due to expansion of facilities, growth of the student body, increased curricula, and the need for additional technical education.

In 1971, SOWELA Technical Institute gained significant recognition upon its accreditation by the Commission on Occupational Education Institutions of the Southern Association of Colleges and Schools — one of the most prestigious educational accrediting agencies in the United States.

SOWELA Technical Institute moved to its present location at 3820 Sen. J. Bennett Johnston Avenue in January 1980. The institute was renamed SOWELA Regional Technical Institute in March 1990, as it served as the regional center for Region Five.

Another milestone was reached on July 27, 1995, when the school was renamed Louisiana Technical College — SOWELA Campus. SOWELA was among the largest and most progressive post-secondary technical colleges in the state. The Louisiana Community and Technical College System Board of Supervisors changed the status of Louisiana Technical College — SOWELA Campus to SOWELA Technical Community College effective July 1, 2003.

In 2011, the Louisiana Community and Technical College System Board of Supervisors approved the transfer of the Morgan Smith Campus in Jennings to SOWELA Technical Community College. Previously, both Morgan Smith and SOWELA were part of Region Five. The transfer of the Morgan Smith Campus to SOWELA is a homecoming designed to increase services to Calcasieu and Jefferson Davis Parishes.

INSTITUTIONAL MISSION

SOWELA Technical Community College provides state-of-the-art traditional and distance learning experiences and awards certificates, technical diplomas, and associate degrees that empower students in training, career and technical education to excel as globally competitive citizens.

INSTITUTIONAL VISION

SOWELA Technical Community College seeks to become an exemplary institution recognized internationally for excellence in teaching, training, and service.
SOWELA Technical Community College

INSTITUTIONAL VALUES
SOWELA Technical Community College has a commitment to Access & Diversity, Student Success, Excellence in Teaching, Program Relevance, Faculty and Staff Development, Student-Centered Environment, and Community Partnerships.

GOVERNING BOARD
SOWELA Technical Community College is a part of the Louisiana Community and Technical College System (LCTCS), a division of the Board of Regents of the State of Louisiana. Members of the Board of Supervisors of the LCTCS are listed below.

Chair - Michael “Mickey” Murphy
First Vice Chair - Norwood “Woody” Oge’
Second Vice Chair - Timothy W. Hardy

Edwards Barham  Brett Mellington
Robert Brown  Paul Price, Jr.
Helen Bridges Carter  Stephen Smith
Keith Gamble  F. Mike Stone
Deni Grissette  Allen Scott Terrill
Vincent St. Blanc III  Stephen Toups

Student Board Members:
Jimmy Douglas
Adrianna Garcia

SERVICE AREA
SOWELA Technical Community College’s Main Campus is located at 3820 Sen. J. Bennett Johnston Avenue in Lake Charles, Louisiana. The Main Campus is located in Calcasieu Parish and serves citizens of Calcasieu, Cameron, Jeff Davis, Allen and Beauregard Parishes.

SOWELA also operates an off-campus site. The Morgan Smith site located at 1230 North Main Street, Jennings, Louisiana.

FREQUENTLY ASKED QUESTIONS
When is registration?
Registration is ongoing. To learn about registration, students should review the Schedule of Classes, check the SOWELA website, or visit the Office of Admissions located in the Administration Building.

How long must an individual reside in Louisiana before being considered a resident?
Individuals must reside and/or work in Louisiana for at least one year (365 days) immediately preceding the first official day of classes for the semester they wish to attend. Refer to the latest SOWELA College Catalog for the Academic Calendar.

Do I have to take the SOWELA Placement Test if I have ACT or SAT scores?
If you have ACT or SAT test scores taken within the last three years that meet the requirements of the Board of Regents, you will not be required to take SOWELA’s placement test. If you have transfer credit in college-level English and mathematics, you may receive a waiver from the placement test. Otherwise, you will be required to take the COMPASS Placement Test. New students will take the COMPASS after applying for admission and before being advised.

I do not want to receive credit for classes. Am I required to complete an application?
Yes, all students must complete an Application for Admission in order to register at SOWELA. After completing the application process, a student can either enroll for or audit a class (see the “Glossary”).

How do I obtain a transcript for another institution or an employer?
First, complete a Transcript Request form available in the Office of the Registrar, or print one from the web site at www.SOWELA.edu. Also, a letter can be sent to SOWELA Technical Community College, Office of Admissions, P.O. Box 16950, Lake Charles, LA 70616. The letter should include the student’s name (printed), signature, social security number, and an address where a transcript can be mailed. Federal regulations require that a student’s transcript be released only upon that student’s written consent, which must bear the student’s signature.

Where should other institutions of higher education send transcript(s) and application materials?
Other institutions should send transcripts to SOWELA Technical Community College, Office of Admissions, P.O. Box 16950, Lake Charles, LA 70616.

How do I register for online courses?
Students can apply to take online courses the same way they apply to enroll in other college courses.

Where can I obtain online course tests?
Students can apply to take online courses the same way they apply to enroll in other college courses.

How do I obtain a parking hangtag?
Parking hangtags and maps of the SOWELA campus are available in the Campus Security Office located in the Metals Building.

Does SOWELA offer child care for students’ children?
Currently, the college does not offer child care services. However, there are qualified and reliable child care facilities located in close proximity to the campus.

Is it necessary to have a SOWELA identification card?
All students are required to carry a SOWELA ID Card in order to gain entrance into the parking lot, check out books, print/copy, and use other services offered by the College. Some local merchants offer discounts to SOWELA students; to take advantage of the offers, a student ID card must be presented.

How do I qualify for the Dean’s List?
To qualify for the Dean’s List, a student must complete a minimum of twelve (12) or more credit hours and maintain a grade point average (GPA) of 3.5 or higher with no letter grade lower than a “C”.

How do I join a student club/organization?
To join a club/organization, a student should complete an application for that club/organization in the Office of Student Support Services, located in the Administration Building. The application will be forwarded to the club’s advisor, who will contact the prospective member.

Where do I obtain an application for federal financial aid (FAFSA)?
To obtain an application, visit the Office of Financial Aid and Scholarships located in the Administration Building or go online to www.fafsa.ed.gov.

What scholarships are available, and where can I apply?
Scholarship awards are based on availability of funds. To obtain a complete list of the scholarships offered at SOWELA and their qualifying requirements/criteria, students should visit the SOWELA web site at www.SOWELA.edu and click on the link for the Office of Financial Aid and Scholarships. Students can also download the scholarship application from this link.

SOWELA Technical Community College subscribes to the open door mission of the community and technical colleges in Louisiana. The open door policy applies to admission to SOWELA programs which do not have restricted admissions. Procedures for admissions to restricted programs are available upon request. Applicants are encouraged to complete admissions procedures at least thirty days prior to registration. Early application is important since some program enrollments may be limited. There is no application fee. Applications may be submitted by visiting the College website (www.SOWELA.edu). SOWELA accepts applications throughout the year.

GENERAL ADMISSIONS REQUIREMENTS

All applicants must submit the following items (NOTE: Documents will not be returned once submitted):

1. A completed application form. The application must be submitted prior to the published deadline. Incomplete or false information may jeopardize admission to SOWELA.

2. All official transcripts of previous schooling. These official transcripts must be submitted to the Admissions Office at the time of application. An official transcript is one that is mailed directly from the transferring college to SOWELA or submitted in a sealed envelope from the transferring college. Students are encouraged to request that their transcript be sent electronically to SOWELA from those colleges that participate in the eScript system. Failure to do so may delay admission to SOWELA.

3. Proof of immunization. As required by Louisiana Law R.S. 17:110, all first time students born after 1956 must provide proof of immunization against measles, mumps, rubella, tetanus, or diphtheria as a condition of enrollment. Students will not be allowed to complete the registration process until they have satisfied the immunization requirement. A waiver may be signed by the student, however, in the event of an outbreak of measles, mumps, rubella, tetanus, or diphtheria on campus, the college will require the students who are not immunized to stop attending classes until the outbreak is over or until they submit proof of adequate immunization.

4. Proof of Selective Service status. In accordance with the requirements of Louisiana Law R.S. 17:3151 and the Federal Selective Service Act, male applicants who are between the ages of 18 and 25 must provide written evidence that they have registered with Selective Service before they will be allowed to register for classes. Acceptable documentation may be a copy of the applicant’s Selective Service Registration card or a printout from the Selective Service web site indicating the applicant’s status.

The following categories of applicants are exempt from this requirement:

- Males currently on active duty in the military
- Veterans who submit a copy of their DD214 discharge certificate

ADMISSION OF FIRST-TIME FRESHMEN

A state approved high school diploma or high school equivalency diploma (GED) is required for admission into the associate degree programs and the Practical Nursing program. Students who are home-schooled or who graduated from a high school that is not approved by the state of Louisiana can be admitted with a GED or with ACT scores of at least 14 in English and 15 in math on a single ACT administration. The ACT scores are required in addition to the required SOWELA placement test scores unless the ACT scores meet the minimum ACT requirements for College level English and math as determined by the Louisiana Board of Regents.

Students planning to enroll should request...
that their ACT scores be sent to the Admissions Office at SOWELA. SOWELA’S ACT Code is 5064. Official transcripts from postsecondary educational institutions accredited by one of the six regional accrediting agencies may be substituted for the placement exam for all programs except Practical Nursing. The official transcript must indicate successful completion of college English and Math.

ASSET or COMPASS scores may also be used for placement. Students whose test scores indicate a need for additional preparation in basic skills will be required to enroll in appropriate transitional courses to help prepare them for success in higher level courses.

SOWELA’S placement exams are administered for course placement only and are not used in determining admission to the college except when academic achievement levels are required by a licensure board (i.e. the Louisiana State Board of Practical Nurse Examiners). Test scores are primarily used for advising and placement purposes. A student that tests into transitional courses to help prepare them for success in higher level courses.

SOWELA'S placement exams are administered for course placement only and are not used in determining admission to the college except when academic achievement levels are required by a licensure board (i.e. the Louisiana State Board of Practical Nurse Examiners). Test scores are primarily used for advising and placement purposes. A student that tests into transitional courses to help prepare them for success in higher level courses.

ADMISSION OF INTERNATIONAL STUDENTS

SOWELA welcomes international students and values their contribution to enhancing the cultural diversity of the College. International students are issued a SEVIS form I-20 by SOWELA after the applicant:

1. Completes a SOWELA application.
2. Meets entrance requirements on SOWELA’S placement test or ACT, or (if the applicant’s native language is not English) scores 450 or more on the paper/pencil Test of English as a Foreign Language (TOEFL) or a 133 on the computerized TOEFL. If the applicant has completed coursework for regular academic credit at another USA institution, it may be used in place of TOEFL.
3. Provides the following documentation to the Admission’s Office:
   a. Birth Certificate or other proof of citizenship.
   b. Documentation of high school completion.
   c. Affidavit of support (INS Form I-134) or SOWELA’s affidavit of support.
   d. Proof of immunization as required of all students.

All documentation must be in English or accompanied by certified translations in English.

An M-I student must be a full-time student and is not allowed to accept any form of employment. An M-I student has 30 days to depart the United States after completion of his/her course of study. For additional information call (800) 256-0483 or (337) 491-2688.

ADMISSION OF TRANSFER STUDENTS

A transfer student is any student who has been previously enrolled at any college or university. Transfer students may enroll at SOWELA if they are eligible for readmission at the last school attended. Transfer students may be admitted provisionally with approval of the Registrar until all required transcripts have been received.

Transfer students who have not received a “C” or better in a college-level English Composition and/or College Algebra course must complete a placement test. Transfer students who receive transfer credit for college-level English and/or mathematics are exempted from placement testing in the corresponding courses. However, where placement scores are required as part of the admissions criteria set by licensure boards (i.e. the Louisiana State Board of Practical Nurse Examiners), no such waiver will be permitted. Information regarding the awarding of transfer credit is included in Academic Policies.

A student who is ineligible to return to his/her previous college may be admitted to SOWELA on probation.

In addition to the general admissions requirements, transfer students are required to submit their high school transcripts if they have not earned at least 12 hours of college-level coursework. These earned hours must be evident on the official transcript from the transferring institution.

ADMISSION OF READMIT STUDENTS

Students who have once attended SOWELA, but have not been enrolled for a full semester (with the exception of the summer semester), may submit a new Application of Admission. If the enrolling student has attended another university/college during the lapsed period, a transcript from that institution is required. Students applying for readmission are subject to the most current fees.

ADMISSION TO SENIOR TECHNICAL EDUCATION PROGRAM AT SOWELA (STEPS)

The STEPS program provides high school seniors a jump start on college. Students in the STEPS program experience the college environment while completing their high school diploma and earning college credits.

Since a high school diploma is required for admission into an associate degree program, credits earned while enrolled will be banked. The STEPS students must complete their entire senior year at SOWELA and meet all requirements for graduation from their high school before the banked credits will be awarded.

Students from participating high schools may enroll in STEPS under the direction of the STEPS coordinator and their high school counselor. Students must meet the minimum requirements of the following diploma paths to qualify for the STEPS program:

Career Diploma
- Graduating senior pursuing a Career Diploma that is school-approved
- Minimum of two (2) core courses left for graduation (English, math or science)
- Minimum of 18 high school credits earned
- Meet SOWELA’S placement exam standard or required ACT score
- Minimum of twelve (12) semester hours of SOWELA Courses enrolled per semester (fall & spring)
- Open to most SOWELA diploma/degree plans

La Core 4/Basic Core Curriculum
- Graduating senior pursuing a La Core 4 or Basic Core path that is school-approved
- Minimum of 18 high school credits earned
- Meet SOWELA’S placement exam standard or required ACT score
- Minimum of twelve (12) semester hours of SOWELA courses enrolled per semester (fall & spring) including any high school core dual enrollment courses needed for graduation
- Open to most SOWELA diploma/degree plans
- Tuition and books are paid for through a state grant for high school seniors who meet the STEPS admission requirements and choose to attend SOWELA during their senior year of high school. The only cost to the student is about $130 per semester to cover mandatory fees.

For additional information, contact the counselor at participating high schools or phone the STEPS office at 337-491-2607.

ADMISSION OF NON-MATRICULATING STUDENTS

Students interested in gaining a basic under-
Standing of course material without the pressure of examination may take classes for non-credit. A notation of audit (AU) will be assigned to the student’s SOWELA transcript. Those students taking classes for non-credit are not required to provide a high school transcript or take the placement examination. Fees are the same as those for credit students.

Enrollment as “non-credit” in day classes must be approved by the Department Chair and registration must be done during the drop/add/late registration period, giving degree-seeking students first priority. Coursework will not be retroactively assigned a grade for non-credit students.

**DUAL ENROLLMENT**

Dual Enrollment is a program that allows a high school student to enroll in a college level course for which dual credit (both college and high school credit) is earned on both the student’s secondary and postsecondary academic record. Dual enrollment program. The credits that students earn will be applicable toward high school graduation and acceptable toward a college Associate degree or Technical Certificate. This opportunity allows students to accelerate their college career and wish to get an early start on completing their college education.

For additional information on the program, contact the College and Career Transition Coordinator at 337-824-4811.

**ORIENTATION**

All new students are required to participate in an orientation session designed to assist in adjusting to college life. First time students must participate in orientation in order to register for their first term.

Orientation is conducted each term for new students by the Office of Academic Affairs and Student Success to acquaint each student with the staff, buildings and grounds, policies, and rules and regulations of SOWELA.

Each student will be assigned a departmental faculty adviser after the orientation. The faculty adviser will assist the student with curriculum advisement during advising days.

**COMPASS PLACEMENT TESTING**

The COMPASS is a skills assessment tool used by SOWELA to ensure you are taking classes that fit your academic needs. There is no pass or fail grade, but you need to complete a COMPASS assessment on campus before registering for classes. The COMPASS includes sections on writing, reading, and math.

You are required to complete a COMPASS assessment unless you have scores on the ACT that can be substituted for the writing, reading, and math portions of the COMPASS. Students with prior college credit from other schools may be waived from the requirement to take the COMPASS. Bring a copy of your college transcripts to campus and an admissions counselor will determine if you qualify for a COMPASS waiver.

</table>

**Note:** This table reflects the estimated rates for 2012-2013. These rates are subject to change at any time.
PAYMENT OPTIONS
Cash and check payments can be made in the SOWELA Business Office; however, credit card payments must be made online using CASHNet. The student or an authorized user can make payments by electronic check (e-Check), MasterCard, Discover, or American Express online. The e-Check option is entirely free, while the SmartPay credit/debit card option adds a 2.75% convenience fee to each payment (this fee is paid directly to CASHNet, not to the college). Unfortunately, VISA cards cannot be used in CASHNet due to restrictions imposed by VISA.

FEES

Testing Fee (if applicable) $20.00
Web Registration Fees $40.00
Graduation Fee $60.00
Enterprise Resource Planning Fee $20.00
Graduation Fee $2 per credit hour (Maximum $24 per enrollment period).
Student Technology Fee $5 per credit hour (Maximum $36 per enrollment period).
Placement Testing Fee $20 (or $5 processing fee plus $5 per section).
Academic Excellence Fee $7 per credit hour (Maximum $84 per enrollment period).
Late Registration Fee $25.00
Enterprise Resource Planning Fee $3 per credit hour (Maximum $36 per enrollment period).
Graduation Fee Students who will be graduating are required to pay a graduation fee of $60 during the period of time established for this purpose. The fee covers your cap and gown, and will defray graduation costs. This fee will be paid at the time of registration for the student’s final term and is NONREFUNDABLE. This fee is required even if the student does not plan to attend the graduation ceremony.
Operational Fee Effective Fall 2004, State of Louisiana Legislator’s and LCTCS approved an operational fee to be assessed at all state colleges and universities. The operational fee will cover operational expenses no longer covered by the State. The operational fee is $3 per credit hour (Maximum $36 per enrollment period).
Parking Fees/Permits Vehicle registration permits are issued from the Office of Facilities at a cost of $5 each. All faculty, staff, and students who operate vehicle on campus must register their vehicles and display the hanging permit from their rearview mirror so that it is visible at all times. Vehicle registration allows authorized students to park in zones to which they are entitled only if space is available. The operation of a motor vehicle on campus is a privilege granted by SOWELA Technical Community College. Failure to abide by the regulations will revoke this privilege and/or result in disciplinary action.

Tuition Fees for On-Campus Courses
The Board of Supervisors of the Louisiana Community and Technical College System (LCTCS) approved equalizing and standardizing tuition and registration fees for all online credit courses to provide equity and convenience for online students. The Tuition and Fees for Online Courses have been established as follows:
Tuition per credit hour $122.00
Registration fee per student $40.00

Fee Assessment Details
Academic Excellence Fee Academic Excellence fee is $7 per credit hour (Maximum $84 per enrollment period). Atypical courses are assessed as a separate enrollment period. The Academic Excellence Fee promotes academic excellence at the college by enhancing institutional programs. This fee was approved by the State Legislature in 2003.
Student Services Fee Effective Fall 2011, LCTCS and the Board approved a Student Service Fee to be assessed at all LCTCS colleges. This covers fees for student services such as registration, financial aid, bursar, campus security, library, etc. The Student Service Fee is $2 per credit hour (Maximum $24 per enrollment period).
Enterprise Resource Planning Fee Effective Fall 2010, LCTCS and the Board approved an Enterprise Resource Planning fee to be assessed at all LCTCS colleges. The enterprise resource planning fee will support the implementation and operation of the ERP for the LCTCS. The Enterprise Resource Planning Fee is $3 per credit hour (Maximum $36 per enrollment period).
Student Technology Fee The student technology fee is $5 per credit hour (Maximum not to exceed $60 per enrollment period). All students pay a student technology fee which supports existing technological resources on SOWELA’S campus and provides for upgrades and improvements.
Placement Testing Fee Test fees are $20 (or $5 processing fee plus $5 per section). Fees must be paid at the Business Office in the Administration Building prior to testing.
Library Fines The Library and Learning Resource Center (LLRC) has a one month loan period for books with the option to renew materials for an additional month. At the end of the loan period, materials that have not been returned or renewed are considered overdue. The LLRC charges twenty-five (25) cents per day for each overdue book. When a book is reported lost or long overdue the user is charged for the replacement cost and assessed a $20 processing. Overdue notices are sent through U.S. mail. A “flag” or stop is placed on a student record when fines are owed. Students may not register for classes or receive transcripts until their account is settled.
Tuition Defefered Plan SOWELA has contracted with CASHNet to provide the ability for students to participate in an installment plan. Students who do not pay the down payment by the given deadline will have their classes dropped. The applicable fee must accompany any payments, and payments are due even if a statement is not received in the mail.

Payment by Mail
If a payment is made by mail, it is the student’s responsibility to ensure the payment is received in the Business Office. If referred for collection, the collection cost, court costs, and attorney fees may be added to the remaining total amount deferred.

SOWELA Technical Community College
Business Office
P. O. Box 16950
Lake Charles, LA 70616-6950

Returned Checks
The charge for each returned check is $25.00. If the check is written payable to SOWELA by a student or on his behalf and is returned to the College, that student may forfeit all check writing privileges with SOWELA in the future. Payment by cash, cashier’s check, money order, or credit card will be required. Putting a stop payment on a check will not constitute an official resignation from the College.

REFUND POLICY
Refunds for tuition and refundable fees are processed by the Business Office no later than 30 days of the last day of the refund period. Refunds are issued through Higher One, a financial services company (see Higher One refund debit card section for more details).
If refunds are deferred to financial aid, and the student withdraws, the financial aid payment will be applied to the account balance with the surplus refunded to the student’s Higher One account. Any fees not covered by financial aid are the student’s responsibility.

Students who have a reduction in hours scheduled will be refunded based on the date
Students must complete the drop/withdrawal process prior to the posted deadlines to qualify for a reduction in amounts owed. Nonattendance does not constitute withdrawal.

If SOWELA cancels a class for any reason, students enrolled in the class will receive a full refund of tuition and fees paid for the canceled class.

Students who have an increase in hours scheduled during the add/drop period will be required to pay the additional per credit hour tuition and fees at the time of the schedule adjustment.

The Refund Policy for SOWELA Technical Community College is as follows:

- A 100% refund of tuition and fees will be made only when classes are cancelled or if a student withdraws prior to the first day of class.
- A 75% refund of tuition and refundable fees will be made to students withdrawing during the first five instructional days for the fall and spring semester and the first three instructional days for the summer semester and mini semester.
- A 50% refund of tuition and refundable fees will be made to students withdrawing during the 6th to 10th instructional day of the semester for the fall and spring semester and during the 4th to 6th instructional day of the semester for the summer semester and mini semester.
- No refund shall be made after the 6th to 10th instructional day for the summer semester and mini semester.
- A 75% refund of tuition and refundable fees will be made to students withdrawing during the first five instructional days for the fall and spring semester or during the first three instructional days for the summer semester.
- A 50% refund of tuition and refundable fees will be made to students withdrawing during the 6th to 10th instructional day of the semester for the fall and spring semester.

Students enrolled in the class will receive a full refund of tuition and fees paid for the canceled class.

After the 6th instructional day for the summer semester and mini semester.

Students who have an increase in hours scheduled during the add/drop period will be required to pay the additional per credit hour tuition and fees at the time of the schedule adjustment.

The Refund Policy for SOWELA Technical Community College is as follows:

- A 100% refund of tuition and fees will be made only when classes are cancelled or if a student withdraws prior to the first day of class.
- A 75% refund of tuition and refundable fees will be made to students withdrawing during the first five instructional days for the fall and spring semester and the first three instructional days for the summer semester and mini semester.
- A 50% refund of tuition and refundable fees will be made to students withdrawing during the 6th to 10th instructional day of the semester for the fall and spring semester and during the 4th to 6th instructional day of the semester for the summer semester and mini semester.
- No refund shall be made after the 6th to 10th instructional day for the summer semester and mini semester.
- A 75% refund of tuition and refundable fees will be made to students withdrawing during the first five instructional days for the fall and spring semester or during the first three instructional days for the summer semester.
- A 50% refund of tuition and refundable fees will be made to students withdrawing during the 6th to 10th instructional day of the semester for the fall and spring semester.

Students enrolled in the class will receive a full refund of tuition and fees paid for the canceled class.

Satisfactory Academic Progress (SAP) is defined as:

1. Achieving a required grade point average (see GPA chart)
2. Earning (passing) 67% of all hours attempted
3. Not exceeding 150% of the total attempted hours needed to complete an approved major/program as defined by the Department of Education

When is SAP Reviewed?

Satisfactory Academic Progress (SAP) will be reviewed and determined:

1. Before aid is initially awarded, then
2. At specific increments (see below depending upon the student’s program of study)

SOWELA Technical Diploma Students: Satisfactory Academic Progress will be reviewed after each semester (*Increment = one semester) for students enrolled in a technical diploma programs.
Sowela Technical Community College

SOWELA Associate Degree Program:
Satisfactory Academic Progress will be reviewed again after the spring semester (increment = fall/spring semester combined) for students enrolled in associate degree programs. (Also, reviewed at the end of summer if applicable)

How is SAP Reviewed? (Three measures-
Qualitative, Quantitative/PACE, and Maximum Time Frame)

In calculating/reviewing SAP, hours and grades attempted towards your chosen major/program will be considered. These include, but are not limited to, courses passed, courses failed, courses from which the student withdrew, repeated courses, transfer/accepted courses, non-credit transitional/remedial coursework and courses for which the student did not receive any financial aid.

1. Qualitative Measure (GPA)

The qualitative standard is the student’s cumulative grade point average (GPA). The qualitative standard requires that as the number of hours attempted increases, the student’s cumulative GPA increases. SOWELA students will need to achieve a cumulative GPA relative to the total number of hours attempted as outlined in the chart below:

<table>
<thead>
<tr>
<th>Hours Attempted</th>
<th>Qualitative Standard</th>
</tr>
</thead>
<tbody>
<tr>
<td>15</td>
<td>0.00</td>
</tr>
<tr>
<td>30</td>
<td>1.00</td>
</tr>
<tr>
<td>45</td>
<td>2.00</td>
</tr>
<tr>
<td>60</td>
<td>3.00</td>
</tr>
</tbody>
</table>

Students can calculate their GPA using the GPA Calculator located on the SOWELA website at: http://www.SOWELA.edu/GPA Improvement planning calculator.asp

2. Quantitative Measure/PACE

In calculating the quantitative measure, we will measure the “Pace” at which the student is progressing. This is done by dividing the total major/program hours earned by the cumulative major/program hours attempted. (Example: total attempted hours for major/program = 43, total earned hours = 24. So calculation would be 24 / 43 = 55%. This student only has a 55% completion rate – does not meet SAP). SAP will be met if the student is achieving the appropriate cumulative GPA (see GPA chart above) and the Pace is equal to 67% or higher and the student has not reached 150% maximum time frame allowed for their degree program. (See Maximum Hours Allowed below).

Students can calculate their GPA using the GPA Calculator located on the SOWELA website at: http://www.SOWELA.edu/GPA improvement planning calculator.asp

3. Maximum Hours Allowed

Total attempted hours must not exceed 150% of the Department of Education’s approved length of the student’s program. Students may receive federal financial aid if they have attempted below 150% of the maximum federal student aid credit hours approved in their major/program. To determine the maximum allowable hours for a specific program of study, refer to the SOWELA Financial Aid website at www.SOWELA.edu. Determine the total number of hours approved for the program and multiply that figure by 1.50. (Example: If the degree program requires/approved 60 hours to the length of the program, multiply 60 hours x 1.50 = 90. The maximum allowable attempted hours for the degree program in this example = 90 hours.)

Hours attempted includes all hours pursued, earned, transferred/accepted from another college, dropped, and failed. All of these hours are counted as attempted even if the student did not receive aid. Note: For the Nursing program the Dept. of Education’s Federal Student Aid maximum hours are different than academic program length for the program. Please see chart at www.SOWELA.edu/financialaid.asp for all financial aid approved program lengths.

How Other Factors Pertain To SAP

“I” Grades - An “I” (incomplete) will be considered an “F” until a letter grade is assigned in its place. It is the student’s responsibility to notify the Financial Aid Office of the grade change.

Transitional/Remedial Courses - A maximum of 30 hours of transitional/remedial courses will be used to determine enrollment status for financial aid. After a student has attempted 30 hours of transitional/remedial hours, she/he cannot receive financial aid for transitional/remedial hours. From that point forward, transitional/remedial hours will not count in enrollment status or cost of attendance for financial aid purposes.

Withdrawals - For a student who stops attending class officially or unofficially, the last date of attendance in each class will be used to calculate how much of your aid was earned for the semester.

Official Withdrawal—also called Resignation) A student who totally resigns (receives all W’s) is considered to have officially withdrawn from school.

Unofficial Withdrawal—Students receiving Title IV aid who stop attending all classes (or never begin attendance) and receive all F’s or WN’s will be treated as unofficial withdrawals. Students who are suspended from all courses will be used in the SAP calculation for GPA and/or 67% completion requirement.

Transfers Students - Transfer students are required to meet the minimum academic standards set by SOWELA in order to receive Federal Financial Aid at SOWELA Technical Community College. A transfer student must supply the SOWELA Admissions Office with a transcript from all previous institutions of attendance. Only courses accepted at SOWELA towards major/program will be used in the SAP calculation for GPA and hours.

Steps & Early Start (Dual Enrollment) Students - Early Start (Dual Enrollment) and all other high school students taking college courses during high school will have these courses evaluated when matriculating at SOWELA Technical Community College. If a student’s college level courses fail to meet the appropriate cumulative GPA (see GPA chart) and/or 67% completion requirements, s/he will not be eligible for federal financial aid. (See “Re-establishing Financial Aid Eligibility”)

Changing Major/Degree Program - The SOWELA SAP policy permits students to reset their academic progress two times while attending SOWELA. A student resets his/her academic progress by changing major/program. Once a student’s major/program changes, credits and grades that do not count toward the new major will not be included in the satisfactory progress determination. Students may not appeal this policy to reset more than two times.

Repeated Courses
Repeated courses which were previously failed are counted in hours pursued and, if successfully completed, hours earned.

What Happens Once SAP Is Reviewed

At the time of SAP review, students will fall into one of the following categories:

• Good Standing: Student has met progress standards and is eligible for aid for the following semester or academic year.

• Good Standing with Probation: A student who is on good standing but has received warning to maintain progress requirements in order to remain eligible for aid.

• Good Standing with Probation/Probation: A student who is on good standing/watch probation but has received warning to maintain progress requirements in order to remain eligible for aid.

• Good Standing with Probation/Probation: A student who is on good standing/watch probation and is required to withdraw from school.

• Good Standing with Probation/Probation: A student who is on good standing/watch probation and is required to withdraw from school.

• Good Standing with Probation/Probation: A student who is on good standing/watch probation and is required to withdraw from school.

• Good Standing with Probation/Probation: A student who is on good standing/watch probation and is required to withdraw from school.

• Good Standing with Probation/Probation: A student who is on good standing/watch probation and is required to withdraw from school.

• Good Standing with Probation/Probation: A student who is on good standing/watch probation and is required to withdraw from school.

• Good Standing with Probation/Probation: A student who is on good standing/watch probation and is required to withdraw from school.

• Good Standing with Probation/Probation: A student who is on good standing/watch probation and is required to withdraw from school.

• Good Standing with Probation/Probation: A student who is on good standing/watch probation and is required to withdraw from school.

• Good Standi
Suspension: Student has not made progress. Student is no longer eligible for Financial Aid. Please see re-establishing eligibility below.

**Probation:** Student has NOT met progress standards, but has an approved appeal and is eligible for financial aid for one semester or length of Academic Plan.

Re-Establishing Financial Aid Eligibility

Should a student choose to “sit out” or attend another school for a period of time, she/he is still subject to meeting the SAP requirements for the semester in which she/he re-enrolls at SOWELA. “Sitting out” has no bearing on regaining eligibility.

Students must enroll and be attending to re-establish your financial aid eligibility. Should you choose to “sit out” a semester, you are still subject to meeting the conditions listed below for the semester in which you re-enroll.

Students who do not meet SAP Standards have **two options** to receive Financial Aid in future semesters:

1. Attend and regain without the benefit of financial aid - Students may attend at their own expense without the benefit of federal financial aid, attempt and earn a cumulative 67% of hours attempted and earn the appropriate GPA. (see GPA increment chart)

2. **Appeal to the Financial Aid Office:**

   **Appeal (without an Academic Plan):**

   If a student wants to submit a Financial Aid appeal and it is clear the student will NOT be able to meet the progress requirements by the end of the semester for which the student is appealing, the student MUST see an Academic Advisor who will place the student on an Academic Plan that if followed, will ensure that the student will be able to meet the SOWELA SAP requirements by a specific point in time without exceeding 150% of degree program. The student must submit a copy of the Academic Plan along with the Financial Aid Appeal form and Appeal Letter. If the appeal is approved, the student will be considered on “Probation,” meaning the student is eligible for aid as long as the student adheres to the Academic Plan. Students who are following an Academic Plan will need to see an Advisor each semester in order to register for classes.

   If the appeal is approved, the Academic Plan requires 100% successful completion, no drops or withdrawals, and a specified GPA.

   **How to Submit a Financial Aid Appeal**

   Students who do not meet Satisfactory Academic Progress (SAP) standards may have the right to appeal to the Financial Aid. These appeals are generally based on mitigating circumstances.

   Examples of mitigating circumstances may be defined as, prolonged illness, accidents that require hospitalization to the student or a close family member, death of an immediate family member, or other types of accidents or incidents.

   The student must provide the following in order to appeal:

   1. Complete a Financial Aid Appeal Form (located on our web page [www.SOWELA.edu/financialaid.asp](http://www.SOWELA.edu/financialaid.asp))

   2. Submit a typed letter that includes all of the following:
      a. Why the student failed to make satisfactory academic progress.
      b. Why the student is appealing. Example: not meeting a 2.0 GPA or 67% completion rate.
      c. What types of mitigating circumstances existed and documentation of the situation.
      d. What has changed in the student’s situation that will allow the student to demonstrate progress at the next SAP evaluation.

   If it is clear that the student will be unable to meet SAP in one semester, he/she must ALSO submit an Academic Plan (provided by the Academic Advisor).

   *All appeals MUST have documentation that corresponds with the type of appeal the student is filing.*

   If the appeal is approved, the institution has determined that the student should be able to meet the SAP standards by the end of the semester, the student will be placed on “Probation” and would be eligible for aid during the next semester. The student’s academic progress will be reviewed at the end of that semester.

   If, at the end of the semester, the student does NOT meet the SAP requirements, the student is no longer eligible for federal aid until the student attends at his own expense and meets all SAP requirements.

   If the appeal (with an Academic Plan) is approved, the student will be placed on “Probation with an Academic Plan,” meaning the student is eligible for aid as long as the student adheres to the Academic Plan. The Academic Plan requires 100% successful completion, no drops or withdrawals, and a specified GPA.

   The student’s academic progress will be reviewed at the end of each semester until the student meets all SAP requirements specified in the Academic Plan.

   If the appeal is DENIED, the student is not eligible to receive federal aid and must attend at his own expense.

   The appeals decision is FINAL; therefore, a student may not appeal the decision.

Return of Title IV Funds Policy

**ATTENTION SOWELA FINANCIAL AID RECIPIENTS:** Class enrollment and attendance should be taken seriously, it is important to know and understand your class schedule and it is your responsibility to attend class. If you must resign from SOWELA you must do so officially by contacting the Registrar’s Office and completing the required resignation form.

If a student, who is disbursed Title IV financial assistance, withdraws or stops attending class on or before completing 60% of the semester in which the Title IV aid was disbursed, the following Return of Title IV Funds policy will be applied. SOWELA Technical Community College will apply the federal Return of Title IV Funds policy per the Higher Education Act of 1998. This policy will apply to any student who receives Title IV aid: Federal Pell Grant. This applies to any student receiving Title IV aid who officially withdraws, drops out, is suspended, takes
an unapproved leave of absence (unofficial withdrawal), and/or does not attend ALL scheduled classes. The policy will also apply when a student is dropped from their classes by the instructor due to excessive absences.

The amount of Title IV Funds to return to the applicable federal programs will be determined, using the student’s last date of attendance and calculating the percentage of the enrollment period for which the student did not complete. Scheduled breaks of five or more consecutive days are excluded. SOWELA Technical Community College will return the lesser of the total of unearned aid or an amount equal to institutional charges multiplied by the percentage of unearned aid. SOWELA must return unearned funds within 45 days of the date of determination of the withdrawal date.

Failure to attend class or failure to resign properly could cause the student to receive a letter grade of “F” in all courses. In this case, the student would still be subject to the return of funds policy once a last date of attendance is established. Merely discontinuing class attendance is not considered to be a formal resignation from the college.

If student’s portion of unearned Title IV funds is a federal grant, the student will be required to return no more than 50% of the amount received for the enrollment period. The student will be notified of the amount of money that must be returned to SOWELA due to unearned funds that the school had the responsibility to return.

In the event of resignation, the SOWELA institutional refund policy will be applied and tuition will be reduced by that amount. The student may be liable for any Title IV funds disbursed to their account in excess of the amount allowed by federal regulations. The school will collect the portion of any assistance owed by the student. If no payment is received, holds will be placed on the student’s account and the student will lose eligibility for Title IV aid unless the overpayment is paid in full or satisfactory repayment arrangements are made.

Unearned funds are allocated to the Title IV programs from which the student received assistance, in the following order: Federal Pell Grant, and other Title IV programs.

After the institutional refund has been credited in this order, any remaining amount will be returned to the school.

Withholding of Academic Transcripts

Transcript requests will be denied for individuals who are in default on a federal student loan or who owe a refund on a federal educational grant. Please contact the Financial Aid Office with any questions or concerns regarding this policy.

Types of Aid Available:

Federal Pell Grant

The Federal Pell Grant is considered gift aid that does not have to be repaid, unless the student withdraws from school and owes a refund. The amount the student receives depends on his/her financial need, cost of attendance, and enrollment status. Student must complete the FAFSA (Free Application for Federal Student Aid). The Pell Grant award is based upon the student’s EFC and enrollment status. The Pell Grant award is based solely on financial need.

FSEOG Grant

The FSEOG Program provides need-based grants to help low-income undergraduate students finance the costs of postsecondary education. Priority is given to those students with exceptional need having the highest GPAs, on a first-come, first-served basis. This grant does not have to be repaid, unless the student withdraws from school and owes a refund. The amount of FSEOG a student receives depends not only on his/her financial need but, also, on the amount of other aid the student receives and the availability of funds. The individual amount of a student’s award is based on the availability of funds and the student’s demonstrated financial need.

GO Grant

The GO Grant is a state grant that does not have to be repaid. The requirements include but are not limited to, a Louisiana residence, must be a Federal Pell Grant recipient and must be enrolled in a certificate or degree program. The award is given to students who are either a (1) first-time freshman OR (2) age 25 or older and have not enrolled in a college or university in credit-bearing courses for at least one academic year. The GO Grant funding is limited and will be awarded on a first-come, first-served basis.

Taylor Opportunity Program for Students

The Taylor Opportunity Program for Student (TOPS) scholarship is awarded to graduating Louisiana high school seniors who have met certain academic requirements and have filed a Free Application for Federal Student Aid (FAFSA). The TOPS scholarship will only fund the tuition portion of institutional charges for two academic years. It does not cover the cost of books, supplies, and fees. TOPS recipients must enroll in an eligible school, as a full time student, within one year after graduation from high school. To maintain eligibility, completion of 24 credit hours during the fall and spring semesters, with a minimum overall GPA of 2.5, and yearly submission of the FAFSA are required. For more information, please contact your high school counselor or the Louisiana Office of Student Financial Assistance (800) 259-5626, ext: 1012.

Federal Work-Study Program

The Federal Work-Study Program (FWS) is an award from federal funds that allows a student to earn money to meet educational expenses. A student must have financial need to be awarded work-study. This program encourages community service and work related to the student’s course of study. Students will be paid at least the federal minimum wage and can work 10 to 20 hours per week.

Veterans Affairs Educational Benefits

The potential recipient must complete the application process online at www.gibill.va.gov or through the local Veteran’s Affairs Office located at 1000 Ryan Street, Lake Charles, LA 70601 or by phone: (337) 491-2309.

Verification of enrollment for the student is completed electronically by the Financial Aid Office after the application process and no sooner than the first week of class.

Note: Once the student receives an eligibility letter from the Department of Veteran’s Affairs, he/she should contact the Financial Aid Office.

Louisiana National Guard

Members of the Louisiana National Guard may be exempt from paying the tuition portion of fees. The exemption only covers the tuition portion and the student is still responsible for any and all additional fees relevant to payment of classes before the semester of study begins. The student may claim the exemption at the time of registration by identifying himself/herself as an eligible recipient of this exemption. Eligibility is confirmed via a list of eligible recipients given to the Financial Aid Office by the state.

Scholarships

A number of SOWELA Foundation and institutional scholarships are available due to the generosity of local donors and supporters of SOWELA. A scholarship application may be completed in the Financial Aid Office. Notices will be posted in the Financial Aid Office and throughout the campus when a specific scholarship becomes available. Departmental scholarship notices will be posted within the specific department.

Louisiana Rehabilitation

A person with a physical or mental disability severe enough to be considered a vocational...
handicap may qualify for financial assistance through Louisiana Rehabilitation Services. Students wishing to apply under this program should contact the local Louisiana Rehabilitation Office for assistance at 3616 Kirkman Street, Lake Charles, LA 70605, or call (337) 475-8038.

**Workforce Investment Act (WIA)**

WIA is a federally funded program that assists adults, dislocated workers, and youth (ages 14 – 21) by providing job training, education, and employment services. Interested individuals must participate in a three-step process (Core, Intensive, and Training), after which eligibility is determined by the WIA office. Services are subject to availability, but may include tuition, books, supplies, child care, transportation, etc. For more information contact the Workforce Center at 4250 5th Ave. Lake Charles, or by phone at (337) 475-4901.

**HARDSHIP WAIVER OF TUITION and FEES**

The Hardship Waiver of Tuition and Fees Policy provides a tuition exemption to eligible Louisiana students for the increase in tuition along with the cost of the Academic Excellence Fee and the Operational Fee. Students must complete an application and meet all criteria in order to be eligible; application must be made each semester or session. The Hardship Waiver of Tuition and Fees Application can be found at the Financial Aid Office and in the offices of each academic department. The policy and the application can also be found on the Financial Aid page of the College’s web site.

INDEBTEDNESS TO THE INSTITUTION

Students who do not meet their financial obligations as scheduled are not permitted to continue attending classes. The college will not release a transcript or other information unless the financial account of the student is paid in full and the student is in good standing.

Fines and replacement fees will be assessed for overdue books and other materials borrowed from the library. For non-returned items, the cost of replacement will be charged to the student. Unpaid fines and replacement fees will be added to the student’s bill and will result in a hold being placed on the student’s records.

A non-sufficient fund fee (NSF) of $25.00 will be charged to students who write NSF checks to SOWELA. The amount owed, plus the $25.00 fee, must be paid in cash in the Business Office upon notification by the school.

The charge for each returned check is $25.00. If the check is written payable to SOWELA by a student or on his behalf and is returned to the College, that student will forfeit all check writing privileges with SOWELA in the future. Payment by cash, cashier’s check, money order, or credit card will be required.

Putting a stop payment on a check will not constitute an official resignation from the College.

STATEMENT OF NON-DISCRIMINATION

SOWELA supports the Civil Rights Act of 1964, “Executive Order #11246, Title IX” of the Educational Amendments of 1972, “Section 504”, of the Rehabilitation Act of 1973, and the Americans with Disability Act. No person shall be excluded from participation in, denied the benefits of, or subjected to discrimination under any program or activity of the college on the basis of age, race, religion, color, sex, national origin, or disability. Any student who has a grievance related to discrimination should contact the

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

SOWELA intends to fully comply with the Family Educational Rights and Privacy Act (FERPA). This Act gives students the right to inspect and review their educational records, to request correction of inaccurate or misleading information, to authorize disclosure of educational records, and to file complaints with the U.S. Department of Education concerning alleged failure to comply with the Act.

Student information will be released only upon the student’s written request or authorization.

To gain access to their educational records, students must submit a written request, available in the Registrar’s Office, which specifies the records that they wish to inspect. Access to records will ordinarily be provided within 24 hours of the student’s request.

If students believe that any information in their records is inaccurate, misleading, or in violation of their privacy rights, they may complete a Request to Amend Records form available in the Student Affairs office.

At the post-secondary level, parents have no inherent right to inspect a student’s educational record. The right to inspect is limited solely to the student.

Records or information may be given to parents only if the following conditions have been met:

1. Student signs a written consent. Consent forms are available in the Office of the Registrar.
2. Request is in connection with a health or safety issue.
3. Parent submits evidence that he/she claimed the student as a dependent on his/her most recent Federal Income Tax Form.

Dean of Student Success.
Students may not inspect or review the following: financial information submitted by their parents, nor employment, job placement, or education records containing information about more than one student (in which case the institution will permit access only to that part of the record which pertains to the inquiring student).

**Directory Information**

The following information can be legitimately used in the SOWELA Directory:

1. Student's current enrollment status, full-time or part-time
2. Dates of attendance at SOWELA
3. Types of degrees/certificates received
4. Field of study
5. Height and weight of athletes
6. Most recent high school attended
7. Photograph(s)
8. Participation in officially recognized SOWELA activities/sport. The college can legally disclose this information without prior written consent from a student or parent, unless the student or parent has previously notified the college, in writing, that he/she does not want this information disseminated or published. Students who do not want personal information included in the directory should complete a Deletion Request in the Office of Enrollment Services located in the Administration Building. SOWELA only distributes student information as defined in the FERPA guidelines.

**HARASSMENT/SEXUAL HARASSMENT POLICY**

Harassment, including sexual harassment, is prohibited by the Equal Employment Opportunity Commission, the Office for Civil Rights, and state regulations (R.S.23:301,312,332), and therefore, it is the policy of the Louisiana Community and Technical College System Board of Supervisors and SOWELA Technical Community College that unlawful harassment of employees and students is prohibited.

**Harassment** is physical, verbal, and visual conduct that creates an intimidating, offensive, or hostile environment, which interferes with work/academic performance. This includes harassment because of race, sex, sexual orientation, religious creed, color, national origin, ancestry, disability or medical condition, age, or any other basis protected by federal, state or local law, ordinance or regulation.

Sexual Harassment is defined by the Equal Employment Opportunity Commission as: Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature...when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment/academic success, (2) submission or rejection of such conduct by an individual is used as the basis for employment/academic decisions affecting such individual, or (3) such conduct has the purpose and effect of unreasonably interfering with an individual’s work/academic environment or creating an intimidating, hostile or offensive working/academic environment.

SOWELA applies this definition to the areas of academic advancement, academic standing, or academic performance.

Workplace/academic harassment infringes on employees/student’s rights to a comfortable work/academic environment and it is a form of misconduct that undermines the integrity of the employment/academic relationship. No employee/student, male or female, should be subjected to unsolicited and unwelcome overtures or conduct, either verbally, visually, physically, or electronically transmitted. Although this list is not all-inclusive, examples of conduct that is prohibited include:

- Taking any personnel/academic action on the basis of an employee/student’s submission to or refusal of sexual overtures
- Unwelcome or unwanted conversation
- Unwelcome or unwanted touching
- Continued or repeated verbal abuse of a sexual nature
- Explicit or degrading verbal comments, suggestions, or slurs about another individual or his/her appearance
- Offensive comments regarding sexual or private matters
- Display of sexually suggestive pictures, objects
- Offensive jokes
- Verbal abuse, comments, names, or slurs that in any way relate to an individual's race, color, sex, sexual orientation, age, religion, national origin, or disability
- Any other offensive or abusive physical, visual or verbal conduct

This policy applies to all members of the LCTCS Board of Supervisors, employees, students, supervisors, managers, faculty, vendors, and all other individuals doing business with SOWELA. It is the policy of SOWELA that no member of the SOWELA community may harass another. This includes harassment of an employee by another employee, of a student by an employee, of an employee by a student, of a student by another student. Additionally, under appropriate circumstances, SOWELA may take action to protect its employees and students from harassment, on SOWELA property, or at SOWELA sponsored events, by individuals who are not students or employees of SOWELA.

A complaint of harassment should be presented as promptly as possible after the alleged harassment occurs. Any employee who believes he/she is the subject of harassment or who has knowledge of harassing behavior must report such conduct to his/her direct supervisor, and the institution’s human resource department. SOWELA has developed a system of recording all formal written complaints to be submitted and kept on file in the office of Human Resources.

Students who have problems, questions, and grievances can discuss these with a SOWELA counselor in the Center for Academic Success. Some college officials or faculty members can assist in counseling for sexual harassment problems. Throughout the counseling process, information divulged is held in the strictest confidence and no information is released unless the complainant agrees to inform a third party who can facilitate a solution. Any students inquiring about a complaint or concern can seek the advice of a SOWELA faculty/staff member, and the faculty/staff member can accompany the student to discussions with the designated officer, advisor, or counselor. A formal charge is not made by merely discussing the complaint, and no repercussions/reprimands are issued for initiating a complaint. However, the college is also obliged to protect the rights of a person(s) against whom a complaint is lodged. Efforts are made to resolve issues in a reasonable amount of time.

Any student who believes he/she is the subject of harassment or who has knowledge of harassing behavior must report such conduct to the Dean of Student Success office. He/she also may submit a complaint to the Chancellor. No student or employee is required to report or make a complaint of harassment to the person who is allegedly engaging in the problematic conduct. In the event that an individual feels uncomfortable making a complaint at the institution level, such complaints may be made at the system level with the LCTCS Director of Human Resources, Louisiana Community and Technical College System, 265 South Foster Drive, Baton Rouge, LA 70806. The phone number is (225) 219-8700.
Employee complaints of harassment should be reported to:

Director of Human Resources
Human Resources Office, Administration Building Suite 1124; Phone: (337) 491-2006

Student complaints of harassment should be reported to:

Director of Student Success
Administration Building Suite 1109; Phone: (337) 491-2636

Complaints of harassment will be investigated promptly and in as impartial and confidential a manner as possible. A member of human resources will conduct investigations, unless otherwise deemed necessary, in order to assure an impartial and confidential investigation. SOWELA will not tolerate any type of discipline or retaliation, direct or indirect, against any employee/student or other person who, in good faith, files a complaint of or responds to questions in regard to having witnessed prohibited harassment. False charges are treated as serious offenses and may result in disciplinary and/or civil action.

Any employee/student or member of management who is found, after an appropriate investigation to have engaged in harassing conduct is subject to appropriate disciplinary action up to and including termination of employment and/or student standing per the college's current policies which govern students. Appeal:

- To obtain a hearing with the Chancellor, a student must submit a written request within 10 days after the report from the Director of Student Success is rendered.
- Once the Chancellor receives a request for a hearing, he/she appoints a chairperson to head the Committee of Review. Two members are also selected for the committee in the following manner:
  - The complainant selects one committee member; and
  - The person named in the complaint selects a member.
  - Only full-time, permanent employees can serve on the Committee of Review. The composition of the Committee of Review may include faculty, staff, or a combination of both.
- Committee of Review thoroughly investigates the complaint of sexual harassment and conducts a hearing. Involved parties are informed of the date and time of the hearing by certified mail, return receipt requested, at least three days prior to the scheduled hearing. An accused faculty member is given notice pursuant to "Section 212" of the Policy Manual and relevant sections of the Policy Manual and SOWELA statutes.
- Hearing is conducted pursuant to procedures established by the Committee of Review and in compliance with the policy.
- Committee presents its findings, along with any pertinent information, to the Chancellor for further dispensation, which usually takes place within 10 working days after the conclusion of the hearing.
- The Chancellor renders a final decision and notifies the involved parties within a reasonable period of time.

SEXUAL ASSAULT POLICY
Emergency Phone Number 337-274-9790

When reporting a sexual assault, confidentiality is vital. Sexual assault is an act of violence in which a person subjects a victim to contact of a sexual nature against the victim’s will - is an illegal act on the SOWELA campus. Sexual assault includes rape, assault to commit rape, sexual battery, aggravated sexual battery, object rape, statutory rape, sodomy, aggravated sodomy, public indecency, and stalking. Sexual assault, in its various forms, is defined under Louisiana law.

The complainant selects one committee member; and

The person named in the complaint selects a member.

SOWELA offers the accused advice, assistance, or representation at campus disciplinary proceedings, the same as offered to the accused.

1. The accused has the right to have the alleged sexual assault(s) investigated and adjudicated by the duly constituted criminal and civil authorities of the governmental jurisdiction where the alleged incident(s) occurred; and to full and prompt cooperation and assistance of campus personnel in notifying the proper authorities and in providing any exculpatory information. Campus disciplinary proceedings are held in addition to these procedures.

2. SOWELA offers the accused advice, assistance, or representation at campus disciplinary proceedings, the same as offered to the victim.

3. Campus personnel are prohibited from pressuring a victim to: a) not report the crime(s) to civil/criminal investigating authorities, campus law enforcement personnel, or disciplinary authorities; or b) report the crimes less than what actually occurred.

4. SOWELA offers a victim advice, assistance, or representation at campus disciplinary proceedings, the same as offered to the accused.

5. A victim is notified of the outcome of the disciplinary proceedings.

6. Campus personnel should cooperate in obtaining, securing, and maintaining evidence (including medical examination documentation) required to prove the occurrence of criminal sexual assault for subsequent legal proceedings.

7. SOWELA personnel are to contact and exercise the option(s) provided by state and federal laws and regulations regarding mandatory testing of a sexual assault suspect(s) for communicable diseases and in notifying a victim of the results of the testing.

8. A victim is provided information regarding counseling.

Rights of the Accused

1. The accused has the right to have the alleged sexual assault(s) investigated and adjudicated by the duly constituted criminal and civil authorities of the governmental jurisdiction where the alleged incident(s) occurred; and to full and prompt cooperation and assistance of campus personnel in notifying the proper authorities and in providing any exculpatory information. Campus disciplinary proceedings are held in addition to these procedures.

2. SOWELA offers the accused advice, assistance, or representation at campus disciplinary proceedings, the same as offered to the victim.

all without denying opportunities to any, and be-

unfamiliar with SOWELA policies and pro-

cedures does not excuse a student from acting

responsibly. (See also Student Conduct Code Sec-

section)

In an educational environment, each instruc-

tor has the responsibility to maintain a classroom
culture conducive to student learning. The in-

structor also has the authority to temporarily dis-

miss from class a student that disrupts that climate

or interferes with the rights of other members to

learn. The instructor does have an obligation to

make students aware of rules for the class and

to inform students if they are violating any class

rules. A disruptive student may be required to

attend a session mediated by a counselor before

returning to the class. Extended or permanent ex-

clusion from the classroom can be achieved only

through appropriate procedures of the College.

The Chancellor or his designated representa-

tive may suspend or expel a student for violation

of school rules or for conduct that is disruptive of

the educational process. The disciplinary action

shall be taken in accordance with the procedure

provided for in this section.

SUSPENSION

A student at SOWELA may be suspended for

up to ten days by the Chancellor or his represen-

tative without the necessity of a formal due pro-

cess hearing. Prior to the suspension, however,

the student shall be advised by the Chancellor

or his representative of the particular conduct of

which he/she is accused, as well as the basis for

the accusation. The student is given the oppor-

tunity to explain his/her version of the events to

the Chancellor or his representative. After giving

the student this chance to respond to the charges

against him/her, the Chancellor or his representa-

tive may investigate further. Or, if satisfied that

sufficient information has been obtained, the

Chancellor or his representative may take appro-

priate disciplinary action not to exceed a ten day

suspension.

The Chancellor or his representative should
document the circumstances involved in the ac-
tion taken, along with the explanation given by

the student, and prepare a written memorandum

for the school’s files.

EXPULSION

No student shall be expelled for disciplin-

ary reasons or suspended for more than ten days

without being offered the opportunity for a due

process hearing on the charges made against him/

her. If the Chancellor learns of charges against a

student which, if proved true, might necessitate

expulsion, the Chancellor shall offer the student

an opportunity to participate in a hearing on the

charges. The student may be suspended from

appearing on the school premises until the time

of the due process hearing; however, every effort

should be made to provide for a prompt schedul-

ing of the due process hearing.

At the due process hearing, the student may

bring such witnesses as he/she desires to testify

on his/her behalf on any matter pertinent to the

allegations against him/her. He/she may intro-

duce pertinent evidence, may cross-examine any

witness against him/her, and may have represen-
tation by legal counsel or such other person as

he/she desires to act on his/her behalf.

Upon completion of the due process hearing,

the Chancellor or his representative shall make a
determination as to the disciplinary action to be

taken as soon as possible and shall so inform the

student of the action to be taken and the reasons

why disciplinary action is being taken.

No hearing shall be required for terminat-

ing a student’s enrollment for failure to meet the

school’s attendance requirements.

STUDENT GRIEVANCE POLICY

Every attempt should be made to reconcile

the problem with the appropriate person or per-

sons. However, if this is not possible, the student

should be reminded of the formal grievance pro-

cedure.

The purpose of this grievance procedure is to

provide an orderly and efficient method by which

students may air and resolve their complaints

about the conditions and policies at SOWELA.

THE GRIEVANCE PROCESS

Step 1: Student

The student must address the instructor, staff

member, or student with whom the problem origi-

nated. If a satisfactory resolution to the prob-

lem is not achieved, the student may contact the

department chair or the staff member’s supervi-

sor, or the Office of Student Support Services if

the complaint is against a student. An attempt

will be made to resolve the matter equitably and

informally at this level. This contact must take

place within five (5) working days of the incident

which generated the complaint.

Step 2: Student – Department Chair

If the grievance cannot be resolved at the

instructor, staff, or student level, the student may

contact the department chair. If the complaint is

against a student, the grievant will contact the Di-

rector of Student Support Services. The superviso-

ry person will review the grievance and promptly

schedule a conference between the involved par-

ties. This conference should take place within ten

(10) working days of the incident which generated

the complaint. An attempt will be made to resolve

the matter equitably and informally at this level.

Step 3: Student – Student Grievance Com-

mittee

If the grievance is not resolved in Steps 1 or 2,

a student who desires to continue the grievance

process must file a written grievance using the

Student Grievance Form. The Student Grievance

Form shall be made available in the Office of Stu-

dent Support Services. The completed Student

Grievance Form must be submitted to the Direc-

tor of Student Success within thirty (30) days of

the incident. The Director of Student Success

will review the grievance and refer it to the chair

of the Student Grievance Committee who shall

promptly schedule a grievance hearing. The Stu-

dent Grievance Committee is a standing commit-

tee appointed by the Chancellor of the college.

It is comprised of a faculty chair, two (2) faculty

members, and two (2) students.

The Conduct of the Committee Hearings:

1. Hearings before the Committee shall be

   confidential and shall be closed to all persons ex-

   cept the following:

   - The grievant and party or parties against

     whom the grievance is addressed.

   - Witnesses who shall give testimony sin-
Sowela Technical Community College

Discrimination on the basis of age, sex, race, national origin, religion, or disability. In the event the grievant is alleging discrimination on the basis of age, sex, race, national origin, religion, or disability, the full Board of Supervisors will serve as the College’s final appellate authority.

Step 5: Student Appeal to the Louisiana Community and Technical College System (LCTCS) Board of Supervisors

To initiate this final step of the grievance process, a grievant or the party or parties against whom the grievance has been filed who is not satisfied with the determination made by the Chancellor may appeal the ruling to the full Board of Supervisors. In order to be considered, the appeal must be made in writing within fifteen (15) working days after the date the Chancellor's determination is mailed to the grievant or the party or parties against whom the grievance has been filed and be addressed to the Executive Assistant to the President, Board of Supervisors, 265 South Foster Drive, Baton Rouge, LA 70806-4104 via certified mail.

The Board of Supervisors shall render a written disposition of the grievance appeal within twenty (20) school days from the date of the appeal hearing unless all parties agree to an extension. The decision of the Board of Supervisors may be appealed to judiciary courts or the grievant may request resolution by contacting the College’s accrediting agency at the following address:

Executive Director
Council on Occupational Education
7840 Roswell Road, Building 300, Suite 325
Atlanta, Georgia 30350

Effect of Failure to Comply with Time Requirements or Voluntary Withdrawal

1. If a student fails to comply with any of the time requirements set forth herein with respect to completing and delivering the documents required to pursue his or her appeal, to appear, or be represented at any hearing, or otherwise to meet his or her other obligations under these procedures, then the last decision rendered on behalf of the College will stand as final, and all proceedings will be terminated.

2. The College shall make every reasonable effort to comply with the timeliness requirement specified. The Chancellor shall investigate fail- ures to comply with the timeliness requirements and take appropriate action. The College’s failure to meet any deadline shall not exempt the student from any sanctions under this policy.

3. A student’s decision to withdraw from school during a disciplinary proceeding shall not affect the College’s right to continue the disciplinary process or impose sanction.

CAMPUS SECURITY ACT

The campus of SOWELA is comprised of 50 acres, including buildings, parking lots, and vacant land. Campus police are available between 6:00 a.m. and 9:30 p.m. and can be reached at 337-274-9790 if needed. The following policies have been adopted to comply with the requirements of the Campus Security Act (PL 101-542):

1. In the event that students, faculty, or staff members witness or discover a criminal/illegal activity, they should first notify campus police. A report will be written and kept on file, with action taken as needed.

2. Records shall also be maintained of any illegal acts which occur during any off-campus school-sponsored activities.

3. Campus crime statistics are made available by the Office of Enrollment Management.

STUDENT PROHIBITIONS/FIREARMS POLICY

The following are not allowed on SOWELA’s campus: alcoholic beverages, narcotics, other controlled substances, fireworks, and gambling. Carrying a firearm or any dangerous weapon on the SOWELA campus, or at any school function, is also prohibited as defined in R.S. 14:2.

DRUG-FREE SCHOOL POLICY

SOWELA is committed to providing a drug-free environment for students, visitors, and employees. SOWELA prohibits unlawful possession, use, sale of any alcoholic beverage or controlled dangerous substance.

Any person who violates the school policy will be subject to disciplinary action, up to and including termination of employment or enrollment. Violations are subject to referral to the appropriate authorities for prosecution. The re- vocation of federal licenses and benefits, such as public housing tenancy or pilot licenses, etc., rests with authorities of the individual federal agencies. Students, visitors, and employees are expected to adhere to all federal, state, and local laws and ordinances concerning illicit drug viola- tions. SOWELA will make every effort to keep a copy of the current laws and ordinances on file in the Administration office.

As part of its drug-free awareness program, brochures and videos are available in the Library and Learning Resource Center.

Each new student is provided the following information during orientation:

- Policy of maintaining a drug-free workplace and campus.

- Statement that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited on campus property or as part of any of its activities.

- Description of health risks associated with the use of illegal drugs and the abuse of alcohol.

- A clear statement that the institution will impose disciplinary sanctions on students (consistent with local, state, and federal law) and a description of those sanctions, up to and including expulsion and referral for prosecution when
appropriate.

Alcohol and Drug Policy

Drug Free Schools and Communities Act

The Drug Free Schools and Communities Act Amendment of 1989 (Public Law 101-226) requires the college to remit certification to the Department of Education that it has adopted and implemented a program to prevent illicit use of drugs and abuse of alcohol by its students and employees. The program includes:

1. Standards of conduct concerning the unlawful possession, use, or distribution of drugs; and the illegal use of alcohol by students and employees on college property or at any college activity
2. A description of the legal sanctions for violating the law
3. A clear statement of the college’s sanctions issued for the commission of these types of violations
4. A description of any drug and alcohol counseling, treatment, or rehabilitation services offered at SOWELA
5. A description of the health risks associated with the use of illicit drugs and abuse of alcohol.

The information below complies with the requirements of the act.

Statement of Purpose

Alcohol abuse is a major issue in the community and on college campuses. Use of alcohol or drugs can lead to physical abuse, date rape, auto accidents, violence, health issues and other self-destructive behaviors.

SOWELA Technical Community College complies with state, federal, and local laws pertaining to alcohol and enforces underdrinking laws. SOWELA policy prohibits the consumption, possession, or distribution of alcoholic beverages and disciplines individuals under the influence of any controlled substance while on college property or participating in college-sponsored trips or activities. The use, possession, or distribution of illegal drugs or being under the influence of a controlled substance is strictly prohibited on college property or while participating in college-sponsored events.

College Sanctions

Disciplinary actions are taken for the commission of violations pertaining to the SOWELA drug policy by any student, faculty, or staff. Depending on the nature of the offense, disciplinary action takes the form of a written reprimand, a suspension, a demotion, a reduction in pay, or termination of affiliation with SOWELA. Disciplinary actions for students are issued in accordance to school policies. Examples of sanctions include warnings, probation, exclusion, restitution, suspension of privileges, community service, termination of employment and/or expulsion/suspension from the college.

Legal Sanctions

It is unlawful in Louisiana to produce, manufacture, distribute, dispense, or possess illegal drugs. The most common illegal drugs on college campuses are marijuana, opium derivatives, hallucinogens, depressants, cocaine, cocaine derivatives, and amphetamines. The Criminal Code of Louisiana carries specific penalties for the possession and use of illegal drugs. It is also unlawful in Louisiana for anyone under 21 years of age to purchase/possess alcoholic beverages for any reason or anywhere open to the public.

Controlled Dangerous Substances Sch I–Sch IV (R.S. 40:981.3)

It is unlawful to possess, sell, distribute, or manufacture drugs listed in the statute. The drugs include, but are not limited to, marijuana, cocaine, “crack” cocaine, methamphetamines, heroine, “rush” LSD, “ruthies,” and prescription drugs without having obtained a prescription from a licensed physician. Persons found guilty of one of these drug violations are subject to a fine not less than $500, may be imprisoned at hard labor for up to 30 years or, if found selling illegal drugs on campus, can be imprisoned at hard labor for up to 45 years.

Effects of Alcohol and Drug Use

Alcohol consumption causes marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses also increase the incidence of various aggressive acts, including spouse and child abuse. Moderate to high doses cause marked impairments and higher mental functions, severely altering one’s ability to learn and remember information.

Very high doses causes respiratory depression and death. Combined with other depressants of the central nervous system, much lower doses of alcohol produce the same effects. Repeated use of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening.

Long-term alcohol consumption in large quantities, particularly if combined with poor nutrition, can also lead to permanent damage to vital organs such as the liver and brain. Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome, irreversible physical abnormalities and mental retardation. Research shows that children of alcoholic parents are at greater risk than others of becoming alcoholics.

Marijuana usage negatively affects physical and mental processes; it can produce paranoia, impair short-term memory and comprehension, and alter one’s sense of time. Research indicates marijuana smoke contains more cancer causing agents than tobacco smoke.

Cocaine stimulates the central nervous system; produces psychological and physical dependence; crack is very addictive. Effects include dilated pupils, increased pulse and elevated blood pressure, loss of appetite, hallucinations, paranoia, and seizures. Use of cocaine can cause death by cardiac arrest or respiratory failure.

SEARCH AND SEIZURE

Lockers and desks are the property of SOWELA. As the property of the school, they are subject to search for any contraband at any time, upon the reasonable belief of the Chancellor that the lockers and/or desks may contain material which is not allowed on the school campus. Bringing a tool box or book bag and operating a motor vehicle on campus are privileges granted to students. The granting of these privileges is conditional upon the consent of the students to a search by the school administration of tool boxes, book bags and/or motor vehicles to determine if they contain material which is not allowed on the school campus.

This search and seizure policy applies to materials such as weapons, illegal substances or drugs, alcoholic beverages, and other similar material. Local law enforcement authorities may be included in this process if the Chancellor determines a need for such involvement.

Emergency Procedures

The campus will follow the procedure as outlined in the Emergency Policy and Procedure
Each student should be alert to prevent injury to herself/himself and to others. Students should avoid damaging equipment, tools, and buildings. All safety practices should be followed at all times in the operation of equipment. Instructors will provide specific rules for each program area. Students should not operate machines or equipment on which they have not received instruction. Students may work in the shop areas only under instructor supervision. Visiting from shop to shop will not be permitted.

In case of sickness or minor accidents, students should first inform the instructor. Appropriate first-aid treatment will be provided. If necessary, the school will telephone an emergency contact to come to the school for the injured or sick student. No emergency or sick room is maintained at the school. A first-aid kit is located in each department.

In case of a serious accident, notify emergency personnel at (337) 274-9790 or (337) 491-2869; an ambulance may be summoned. Personnel in charge at the time of the accident will make that determination. All medical expenses are the responsibility of the student.

The Director of Facilities and safety coordinator shall be consulted in all safety/accident situations.

SOLICITATIONS
No one is permitted to solicit money from the student body for any cause unless permission is granted by the school administration.

TRAFFIC AND PARKING
The speed limit is 15 miles per hour on the campus, with two-way traffic lanes. Students are to park in designated areas. Students should not park in spaces for Faculty/Staff during daytime classes. During nighttime classes, after 5:00 pm, students may park in Faculty/Staff spaces. Parking rules for parking in Handicap and Fire Zones will still be enforced. Students should not park in spaces for Visitors and should not park in driveways or exits. Campus police will handout parking tickets for parking violations.

Handicapped parking is provided with DMV Handicapped Tags. If you should have a temporary disability contact the Director of Facilities for parking.

All vehicles parked on the campus of SOWELA Technical Community College must have a parking tag. Parking tags are valid for an academic year (summer, fall, and spring semesters).

LIBRARY AND LEARNING RESOURCE CENTER
The Library and Learning Resource Center (LLRC) is a comprehensive academic library which supports teaching and learning through its many resources and services. It is located in the Computer Building and is open Monday through Friday. The facility is 5,400 square feet with seating for 140 including 30 computers, private study carrels, and presentation area.

Books, videos/DVDs, and periodicals are available during normal class hours to assist in the enforcement of protective orders. This information shall remain confidential unless the employee or student holding the protective order signs a written release.

SAFETY
At SOWELA, the safety of students, personnel, and visitors is of great importance. The college assumes the primary role of providing a safe atmosphere in which to work and study. Campus Police are available between the hours of 6:00 am and 9:30 p.m., Monday through Friday.

Students and employees should contribute to the safe atmosphere by assuming their own responsibility for safety. Every attempt shall be made to reduce the possibility of accidents; therefore, the teaching of safe practices shall be integrated into the curriculum of all programs.
Sowela Technical Community College

accessible on open stacks which allow users the opportunity to browse and select materials themselves. Collections are arranged by Library of Congress Classification. Individuals with a current SOWELA identification card may borrow materials at the Circulation Desk. The loan period, for most items, is 28 days with the option to renew. Overdue fines are charged. Also, at the Circulation Desk patrons may acquire a free LALINC Card to borrow materials from participating Louisiana college and university libraries.

Through the library’s web page patrons may connect to online tutorials, e-books, full-text e-journals, digital photos, maps, and numerous reference sources. Authorized students, faculty, and staff have off-campus, 24/7 access to these virtual resources.

Professional librarians and trained staff are available to assist patrons individually or to conduct group instruction. For assistance, email refdesk@SOWELA.edu or call 491-2044.

Student Wireless Laptop Loan Program
LLRC has developed a student wireless laptop loan program to provide additional technology resources to its patrons within the library. Students must be currently enrolled SOWELA student with a valid SOWELA photo ID and a government issued ID, and has no outstanding fines or overdue materials.

Standard Checkout Procedures:
- Allow Time for Library staff to inspect the laptop and accessories
- Sign copy of laptop return receipt

Loan Period:
- Laptop use is on a first-come, first-serve basis.
- Only (1) laptop per student.
- Laptops must be checked out and returned to the Circulation/Help Desk until one hour before the library closes.
- Laptops are for in-house use only.
- Laptops are loaned out for up to 3 hours.
- A laptop can be renewed if at least one additional laptop is available.
- Return laptop turned on and wait while library staff check for damages.
- Hand the laptop directly to a library staff member at the Circulation/Help Desk.
- Patrons will receive a laptop return receipt along with the return of their identification cards.
- If there is damage, a laptop problem report will be completed and the computer removed from circulation. Damage is recorded in the item record.

Fines & liability:
- Damage to the computer will be charged to the borrower.
- Do not tamper with the barcode: a $10.00 replacement fine is charged.
- Replacement cost for accessories tampered with are:
  - Bag: $42.00
  - Battery-internal: $121.00
  - CD – internal drive: $38.00
  - Floppy – external drive: $40.00
  - Power Adapter Cord: $60.00
- Additional fines and liabilities can be found at SOWELA Library Circulation/Help Desk or by contacting (337) 491-2558.

INFORMATION TECHNOLOGY
The Information Technology Department is committed to providing the highest quality services to facilitate the computer needs of the college. We provide students, faculty and staff with the necessary computer related technical support.

Help Desk: In the event you have a computer problem, please email or call the IT Help Desk at help@SOWELA.edu or (337) 491-1558 (Toll Free: (866) 940-1979).

CENTER OF EXCELLENCE IN INSTRUCTIONAL TECHNOLOGY (CEIT)
CEIT is designed to provide support to faculty as they undertake new instructional ventures and learn to use new strategies, techniques, software, and technology in the delivery of instruction in traditional, online, hybrid, or telecourses. The CEIT provides services which include professional development and instructional design support for the faculty in a myriad of educational technologies. The CEIT staff may also provide guidance to faculty and chairs in determining what technology resources fit best with their particular courses and curriculum.

E-LEARNING
SOWELA offers electronic courses in two basic formats: online and hybrid.

Both the online and hybrid courses offer one to four semester hours of credit and are equivalent to face-to-face courses in terms of transferability. (No distinction is made on college transcripts.) The courses are offered in 15-week formats during the spring and fall semesters and a 10-week format during the summer. Speciality leisure learning or career or workforce-development courses may employ a shorter format and may be offered between or during semesters.

First-time online and hybrid students are required to complete an online tutorial before beginning their courses, which are all delivered using a Moodle-based course management system.

Distance/Electronic Learning
The SOWELA Electronic Learning Department, in conjunction with the various academic departments, offers classes in a variety of formats. In addition to the traditional face-to-face format, these options are offered:

Web-enhanced: This is a traditional face-to-face format class, but the teacher has chosen to supplement the course by using a companion web-based course site to post a syllabus, grades, and/or other course documents.

Online: With this format, all coursework is presented, accessed, and submitted through the web-based course site for the class. Class members and teachers may never meet face-to-face although the teachers do reserve the right, in rare cases, to give high-stakes tests in a face-to-face environment, either on campus or through a proctored test environment at another location. In such cases, students would bear any costs associated with using a proctored testing center rather than taking the test on campus. Online classes will be noted as such in the class schedule.

Hybrid: This format is a combination of a web-enhanced and online class. The class will meet face-to-face on specific days of the semester, but all other work is done online. A hybrid class, for example, may meet only one or two hours a week on campus with the rest of the work done through the online course site. Hybrid classes will be noted as such in the class schedule.

SOWELA uses the joulé(TM) course management system, which is based on an open-source Moodle platform. Students have a variety of joulé help sources available to them, including
an online student tutorial (required reading for students taking online or hybrid classes) and help desk services. Help tickets may be submitted by sending a help request to helpdesk@SOWELA.edu. Students should include a full description of the problem they are experiencing or help that they need, as well as their full names, student ID numbers, and contact information. Students can also call the help desk at 491-2558 or 1-866-940-1979 (toll-free).

A few web class facts:

Web classes are not for everyone. A certain measure of self-discipline is required of students to follow a schedule and get their work in on time without being verbally reminded by the teacher to do so.

Web classes allow flexibility for student parents and working folks because they are not tied down to attending class at a specific time on specific days. However, students still must meet deadlines for various assignments and tests scheduled throughout the semester.

Web classes are not necessarily easier. In some cases they are more rigorous than face-to-face classes. Deadlines still must be met. The “lecture” element is not necessarily used in this format, and often more individual and group projects are assigned.

Web classes still require “attendance” … not in the usual sense … but students still must check their email everyday and should log in to the course site at least three times a week, preferably every day, to check for announcements, postings, and updates.

Web classes require the same amount of “seat time” per credit hour as face-to-face classes – at least 15 hours of coursework, per credit hour, per semester.

To access joule, students should visit the SOWELA website at http://www.SOWELA.edu and click on the “Current Students” link, then choose the “SOWELA Joule Login” option. In the event that the SOWELA website is down, students can also access the joule site at http://SOWELA.mrooms3.net. (There is no “www” in the address.)

Student Email

Email is a mechanism for official communication within SOWELA Technical Community College. The College has the right to expect that such communications will be received and read in a timely fashion. Official email communications are intended only to meet the academic and administrative needs of the campus community.

Official College email accounts are available for all enrolled students. The addresses are all of the form firstname.lastname@students.SOWELA.edu (e.g. john.doe@students.SOWELA.edu). Students are expected to check their email on a frequent and consistent basis in order to stay current with College-related communications. Students have the responsibility to recognize that certain communications may be time-critical. “I didn’t check my email”, error in forwarding mail, or email returned to the College with “Mailbox Full” or “User Unknown” are not acceptable excuses for missing official College communications via email.

Users should exercise extreme caution in using email to communicate confidential or sensitive matters, and should not assume that email is private and confidential. It is especially important that users are careful to send messages only to the intended recipient(s). Particular care should be taken when using the “reply” command during email correspondence.

Faculty will determine how electronic forms of communication (e.g., email) will be used in their classes, and will specify their requirements in the course syllabus.

INTELLECTUAL PROPERTY & SHARED ROYALTIES POLICY

SOWELA Technical Community College recognizes the need for and desirability of academic research. The primary purpose of this policy is to provide the necessary protections and incentives to encourage both the discovery and development of new knowledge and its transfer for the public benefit; a secondary purpose is to enhance the generation of revenue for the College and the creators.

SOWELA is committed to assist its faculty and other researchers in properly disclosing their scholarly work, in complying with applicable laws and formal agreements, and in gaining the protection available under the United States laws governing patents, copyrights, trademarks, and other appropriate provisions.

In order to review the full policy for objectives, definition/background, rights to ownership/disclosures, organization/management/administration and proceeds distribution, please refer to SOWELA’s web site. Look under “General Policies” found on the Student Life page.
ACADEMIC LOAD

Full time students are those who are registered for at least twelve (12) semester credit hours during the fall and spring semesters and at least six (6) semester credit hours during the summer session.

Students will be allowed to enroll for a maximum of nineteen (19) semester credit hours in the fall and spring semesters and ten (10) semester credit hours in the summer session. Only with the written recommendation of the Department Chair and approval from the Dean of Instruction and Student Success is a student permitted to exceed those limits.

Semester credit hours earned from enrollment in alternative delivery systems (e-learning courses, independent study, etc.) are included in the above enrollment figures.

STUDENT RECORDS

Permanent student records are maintained by the Office of the Registrar. All student records are confidential. Students who wish to review their records may do so through the Office of the Registrar. Documents submitted by the student (from another institution or any other third party) become our property and will not be given back to, or copied for, the student.

Students are expected to notify the Registrar’s Office of all changes in their legal name, permanent address, and/or telephone number. A copy of legal records should be submitted to document a name change. The College is not responsible for a student’s failure to receive official information due to an incorrect name or address.

DIRECTORY INFORMATION

The Family Education Rights and Privacy Act (FERPA) permits release of "directory information" without authorization unless the student notifies the Registrar’s Office in writing and within the first two weeks of a semester that the College not release such information.

Directory information includes a student’s:
- Name
- Month, day, and place of birth
- Major field of study
- Full or part-time status
- Participation in official recognized activities and sports
- Dates of attendance
- Degrees, honors, and awards received
- Most recent educational agency or institution attended
- Photographs, video, or web image of the individual or campus scenes including the individual in College publications, promotional materials, or on the website

Students who wish to have directory information withheld, should visit the Registrar’s Office within the first two weeks of enrolling. Additional information regarding FERPA can be found at http://www2.ed.gov/policy/gen/guid/fpco/ferpa/students.html.

CHANGE OF MAJOR/PROGRAM

Each student should discuss academic goals and programs with his/her academic advisor. When it is necessary for a student to change his/her major or program, that student must go to the Registrar’s Office to obtain a Program Change Request form. The form must be completed by the student and delivered to the Registrar’s Office for processing. The change will become effective the semester following the submission of the request.

A student may transfer from one program to another provided the student meets the requirements that are in the current catalog for the new program. The Registrar approves the change of major and makes the necessary adjustments.
Sowela Technical Community College

Curriculum and Catalog Revisions

The catalog is published periodically. The provisions of this catalog are not to be regarded as an irrevocable contract between the student and SOWELA Technical Community College. Normally, a student may expect to be graduated under the requirements published in the catalog year in which he/she was officially accepted into a specific program; however, the college does reserve the right to make and designate the effective date of changes in curriculum, course offerings, fees and other regulations if such changes are considered to be desirable or necessary.

If changes are made in curriculum, courses, and/or other requirements, the changes may be applied to students already enrolled provided those changes do not increase the number of hours needed to complete a program of study, and to receive a degree/diploma. If a program of study is revised, but the changes are not applied to students already enrolled, a student may voluntarily elect to follow the new requirements; however, the total credit hours required for graduation could be increased. A change in major or program of study will require the student to meet the requirements specified in the catalog published at the time of the change. Always consult the on-line catalog for the most current, officially approved courses and curricula.

General Education Core Requirements

In accordance with the policies established by the Louisiana Board of Regents, the LCTCS Board of Supervisors, and the Commission on Colleges of SACS, SOWELA requires that graduates of degree programs must demonstrate competency in general education. To fulfill the General Education Core Requirement, students must complete the minimum hours of coursework as indicated by their respective degree plans.

Minimum Semester Hours of General Education Required for AAS and AGS Degrees.

In addition to the credit hours above, graduates must also demonstrate basic computer and informational literacy. Most degrees require a computer course to fulfill this requirement.

SOWELA students enrolled in AAS degrees are required to take ENGL 1010 (English Composition I) and MATH 1100 (College Algebra) in order to comply with this mandate. The remaining nine semester hours vary by program of study but must be selected from each of the following areas: humanities/life arts, social/behavioral sciences, and mathematics/natural sciences. The following courses may be used to meet the General Education Core Requirements. Specific course requirements vary by degree program; therefore, students should confer with their academic advisors.

Math

MATH 1100 College Algebra
MATH 1110 Trigonometry
MATH 1120 Precalculus Algebra
MATH 2100 Elementary Statistics

Natural Sciences

BIOL 1010 General Biology 1
BIOL 1011 General Biology 1 Laboratory
BIOL 1020 General Biology 2
BIOL 1021 General Biology 2 Laboratory
CHEM 1010 General Chemistry
CHEM 1011 General Chemistry Laboratory

General Education Core Requirement, students must complete the minimum hours of coursework as indicated by their respective degree plans.

Sowela Technical Community College

School-Sanctioned Activities

Faculty advisors for school-sponsored and/or school-sanctioned activities may request excused absences for participating students. Advisors should address such requests to the Vice Chan-
cellar for Academic Affairs and Student Success prior to the event. Students will be permitted to make up any work that is missed. Further, any assignments due on the day(s) of the events will be accepted on the first day of class following the event, without a penalty being levied. (If students miss an exam, they will be permitted to make up the exam without penalty.) Advisors should make every attempt to limit the number of absences by working around the student's class schedule as much as possible.

DROPS/WITHDRAWALS

During the initial two weeks of classes for the Fall and Spring semesters and the initial six instructional days for the summer and 1st and 2nd 7-week semesters, a student can drop courses online at the SOWELA website. Dropped courses are removed from the student’s academic schedule for that semester and will not appear on the student’s transcript. Refunds for dropped courses are based on the school’s current refund policy; refer to the “Academic Calendar” for dates and refund percentages.

Students can withdraw from a course before the deadline published in the “Academic Calendar” for that semester after the refund period has ended. However, courses that are shorter than the full semester will have different deadlines. Students in these courses will need to check with their instructor, the instructor must send written communication to the Registrar’s Office stating such. If the reinstatement is approved by the instructor, the instructor must send written communication to the Registrar’s Office stating such.

Students who have been dropped or withdrawn from the course, dismissal from the course, dismissal may be challenged within the first two weeks of the semester following the awarding of the grade. The student is responsible for moving through the process as expeditiously as possible.

A student who seeks to appeal an administrative withdrawal must follow the academic chain of authority (Instructor – Department Chair – Dean of Instruction & Student Success – Vice Chancellor for Academic Affairs and Student Success – Chancellor). Grades may be challenged within the first two weeks of the semester following the awarding of the grade. The student is responsible for moving through the process as expeditiously as possible.

A student who seeks to appeal an administrative withdrawal must follow the academic chain of authority. An appeal of an administrative withdrawal must be initiated within 10 days of the notice provided to the student by the instructor that such action has been made.

STUDENT IDENTIFICATION CARDS (ID)

Student identification cards are issued to students at the time of initial registration. All students enrolled at SOWELA must have an ID card and it should, for security purposes, be carried while on campus to permit immediate identification of SOWELA students. Students pay a $5 identification card fee each semester. ID cards are required for students to access library services and for admission to social, cultural, athletic, and cultural events sponsored by the college.

LIVE-WORK POLICY

Certain occupational areas require specific skills or competency mastery that can best be
obtained or demonstrated in a laboratory environment with real items or projects. Live-work projects provide real-world working conditions to such industrial and technical occupations as auto mechanics, auto body repair, and welding. Instructional live-work projects, when carefully managed and controlled, provide an essential dimension to laboratory learning for certain occupations as a planned and integrated component of the curriculum.

As a part of their training at SOWELA, students may be involved in live-work projects in which competencies are taught. Acceptance of live work is at the discretion of the instructor and is determined by the need for projects which relate directly to the curriculum being taught at a given time. The college maintains the following for work done under this premise:

1. Work is limited to property owned by students, school employees, civic enterprises, or charitable organizations.
2. A written request for work must be approved by the program instructor, who will assign a student to the project and note competencies and units of instruction to be addressed.
3. The Chancellor or his representative must approve the request.
4. All costs involved in the work (parts, supplies, etc.) must be borne by person(s) requesting the work.
5. Neither the student(s) performing the work, nor the instructor supervising the work, nor the college, will be liable for losses or damages that might occur in connection with the work.

GRADUATION REQUIREMENTS

SOWELA Technical Community College holds an annual graduation ceremony at the end of the spring semester. Candidates for graduation must fulfill the following requirements:

1. Complete curriculum requirements with a minimum overall grade point average of 2.0 on all courses counted toward the degree or diploma.
2. Meet specific departmental requirements including a grade of "C" or better in all coursework required in the major subject area.
3. Earn at least 25% of the required hours in a program at SOWELA and at least one third of the major course work required in a program at SOWELA.
4. Be free of debt to SOWELA.
5. Submit an application for graduation, accompanied by the appropriate fees, at the time of registration for the last semester in which the candidate completes degree requirements for graduation.

GRADUATION APPLICATIONS

Students should consult with their academic advisor on a regular basis to ensure they are on track to meet all graduation requirements. All students must complete a graduation application regardless of their intent to participate in the graduation ceremony. Students must complete the application and pay all applicable graduation fees by the 5th instructional day of the semester they plan to graduate. If a student does not complete the requirements for the upcoming or current semester they must reapply for the semester in which they intend to complete. Applications can be completed online through BANNER self-service. A $60 graduation fee must be paid to the Business Office prior to the graduation application being processed by the Registrar's Office. Failure to complete and pay appropriate fees could result in a student not graduating with his/her class.

GRADUATION CEREMONY

A graduation ceremony is held once a year in May. Students who participate in the graduation ceremony may incur additional expenses for caps and gowns. Announcements and class rings may be purchased through Jostens. Students who have completed a graduation application will receive graduation information including commencement activities, by mail. It is the student's responsibility to ensure the Office of Enrollment Management has a correct mailing address.

HONOR GRADUATES

Students with excellent academic achievement are designated as "Honor Graduates." Honor graduates must 1) earn a cumulative grade point average of 4.0 in all coursework attempted, 2) earn a minimum of 45 semester hours in their program at SOWELA, and 3) complete the final 15 semester hours of a program at SOWELA.

Students who receive the award of "Graduate with Distinction" must 1) earn a cumulative grade point average of at least 3.50 on all coursework attempted, 2) earn a minimum of 45 semester hours in their program at SOWELA, and 3) complete the final 15 semester hours of a program at SOWELA.

TRANSCRIPTS

Transcripts of grades may be obtained by written request from the Registrar's Office. It is requested that adequate time be given in order to process the transcript. Students/graduates are limited to a request of five transcripts per request per week.

FOLLOW-UP OF STUDENTS

SOWELA conducts routine follow-up surveys on all students. This data is used to evaluate the success of programs and the employment success of students. For this reason, students are asked to inform their advisors or the Placement Office of employment obtained following withdrawal from the college. Instructional Departments and/or the Office of Student Support Services Depart-
GRADING SYSTEM

SOWELA uses a point grading system that ranges from 0.0 to 4.0. The academic performance level of each student is designated on the transcript by a letter grade which has an assigned point value. Grades earned are determined by instructors at the end of each semester and are recorded on the student’s transcript which is maintained by the Registrar’s Office.

Students should learn and understand the evaluation and grading systems used to calculate the GPA. At the beginning of each semester, the course instructor discusses how grades are awarded and publishes this information in a course syllabus. A student should discuss questions, concerns, or academic progress with his/her instructor.

Students are evaluated by their instructors relative to the following factors: knowledge of course work, ethical behavior, safety, job performance, work attitudes, ability to follow instructions, ability to get along with others, attention to assignments, and pride in workmanship.

A final letter grade for a course is assigned by the instructor at the end of the semester. The grade indicates the success/failure of the student. If a student believes he/she has been assigned an incorrect letter grade for the course, the issue should be discussed with the course instructor. The timeframe a student has can be found in the section Academic Appeals. After the period has expired, grades will be changed only for unusual circumstances.

Letter grades are used to determine a grade point average. The sole exception is developmental coursework, which is not used to compute GPA or determine progress in fulfilling degree requirements. The cumulative grade point average is an indicator of academic status and/or eligibility to remain in college. Each earned letter grade is converted to quality points assigned per semester credit hour. Grading symbols and quality point designations are:

- **A**: 90 - 100% - Excellent; earns credit hours; carries a value of 4 grade points for each credit hour.
- **B**: 80 - 89% - Above average; earns credit hours; carries a value of 3 grade points for each credit hour.
- **C**: 70 - 79% - Average; earns credit hours; carries a value of 2 grade points for each credit hour.
- **D**: 60 - 69% - Below average; earns credit hours but may not meet graduation requirements; carries a value of 1 grade point for each credit hour.
- **F**: 59% or below - Failure; earns no credit hours; carries 0 grade points for each credit hour.
- **I**: Incomplete - Indicates some work is incomplete due to mitigating circumstances in a course taught in the traditional manner. The student may not re-enroll in the class. An “I” does not affect GPA calculation and earns no credit hours. The student must complete the coursework by the deadline published in the academic calendar, or the “I” grade will be changed to an “F” grade.
- **W**: Withdrawal - Indicates that a student has officially withdrawn (dropped) from a course.
- **WR**: Withdrawal due to natural disaster or unforeseen circumstances.
- **S**: Satisfactory (Non-credit courses only).
- **U**: Unsatisfactory (Non-credit courses only).
- **P**: Pass/credit earned.
- **CR**: Credit received.
- **AU**: Audit.

Students are hereby informed that the grading scale may vary in programs regulated by state boards or federal guidelines.

All students will be able to view a grade re-
Calculating the Grade Point Average (GPA)

The following steps should be used to calculate an overall grade point average. Ignore developmental courses and courses where a grade of “I”, “A*”, “B+”, “C-”, “D+”, “F*”, or “W” was given:

- For each course taken, multiply the course’s credit hours by the quality points of the grade earned to obtain the total number of quality points earned for that course.
- Add the total quality points for all courses.
- Divide the total number of quality points by the total number of attempted credit hours.

The sample schedule illustrates how to determine an overall GPA:

<table>
<thead>
<tr>
<th>Course Number</th>
<th>Attempted Credit Hours</th>
<th>Earned Grade</th>
<th>Earned Hours</th>
<th>Hours Earned</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 1010</td>
<td>3</td>
<td>A</td>
<td>3</td>
<td>3</td>
<td>12</td>
</tr>
<tr>
<td>HIST 1020</td>
<td>3</td>
<td>B</td>
<td>3</td>
<td>3</td>
<td>9</td>
</tr>
<tr>
<td>PSYC 1200</td>
<td>3</td>
<td>C</td>
<td>3</td>
<td>3</td>
<td>6</td>
</tr>
<tr>
<td>BIOL 1010</td>
<td>4</td>

</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>16</td>
<td>13</td>
<td>9</td>
</tr>
</tbody>
</table>

Although the student in the sample schedule above attempted five courses (16 semester credit hours), he/she withdrew from one course prior to the withdrawal deadline; therefore, the course indicated with a “W” is not included in the overall calculation. The student has a total of 27 quality points from a total 13 credit hours earned...including the failed course, in which the student earned zero quality points. The student should divide 27 quality points by the 13 hours in order to calculate a 2.08 GPA. In this example, the student has earned three passing letter grades, but has one failing grade which lowers the student’s overall average. However, the student in the example has achieved satisfactory academic progress (a GPA of 2.0 or above), and therefore will not be placed on probation next term.

A grade point average is computed for all work that a student completes except work in developmental courses and courses where letter grades of “I”, “A*”, “B+”, “C-”, “D+”, “F*”, or “W” are given. “I” (Incomplete) is a temporary grade that has no grade value. The letter grade that replaces the “I” will be used to calculate the GPA. If the course is not completed by the following semester after an “I” grade is recorded, the “I” grade is automatically converted to “F”.

REPEAT COURSES

SOWELA students are allowed to repeat courses. Only the last grade earned will be used in computing the GPA. A student that chooses to repeat a course in which he/she has already earned a passing grade is hereby cautioned that failing to complete the course satisfactorily may result in a failure to complete graduation requirements. Academic advisors should discourage students from repeating courses previously passed.

Transitional Studies students enrolled in the lowest level offerings of English (TSEN 0091), Math (TSMA 0092), and/or Reading (TSRE 0091), may enroll in the course a maximum of three times.

INCOMPLETE GRADES

An Incomplete “I” grade may be requested only in extraordinary circumstances when a student who is passing is unable to complete the course on schedule. “I” grades may be issued for students who are currently passing the class, attending regularly, and can reasonably complete the coursework by the deadline published in the academic calendar or by the date agreed upon in the Incomplete Grade Contract. The student is responsible for making up the work within the mandated time period. The “I” grade will convert to an “F” grade if not changed by the day grades are due the semester following the issuance of the “I”.

Examples of extraordinary circumstances are serious illness or injury, death in the family, sudden change in employment schedule or sudden need for employment, act of nature, and other emergencies deemed appropriate and verified by the instructor.

The Procedure for Awarding an “I” is as follows:

1. The student should initiate the request for grade of “I” with the instructor.
2. After the student provides verification of the extraordinary circumstances, the student and instructor complete and sign the Incomplete Grade Contract/Request Form.

3. The Incomplete Grade Contract/Request Form must be approved by the Vice Chancellor for Academic Affairs and Student Success.
4. The Incomplete Grade Contract/Request Form, accompanied by the appropriate verification, must be submitted to the Registrar’s Office no later than the date the semester grades are due.

AWARDING OF TRANSFER CREDIT

An applicant should submit a currently issued official transcript from all institutions of higher education that he/she has attended within thirty days of the beginning of the first semester/session of enrollment. Transcripts become the property of SOWELA and part of the permanent student record.

Decisions regarding the award of transfer credit will be determined no later than the end of the first semester a student is enrolled.

Transfer credit is generally accepted from institutions that are accredited through recognized agencies. Transfer credit from other institutions will be considered on a case-by-case basis. Conversion from quarter hours to semester hours and conversion to a four-point grading scale will be made as needed. Course content, prerequisites and level of instruction will be reviewed. The student may be required to provide course syllabi to determine transfer credit eligibility.

Transfer of credit will be considered only for comparable courses within the current curriculum at SOWELA. Only grades of “C” or better will be considered for transfer credit. Once the credit becomes a part of the student’s official record at SOWELA, it will not be removed.

Application of transfer credit toward the completion of program requirements will be determined by the student’s academic department. Grades awarded for any and all transfer credits are excluded when calculating the SOWELA institutional grade point average. However, grades for transfer credit will be included when calculating the SOWELA institutional grade point average.
No credit will be given for courses taken at other institutions while under suspension from SOWELA.

CREDIT EXAMS
A student who is enrolled in good standing at SOWELA may take a credit examination in a course if that student has fundamental knowledge of the content and/or skills associated with the course. Permission to take the credit exam must be granted by the chair of the department offering the course; the credit exams are developed and graded by faculty. Credit examinations are not available for all courses. A non-refundable fee is assessed for each credit exam. A 75% proficiency performance is required for a grade of “Pass”. A credit exam for an individual course may be taken only once. A student who passes a credit exam will receive a grade of “P.”

DEAN’S LIST
The Dean’s List has been established as a means of encouraging and recognizing academic excellence. The criteria for qualification are as follows:

- Full-time students (those who complete twelve or more semester credit hours in a semester and/or six semester credit hours in a summer term) will qualify for the Dean’s List if their Grade Point Average (GPA) for the current term is 3.5 or greater.

- Students must not have a grade of “F” or an incomplete (“I”) for the current semester, nor can grades for transfer credit be used in the computation of GPA for the Dean’s List.

ACADEMIC PROBATION
A student that has attempted at least 15 credit hours and fails to maintain Satisfactory Academic Progress during any term will be placed on academic probation at the end of that term. (see table below). A student on academic probation is encouraged to contact their advisor during the semester of probation to develop a plan for academic success. A student on academic probation may be required to attend workshops designed to bolster academic performance. A student on academic probation must wait to register for the subsequent semester until the previous semester grades are available. The scale used to determine Satisfactory Academic Progress and Academic Probation is provided below:

<table>
<thead>
<tr>
<th>Cumulative Credit Hours Attempted</th>
<th>Minimum Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>15</td>
<td>1.54</td>
</tr>
<tr>
<td>16-30</td>
<td>1.75</td>
</tr>
<tr>
<td>31-45</td>
<td>1.95</td>
</tr>
<tr>
<td>46 &amp; above</td>
<td>2.0</td>
</tr>
</tbody>
</table>

Students will remain on academic probation until they raise their cumulative grade point average to a 2.00 or are suspended.

ACADEMIC SUSPENSION
If a student has attempted at least 24 hours and is unable to maintain satisfactory academic progress while on academic probation, the student is then suspended for the upcoming regular semester. The summer term is not counted as a regular semester. A student that is suspended in the spring may not enroll for the summer term or fall semester. During this suspension term, the student may not enroll in any programs at SOWELA. No credit will be given for courses taken at other institutions while a student is under suspension from SOWELA.

Students reentering school after academic suspension will reenter on academic probation. Students not maintaining Satisfactory Academic Progress after one semester of academic probation will not be allowed to enroll in any program for one calendar year from the date of the second suspension.

NOTE: Satisfactory Academic Progress and readmission guidelines for the Practical Nursing program differ due to policies of the Nursing Department and the Louisiana State Board of Practical Nurse Examiners. State Board policies will supersede those of the school.

TRANSFER OF CREDITS TO OTHER INSTITUTIONS
While most courses at SOWELA are designed to lead to direct employment in a specific career, some courses are designed for transfer to other institutions of higher education. The Statewide Student Transfer Guide and Articulation System Matrices are available to assist students with determining the potential transferability of courses. These matrices indicate transfer equivalencies of courses among Louisiana’s public colleges and universities and may be accessed through the Board of Regents’ web page at www.regents.state.la.us. Students should note that the matrices are not all-inclusive. The determination of what credit will transfer from SOWELA Technical Community College rests with the receiving institution. Therefore, students are advised to contact the institution to which they intend to transfer to inquire about the potential transferability of courses and to determine whether the courses may be used to meet graduation requirements within their chosen major.
The Office of Student Support Services is a multi-faceted office providing services for students with disabilities, career guidance, counseling, and student enrichment activities. Our goal is to provide opportunities for students to gain their full career and educational potential using state of the art learning resources.

DISABILITY SERVICES

Students with disabilities are entitled to equal access to a post-secondary education and SOWELA actively recruits prospective qualified students, including those with disabilities. Title I and Title II of the Americans with Disabilities Act (ADA) are strictly adhered to and the campus will make reasonable accommodations in facilities, services, policies, and practices so that qualified individuals with disabilities may have access to training. Students with impaired sensory, manual, or speaking skills or other disabilities have the responsibility to provide documentation in a timely fashion regarding reasonable accommodation needs.

Disability Services serves as an advocate for students with documented disabilities to ensure equal access to the College. Students must self-identify and apply in the Office of Student Support Services to obtain accommodations. Students must provide documentation from a board-certified physician or psychologist describing the nature of the disability and how it affects an individual’s major life activity. The doctor should also recommend the types of accommodations the student may need. Requests for special accommodations/services should be made at least four (4) weeks prior to the first official day of classes each semester. (For more information, please go to the Student Life web page at www.SOWELA.edu)

ADVISING SERVICES

Career and academic counseling services are available through the Office of Student Support Services. We provide students with activities that foster campus-wide learning as well as increase their retention of knowledge and improve the educational outcome of SOWELA.

Each student is assigned a faculty advisor during the process of orientation. The advisor provides the student with information about educational, administrative, career, and extracurricular matters; guides the student through the chosen program of study; and helps the student plan the class schedule each semester. Students are encouraged to visit with their advisor early and often as the advisor can help the student make the most of their educational experience. For more information on whom your advisor is contact (337) 491-2664. (For more information, please go to the Student Life web page at www.SOWELA.edu)

CAREER SERVICES

Career Services offers a lifetime of career assistance to the students and alumni of SOWELA. We work closely with students seeking employment by working cooperatively with business and industry to stay informed of employment needs and opportunities. We are committed to serving our students and employers in our region.

Career services offers a variety of career guidance resources, job search related services, and skills in resume writing and interviewing. Career guidance resources include our Strong Interest Inventory and the Myer-Briggs Personality Assessment. The Strong Interest Inventory Assessment combined with the Myer-Briggs Type Indicator helps students gain a better understanding of who they are, and how their personality and interests help in developing a satisfying and productive workplace. The assessments do not measure skills or abilities, but the results can help guide students toward rewarding careers, work activities, areas of study, and leisure activities. (For more information, please go to the Student
Organizing Student Clubs/Organizations

The following are procedures for operating clubs/organizations:

Starting a Club/Organization
1. Students, faculty, or staff interested in starting/advising a club/organization must complete a Prospective Student Organization Form to register the club/organization with the Office of Student Support Services.
2. The Vice Chancellor for Academic Affairs and Student Success or his/her designee will sign the constitution and Prospective Student Organization Form. Club members and advisors agree to follow club/organization guidelines and contribute to updating the Student Services section.

Club/Organization Advisors

Each Club/Organization has a faculty/staff member as an advisor. The advisor assists students with the club business and activities, mentors members of the club/organization, and provides guidance as necessary.

Tutoring

Math tutoring is available to all SOWELA students enrolled in a SOWELA math course. Tutors are available Monday through Thursday, 1:00 PM to 4:00 PM, and Friday, 9:00 AM to 12:00 PM. Tutoring services are available to all currently enrolled SOWELA students. You can learn more by requesting information from the Office of Student Support Services.

Student Success Counseling

For most students, college presents new and difficult challenges. The Counseling services are FREE of charge to all currently enrolled SOWELA students. You can learn more by requesting information from the Office of Student Support Services.

Student Wireless Accessibility

Wireless accessibility is provided to all SOWELA students.

Tutoring

Math tutoring is available to all SOWELA students enrolled in a SOWELA math course. Tutoring is located in SOWELA's library. For more information on math tutoring services, call 337-541-2044.

Student Organizations

SOWELA encourages participation in student organizations and activities and offers students opportunities to grow socially, personally, and intellectually outside of the classroom. The activities of clubs and organizations enhance the educational experience of the student body. Participation in student activities helps students to develop leadership, communication, interpersonal relations and problem solving skills. For information concerning any of the organizations below, contact the Office of Student Support Services at (337) 249-2644.

Scheduling Activities and Meetings

Student activities require prior approval from the Office of Student Support Services. Whenever any campus room or facility is used for club/organization activities, the club/organization sponsoring the event is responsible for cleaning the area and restoring it to presentable conditions.

Posting Regulations

The OSSS is available to assist students in creating flyers, banners, and posters for club/organization events. Each club requesting flyers, banners, etc. must complete a Student Activity Request Form prior to any advertising. Only OSSS can approve postings. If a student club/organization would like posters, flyers, and/or posters done by Graphic Arts they must complete a form. Unauthorized postings will be removed.

Communication and Representation

1. A representative from each club/organization should check for club/organization mail at least once a week in the mail area.
2. Clubs/Organizations can appoint a club officer to serve in the Student Government Association. To serve, a student must maintain a 2.0 GPA, and complete at least six hours of course work.

Organization Conference Activity Excuse Form

Students who wish to attend conferences/activities that conflict with their class schedules must complete a Club/Organization Conference Activity Excuse Form and submit it to the instructor whose class is to be missed. Students are not allowed to attend/participate in any event unless a completed Club/Organization Conference Activity Excuse Form is submitted to OSSS at the beginning of each fall semester.

Clubs/Organizations must provide a correct roster to OSSS no later than the third week of classes each semester. Additions to the roster can be made at any time. A club/organization must complete a Club Membership Semester Academic Application at the beginning of each semester. This allows members and advisors to maintain an accurate roster/directory of its members.

A student interested in joining a club/organization must complete a Club Membership Semester Academic Application at the beginning of each semester. This allows members and advisors to maintain an accurate roster/directory of its members.

A sign-in sheet must be completed for each meeting/activity and submitted to OSSS after the meeting/activity concludes.

Clubs/Organizations must provide a constitution to OSSS.

Students who wish to attend conferences/activities that conflict with their class schedules must complete a Club/Organization Conference Activity Excuse Form and submit it to the instructor whose class is to be missed. Students are not allowed to attend/participate in any event unless a completed Club/Organization Conference Activity Excuse Form is submitted to OSSS at the beginning of each fall semester.

Clubs/Organizations must provide a correct roster to OSSS no later than the third week of classes each semester. Additions to the roster can be made at any time. A club/organization must complete a Club Membership Semester Academic Application at the beginning of each semester. This allows members and advisors to maintain an accurate roster/directory of its members.

A sign-in sheet must be completed for each meeting/activity and submitted to OSSS after the meeting/activity concludes.
Student Organization Fundraising Projects Policy

Fundraising, as pertaining to student organizations, is the seeking of funds/support by a student group from sources other than from its members, including procurement of supplies and other forms of support; the selling/distribution of items, materials, products, or services; and the sponsorship of events.

Only officially registered student clubs/organizations at SOWELA are authorized to conduct fundraising activities.

1. Student clubs/organizations considering a fundraising project must obtain a Fundraising Proposal Application from the Office of Student Support Services. The proposal must be submitted at least two weeks prior to the planned activity. The Directors of Student Support Services may approve, modify, or deny proposals.

2. Projects that interfere with academic programs or functions, college-operated services, contracts, or college development (fundraising) activities; or competition for products or services available through existing college contracts of a commercial vendor are not approved.

3. Fundraising activities are to be assigned to specific geographic areas on campus.

4. Clubs/Organizations are responsible for paying postage associated with fundraising. Services from the campus postal service cannot be used by any clubs/or- ganizations for fundraising activities.

5. Advertising must comply with the campus postal service; no advertising is allowed on the side of buildings, walls, or any other surface.

6. Collection of monies must comply with the Office of Student Support Services.

7. SOWELA does not accept responsibility for any financial liability with reference to student fundraising. All financial expenditures are necessary to projects underwritten as conditions for their approval. College funds are not to be utilized to initiate, sustain, or make affirmative the fundraising activities of a student club/or- ganization.

8. All fundraising items must be purchased and paid for by the club/organization upon receipt of the invoiced merchandise. If funds are not available to cover the entire invoice amount prior to delivery, clubs/organizations are prohibited from entering into contracts with companies who require payment after the sale. Exception: When a contracted company has specific guidelines which stipulate the division of the profit between the club/organization and the contracted company.

9. All fundraising activities must abide by local, state, and federal laws and regulations.

Club/Organization Advisor Guidelines Rules and guidelines for club/organization advisors:

1. The Office of Student Support Services must approve every activity sponsored by a club/organization, and the activity must be approved by Student Support Services at least one week prior to the event.

2. At least one advisor’s signature is required on each Student Activity Request Form.

3. Every activity must have at least one advisor present for the duration of the event. The Student Support Services Office approves exceptions to this rule.

4. Advisors are responsible for ensuring that regular meetings of the club/organization and its executive committee are held.

5. Any money collected by a student club/organization must be deposited into a registered campus account in the name of the club/organization at the Office of Accounting and Finance.

6. Advisors must be familiar with the Student Code of Conduct.

7. The main advisor for each club/organization must maintain an accurate roster of the club/organization members, a copy of the constitution, and the names and contact information of any other club advisors. This information is filed with Student Support Services.

8. The main advisor should know each club/organization member’s current academic status and maintain an accurate record of this information in Student Support Services.

9. Club/Organization advisors are required to attend a mandatory club/organization advisor meeting at the beginning of each semester. The spring meeting is held for new advisors only. Current or returning advisors will receive an update of operating rules and procedures in the spring.

10. Assistance or technical support is provided by the Director of Student Support Services.

Club/Organizations

SOWELA Technical Community College students can join the following service clubs/organizations and honor societies:

Student Government Association (SGA)

Every student duly enrolled at SOWELA Technical Community College (SOWELA) shall be a member of the Student Government Association. The SGA is designed to facilitate student involvement within the college. The SGA promotes the general welfare of the college in a democratic fashion and facilitates communication among the student body, the faculty, and the administration. The purpose of the SGA is to serve students by advocating for student rights as well as providing programs that enrich the college experience. The SGA governing body is comprised of an Executive Branch and Student Senate. An elected president, vice-president, secretary, and treasurer form the Executive Branch. Senators are chosen by each department/organization to represent the interests of that department/organization. Main Campus Advisor: christine.collins@SOWELA.edu, Morgan Smith Campus Advisor: kylie.smaltz@SOWELA.edu.

Future Business Leaders of America - Phi Beta Lambda (PBL)

PBL is the largest business career student organization in the world. The high school division has 215,000 members, while the postsecondary division reaches over 11,000 college students. The newest group, FBLA-Middle Level, is showing remarkable growth with nearly 15,000 student members. Finally, the Professional Division has reached over 3,000 members. Over 11,000 advisers round out the group. Exclusive members and career recognition programs are designed for each division to provide additional personal and chapter development opportunities. The Gamma Alpha Pi Chapter of PBL has been active at SOWELA since 1975. SOWELA’s chapter competes across the state and nation, frequently winning top honors. Visit www.fbla-pbl.org. Advisor Main Campus: rocky.schexneider@SOWELA.edu & patricia.guillory@SOWELA.edu.

Skills USA

Skills USA is a national organization serving more than 250,000 high school and college students. The purpose of Skills USA is to provide students with the skills and knowledge to succeed in business, technology, and academia. Contact the Office of Student Support Services for more information.
students and professional members who are enrolled in training programs in technical, skilled, and service occupations, including health occupations. Skills USA prepares America’s high performance workers. It provides quality education experiences for students in leadership, teamwork, citizenship and character development. It builds and reinforces self-confidence, work attitudes and communication skills. It emphasizes total quality at work, high ethical standards, superior work skills, lifelong education and pride in the dignity of work. More than 1,000 corporations, trade associations, and labor unions actively support Skills USA on a national level through financial aid, in-kind contributions, and involvement of their people in Skills USA activities. Team SOWELA competes on the state and national levels and has brought home many gold, silver and bronze medals in Skills USA competitions. Visit www.skillsusa.org. Advisor Main Campus: gray.little@SOWELA.edu, Morgan Smith Campus: adrienne.abel@SOWELA.edu.

The Instrumentation, Systems and Automation Society (ISA)
ISA is an organization for advancing the arts and sciences related to the theory, design and manufacturing of instrumentation, computers, and systems for measurement and control in the various sciences and technologies for the benefit of mankind. The SOWELA student chapter hosts guest speakers, organizes field trips to refineries and manufacturing facilities, and also helps the greater Lake Charles Chapter with instrumentation shows and fund-raisers. The SOWELA student chapter of ISA received its charter on October 28, 1994, by action of the Executive Board of the Instrument Society of America. ISA Student Sections are found in colleges, universities, institutes and similar organized training centers around the world. ISA’s approximately 180 Student Sections worldwide enable like-minded students to meet regularly, share ideas, develop last-

ing friendships, and work on projects of mutual interest. Some Student Sections choose to participate in the ISA International Student Games. Qualifying for the Games is accomplished at the district level. Visit www.isa.org. Advisor: henry.duplantis@SOWELA.edu.

Southwest Student Chapter of the Louisiana Restaurant Association (LRA)
The Southwest Student Chapter of the Louisiana Restaurant Association is a trade organization in the hospitality industry. The Student Chapter works with the Southwest LRA Chapter to foster education, progress, fraternity, professionalism, and dignity in the hospitality industry. It is the goal of the organization to practice active community citizenship by participating in civic and business development through association and cooperation with responsible community leadership while maintaining a high standard of integrity. Activities include participation in the Annual Louisiana Food Expo, Southwest Chapter LRA Gold Tournament, community service projects and student competitions. Visit www.lra.org. Main Campus Advisor: randy.mayeuex@SOWELA.edu.

SOWELA Artisans American Advertising Federation
The American Advertising Federation (AAF) protects and promotes the well-being of advertising through a unique, nationally coordinated grass roots network of advertisers, agencies, media companies, local advertising clubs, and college chapters. The AAF’s college chapter program has 210 affiliated chapters throughout the United States and abroad. The program includes both student members and faculty advisers. AAF provides numerous programs to guide its college students through advertising curriculum and job placement. AAF’s programs include more than 1,000 internship opportunities, scholarships, career guides, industry mentors and networking with top agency and corporate recruiters. Visit www.aaf.org.

Creative Writing Club
The mission of the “Creative Writing Club” is to provide opportunities for SOWELA Technical Community College students who like to write and want to develop their writing skills outside of the classroom through interaction with one another, with University faculty, and with published professional writers. Main Campus Advisor: susan.shafer@SOWELA.edu

National Technical Honor Society
NTHS is the acknowledged leader in the recognition of outstanding student achievement in career and technical education. SOWELA Technical Community College-Morgan Smith offers this nationally recognized honor society to students that receive a 3.0 GPA or higher. Being a part of NTHS encourages higher scholastic achievement, cultivates a desire for personal excellence, and helps top students find success in today’s highly competitive workplace. Key benefits to membership include the NTHS custom certificate, presentation folder, member pin, ID card, window decal, white graduation tassel, official NTHS diploma seal and customized graduation letter of recommendation for the student’s career portfolio. Once the student logs in, they may request up to three personal letters of recommendation for employment, college admission, or scholarship committees and gain access to the NTHS Online Career Center. Full time students inducted as NTHS members are eligible to apply for scholarships through the NTHS website at www.nths.org. Main Campus Advisor: christine.collins@SOWELA.edu; Morgan Smith Campus Advisor: adrienne.abel@SOWELA.edu.

Student Mentor Team
As a student, enrolled at SOWELA Technical Community College, a “Mentor” is an upperclassman who volunteers to assist STCC students with becoming acclimated to campus, on hard to provide guidance throughout the semester. Mentors host events and attend events hosted by the college as well as events for promotion and recruitment. Main Campus Advisor: patricia.rupert@SOWELA.edu

SOWELA Gamerz
SOWELA Gamerz aims to support and promote the values of SOWELA Technical Community College while providing the student body an opportunity to participate in activities related but not limited to video games, board games, card games, logic games, and puzzles. SOWELA Gamerz will host events, such as friendly gaming tournaments, game nights, and game related activities. It will bring together veteran gamers, as well as new-comers, to create a community of fun, leadership, and fair play. Advisor: James.mendez@SOWELA.edu

The Circle
The mission of “The Circle” is to provide opportunities for SOWELA Technical Community College students: (1) meet to share burdens and pray, (2) engage with fellow Christian students and the community (3) present to college and local community God’s word and support (4) provide bible studies during the semester for students. Main Campus Advisor: jonathan.franz@SOWELA.edu

Criminal Justice Club
Criminal Justice Club is an organization established by Criminal Justice students to serve the community in a service capacity. Advisor: ricky.titus@SOWELA.edu

STUDENT CONDUCT CODE
Membership in the college community confers upon students certain rights and imposes certain responsibilities, which are defined below. Students are expected to understand and exercise their rights, to meet their responsibilities, and to respect the rights of others. The College’s Student Conduct code is expected to enforce these responsibilities and to afford the same rights to
students. The College will help to preserve a climate in which students can develop without denying this same opportunity to others. Unfamiliarity with the following does not excuse students from carrying out their responsibilities as members of the college community.

Student Rights

1. Students have the right to be heard in matters that affect their rights and responsibilities. (e.g. through Student Government Association, Dean of Student Success, etc.)

2. Students have the right to take stands on issues, to examine and discuss questions of interest, and to support legal causes by orderly means which do not disrupt college operations or interfere with the rights of others. Students or student groups wishing to engage in peaceful demonstrations must obtain a permit to do so from the Office of Student Support Services at least seventy-two (72) hours prior to the demonstration. The demonstration must be restricted to the area specified in the Student Activity Request Form.

3. Student publications and communications are guaranteed the rights inherent in the concept of “freedom of the press.” Individual students and student organizations have the right to publish, distribute, and broadcast material on the college campus provided that the materials are identified by the name of the student or student organization. All publications and broadcasts shall be subject to the canons of responsible journalism, including the avoidance of defamation, indecency and obscenity, undocumented allegations, and harassment. In addition, all publications and communications must be approved by Office of Student Support Services.

4. Students have the right to form and participate in student organizations that provide opportunities for educational and social enrichment. All student organizations registered with the Office of Student Support Services may meet on college premises provided that they make reservations in accordance with the established rules and regulations for room and space reservation. Students and/or student groups may not make reservations in their names for outside groups or organizations to use college space.

5. Student organizations registered with the Office of Student Support Services have the right to invite any persons of their choosing to their organization as speakers on college premises. The Chancellor or the Vice Chancellor for Academic Affairs and Student Success may cancel a speaker’s reservation where there is a clear and present danger to the orderly operation of the college. Such cancellation shall be communicated to the sponsoring organization at the earliest opportunity.

6. Students have the right to have their academic records kept confidential subject to existing law. No official records shall be kept which reflect political activities or beliefs of students. No official records shall be available to unauthorized persons within the institution, or to any person outside the institution without the expressed written consent of the student involved, except under legal compulsion.

7. Students have the right to due process when accused of any violations of college regulation or rules of conduct. A student will find adequate due process accorded through the Student Government Association Constitution, and administrative procedures. This right shall include the following:
   - Right to a notice in writing of any charges.
   - Right to admit the alleged violation, waive a hearing and accept the college’s action.
   - Right to deny the alleged violation but request a hearing.

8. Unauthorized entry into, use, or occupation of college facilities which are locked, closed to student activities, or institutionally approved events except as authorized by the proper officials of the College.

9. The manufacture, distribution, sale, possession, or use of alcoholic beverages, marijuana, controlled substances, or dangerous drugs on the campus and at institutionally approved events off campus is prohibited.

10. No person shall physically abuse, threaten, or intimidate any member of the faculty, staff, student body, or any official visitor to the College.

11. The taking, damaging, or malicious destruction of property belonging to the college, to the visitors to the college, or to any member of the college community is prohibited.

12. No persons shall assemble on campus for the purpose of creating a riot or disruptive or disorderly diversion which interferes with the normal educational processes and operations of the College. This policy shall not be construed as the denial of any student’s right to peaceful assembly.

13. Gambling on the campus premises is prohibited.

14. No person shall interfere with, fail to cooperate with, or fail to identify himself or herself to any properly identified administrator or staff person while that person is in the performance of his or her duties.

15. Unauthorized entry into, use, or occupation of college facilities which are locked, closed to student activities, or otherwise restricted as to use, or which have not been reserved for use through the proper college authorities is prohibited.

16. Falsification, alteration, fabrication, or misuse of college forms, documents, re-
10. The operation on campus of student organizations not properly registered with and recognized by the Student Support Services Office is prohibited.
11. The dissemination on campus of publications which do not bear the name of the originator or which are not done in accordance with college rules and regulations is prohibited.
12. Students shall not attempt to defraud, deceive, or mislead an instructor in arriving at an honest grade assessment.
13. Hazing is not permitted. Hazing violations include, but are not limited to, abusive initiation requirements for entrance into a club or organization.
14. Unauthorized use of college property or services is prohibited.
15. Behavior that is disruptive or that interferes with the campus learning process in the classroom or on campus is not permitted. Students accused of Student Conduct Code violations can be assured adequate due process through administrative procedures. Violations can be adjudicated through an informal hearing with the Dean of Student Success and/or through a formal hearing. An informal hearing is a meeting between the accused, the accused, and the Dean of Student Success. An informal hearing is appropriate when all parties voluntarily agree to engage in an attempt to resolve the complaint. This may result in sanctioning if needed. If the informal hearing does not result in resolution, the case will be forwarded for a formal hearing.

Additional Conduct Regulations
1. Appearance and/or dress that is extreme or unusual to the point of distracting from or being disturbing to the learning environment within classes or on campus will not be tolerated. In certain technical labs, student dress is expected to meet all safety codes.
2. Telephone and mail service is not available on campus for students. Students should be called through the college switchboard only in cases of emergency, which involve the illness or death of a family member. The Office of Facilities should be contacted in such emergencies. Students should not give the College as their address since there is no mail service for students.
3. The use of tobacco products is prohibited in all buildings on SOWELA campus. Tobacco users are required to be 50ft from all entrances, exits, and building occupancies.
4. Food and drinks may be brought into buildings, but they are not allowed in classrooms. Children are not allowed in classrooms, and cannot be left unattended while on campus.
5. All electronic devices should be turned off and placed under the desk, along with books.

Disciplinary Sanctions
Students/student leaders/clubs/organizations who fail to follow the Code of Conduct are subject to disciplinary actions/sanctions authorized by the Vice Chancellor for Academic Affairs and Student Success. These include:
1. Admonition or oral statement to the student who has violated regulations.
2. Official written reprimand, warning, or notice in writing that continuation or repetition of wrongful conduct can result in harsher action.
3. Educational sanctions that include fines, public service, participation in selected programs, and/or the assignment of a research project.
4. Disciplinary probation/exclusion from privileged or extracurricular activities.
5. Restitution/reimbursement for damage(s) or loss(es) to property or person(s).
6. Forfeiture of academic credit.
7. Suspension/exclusion from classes and privileges for a defined period of time.
8. Expulsion/termination of the club/organization/student(s).
9. Sanctions as deemed necessary by the Vice Chancellor for Academic Affairs and Student Success.

All disciplinary sanctions are reviewed by the Vice Chancellor for Academic Affairs and Student Success.

Unusual circumstances (i.e. threat of personnel safety, physical danger, peated violations, etc) may result in dispositions decided on through informal hearings. Such dispositions may result in suspension, exclusion from classes, or expulsion/termination of the student's status of SOWELA.

Students on disciplinary suspension, exclusion, or expulsion are forbidden the use of college facilities during the term of their sanction. A student or student club/organization facing disciplinary sanctions may receive temporary sanctions from the Vice Chancellor for Academic Affairs and Student Success. These include suspension pending the final disposition of the case, or temporary suspensions imposed in order to maintain the orderly operation of the college.

Categories and Definitions of Academic Dishonesty
Cheating is the intentional use of inappropriate and unauthorized assistance, information, materials or study aids in any academic exercise, and includes multiple submissions of the same or part of the same work to different instructors for different assignments in the same semester or in a different semester. Cheating includes, but is not limited to, the use of unauthorized assistance, information, or materials on tests, homework, quizzes, papers, projects and all other academic assignments. Additionally, the act of conspiracy for the purpose of defrauding also constitutes cheating.

Fabrication is the misrepresentation of a signature on a document as original (authentic) and includes the fabrication of any part of an academic individual or group assignment, or of official documents of the college or outside agencies, including drop/add slips, excused absence slips, and medical documentation. Fabrication also includes making up or changing data or results, or relying on someone else's results in experiments or laboratory assignments. Citing a source that has not actually been used or consulted is also an offense.

Plagiarism constitutes the use of another person's ideas, words, data, arguments or sentence structure in any academic assignments as the student's own without proper documentation or citation.

Misuse of academic resources constitutes prohibiting students, faculty or staff from using print or electronic resources by rendering them unavailable, useless, or altered from their original form and purpose. This includes the unauthorized use of computer accounts, alteration of passwords, violation of library procedures or other intentional misuse or destruction of educational materials.
Misrepresentation is intentionally presenting oneself as someone else, or intentionally representing the condition or the situation as more or less than what it actually is to gain credit or special concessions on academic individual and group work including make-up tests, projects, and class assignments.

Violation of class rules is the intentional failure to follow the rules of each individual class concerning academic assignments and class behavior as referenced in the course syllabus.

Complicity is the willing involvement with others in any academic misconduct.

Software fraud is the unlawful downloading and copying of computer software used in the creation of academic work.

Multiple submissions of work include handing in academic work that was done previously by the student for another class or by someone else.

Cheating/Plagiarism

Cheating includes any attempt to defraud, deceive or mislead the instructor in arriving at an honest grade assessment. Plagiarism is a form of cheating that involves presenting as one’s own the ideas or work of another. Through course syllabi or course requirements, students will be informed of the cheating policy. The policy has been established by SOWELA to insure due process in cases of cheating and plagiarism.

Standards Of Conduct For Use Of SOWELA Computers

All users of the SOWELA computer systems are subject to state and federal laws involving computer fraud, software piracy, etc. They are also prohibited from engaging in (1) academic dishonesty involving SOWELA computer systems, (2) disruption and destruction of computer facilities and (3) violation of licenses and copyright agreements, SOWELA policy and state or federal laws. Academic honesty is defined in the SOWELA Student Conduct Code. Examples of this type of behavior involving computers include, but are not limited to:

- submitting the programs, documentation or program results of another person as your own;
- obtaining or attempting to obtain unauthorized access to information stored in electronic form;
- submitting false results of a program’s output for a class assignment or falsifying the results of program execution for the purpose of improving a grade. The Computer Systems Protection Act outlaws certain accesses, alteration, damage, or destruction of any computer, computer system, computer network, computer software program or data.

All SOWELA computer users are subject to the terms of that law. Under the terms of this law, it is the responsibility of the Academic Computing, Administrative Computing, and Network Services departments to report any violations involving computer systems for which they are responsible. Examples of behavior disruptive or destructive to computer facilities involve the following:

- damaging or stealing college owned software; equipment or
- causing the display of false system messages;
- maliciously causing system slow-downs or rendering systems inoperable;
- gaining or attempting to gain access to accounts without proper authorization; and
- introducing viruses or worms into a system.

SOWELA adheres to EDUCOM appropriate copyright policies. Most software used on SOWELA computers is covered by copyright, license or non-disclosure agreements. Violation of these agreements puts SOWELA and the individual in jeopardy of civil penalties. Examples of such violations include, but are not limited to:

- making copies of copyrighted or licensed software without proper authorization;
- using software in violation of copyright, license or non-disclosure agreements;
- using college computers for unauthorized private or commercial purposes.

Internet

Internet usage in support of research and educational objectives is acceptable. Access to the Internet does not imply automatic authorization to access any system connected to the Internet, and unauthorized access to any Internet-connected system is prohibited. Such unauthorized access is considered justification for termination of Internet access privileges.

Note: Some sections of this document have been adapted or used with permission of the Baton Rouge Community College.

Display Of Non-College Publications

As an institution of higher education, SOWELA seeks to foster a “free marketplace of ideas” in support of the ideas written in our state and national constitutions. To that end, SOWELA allows the display of non-college publications on its campus. The regulations contained herein in no way approve, disapprove, support, or fail to support the content of the publications included in this policy. The policy simply assists SOWELA in the use and management of college facilities.

Procedure for posting Non-College Publications:

1. An Agreement for Display of Non-college Publications must be completed and filed in the OSSS. Agreements are renewed annually; however SOWELA can cancel an agreement at any time by issuing a two-week notice to the vendor.

2. OSSS assigns display locations, and assignments are made solely at the discretion of SOWELA.

3. Display racks must be provided and used by the vendor to display publications.

Sales and Solicitation

SOWELA does not permit the operation of private business enterprises on campus, unless the business is under contract to the college. As specified by related procedures, all private business interests on the SOWELA campus are only operated as auxiliaries to the business, and are under the direct management, control, and supervision of the college’s chief business officer.

Procedures for Students/Student Organizations:

Students can place notices of items for sale on the “Campus Advertising Board”. Posting of sales notices must first be approved by the Office of Student Support Services. Students can solicit business by advertising in: Auxiliary Services (food service, vending, etc.)

Student Assemblies

Students who need to utilize campus facilities for an event, must first reserve the facilities through the Office of Student Support Services. Whenever an activity, held in the name of the college, includes a speaker, the Vice Chancellor for Academic Affairs and Student Success must officially approve the speaker and coordinate the event with SOWELA Office of Facilities.

Visitors on Campus

Visitors are welcome and are invited to visit the college at any time. Each visitor to the college must check with the administrative office before touring the school or visiting classes. Visitors must adhere to the rules and policies of the college, including traffic and parking regulations.
The following section is a description of all programs of study offered at SOWELA Technical Community College. The curricula are as accurate and complete as possible at the time of publication of this catalog. Since this catalog was prepared, some programs may have been added, others may have been deleted, and/or changes in curricula may have been made.

Exit level designations for these programs are as follows:

- **TCA** = Technical Competency Area Certificate: An applied course, or series of courses (1-16 hours) which provides a student with a specific technical competency area.

- **CTS** = Certificate of Technical Studies: An applied technical program (usually 16-33 hours) to provide a student with a broad technical competency.

- **CGS** = Certificate of General Studies: An academic program (30 hours) of general education courses designed to prepare students for entry into an associate or baccalaureate program.

- **TD** = Technical Diploma: An applied technical degree program (45-60 hours) often formed by combining multiple CTS’s and/or TCA’s.

- **AAS** = Associate of Applied Science Degree: An applied/academic degree program (60-72 hours), primarily designed to prepare students for immediate employment or career entry.

- **AGS** = Associate of General Studies: An academic program (60 hours) that allows students to select a concentration to prepare them for career entry, but which may also transfer to a baccalaureate program.

Degrees, technical diplomas, and certificates earned are recorded on the transcript at the time of completion. Associate degrees have general education requirements. Refer to pages 43 - 44 of this catalog for approved general education courses.

Listing of a program does not necessarily mean that enrollment is accepted every semester. Program availability varies and start dates are often determined by the program coordinator. If no information is given in the program description, students should contact the department or the Office of Academic Affairs to determine when the program is to be offered.

Degrees offered in the following programs:

- Accounting Technology AAS
- Aviation Maintenance Technology AAS
- Computer Technology/Networking Specialist AAS
- Computer Technology/Programming Specialist AAS
- Criminal Justice AAS
- Culinary Arts AAS
- Drafting and Design Technology AAS
- General Studies AGS
- Graphic Art AAS
- Industrial Instrumentation Technology AAS
- Office Systems Technology AAS
- Process Technology AAS

The AAS degrees at SOWELA are not designed for transfer into a baccalaureate program of study and are considered terminal credentials. However, courses within these programs and in some cases (at the discretion of the receiving institution) an entire program may be accepted for credit toward an advanced degree. Students desiring to transfer coursework from SOWELA to another institution must verify with the receiving institution that the coursework is transferable.
# Accounting Technology

**Department:** Business and Information Technology  
**Program Description:** The Associate of Applied Science in Accounting Technology program is designed to prepare the student for general office work emphasizing manual and computerized accounting. The mission of this program is to provide specialized classroom instruction and practical experience to prepare students for employment as accounting technicians or to provide supplemental training for persons previously or currently employed as accounting technicians. The program prepares students to provide technical support to professional accountants and other management personnel. It includes instruction in general accounting principles and practices, posting transactions to accounts, record-keeping systems, and accounting software operation. The program emphasizes safe and efficient work practices, basic occupational skills, and employability skills. The content is organized into competency-based courses that specify occupational competencies that the student must successfully complete.

**Program Coordinator:** Debbie Lejeune  
**Program Instructors:** Ricky Monceaux, Winston Richard, Tamalla Green, Bradley Casiday, Kylie Schmalz (Morgan Smith Site)  
**Special Comments:** A minimum grade of C is required in all Accounting Technology major-specific courses.

## Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive an associate degree, certificate or diploma.

## Student Learning Outcomes: Students who successfully complete the Accounting Technology Program will be able to:  
1. Identify the accounting equation and define each of its elements.  
2. Record receipts, invoices, payments, payables, and bank deposits and print financial reports using computerized accounting software.  
3. Prepare a set of financial statements in accordance with generally accepted accounting principles.  
4. Apply fundamentals of business style in written and oral communication through letters, resumes, presentations, and interviews.  
5. Apply formatting efficiently in various documents using word processing software.  
6. Utilize formulas and functions and format documents using electronic spreadsheet software.

AUTOMOTIVE TECHNOLOGY

Department: Industrial & Transportation Technology

Program Description: The purpose of the Automotive Technology program is to provide specialized classroom instruction and practical shop experience to prepare individuals to engage in the servicing and maintenance of all types of automobiles. The program prepares the individual to select, safely use, and maintain hand and power tools, jacks, and hoisting equipment; provides instruction in the diagnosis of malfunctions and the repair of engines; instruction in the analysis of fuel, electrical, cooling, brake systems, drive train, and suspension systems are included. The competencies in the Automotive Technology program are closely correlated with the knowledge required to prepare an individual for the certification test given by the National Institute for Automotive Service Excellence (ASE). The content is organized into competency-based courses of instruction that specify occupational competencies that the individual must successfully complete according to the priorities for tasks established by the National Automotive Technicians Education Foundation (NATEF).

Program Coordinator: Thomas Richard

Program Instructors: Thomas Richard, David Nichols, Robert Istre (Morgan Smith Site), Lewis Williams

Program Accreditation: National Automotive Technicians Education Foundation (NATEF)

Special Comments: A minimum grade of C is required in all Automotive Technology major-specific courses. This program is also offered at Morgan Smith Campus and C. Paul Phelps Correctional Center

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive a certificate or diploma.

Student Learning Outcomes: Students who successfully complete the Automotive Technology Program will be able to:
1. Demonstrate the use of tools and equipment used in the automotive service industry.
2. Describe the theory of operation of automotive systems.
3. Diagnose and document component failures.
4. Inspect, adjust, repair or replace automotive components.
5. Locate manufacturer specific information.
6. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the automotive industry.

**AVIATION MAINTENANCE TECHNOLOGY**

**Department:** Industrial and Transportation Technology

**Program Description:** The mission of the Aviation Maintenance Technology program is to provide a teacher-learning environment that will prepare students for certification by the Federal Aviation Administration (FAA) in airframe and powerplant mechanics. The certification process consists of three separate tests detailing the General, Airframe, and Powerplant sections. In addition, three separate oral and practical tests are administered by an FAA designated examiner. Upon successful completion of the three tests, the graduate is awarded the FAA and the A & P Mechanic Certificate. The Aviation Maintenance Technology program provides a safe and healthy environment for learning, encourages students to become critical thinkers and lifelong learners, and attempts to establish relationships with students and employers that promote upgrading of skills for continued advancement in the field.

**Interim Program Coordinator:** Glenn Carter

**Program Instructors:** Glenn Carter, Chris Lore, Anthony Savant.

**Program Accreditation:** Federal Aviation Administration (FAA) & Association of Technical, Management and Applied Engineering (ATMAE).

**Special Comments:** The grading scale utilized in this program is set by the FAA. According to the FAA grading scale, which differs from the SOWELA grading scale, the minimum grade required in all Aviation Maintenance Technology major-specific courses is 70% or the letter grade D. As an ATMAE accredited program, graduates in Aviation Maintenance Technology must successfully complete a minimum of twenty-two hours of technical coursework at SOWELA.

**Overall Grade Point Average:** Program requirements must be completed with an overall grade point average of 2.0 in order to receive an associate degree, diploma or certificate.

**Student Learning Outcomes:** Students who successfully complete the Aviation Maintenance Technology Program will be able to:

1. Execute Federal Aviation Administration (FAA) forms/records and compose appropriate corresponding aircraft maintenance records entries.
2. Troubleshoot and repair basic aircraft electrical systems utilizing manufacturer data.
3. Inspect an aircraft to show compliance with a 100 hour/Annual inspection in accordance with the Title 14 of the Code of Federal Regulations (CFR).
4. Satisfactorily pass the Federal Aviation Administration (FAA) knowledge, oral, practical and written examinations in General, Airframe, and Powerplant subjects.
5. Obtain FAA general mechanic, airframe and powerplant certifications.
6. Demonstrate a working knowledge and mechanical ability to inspect, maintain, service and repair aircraft electrical, engine (piston and turbine), airframe structure, flight control, hydraulic, pneumatic, fuel, navigation and instrument systems and other aircraft components specified by Federal Aviation Regulation Part 147.
7. Identify, install, inspect, fabricate and repair aircraft sheet metal and synthetic material structures.
8. Display proper behavior reflecting satisfactory work habits and ethics to fulfill program requirements and confidence to prepare for employment.
9. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the aviation maintenance industry.

CERTIFIED NURSE ASSISTANT

Program Description: The Certified Nurse Assistant program prepares students for employment in long-term care facilities, home health agencies, and hospitals where basic bedside nursing care is needed. Classroom instruction includes an introduction to health care, basic nursing skills, body structure and function, and infection control. Students participate in clinical activities under the supervision of the instructor. All OBRA Skill Standards are included in this competency-based curriculum. Upon completion of the program, the student is qualified for certification and employment in the areas of long-term home health and acute care.

Program Coordinator: Paula Hellums, B.S.N., RN
Program Instructors: Barbara Ewalt, M.S.N., RN; Lisa Rogers, A.D.N., RN; Jennifer Grafton, B.S.N., RN; Patrice Fontenot, A.D.N., RN.

Program Coordinator Morgan Smith: Addie Byrd, B.S.N., RN
Program Instructors Morgan Smith: Pat Pousson, L.P.N., Kecia Clark, B.S.N., RN, Rebecca Doucet, M.S.N., RN.

Clinical Sites: Grand Cove Nursing Home; Lake Charles Care Center; Lake Charles Memorial Hospital, Resthaven Rehabilitation Center.

Clinical Sites Morgan Smith: Jeff Davis Living Center; Southwest Louisiana War Veteran’s Home, Jennings American Legion Hospital, Camelon Brookside.

Special Comments: All courses in the Certified Nurse Assistant Program must be completed with a grade of C or higher.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive a technical competency area certificate.

Student Learning Outcomes: Students who successfully complete the Certified Nurse Assistant Program will be able to:
1. Demonstrate basic nursing skills while maintaining infection control and safety standards.
2. Perform cardiopulmonary resuscitation (CPR).
3. Demonstrate basic personal care skills for the client.
4. Demonstrate basic mental health and social service needs by modifying his/her own behavior in response to residents’ or clients’ behavior.
5. Demonstrate skills which incorporate principles of restorative nursing, including the use of assistive devices.
6. Demonstrate behavior which maintains residents’ or clients’ rights including but not limited to providing privacy and maintenance of confidentiality and allowing clients to make personal choices to accommodate individual needs when possible, and providing care which safeguards the client against abuse.

Certified Nurse Assistant Admission Requirements: To be considered for the Certified Nurse Assistant program, an applicant must:
1. Submit a completed application.
2. Submit official copies of ACT, COMPASS, or ASSET scores and official copies of transcripts of all college work to the Admission Office.
3. Satisfactorily complete one of three categories for admission below:
   a. Achieve an ACT score of: Reading 13,
   b. Achieve a COMPASS score of: Reading 60,
   c. Achieve an ASSET score of: Reading 34,
   d. Combine test scores with official transcript(s) to meet eligibility for placement out of TSRE 0090.
4. Be physically and emotionally able to meet the requirements of the program as determined by a qualified physician.

Limited openings are available in the Nurse Assistant Program. Acceptance will be determined by the date of the application and satisfactory completion of the admission criteria. Part of the application process includes authorization for a background verification to be done by a consumer-reporting agency. An applicant may be denied placement in clinical rotations based wholly or partially on information contained in the report. If participation in clinical is denied by a clinical site(s), the student will be dropped from the program as he/she will be unable to meet program requirements.

C O L L I S I O N  R E P A I R  T E C H N O L O G Y

Department: Industrial & Transportation Technology

Program Description: The purpose of the Collision Repair Technology program is to provide specialized instruction and practical shop experience to prepare students for employment in a variety of jobs in the field of collision repair. The Collision Repair Technology program prepares individuals to repair modern vehicles. This includes identification and analysis of damage, measurement, straightening, welding, structural repair and replacement, corrosion, alignment, refinishing, trim and glass replacement, plastic repair, and working with electrical and mechanical components as they pertain to collision repair.

Program Coordinator: Tim McCarty

Program Instructors: Tim McCarty

Special Comments: A minimum grade of C is required in all Collision Repair Technology major-specific courses.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive a diploma or certificate.

Student Learning Outcomes: Students who successfully complete the Collision Repair Technology Program will be able to:

1. Perform body panel and minor structural repairs and parts replacement.
2. Perform vehicle refinishing preparation, application, and paint detailing.
3. Dismantle and reassemble vehicle body parts, trim, interior components, and non-structural glass.
4. Perform minor mechanical and electrical collision related procedures.
5. Assess a vehicle’s damage, develop a repair plan through interpretation of service information, and communicate the calculation of repair costs and procedures to related parties.
6. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the collision repair industry.

**COMPUTER TECHNOLOGY - NETWORKING SPECIALIST**

**Department:** Business & Information Technology

**Program Description:** The Networking Specialist program provides a thorough background in PC computer hardware and operating systems, local networking and internet technologies. In addition, the program provides a background in analyzing business requirements and designing and implementing network infrastructure for business solutions. Implementation responsibilities include installing, configuring and troubleshooting network systems. The courses prepare the student for various certifications in: CompTIA's A+, Network+, Server+, Security+, MCP (Microsoft Certified Professional), Cisco's CCENT (Cisco Certified Entry Network Technician) and CCNA (Cisco Certified Network Associate), and MCSE (Microsoft Certified Systems Engineer).

**Program Coordinator:** Rocky Schexneider

**Program Instructors:** Rocky Schexneider, Barry Humphus, Lonnie Puryear.

**Program Accreditation:** Association of Technology, Management, and Applied Engineering (ATMAE)

**Special Comments:** A minimum grade of C is required in all Information Technology courses.

As an ATMAE accredited program, graduates in Networking must successfully complete a minimum of fifteen hours of technical coursework at SOWELA.

**Overall Grade Point Average:** Program requirements must be completed with an overall grade point average of 2.0 in order to receive a degree, certificate or diploma.

**Student Learning Outcomes:** Students who successfully complete the Networking Specialist Degree will be able to:

1. Demonstrate a working knowledge of IT terminology.
2. Identify, describe, and troubleshoot system components.
4. Install, manage, and maintain system servers, routers and workstations.
5. Demonstrate a basic knowledge of network security and data communications.

### COMPUTER TECHNOLOGY - PROGRAMMING SPECIALIST

**Department:** Business & Information Technology

**Program Description:** The primary focus or mission of the Programming Specialist Associate Degree is to train students to work effectively as entry-level developers. Students will demonstrate the ability to design, construct, and test object-oriented programs using current marketable languages; utilize current operating systems; use current application software for manipulating spreadsheets and word processing documents; design and manipulate databases; write SQL code; develop and maintain web applications; connect an application to a database; utilize standard information Technology ethics.

**Program Coordinator:** Mary Kennerson

**Program Instructors:** Mary Kennerson, Katie Johnson, Martha Schexneider, Larry Freyou.

**Program Accreditation:** Association of Technology, Management, and Applied Engineering (ATMAE)

**Special Comments:** A minimum grade of C is required in all Information Technology courses.

As an ATMAE accredited program, graduates in Programming must successfully complete a minimum of fifteen hours of technical coursework at SOWELA.

**Overall Grade Point Average:** Program requirements must be completed with an overall grade point average of 2.0 in order to receive an associate degree, certificate, or diploma.

**Student Learning Outcomes:** Students who successfully complete the Programming Specialist Associate Degree will be able to:

1. Display data from related database tables.
2. Demonstrate a working knowledge of developing applications utilizing various programming languages such as Visual Basic, C#, game developer, etc.
3. Develop a web site.
4. Demonstrate basic soft skills required to be successful in the work environment such as appropriate communication and attire.
5. Have the ability to analyze a problem and identify and define the computing requirements appropriate to its solution.

CRIMINAL JUSTICE

Department: Liberal Studies and Education

Program Description: The mission of the Criminal Justice program is to provide specialized classroom instruction and practical experience to prepare students for employment or promotional opportunities in criminal justice agency positions in crime prevention, public safety, corrections, or other related fields. This program is designed to educate students who wish to pursue a career in criminal justice or for additional training of individuals already employed in the field. The program emphasizes safe and efficient work practices, basic occupational skills, and the application of federal, state, and local laws as they apply to both emergency and routine situations. Course content is organized into competency-based courses of instruction that specify occupational competencies that the student must successfully complete.

Program Coordinator: Dr. Lisa Hancock

Program Instructors: Dr. Lisa Hancock, Ricky Titus, David McMurry, Jonathan Byrd, Lindsey White.

Special Comments: A minimum grade of C is required in all Criminal Justice major-specific courses.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive an associate degree, certificate or diploma.

Student Learning Outcomes: Students who successfully complete the Criminal Justice Associate Degree or Diploma program will be able to:

1. Demonstrate knowledge and skills required for entry-level employment in the criminal justice profession.
2. Demonstrate knowledge of the issues and dilemmas facing contemporary criminal justice.
3. Apply analytical skills to applied, professional tasks and team efforts in criminal justice.
4. Communicate successfully within the criminal justice profession using verbal, written, and basic computer literacy skills.
5. Critically evaluate current criminal justice strategies for strengths and weaknesses, and reformulate policy to enhance criminal justice efficiency.

CULINARY ARTS

Department: Culinary, Graphic & Design Arts

Program Description: The Culinary Arts and Occupations program prepares students to work in service, production, fast foods, and baking areas of the food service industry. Program content includes American Culinary Federation information and guidelines for approved chef training, accreditation, and National Restaurant Association Pro Management Certification.

Program Coordinator: Randy Mayeux

Program Instructors: Randy Mayeux, Ed Neeley, Mary Ellen Fontenot, and Megan Peters.

Special Comments: A minimum grade of C is required in all Culinary Arts and Occupations major-specific courses.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive a certificate or a diploma.

Student Learning Outcomes: Students who successfully complete the Culinary Arts and Occupations Degree or Diploma program will be able to:
1. Demonstrate good knife skills.
2. Identify kitchen equipment, tools and their use.
3. Utilize basic culinary terminology used in the industry.
4. Demonstrate standard vegetable and meat cuts that are essential in the industry.
5. Recognize guidelines necessary to maintain food safety throughout the flow of food, from purchasing to serving.
6. Produce a meal from start to finish including production of a standard recipe, portion control, cooking concepts, customer relations and proper service.
7. Recognize the concept of food presentation.
8. Know the basic principles and ingredients of the bakeshop.
9. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the culinary industry.

### DRAFTING AND DESIGN TECHNOLOGY

**Department:** Culinary, Graphic and Design Art

**Program Description:** The mission of the Drafting and Design Technology program is to provide a teacher-learning environment that will afford every student an opportunity to obtain the board and computer drafting skills needed for employment and advancement in the areas of Structural, Architectural, Civil/Surveying, Electrical, Machine/Manufacturing, Piping and Structural/Strength and Materials Drafting. The Drafting program provides a safe and healthy environment for learning, encourages students to become critical thinkers, and attempts to establish a relationship with students and employers that promote upgrading skills for advancement in their drafting career.

**Program Coordinator:** Gerald Bordelon

**Program Instructors:** Gerald Bordelon, Woodley Fruge, Jason Parker

**Program Accreditation:** Association of Technology, Management, and Applied Engineering (ATMAE)

**Special Comments:** A minimum of C is required in all Drafting and Design Technology major-specific courses.

As an ATMAE accredited program, graduates in Drafting and Design Technology must successfully complete a minimum of fifteen hours of technical coursework at SOWELA.

**Overall Grade Point Average:** Program requirements must be completed with an overall grade point average of 2.0 in order to receive a degree, certificate or a diploma.

**Student Learning Outcomes:** Students who successfully complete the Drafting and Design Technology Degree or Diploma Program will be able to:

1. Use industry-standard equipment, and software to create working drawings, in various disciplines of drafting, for use in construction.
2. Interpret ideas or sketches from engineers and designers into working drawings.
3. Collect field notes and data on existing equipment or property to be used in the creation of working drawings.
4. Apply appropriate terminology to effectively communicate with professions in the Architecture, Engineering and Design office environment.
5. Exhibit professionalism through active participation in class activities and successful completion of group projects.

GENERAL APPRENTICESHIP: ELECTRICAL CONSTRUCTION

Department: Industrial and Transportation Technology

Program Description: The General Apprenticeship with a concentration in Electrical Construction is a 50 credit hour program for apprentices of the International Brotherhood of Electrical Workers (IBEW) that prepares them with the required classroom theory added to their in-the-field work experience to attain the level of journeyman in the electrical field. The essential purpose of this program is to meet the changing needs of this labor group and to provide the highest level of education possible for employees of the region in electrical work. The goal of this program is to provide specialized skilled-trades courses in an effort to provide students with the skills necessary, based on industry standards, to become electrical journeymen. The curriculum places emphasis on the development of a common set of trade skills.

Program Coordinator: Melvin Cox

Program Instructors: Steven Gaspard, Robert Guinn, Larry Hornsby, Terry Hornsby

Special Comments: Applicants must be approved by the Joint Apprenticeship Training Committee (JATC) for IBEW Local 861 or one of its affiliates.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive the technical diploma or certificate.

Student Learning Outcomes: Students who successfully complete the General Apprenticeship: Electrical Construction program will be able to:

1. Demonstrate positive work habits and use appropriate procedures, tools and equipment, consistent with all applicable standards and OSHA regulations.
2. Make clear and effective presentations to individuals and groups.
3. Demonstrate basic mechanical drawing skills.
4. Use various types of blueprints to perform work-related functions.
5. Apply math skills to analyze and solve work-related problems.
6. Apply writing skills to create reports related to technical work documents and other related tasks.
7. Apply basic laws of physics (Ohm’s law, Boyle’s law, circuitry, load, and demonstrations as proof of formula) to solve work-related problems.
8. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the electrical construction industry.

GENERAL APPRENTICESHIP: PLUMBING CONSTRUCTION

Department: Industrial and Transportation Technology

Program Description: The General Apprenticeship with a concentration in Plumbing Construction is a 50 credit hour program for plumbers and steamfitters apprentices that prepare them with the required classroom theory added to their in-the-field work experience to attain the level of journeyman in the plumbing field. The essential purpose of this program is to meet the changing needs of this labor group and to provide the highest level of education possible for employees of the region in plumbing work. The goal of this program is to provide specialized skilled-trades courses in an effort to provide students with the skills necessary, based on industry standards, to become plumbing journeymen. The curriculum places emphasis on the development of a common set of trade skills.

Program Coordinator: Melvin Cox

Program Instructors: Richard Campbell, Jr., Michael Nunez, Richard Paulk

Special Comments: Applicants must be approved by the Apprenticeship Training Committee (ATC) for Plumbers and Steamfitters Local 106 or one of its affiliates.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive the technical diploma or certificate.

Student Learning Outcomes: Students who successfully complete the General Apprenticeship: Plumbing Construction diploma program will be able to:
1. Demonstrate positive work habits and use appropriate procedures, tools and equipment, consistent with all applicable standards and OSHA regulations.
2. Make clear and effective presentations to individuals and groups.
3. Use various types of blueprints to perform work-related functions.
4. Apply math skills to analyze and solve work-related problems.
5. Recognize and classify drawings related to the plumbing industry.
6. Apply writing skills to create reports related to technical work documents and other related tasks.
7. Recognize, classify and demonstrate welding techniques related to the plumbing industry.
8. Recognize and discuss portions of the Plumbing Code.
9. Distinguish and apply techniques for sewer cleaning & stoppage repair.
10. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the electrical construction industry.

GENERAL STUDIES

Associate of General Studies

Department: Liberal Studies and Education

Program Description: The Associate of General Studies degree is a flexible program designed to help students reach their educational or occupational goals. The degree provides an opportunity for students to earn an associate degree when their specific needs are not met through other degree options. The degree also allows students to explore a variety of academic fields before selecting a specific educational or career path. The Associate of General Studies degree is designed with three primary components. Graduates must complete the general education core requirements, an area of concentration, and enrichment courses.

Program Coordinator: Dr. Charles Stewart

Program Instructors: Dr. Charles Stewart, Luann Ballou, Todd Carrere, Dr. Mandy Creel, Matthew Dye, Jonathan Frantz, Katrina Freeman, Robert Groth, Kristen S. Ison, Dr. Bill Kalb, Christine Marcantel, Dorothy E. McCormick, Melanie McNease, Dr. James Mendez, Lane Nevils, Rita Pourteau, Susan Shaffer, Pamela K. Smith, Stephanie Smith, Chad Vallee

Special Comments: To be awarded this degree, students must earn a C or better in all courses within the areas of concentration. All courses in the AGS degree program are to be selected in consultation with an advisor.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 or better in all credits used to fulfill degree requirements.

Student Learning Outcomes: Students who successfully complete the General Studies Degree Program will be able to:
1. Demonstrate knowledge of the humanities, science, mathematics, and social and behavioral sciences in order to understand the world and its cultures.
2. Apply the skills of inquiry and analysis, quantitative literacy, problem solving, and critical thinking.
3. Communicate effectively through writing, speaking, reading, and listening.
4. Employ computer skills and information literacy.
5. Work cooperatively with others to evaluate a situation, and institute priorities for solving a problem or accomplishing a task.

Objectives of the Associate of General Studies:
- To provide a flexible degree option for students whose educational needs are not met by existing degree programs.
- To provide coursework that allows students to transfer to a baccalaureate degree program with minimal or no loss of credit.
- To provide students a means of developing marketable skills for their chosen career paths.

Program of Study

Note: Students may not enroll in the AGS degree if they are placed in TSRE Transitional Reading.

Students admitted to the AGS degree, whose academic skills require that they be placed in transitional mathematics and/or English, must complete the appropriate transitional sequence(s) before enrolling in MATH 1100 and ENGL 1010.

Special Degree Requirements:
- Students wishing to earn an Associate of General Studies Degree must:
  - Complete the 27 hours General Education requirement
  - Complete six hours in each of three Enrichment Blocks (15 hours; chosen from two of the three blocks)
  - Complete a Concentration Area* (18 hours)

General Education Core Requirements 27 Credit Hours
English Composition - ENGL 1010, 1020 (6 hours)
Mathematics - MATH 1100 or higher (3 hours)
Humanities (3 hours)
Natural Science (6 hours)
Social/Behavioral Science (6 hours)
Visual Arts (3 hours)

Concentration 18 Credit Hours
Arts & Humanities
Natural Science/Mathematics

(A coherent selection of courses designed to meet the career objectives of the student)

Enrichment Electives 15 Credit Hours
(15 hours, 6 hours from two enrichment blocks other than the area of concentration)
Block 1 – Arts and Humanities (Communications, Literature, History and Religion)
Block 2 – Natural Science/Mathematics (Mathematics, Statistics, Biology, Environmental Science, and Physical Science)
Block 3 – Social/Behavioral Science (Economics, Psychology, Sociology, Government, Geography)

Associate of General Studies (AGS) 60 Credit Hours

GRAPHIC ART

Department: Culinary, Graphic & Design Arts

Program Description: The mission of the Graphic Art program is to provide a teacher-learning environment that will afford students an opportunity to obtain competency skills for employment and advancement in the fields of advertising, photography, printing, video, web development and animation. The Graphic Art program provides a safe and healthy environment for learning, encourages students to become critical thinkers, and attempts to establish relationships with students and employers that promote an upgrading of skills for continued advancement in the field.

Program Coordinator: Tracy Beaugh

Program Instructors: Gray Little, Tracy Beaugh, Erik Jessen, Dee Ellen Myers

Program Accreditation: Association of Technology, Management, and Applied Engineering (ATMAE)

Special Comments: All Graphic Art courses must be completed with a grade of C or higher.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive an associate degree, certificate or diploma.

Student Learning Outcomes: Students who successfully complete the Graphic Art Associate Degree or Diploma Program will be able to:
1. Use industry standard software to modify photographs and images and create illustrations.
2. Integrate photographs, illustrations, and text to create professional layouts for print and web.
3. Use industry standard software to create Images, edit video tape, and create animations to be incorporated into websites or television productions.
4. Demonstrate a working knowledge of the vocabulary and terminology of the graphic arts industry.
5. Work effectively both individually and as a member of a diverse production team.

INDUSTRIAL ELECTRICIAN

Program Description: The Industrial Electrician program will prepare individuals to install, troubleshoot, and repair wiring, electrical equipment, and other electrical devices used in the industrial environment, such as motors (AC and DC drives), transformers, control systems, industrial instruments, PLC's, and lighting systems. Program specialties emphasize safe and efficient work practices, and basic occupational skills. They are organized into competency-based courses that specify occupational competencies, which the student must successfully complete. Areas of study also include all applicable codes and standards, blueprint reading, and wiring diagram interpretations, which are appropriate to the area.

Program Coordinator: Robert LeBoeuf

Program Instructors: Robert LeBoeuf, Melvin Cox, Ronald Mueller, Mike Stewart, Cornelius Moon, Gregory Gremillion (Morgan Smith Site), Julie Landry, Franklin Moses.

Special Comments: A minimum grade of C is required in all Industrial Electrician major-specific courses. This program is also offered at the Morgan Smith Campus.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive a diploma.

Student Learning Outcomes: Students who successfully complete the Industrial Electrician program will be able to:
1. Interpret voltage, current and resistance characteristics as they relate to circuit operation.
2. Use proper electrical test equipment.
3. Interpret electrical drawings.
4. Troubleshoot conventional and specialized motors and their feedback systems.
5. Select, install and troubleshoot industrial electrical sensors and devices.
6. Install, and troubleshoot a PLC and computer communications network.
7. Understand residential, commercial, and industrial diagrams, as well as motor control, and instrumentation piping diagrams.
8. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the electrical industry.

INDUSTRIAL INSTRUMENTATION TECHNOLOGY

Department: Industrial & Transportation Technology

Program Description: The Industrial Instrumentation program prepares individuals to install, maintain, troubleshoot, and repair various types of measuring and control instruments and peripherals, such as measuring, transmitting, indicating, recording, and controlling devices, final elements, optical instruments and control areas of electronics, motor controls, and different types of measuring systems.

Program Coordinator: Melvin Cox

Program Instructors: Robbie Johnson, Terrell Saucier

Program Accreditation: Association of Technology, Management, and Applied Engineering (ATMAE)

Special Comments: A minimum grade of C is required in all Industrial Instrumentation major-specific courses.

As an ATMAE accredited program, graduates in Industrial Instrumentation must successfully complete a minimum of fifteen hours of technical coursework at SOWELA.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive a degree or diploma.

Student Learning Outcomes: Students who successfully complete the Industrial Instrumentation Technology program will be able to:

1. Read and interpret instrument drawings.
2. Perform basic troubleshooting and calibration skills necessary for entry level instrumentation positions.
3. Interpret voltage, current and resistance characteristics as they relate to circuit operation.
4. Interface sensors with automatic controls.
5. Identify typical pumps, compressors, transmitters, and similar components.
6. Communicate technical issues to peers both in writing and orally.
7. Demonstrate punctuality and responsibility suitable to work place employment.
8. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the industrial instrumentation industry.

### OFFICE SYSTEMS TECHNOLOGY

**Department:** Business & Information Technology

**Program Description:** The mission of the Office Systems Technology program is to provide specialized classroom instruction and practical experience to prepare students for employment or to provide supplemental training for persons previously or currently employed in the business field. This program prepares individuals to perform the duties of special assistants for business executives and top management. It includes instruction in business communications, public relations, scheduling and travel management, conference and meeting recording, report preparation, office equipment and procedures, office supervisory skills, professional standards, and legal requirements. The program emphasizes safe and efficient work practices, basic occupational skills, and employability skills. The content is organized into competency-based courses that specify occupational competencies that the student must successfully complete.

**Program Coordinator:** Debbie Lejeune

**Program Instructors:** Debbie Lejeune, Nora Cooper, PA Guillory, Nettra Soileau, Agnes Pouchie, Carrie Vaussine, Adrienne Abel (Morgan Smith Site).

**Program Accreditation:** Association of Technology, Management, and Applied Engineering (ATMAE)

**Special Comments:** A minimum grade of C is required in all Office Systems Technology major-specific courses. As an ATMAE accredited program, graduates in Office Systems Technology must successfully complete a minimum of fifteen hours of technical coursework at SOWELA.

**Overall Grade Point Average:** Program requirements must be completed with an overall grade point average of 2.0 in order to receive a degree, diploma or certificate.

**Student Learning Outcomes:** Students who successfully complete the Office Systems Technology program will be able to:

1. Apply fundamentals of business style in written and oral communication through letters, resumes, presentations, and interviews.
2. Apply formatting efficiently in various documents using word processing software.
3. Utilize formulas and functions and format documents using electronic spreadsheet software.
4. Demonstrate the role of the administrative assistant in human relations, communications, ethics, and time management.
5. Demonstrate desktop publishing skill in creating specialized documents such as letterheads, business cards, calendars, certificates, and flyers.

PRACTICAL NURSING

Department: Nursing

Program Description: The Practical Nursing program is designed to prepare the student to become a Licensed Practical Nurse. The program consists of both classroom instruction and supervised clinical activities in accredited hospitals, nursing homes, and other health care agencies. Since man is a biological, psychological, and spiritual being who is evolving across the life span, it is essential that nursing needs be met by caring, supportive persons who recognize these many facets and who respect individuality. The program content has been developed utilizing the Administrative Rules for the Louisiana State Board of Practical Nurse Examiners (LSBPNE). The nursing process incorporates the concepts of holistic nursing, hierarchy of needs, stress and adaption, creative problem-solving, and psychosocial development. Students who are unable to complete the Practical Nursing program may be awarded a Certificate in Nursing Assistant if they satisfactorily complete and can demonstrate the competencies of OBRA skills, as determined by the instructor, and complete a minimum of 40 hours of clinical activities. Upon graduation, the student is awarded a technical diploma and is eligible to take the National Council of State Board Licensure Examination (NCLEX) for Practical Nurses. Students should note that some courses have prerequisites, which must be successfully completed before enrolling in upper level courses. All course work must be completed with at least 80% or above for program progression and completion.

Program Coordinator: Paula Hellums, B.S.N., RN

Program Instructors: Leslie Ferrygood, A.D.N., RN; Patrice Fontenot, A.D.N., RN; Jenefer Gentry, M.S.N., RN; Barbara Ewalt, M.S.N., RN; Paula Hellums, B.S.N., RN; Gloria White, A.D.N., RN; Janet Zerangue, B.S.N., RN; Raehel Bilbo, B.S.N., RN; Deanna Pulver, M.S.N., RN; Kim Eaves, B.S.N., RN; Lisa Rogers, A.D.N, RN, Jennifer Grafton, B.S.N., RN.

Program Coordinator Morgan Smith Site: Addie Byrd, B.S.N., RN

Program Instructors Morgan Smith Site: Charon Randel, M.S.N., RN; Addie Byrd, B.S.N., RN.

Clinical Sites: West Cal-Cam Hospital, Calcasieu Oaks, Christus-St. Patrick Hospital, Dubuis Hospital, Lake Charles Memorial Hospital, W. O. Moss Regional Hospital, Grande Cove Nursing Home, Lake Charles Care Center, LSU Family Practice, OCEANS Behavioral Hospital, Resthaven Rehabilitation Center, and Southwest LA Center for Health Services.

Clinical Sites Morgan Smith: Jennings American Legion Hospital, Southwest Louisiana War Veteran’s Home, MMO West End Hospital, Dr. Darrell Elias, Dr. Amanda LeCombe, Jeff Davis Living Center, Clinic of Welch, Jennings Pediatric Center, James Ward Elementary School, Camelot Brookside.

Special Comments: The grading scale utilized in this program is set by the LSBPNE. According to the LSBPNE grading scale, the minimum grade required in all Practical Nursing courses is 80% or the letter grade C. Students who make less than an 80% in a theory course are required to repeat the associated clinical course as well as the theory course even if a passing grade was made in the clinical course. Application for approval is submitted prior to entering the first semester of the program; however, progression in the program is contingent on LSBPNE approval. Students exiting the program with credit in ANUR 1233 will be awarded a TCA in nursing assistant. The
LSBPNE requires that all nursing students complete a FBI background check at least six (6) months prior to graduation.

**Overall Grade Point Average:** Program requirements must be completed with an overall grade point average of 2.0 in order to receive a certificate or diploma.

**Student Learning Outcomes:** Students who successfully complete the Nursing program will be able to:

1. Collaborate with other health care members to facilitate effective client care.
2. Demonstrate an understanding of patient rights, confidentiality, continuity of care, informed consent, ethical practices, legal responsibilities, resource management, and team management.
3. Demonstrate the proper procedure to protect themselves and others from hazardous and infectious materials.
4. Contribute to the health and environmental protection of clients and health care personnel.
5. Demonstrate the proper use of equipment.
6. Demonstrate an understanding of safety plans, disaster plans, security plans, safety devices, error prevention, and reporting requirements.
7. Provide care that incorporates knowledge of expected stages of growth and development, and prevention and/or early detection of health problems.
8. Demonstrate an understanding of the aging process, developmental stages, disease prevention, family planning, health screening programs, human sexuality, self-care, data collection techniques, and postpartum and newborn care.
9. Provide care that assists with the promotion and support of the emotional, mental, and social well being of clients.
10. Demonstrate an understanding of behavioral interventions, behavioral management, coping mechanisms, crisis interventions, grief and loss, mental health and illnesses, substance abuse, abuse and neglect, violence precautions, therapeutic communication, and cultural/spiritual influences on health.
11. Provide comfort and assistance to clients in their activities of daily living.
12. Demonstrate an understanding of assistive devices, mobility issues, non-pharmacological interventions, nutrition, oral hydration, elimination, personal hygiene, and comfort care.
13. Properly administer medications and monitor clients receiving parenteral therapies.
14. Demonstrate an understanding of medication administration, expected versus adverse effects, pharmacological actions and agents, and side effects.
15. Provide care that reduces the potential for clients to develop complications or health problems related to treatments, procedures, or existing conditions.
16. Demonstrate an understanding of human anatomy, human physiology, diagnostic tests, laboratory values, potential for alteration in the body systems, potential for complications of diagnostic tests/treatments/procedures/surgery, therapeutic procedures, and vital signs.
17. Provide care for clients with acute, chronic, or life-threatening physical health conditions.
18. Demonstrate an understanding of alterations of body systems, basic pathophysiology, fluid and electrolyte imbalances, medical emergencies, radiation therapy, and unexpected responses to therapies.

**Practical Nursing Admission Requirements:** To be considered for the Practical Nursing Program, an applicant must:

- Submit a completed application.
- Submit official copies of ACT or COMPASS scores and official copies of transcripts of all college work to the Admissions Office.
- Satisfactorily complete one of two categories for admission before qualifying to submit an application. Admission categories are as follows:
  a. ACT scores: Reading 19, English 18, and Math 19, or
  b. COMPASS scores: Reading 82, Writing 68, and Algebra 40.
- Be 18 years of age or older.
- Provide an official high school transcript or documentation of a GED equivalent.
- Provide a certified copy of his/her birth certificate.
- Provide proof of immunizations.
- Be physically and emotionally able to meet the requirements of the program as determined by a qualified physician and drug-free upon random testing.

### PROCESS TECHNOLOGY

**Department:** Process Technology

**Program Description:** The purpose of the Process Technology program is to provide classroom instruction and practical laboratory experience to prepare students for employment in a variety of jobs in the field of process technology or to provide supplementary training for persons previously or currently in related process operations. The program prepares individuals to monitor, operate, and maintain equipment used in the processing of raw material into marketable chemical/petrochemical refinery products. The program includes instruction in, but is not limited to, the following: materials handling, extraction, distillation, evaporation, drying, absorption, heat transfer, cracking, and reaction processes. The program also addresses industrial safety, health and environmental concerns in the field of process technology and general plant operations. The program emphasizes safe and efficient work practices, basic occupational skills, and employability skills.

**Program Coordinator:** Linton Lecompte

**Program Instructors:** Linton Lecompte, Ronald Boullion, Ernest Duhon, Cheryl Trahan, Richard Ardoin, Richard Koonce, Alvin Edwards, W. D. Fults, Doris Landry, Kathryn Spooner, Harold Winfrey

**Program Accreditation:** Association of Technology, Management, and Applied Engineering (ATMAE)

**Special Comments:** A minimum grade of C is required in all Process Technology major-specific courses.

As an ATMAE accredited program, graduates in Process Technology must successfully complete a minimum of twelve hours of technical coursework at SOWELA.

**Overall Grade Point Average:** Program requirements must be completed with an overall grade point average of 2.0 in order to receive an associate degree, technical diploma, or certificate.

**Student Learning Outcomes:** Students who successfully complete the Process Technology program will be able to:

1. Create a piping and instrument diagram of an operating refinery/petrochemical process.
2. Run one or more PTEC Pilot Plants: Plant B-Liquid/Liquid Extraction, Plant C-Sucrose Conversion to Fructose-Glucose, and or Plant F-Waste Treatment.
3. Operate one or more of the PTEC Pilot Plants while simulating real world activity as in the commercial units using inside/outside operator concepts, communicating via radios comparing inside/outside data.
4. Work effectively in chemical, petrochemical, oil and gas production, energy, pulp and paper, and pharmaceutical industries.
5. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the process technology industry.

**WELDING**

**Program Description:** The purpose of the Welding program is to prepare individuals for employment in the field of welding. Instruction is provided in various processes and techniques of welding including oxy-fuel cutting, carbon arc cutting, shielded metal arc welding, gas tungsten arc welding, flux-cored arc welding, gas metal arc welding, pipe welding, plasma arc cutting, blueprint reading, weld symbols, and joints. After completion of this program, the student will have covered the skills designated by the American Welding Society (AWS) and will be prepared to take the AWS Entry Level Welder Test.

**Program Coordinator:** Jimmy Hall

**Program Instructors:** Jimmy Hall, Jonathan Darbonne, Wallace Deshotel (Morgan Smith Site).

**Special Comments:** A minimum grade of C is required in all Welding major-specific courses. This program is also offered at the Morgan Smith Site.

**Overall Grade Point Average:** Program requirements must be completed with an overall grade point average of 2.0 in order to receive a diploma or certificate.

**Student Learning Outcomes:** Students who successfully complete the Welding program will be able to:
1. Demonstrate fundamental proficiencies in the use of hand tools, portable, and power equipment.
2. Analyze drawings and specifications related to welding problems and jobs.
5. Perform a gas tungsten arc welding 6G pipe weld using ER70s-6 filler metal.
6. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the welding industry.

WORKFORCE DEVELOPMENT UNIT

The Workforce Development Unit (WDU) at SOWELA focuses on providing educational and training opportunities beyond the scope of credit preparatory programs that award a degree, diploma, or certificate. This is in keeping with SOWELA’s mission statement and that of the WDU.

The mission of the Workforce Development Unit is to develop, design, support, and provide education and training programs and services that meet the specific needs of the employers, employees, and citizens in the communities we serve.

The WDU specializes in providing educational and training programs that are specifically designed for a narrow focus of learning. This can be for credit, non-credit, or continuing education units (CEUs), and can be as short as a one hour course to an apprenticeship training program of several hundred hours.

Sample WDU Courses:

- Aviation Apprenticeships
- Command Spanish®
- Entrepreneurship Training
- Equipment Care and Monitoring for Process Equipment
- Fast Track Welding
- High-Voltage Electrical Safety
- Human Resource Training
- I-CAR Training
- Microsoft Word Beginner, Intermediate, and Advanced
- Microsoft Excel Beginner, Intermediate, and Advanced
- Microsoft Access Beginner, Intermediate, and Advanced
- NICET Levels 1, 2, 3, & 4 training for Industrial Instrumentation
- Personal Trainer
- Pharmacy Technician Training
- Pre-License Insurance professional Training
- Programmable Logic Controller Operation
- Serve Save Essentials
- Spanish for the Workforce
- Total Distributive Control Operations
- and many more.

The focus of the WDU is to provide just-in-time training, attentive to the needs of individuals or employers, at affordable rates and convenient times of delivery. In most cases, a class can be developed and ready to deliver on campus, at the employer’s site, or at a neutral location in ten working days. This response time coupled with very affordable rates make the SOWELA Technical Community College Workforce Development Unit the best choice for individuals and employers looking for specialized and customized training.

For more information please contact:

William Mayo
Director of Workforce Development
(337) 491-2684 or william.mayo@SOWELA.edu
CONTINUING EDUCATION
Additionally, SOWELA provides continuing education opportunities for professional and personal growth. These courses are conducted for groups of individuals on an as-needed basis. This can range from a course to teach healthcare workers how to perform a successful venipuncture to work as a phlebotomist to a course in regional cuisine preparation for couples wanting to learn new culinary skills for entertaining their families and friends.

For more information please contact:
William Mayo
Director of Workforce Development
(337) 491-2684 or william.mayo@SOWELA.edu

GRANT FUNDED TRAINING
SOWELA serves as primary training provider for employers applying for the Incumbent Worker Training Program. This program is a funding stream that pays for upgrade training of current employees to meet the needs of a changing workforce. SOWELA has experience with obtaining Workforce Investment Act (WIA) funds, National Emergency Grant (NEG) funds, and Community Development Block Grant (CDBG) funds.

For more information please contact:
Alfred Caesar
Training Coordinator
(337) 491-2266 or alfred.caesar@SOWELA.edu

STRATEGIES TO EMPOWER PEOPLE (STEP)
The SOWELA WFD is pleased to coordinate the STEP program. This program assists clients of the Department of Child and Family Services with educational and training services that leads to employment and career with upward opportunities. This enables these students to overcome dependence on public assistance and become independent through self-reliance.

For more information please contact:
Johnny Thomas
STEP Coordinator
(337) 491-2742 or johnny.thomas@SOWELA.edu
Ben Hardy
STEP Coordinator/Morgan Smith Site
(337) 824-4811
ben.hardy@SOWELA.edu
ACCT 1110. Fundamentals of Accounting  
Lecture 3, Lab 0, Credit 3  
Accounting cycle, journalizing, posting, adjusting, and preparation of financial statements. Focuses on sole proprietorship and merchandising.

ACCT 1150. Federal Income Tax  
Lecture 3, Lab 0, Credit 3  
Principles and practices relating to income tax returns for individuals. Special attention is given to tax planning, withholding allowances, and itemized deductions. Prerequisite: ACCT 1110 or Special Approval.

ACCT 1210. Computerized Accounting I  
Lecture 3, Lab 0, Credit 3  
Basic accounting principles utilizing the application of a current computerized accounting package which includes setting up the accounting system, recording routine transactions, preparing financial statements, and completing the year-end operations. Prerequisite: ACCT 1110 or Special Approval.

ACCT 1250. Payroll Accounting  
Lecture 3, Lab 0, Credit 3  
Accounting principles and procedures relating to payroll accounting, including the required payroll and personnel records and reports; computation and payment of wages and salaries, social security taxes, income tax withholding; unemployment compensation taxes; and analysis and recording of payroll transactions. Prerequisite: ACCT 1110 or Special Approval.

ACCT 1510. Computerized Accounting II  
Lecture 3, Lab 0, Credit 3  
Intermediate accounting principles utilizing the application of a current computerized accounting package which includes setting up the accounting system, recording routine transactions, preparing financial statements, and completing the year-end operations. Prerequisite: ACCT 1110 or Special Approval.

ACCT 2010. Accounting I  
Lecture 3, Lab 0, Credit 3  
Principles, techniques, and tools of accounting. Includes the principles of collecting, summarizing, and reporting financial information for sole proprietorships. Prerequisite: ACCT 1110.

ACCT 2020. Accounting II  
Lecture 3, Lab 0, Credit 3  
Introduces balance sheet valuations, partnerships, corporations, stockholder equity, the statement of cash flows, and financial statement analysis. Prerequisite: ACCT 2010.

ACCT 2996. Special Projects  
Lecture 3, Lab 0, Credit 3  
A course designed for the student who has demonstrated specific special needs. Prerequisite: Special Approval.

ACNA 1110. Introduction to Health Care  
Lecture 2, Lab 0, Credit 2  
The student learns to establish a safe and supportive environment for the patient/resident/client through ethical and legal responsibilities, effective communication, observational skills, safety issues (including fire safety), infection control, CPR, and personal hygiene and grooming practices.

ACNA 1120. Basic Body Structure and Function  
Lecture 2, Lab 0, Credit 2  
This course covers identification of the organs, systems, basic functions of the human body and disorders as it relates to each system with medical terminology integrated with each.

ACNA 1160. Professionalism for Health Care Providers  
Lecture 1, Lab 0, Credit 1  
This course assists the student in identifying and performing skills necessary to secure employment in the health care industry and make immediate and future decisions regarding job choices and educational growth.
AMTA 2000. Aircraft Fuel Systems
Lecture 1, Lab 1, Credit 2
A course of study detailing the assembly of primary and secondary flight controls and the subsequent rigging of these controls. Both fixed and rotary wing aircraft are addressed. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2070. Hydraulics and Pneumatics
Lecture 1, Lab 1, Credit 2
A study of the aircraft’s hydraulic and pneumatic systems and the associated components. Prerequisites: All AMTG courses.

AMTA 2080. Landing Gear and Position/Warning System
Lecture 1, Lab 1, Credit 2
A study of both large and small aircraft landing gear systems and their associated components. The course also includes the position indicating and warning system for retractable landing gear, as well as stall warning and other P&W systems. Prerequisites: All AMTG courses.

AMTA 2090. Aircraft Electrical Systems
Lecture 2, Lab 2, Credit 4
A course involving the installation, checking, servicing, and repairing of electrical wiring, controls, switches, indicators, components, and circuit protective devices. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2050. Welding
Lecture 5, Lab 5, Credit 1
An introductory course to the science and methodology of welding, brazing, and soldering of materials used in the construction of aircraft. Prerequisites: All AMTG courses.

AMTA 2060. Assembly and Rigging
Lecture 1, Lab 1, Credit 2
A course of study detailing the assembly of primary and secondary flight controls and the subsequent rigging of these controls. Both fixed and rotary wing aircraft are addressed. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2120. Cabin Atmosphere
Lecture .5, Lab .5, Credit 1
A course involving the principles of operation, servicing, inspecting, removing, installing, checking, troubleshooting, and repairing heating, cooling, air conditioning, pressurization, and oxygen systems. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2130. Ice and Rain
Lecture .5, Lab .5, Credit 1
A study of airplane systems to control the formation and removal of structural ice and rain. Prerequisites: All AMTG courses.

AMTA 2140. Airframe Inspection
Lecture .5, Lab .5, Credit 1
A course of study which allows the student to utilize previous studies in performing airframe conformity and airworthiness inspections. Prerequisites: All AMTG courses.

AMTA 2150. Aircraft Math and Physics
Lecture 1, Lab 1, Credit 2
A basic course involving the fundamentals of mathematics, physics, and aerodynamics and their relationship to aircraft maintenance.

AMTA 2160. Aircraft Drawings
Lecture .5, Lab .5, Credit 1
A basic course covering the fundamentals of aircraft drawings, sketches, blueprints, graphs, and charts.

AMTA 2170. Ground Operation and Servicing
Lecture 5, Lab 5, Credit 1
A course of study which prepares the student for basic flight line duties such as fueling, directing, securing, taxing, and providing fire suppression for airplanes and helicopters.

AMTG 1040. Materials and Processes
Lecture 1, Lab 1, Credit 2
A study in the use of precision measuring tools, the identification of aircraft hardware and materials, nondestructive testing methods, inspection of welded structures, and basic heat treating processes.

AMTG 1050. Fluid Lines and Fittings
Lecture 5, Lab 5, Credit 1
A course covering the fabrications, installation, and inspection of flexible and rigid fluid lines.

AMTG 1060. Cleaning and Corrosion Control
Lecture 5, Lab 5, Credit 1
A course covering the selection of cleaning materials and cleaning of aircraft and the inspection, identification, removal, and treatment of aircraft corrosion.

AMTG 1070. Weight and Balance
Lecture 1, Lab 1, Credit 2
A course of study that includes solving weight and balance problems, computing forward and aft-loaded center of gravity limits, equipment changes, loading schedules, helicopter weight and balance and examining weight and balance records.

AMTG 1080. Documents and Regulations
Lecture 1, Lab 1, Credit 2
The study and application of FAA and manufacturers maintenance publications, mechanic privileges and limitations, and maintenance forms and records.

AMTG 1090. Basic Electricity
Lecture 2, Lab 1, Credit 3
A basic course covering the relationship, measurement, and the calculation of voltage, current resistance, continuity and power in DC circuits, as well as the calculation of power, ca-
A study of the operation and inspection of smoke and carbon monoxide detection systems, engine fire detection, and extinguishing systems.

**AMTP 2210. Reciprocating Engines**

- Prerequisites: All AMTG courses.

  Lecture 2, Lab 3, Credit 5

  A study of the overhaul, repair, inspection, and troubleshooting of both opposed and radial reciprocating engines. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

**AMTP 2220. Turbine Engines and APU**

- Prerequisites: All AMTG courses.

  Lecture 2, Lab 1, Credit 3

  A study of the theory, design, construction, installation, repair, and operation of the turbine engines and turbine powered APU. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

**AMTP 2230. Induction and Engine Airflow Systems**

- Prerequisites: All AMTG courses.

  Lecture .5, Lab .5, Credit 1

  A course of study involving both turbine and reciprocating engine induction and airflow systems. Topics include ice/air protection, heat exchangers, turbo chargers, filters, and intake manifolds.

**AMTP 2240. Exhaust (Reverser) and Cooling Systems**

- Prerequisites: All AMTG courses.

  Lecture .5, Lab .5, Credit 1

  A course of study, in which both reciprocating and turbine exhaust and cooling systems are inspected, serviced, checked, and repaired. Prerequisites: All AMTG courses.

**AMTP 2250. Lubrication Systems**

- Prerequisites: All AMTG courses.

  Lecture .5, Lab .5, Credit 1

  A study of the lubrication systems of both turbine and reciprocating engines. Topics include identification and selection of lubricants, and the repair, inspection, and troubleshooting of the system. Prerequisites: All AMTG courses.

**AMTP 2260. Engine Electrical Systems**

- Prerequisites: All AMTG courses.

  Lecture .5, Lab .5, Credit 1

  A course of study involving the installation, checking, servicing, and repairing of electrical components, wiring, controls, switches, indicators, and protective devices found on engine electrical systems. Prerequisites: All AMTG courses.

**AMTP 2270. Engine Instruments**

- Prerequisites: All AMTG courses.

  Lecture .5, Lab .5, Credit 1

  A study of the instrumentation used in monitoring both reciprocating and turbine engine performance. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

**AMTP 2280. Ignition and Starting Systems**

- Prerequisites: All AMTG courses.

  Lecture 1, Lab 1, Credit 2

  A course of study in the repair, servicing, and troubleshooting of both reciprocating and turbine engine ignition and starting systems. Topics include magneto, ignition leads, spark plugs, igniters, and electrical/pneumatic starters. Prerequisites: All AMTG courses.

**AMTP 2290. Fuel Metering Systems**

- Prerequisites: All AMTG courses.

  Lecture 2, Lab 1, Credit 3

  A study of the fuel metering systems of both reciprocating and turbine engines. Topics include the inspection, repairing, servicing, and troubleshooting of these systems. Prerequisites: All AMTG courses.

**AMTP 2300. Propellers and Rotors**

- Prerequisites: All AMTG courses.

  Lecture 2, Lab 1, Credit 3

  A study of propellers, helicopter rotors, and their related systems, including maintenance, inspections, modifications, and overhaul techniques and practices. Prerequisites: All AMTG courses.

**AMTP 2310. Engine Inspection**

- Prerequisites: All AMTG courses.

  Lecture .5, Lab .5, Credit 1

  A course of study that allows the student to use previous studies to perform engine conformity and airworthiness inspections. Prerequisites: All AMTG courses.

**ANUR 1040. PN Anatomy & Physiology**

- Prerequisites: All AMTG courses.

  Lecture 5, Lab 0, Credit 5

  This course presents a study of the structure and function of the human body systems to include cells, tissues, membranes, skeletal, muscular, circulatory, lymphatic, digestive, respiratory, urinary, reproductive, endocrine, nervous, sensory, and integumentary systems. Medical terms and commonly used medical/nursing abbreviations related to each body system are addressed in detail in this course. Prerequisites: Admission to the nursing program; eligibility to enroll in college level courses. Corequisites: ANUR 1060, ANUR 1240, ANUR 1350

**ANUR 1060. Basic Nutrition & Diet Therapy**

- Prerequisites: All AMTG courses.

  Lecture 2, Lab 0, Credit 2

  Normal nutrition and the modification of the principles of normal nutrition for therapeutic purposes are studied. This course includes the role of the essential nutrients of proteins, carbohydrates, fats, vitamins, minerals, and water in the maintenance of good health and wellness for all ages. Diet therapy will be incorporated in the application of basic nutritional principles and therapeutic diets used in the management of disease conditions for all age groups. Prerequisites: Admission to the nursing program; eligibility to enroll in college level courses. Corequisites: ANUR 1040, ANUR 1240, ANUR 1350

**ANUR 1233. Nursing Fundamentals I**

- Prerequisites: All AMTG courses.

  Lecture 3, Lab 2, Credit 5

  This course provides an introductory survey of the major issues in adult development and aging changes, cognitive changes, and disease factors; along with the physiological, psychosocial, sociocultural, and spiritual needs of clients in various health care environments. The student is introduced to the basic concepts of the adult population including measurements of physiological statistics and documentation of these findings, basic nutritional intake/output, proper use of body mechanics, bed-making, and infection control. Omnibus Budget Reconciliation Act (OBRA) guidelines are presented as application of the nursing process in the management of clients with health alterations. Supervised lab experiences focus on providing basic nursing skills are emphasized in identifying internal and external stressors and adaptive responses that adult clients experience in the maintenance or promotion of health. Health care environments utilized include long term care facilities, skilled nursing facilities, and acute care settings. This course includes a 30-hour skills lab experience and a 64-hour clinical component. Prerequisites: Admission to the nursing program; eligibility to enroll in college level courses.

Note: Students who wish to articulate to the Practical Nursing Program must meet LSPBNE admission requirements. Students must pass both the theory and clinical components of this course with at least an 80% in each component to successfully complete the course and articulate to the Practical Nursing Program. If students do not wish to articulate to the Practical Nursing Program, they must meet the admission requirements for the Certified Nurse Assistant program and complete both the theory and clinical components of this course with at least a 70% in each component.
ANUR 1240. Nursing Fundamentals II
Lecture 2, Lab 1, Credit 3
This course provides further detail of the major issues in adult development and aging including biological influences, aging changes, cognitive changes, and disease factors, along with the physiological, psychosocial, socio-cultural, and spiritual needs of clients in various health care environments. The student is introduced to additional concepts of the adult population including more detailed areas of physical assessment, urinary catheterization, monitoring of blood glucose levels, wound care with dressing changes, application of hot and cold treatments, and documentation of these findings. Principles of admitting, transferring, reporting, and discharging procedures of clients are discussed. The application of the nursing process and the development of critical thinking skills of the novice nurse practices will be incorporated. Supervised lab experiences that focus on providing more advanced nursing skills are emphasized in identifying internal and external stressors and adaptive responses that adult clients experience in the maintenance or promotion of health. Students must be co-enrolled or have taken ANUR 1233 prior to enrolling in ANUR 1240. Prerequisites: ANUR 1233. Corequisites: ANUR 1040, ANUR 1060, ANUR 1230.

ANUR 1350. Introduction to Health Care
Lecture 4, Lab 0, Credit 4
This course includes the discussion of the concepts of health, health maintenance, and human development throughout the life cycle. The effects of stress and related defense or coping mechanisms are introduced along with the use of therapeutic communication. The course identifies trends in health care and local, state, and national health resources available for the maintenance of health. Students learn about the role of the practical nurse and the history of practical nursing education, necessary vocational adjustments, and the Louisiana State Board of Practical Nurse Examiners. Legal, ethical and cultural issues relevant to client care are addressed. In order to be successful in this course it is necessary that the student possess basic computer skills. Prerequisites: Admission to the nursing program; eligibility to enroll in college level courses. Corequisites: ANUR 1040, ANUR 1060, ANUR 1240.

ANUR 1450. Basic Pharmacology
Lecture 2, Lab 1, Credit 3
This course provides information on pharmacology that is essential for accurately calculating dosages and understanding drug orders and labels. Students learn to recognize common abbreviations and to select correct dosages for medication administration. Critical thinking skills are applied to medication situations, emphasizing the importance of accuracy and the prevention of medication errors. Students will learn procedures for oral, intramuscular, enteral, parental, topical, and instillation administration routes/methods. Safety precautions, guidelines, and documentation will also be emphasized. Prerequisites: ANUR 1040, ANUR 1060, ANUR 1233. Corequisites: ANUR 1040, ANUR 1060, ANUR 1350.

ANUR 2101. Medical/Surgical Nursing Concepts I
Lecture 5, Lab 0, Credit 5
Nursing theory related to the care of the preoperative client and the adult medical/surgical client experiencing alterations in respiratory, cardiovascular, lymphatic functions are presented. Principles of fluid and electrolytes balance are discussed. Diet therapy and pharmacological agents used both in the nursing care of these health alterations and to maintain health is included in the discussions. Nursing implications for discharge planning and client education for the promotion of health are stressed. Prerequisites: ANUR 1040, ANUR 1060, ANUR 1233, ANUR 1240, ANUR 1350. Corequisites: ANUR 1450, ANUR 2112.

ANUR 2112. Medical/Surgical Nursing Clinical Applications I
Lecture 0, Lab 3, Credit 3
This course builds upon the nursing care theory and skills discussed in Nursing Fundamentals I, Nursing Fundamentals II, and Medical/Surgical Nursing Concepts I. Using the nursing process, students perform basic and increasingly advanced clinical nursing skills in appropriate health facilities under the supervision of the instructor. The student begins to use the nursing process to plan and implement safe nursing care. Prerequisites: ANUR 1040, ANUR 1060, ANUR 1233, ANUR 1240, ANUR 1350. Corequisites: ANUR 1450, ANUR 2110.

ANUR 2210. Medical/Surgical Nursing Concepts II
Lecture 5, Lab 0, Credit 5
This course builds upon knowledge gained from Medical/Surgical Concepts I. Nursing care of the medical/surgical adult client with neoplasia and skin disorders, and alterations in musculoskeletal, gastrointestinal and the endocrine system are discussed. The appropriate pharmacologic agents and diet therapy necessary for health restoration are discussed. Prerequisites: ANUR 1450, ANUR 2110, ANUR 2112. Corequisites: ANUR 2122, ANUR 2230.

ANUR 2223. Mental Health Nursing Concepts
Lecture 2, Lab 5, Credit 2.5
The student utilizes the nursing process to provide care to client experiencing psychopathological, emotional, and behavioral alterations. Appropriate pharmacological agents, their actions, uses, and side effects are discussed. Client education and diet modifications related to the use of these medications are stressed. Health promotion activities necessary to promote and maintain optimal mental health are explored. Using the nursing process, students demonstrate appropriate communication techniques and have the opportunity to participate as a member of a multidisciplinary health care team in the care of a selected client in the mental health setting. This course includes a 32-hour clinical component. Prerequisites: ANUR 1040, ANUR 1060, ANUR 1233, ANUR 1240, ANUR 1350. Note: Students must pass both the theory and clinical components of this course with an 80% in each component to successfully complete the course and advance in the Practical Nursing Program.

ANUR 2230. IV Therapy Concepts
Lecture 1, Lab 0, credit 1
Students are exposed to the role of the practical nurse in the initiation and maintenance of intravenous therapy infusions. The legal ramifications of this responsibility are stressed. Students focus on the anatomy and physiology specific to intravenous infusions and are taught the correct procedures for IV therapy in order to maintain client safety. Students demonstrate nursing skills necessary to perform venipuncture. Supervised lab performance is a part of this course. Prerequisites: ANUR 1040, ANUR 1450, ANUR 2110,
ANUR 2312. Medical/Surgical Nursing Clinical Applications III
Lecture 0, Lab 3, Credit 3
Building on Medical/Surgical Nursing Clinical Applications II, the student utilizes the nursing process to provide safe, effective nursing care to adult medical/surgical client. Clinical opportunities include a Senior Management Rotation in a long-term care facility to enhance the leadership and management skills of the student and allow for further development of critical-thinking and problem-solving techniques. Prerequisites: ANUR 1450, ANUR 2210, ANUR 2212. Corequisites: ANUR 2310, ANUR 2340, ANUR 2353.
ANUR 2323. Pediatric Nursing
Lecture 2, Lab .5, Credit 2.5
In this course, students study adaptive behaviors utilized within the family unit to maintain and promote health. Students have the opportunity to demonstrate nursing skills specifically employed with pediatric clients. They learn to adapt the nursing process to reflect appropriate developmental stages and how to modify nursing actions for the pediatric client. This course also presents essential information related to growth and development from infancy through adolescence and those diseases common to the particular age groups. Health alterations commonly occurring during this period of the life span are explored. Students focus on age appropriate nursing care for the restoration of health and the promotion of wellness. This course includes a 32-hour clinical component. Prerequisites: ANUR 1450. Note: Students must pass both the theory and clinical components of this course with an 80% in each component to successfully complete the course and advance in the Practical Nursing Program. (For Semesters 2 and 3)
ANUR 2310. Medical/Surgical Nursing Concepts III
Lecture 5, Lab 0, Credit 5
This course builds on knowledge gained in Medical/Surgical Nursing Concepts II and Medical/Surgical Nursing Clinical Applications II. The nursing care of clients experiencing complex health alterations in the urinary, reproductive, family, fetal development, and gestation are presented. Nursing care of the client and her family during the antepartal, intrapartal, and postpartal periods is studied. Complications of pregnancy and their treatment and nursing care are discussed. This course includes a 32-hour clinical component. Prerequisites: ANUR 1040, ANUR 1060, ANUR 1233, ANUR 2210, ANUR 2200, ANUR 1350. Note: Students must pass both the theory and clinical components of this course with an 80% in each component to successfully complete the course and advance in the Practical Nursing Program. (For Semesters 2 and 3)
ANUR 2340. Advanced Pharmacology
Lecture 2, Lab 0, Credit 2
Drug classifications and their effect on the various body systems are presented. Specific drugs in each classification are emphasized according to therapeutic effects, side effects, and adverse effects. Routes of drug administration and variables that influence drug actions are covered to include dangerous drug interactions and nursing implications related to each drug. Safety precautions which will aid in decreasing the incidence of errors in medication are stressed. Advanced medication calculations will be required to demonstrate knowledge of safe dosing parameters. The nursing process is utilized to assess the learning needs of the client and the effects of all pharmacological interventions. Prerequisites: ANUR 1450, ANUR 2110, ANUR 2212, ANUR 2210, ANUR 2212. Corequisites: ANUR 2310, ANUR 2312, ANUR 2323, ANUR 2353.
ANUR 2353. PN Professionalism
Lecture 2, Lab 5, Credit 2.5
This course assists the student in preparing for the NCLEX-PN licensure examination. The students are assisted in making decisions concerning job choices and educational growth by compiling resumes, evaluating job offers, and outlining information essential to finding, applying for, and terminating a job in the health care industry. The role and function of professional nursing organizations are discussed while relating the importance of continuing education in preparation for expanded job roles. The laws related to the Practice of Practical Nursing (Nurse Practice Act) and the Administrative Rules and Minimum Requirements Relating to Practical Nursing Education and Licensure to Practice in the state of Louisiana are reviewed and discussed. This course is a study of the nature and meaning of the visual arts including painting, drawing, sculpture, printmaking, photography, and architecture.
AUTO 1102. Engine Repair
Lecture 2, Lab 3, Credit 5
This course will introduce students to the field of automotive service technology. Students will learn of the career opportunities available in the automotive field as well as safety factors relating to the automotive service industry. Students will be introduced to responsibilities performed and the tools used in the automotive service industry. Topics include the following: careers, chemicals used in automotive service, tools and equipment used, certification requirements, and OSHA and EPA regulations.
AUTO 1202. Automatic Transmission and Transaxle
Lecture 1, Lab 4, Credit 5
This course will cover theory, design, and operation of automatic transmissions and transaxles. Topics include the following: transmission design and components, electric transmission controls, and automatic transmission diagnosis and service. Prerequisite: AUTO 1002.

AUTO 1602. Electrical/Electronic I
Lecture 2, Lab 3, Credit 5
This course will teach the fundamentals of the electrical/electronic automotive systems. Topics include the following: Ohms Law; electrical circuit design; principles of electricity; testing and service of automotive batteries; analysis and service of the automotive charging system, automotive lighting, and air conditioning; and using electrical troubleshooting manuals. Prerequisites: AUTO 1002.

AUTO 1612. Electrical/Electronic II
Lecture 2, Lab 3, Credit 5
This is the advanced-level electrical/electronic course. Topics include the following: principles of electronics; electronic circuit design; analysis and service of automotive gauges and warning devices; analysis and service of automotive computer system; analysis and service of active restraint systems; and the function, analysis, and service of the automotive computer system. Prerequisite: AUTO 1602.

AUTO 1702. Heating and Air Conditioning
Lecture 1, Lab 3, Credit 4
This course will cover the theory and design of automotive climate control systems. The following topics will be included in this course: principles of refrigeration, air conditioning design, components, and controls, diagnosis, and service of air conditioning systems; and automotive heating system components, diagnosis, and service. Prerequisite: AUTO 1002.

AUTO 1802. Engine Performance I
Lecture 2, Lab 3, Credit 5
Students will learn the fundamentals of the ignition system. Topics will include the following: engine and performance testing; ignition system theory, analysis, and service and design; ignition-related computerized engine controls; and drivability problems related to the ignition system. Prerequisite: AUTO 1002.

AUTO 1812. Engine Performance II
Lecture 2, Lab 3, Credit 5
This course is designed to teach the concepts of automotive fuel systems. Topics include the following: fuels and fuel specifications; fuel supply systems; carburetor analysis and service; types of electronic fuel injection; components, testing, and service of electronic fuel injection; exhaust system analysis and service; and drivability problems related to fuel systems. Prerequisite: AUTO 1002.

AUTO 1822. Engine Performance III
Lecture 2, Lab 2, Credit 4
This course will cover the design, function, and operation of the emissions systems as well as EPA guidelines. Topics include the following: relationship of automobile and air pollution; drivability problems related to emission systems; components of vehicle emission system; analysis and service of emission system operation, government mandated emission testing, use of exhaust gas analysis to test emission, and OBDII and OBDII systems. Prerequisite: AUTO 1002.

BIOL 1010. General Biology I
Lecture 3, Lab 0, Credit 3
A study of the structure and function of the following systems: skeletal, muscular, nervous, circulatory, and lymphatic. Prerequisites: BIOL 1020 and BIOL 1020L.

BIOL 1020. General Biology I Laboratory
Lecture 0, Lab 1, Credit 1
Biological investigations designed to demonstrate and complement the lessons of General Biology I. Prerequisite or corequisites: BIOL 1010.

BUSI 1010. Banking Principles
Lecture 3, Lab 0, Credit 3
This course gives an orientation to the essential principles, concepts, and operations of banking and helps develop an understanding of the function of banking and its role in the United States economy.

BUSI 1012. Banking Customer Service
Lecture 3, Lab 0, Credit 3
This course is designed to promote professional behavior in the workplace. It provides training in methods for achieving the appropriate level of client satisfaction. Prerequisites: BUSI 1010.
BUSI 1030. Introduction to Business  
Lecture 3, Lab 0, Credit 3  
This course provides a fundamental working knowledge of the functions of business and the contributions to society. This course also covers communication technology, globalization, and business ethics.  

BUSI 1040. Business Planning  
Lecture 3, Lab 0, Credit 3  
This course teaches strategies in how to plan a business. It focuses on business tools and concepts for planning a business; however, it is not a small business management course. Also included in this course are Financial Literacy, Understanding Your Credit, Personal Effectiveness, and Time Management. Core Four Business Planning topics include the marketplace and how it works, how to manage cash, how all of the work will be done, and how to stay focused on a clear set of personal and business goals.  

BUSI 1080. Human Resource Management  
Lecture 3, Lab 0, Credit 3  
This course is designed to strengthen the understanding of today’s important human resource issues and equip participants with the skills to overcome current, practical HRM challenges. The course discusses contemporary human resource management cases, applicable focused exercises with critical hands-on experience to aid in problem-solving and decision-making activities necessary in today’s marketplace.  

BUSI 1210. Business Math  
Lecture 3, Lab 0, Credit 3  
A study of various business-related mathematical processes, principles, and techniques used to solve business problems.  

BUSI 2010. Legal Environment of Business  
Lecture 3, Lab 0, Credit 3  
A study of the legal influences on the business environment. Topics include structure of court systems, constitutional, administrative, employment, antitrust, securities regulation, international, environmental, and consumer law, social issues and business ethics, business contracts. Prerequisite: BUSI 1030  

BUSI 2300. Business Communications  
Lecture 3, Lab 0, Credit 3  
This course includes the following: the communication theories and their applications; the role of technology; legality and ethics; the psychological approaches to preparing business letters; analysis and solution of business problems through effective letters and memos. Prerequisite: ENGL 1010  

CADD 1101. Computer Aided Drafting I  
Lecture 1, Lab 3, Credit 4  
This course is an introduction to computer-aided drafting. It introduces the basic concepts and principles of CAD, covering basic CAD commands. Emphasis is on drawing setup; creating and modifying geometry; storing and retrieving predefined shapes; placing, rotating and scaling objects; adding text, using layers; coordinating systems and input and output devices.  

CADD 1201. Computer Aided Drafting II  
Lecture 1, Lab 3, Credit 4  
This course is an application of basic use of commands and components of a CAD workstation. It includes setting up and preparing working drawings. It covers the advanced principles of CAD and making use of advanced commands to develop complex, drawings. It covers the advanced principles of CAD, covering basic CAD commands. Emphasis is on drawing setup; creating and modifying geometry; storing and retrieving predefined shapes; placing, rotating and scaling objects; adding text, using layers; coordinating systems and input and output devices.  

CHEM 1010. General Chemistry  
Lecture 3, Lab 0, Credit 3  
An introductory course including atomic and molecular structure, chemical nomenclature, measurement, and stoichiometry. Prerequisite: “C” or better in College Algebra.  

CHEM 1011. General Chemistry Laboratory  
Lecture 0, Lab 1, Credit 1  
Laboratory investigations designed to demonstrate and complement the lessons of General Chemistry. Prerequisite or corequisites: CHEM 1010  

CHEM 1020. General Chemistry II  
Lecture 3, Lab 0, Credit 3  
An introduction to chemistry including Acid-base reactions, thermochemistry, chemical thermodynamics, kinetics, equilibria (acid-base and solubility), and electrochemistry. The course focuses on developing a molecular viewpoint of chemistry, as well as an understanding of broad chemical principles. Prerequisite: “C” or better in CHEM 1010.  

CHEM 1021. General Chemistry Laboratory  
Lecture 0, Lab 1, Credit 1  
Laboratory investigations designed to demonstrate and complement the lessons of General Chemistry. Prerequisite or corequisites: CHEM 1020  

CLRP 1110. Orientation and Safety  
Lecture 1, Lab 0, Credit 1  
Overview of the collision repair industry and basic safety and health information needed to prepare individuals entering the work force. Prerequisites: CLRP 1110.  

CLRP 1121. Tools and Equipment  
Lecture 0, Lab 3, Credit 3  
Fundamentals of hand and power tools, equipment, and materials used in collision repair industry. Prerequisites: CLRP 1110.  

CLRP 1131. Identification and Analysis  
Lecture 0, Lab 3, Credit 3  
The analysis of body construction. Emphasis is given to diagnosis and repair of collision-related items. Prerequisites: CLRP 1110 or AUTO 1002.  

CLRP 1140. Basic Automotive Electricity  
Lecture 2, Lab 1, Credit 3  
A study of basic electrical properties and their behavior in electrical circuits. The course emphasizes the reading and interpretation of wiring diagrams and schematics. Prerequisites: CLRP 1110.  

CLRP 1150. Mechanical Components  
Lecture 3, Lab 3, Credit 6  
Covers mechanical components such as steering, suspension, brakes, cooling system, climate control, etc. which may be damaged in a collision. Prerequisites: CLRP 1110.  

CLRP 1210. Frame and Body  
Lecture 3, Lab 0, Credit 3  
Instructs in unibody and frame construction. Emphasis is given to proper measuring and straightening techniques, stress and failure analysis, the use of gauging equipment, and alignment of components. Prerequisites: CLRP 1110.  

CLRP 1211. Frame and Body Lab  
Lecture 0, Lab 4, Credit 4  
The application of hydraulic pulling equipment used to force the body structure or frame back to pre-accident dimensions; includes the use of anchoring equipment to hold the vehicle stationary while performing pulling operations. Prerequisites: CLRP 1110, CLRP 1210.  

CLRP 1220. Welding and Cutting  
Lecture 1, Lab 3, Credit 4  
The application of welding equipment and procedures as they pertain to collision repair processes. Emphasis is given to the setup and use of oxyacetylene, Mig, and other welding equipment. Prerequisites: CLRP 1110 or AUTO 1002.  

CLRP 1230. Panel Replacement  
Lecture 1, Lab 5, Credit 6  
Sowela Technical Community College  
Sowela Technical Community College
Theory and application of the identification and repair of corrosion damage; includes methods used in restoring corrosion protection and sealant application. Prerequisites: CLRP 1110.

CRMJ 1110. Introduction to Criminal Justice
Lecture 3, Lab 0, Credit 3
Review of history and philosophical background of the US criminal justice systems; the organization of its agencies and processes including the legislature, police, prosecutor, courts, corrections; including their development of modern practices and their role in today's society.

CRMJ 1120. Introduction to Corrections
Lecture 3, Lab 0, Credit 3
Study of history, philosophy, theories and practices involved in treatment of convicted law violators. Focus is given to roles of correctional system as it relates to other components of the criminal justice system. The two worlds of the prison system are explored - administration and inmate.

CRMJ 1220. Police Systems and Practices
Lecture 3, Lab 0, Credit 3
Study of organization and management of police agencies, focusing on role, scope, functions of these agencies; history and styles of policing are explored; court rulings involving the police are examined.

CRMJ 1320. Criminal Justice Writing
Lecture 3, Lab 0, Credit 3
General procedures in writing police reports and law enforcement related reports, including development and organization of thoughts and ideas; covers grammar skills, proper punctuation, capitalization, and effective communication techniques.

CRMJ 1322. Criminal Investigation
Lecture 2, Lab 1, Credit 3
Study of investigation procedures including theory, legal aspects, evidence collection, preservation, submission, interviews, interrogations, search and protection of crime scene, patrol and observation, note taking, and report writing.

CRMJ 1332. Introduction to Criminal Law
Lecture 3, Lab 0, Credit 3
Study of substantive criminal law including definition of law, crime, defenses, criminal responsibility, punishments, and court systems.

CRMJ 1340. Criminology
Lecture 3, Lab 0, Credit 3
A study of the theories used to explain criminal behavior.

CRMJ 1410. Juvenile Delinquency
Lecture 3, Lab 0, Credit 3
Study juvenile delinquency with emphasis on theories, preventive programs, juvenile courts, and treatment.

CRMJ 1422. Judicial Process
Lecture 3, Lab 0, Credit 3
Examination of role, function, structure of courts and how they relate to criminal justice.

CRMJ 2112. Social Problems for Criminal Justice
Lecture 3, Lab 0, Credit 3
Analysis of major social problems in today's society, focusing on causes and consequences. This course is designed for Criminal Justice majors only. Prerequisites: CRMJ 1110, CRMJ 1120 and CRMJ 1220.

CRMJ 2510. Introduction to Forensics
Lecture 2, Lab 1, Credit 3
Study of investigative techniques and scientific methods used in criminal investigations. Prerequisites: CRMJ 1110, CRMJ 1120 and CRMJ 1220.

CRMJ 2520. Drugs, Crime, and Criminal Justice
Lecture 3, Lab 0, Credit 3
Overview of illegal drugs, drug traffic, gang organizations in the local area; discussion of the care and use of firearms in law enforcement. Prerequisites: CRMJ 1110, CRMJ 1120 and CRMJ 1220.

CRMJ 2552. Criminal Justice Externship
Lecture 0, Lab 3, Credit 3
Provides hands on experience at a criminal justice agency, allowing students to take classroom knowledge into the real working realities of the criminal justice system. Prerequisites: CRMJ 1110, CRMJ 1120 and CRMJ 1220.

CRMJ 2997. Selected Topics in Criminal Justice
Lecture 3, Lab 0, Credit 3
Examines current issues in the criminal justice system; students will analyze, explore, question, and develop possible responses to issues presented. Prerequisites: CRMJ 1110, CRMJ 1120, CRMJ 1220.

CRMJ 2998. Selected Topics in Criminal Justice
Lecture 3, Lab 0, Credit 3
Examines current issues in the criminal justice system with emphasis on topics appropriate for students considering transfer to a baccalaureate degree. Students will analyze, explore, question, and develop possible responses to issues presented. Prerequisites: CRMJ 1110, CRMJ 1120, CRMJ 1220.

CULN 1010. Orientation to the Hospitality/Tourism Industry
Lecture 3, Lab 0, Credit 3
An introduction to the many components of the travel industry with emphasis on automation, types of travelers, safety, international travel, political, and environmental issues facing the industry.

CULN 1110. Food And Beverage Service
Lecture 1, Lab 1, Credit 2
A study of types of service used to enhance dining pleasure, as well as the preparation of beverages.

CULN 1130. Sanitation And Safety
Lecture 2, Lab 1, Credit 3
Safety, personal hygiene, and sanitary work
CULN 1160. Introduction to Culinary Skills (Culinary Math)  
Lecture 2, Lab 3, Credit 5  
Career options, personal traits, tools/equipment, recipe use, menu making, as well as the “mise en place” preparation principle for effective time management are studied.

CULN 1210. Volume Food Production  
Lecture 2, Lab 6, Credit 8  
Preparing hot foods using appropriate preparation, holding, and serving procedures to maintain a quality food product. Prerequisites: CULN 1130 and CULN 1160.

CULN 1220. Nutrition  
Lecture 3, Lab 0, Credit 3  
Discussion of the Food Pyramid, essential nutrients, and the importance of meeting nutritional needs throughout the life cycle when planning menus.

CULN 1230. Garde Manger  
Lecture 1, Lab 2, Credit 3  
Preparing cold appetizers using appropriate preparation, holding, and serving procedures to maintain a quality product. Prerequisites: CULN 1130 and CULN 1160.

CULN 2010. A’La Carte  
Lecture 0, Lab 3, Credit 3  
Includes duties of salad, sandwich, fry, grill, and breakfast station workers. Prerequisites: CULN 1130 and CULN 1160.

CULN 2310. Regional Cuisine  
Lecture 0, Lab 2, Credit 2  
Team preparation of a specified number and variety of regional dishes to be served using advanced skills, instructor prepared criteria, and evaluation processes. Includes a research project. Prerequisites: CULN 1210 and CULN 1230.

CULN 2400. Introduction to Baking and Pastries  
Lecture 2, Lab 3, Credit 5  
Basic principles of preparation and presentation of various types of breads, quick and yeast rised; pies, cakes, and other plated desserts, some advanced decorative work will be discussed. Chemical and physical factors in baking will also be taught. Prerequisites: CULN 1130 and CULN 1160.

CULN 2450. International Cuisine  
Lecture 0, Lab 2, Credit 2  
Team preparation of a specified number and variety of international meals for portfolio, using advanced skills, instructor prepared criteria, and evaluation processes. Includes a research project. Prerequisites: CULN 1210 and CULN 1230.

CULN 2460. Food and Beverage Operation  
Lecture 2, Lab 1, Credit 3  
Maintaining food quality by implementing appropriate procedures for purchasing, receiving and issuing food, food products and cooking supplies. Includes menu management. Prerequisites: CULN 1210 and CULN 1230.

CULN 2991. Special Projects I  
Lecture 2, Lab 0, Credit 2  
A course designed for the student who has demonstrated specific special needs. Prerequisite: Special Approval.

CULN 2992. DMA Medical Nutrition Therapy  
Lecture 2, Lab 2, Credit 4  
Basic and advanced medical nutrition therapy concepts including the process of digestion, nutritional screening, interpretation and completion of nutritional care plans, nutritional needs during the life cycle, nutritional education, menu planning techniques and meal service in institutional facilities.

CULN 2993. Special Projects II  
Lecture 2, Lab 1, Credit 3  
A course designed for the student who has demonstrated specific special needs. Prerequisite: Special Approval.

CULN 2994. DMA Resource Management  
Lecture 2, Lab 1, Credit 3  
Management issues of a dietary manager. Issues include an understanding of state and federal employment laws; written performance standards, policies and procedures, and job descriptions; also interviewing, training and managing a diverse population of employees; managing staff and professional development.

CULN 2995. Special Projects III  
Lecture 2, Lab 2, Credit 4  
A course designed for the student who has demonstrated specific special needs. Prerequisite: Special Approval.

CULN 2996. DMA Food Service Operation  
Lecture 2, Lab 2, Credit 4  
Examine the size and scope of the food service industry. Determining customer preferences; evaluate meal service systems; preparation of standardized recipes, forecasting, purchasing, receiving and storage. Discussion of cooking procedures, equipment needs, verify quality, maintaining departmental budget, designing a marketing program and implementation of cost effective procedures.

CULN 2997. Practicum  
Lecture 1, Lab 2, Credit 3  
A practicum provides supervised on-the-job work experience related to the student’s educational objectives. Students participating in Practicum do not receive compensation. Prerequisite: Special Approval.

CULN 2998. DMA Sanitation and Safety  
Lecture 2, Lab 1, Credit 3  
Management of personnel and employee health, ensure quality of food from purchasing to preparation/service of menu items, HACCP system, and compliance with regulatory agencies to ensure the safety of the foodservice department.
This course deals with machine drawings, manufacturing materials and processes, dimensioning and tolerance. The objectives are for students to be able to define and describe various manufacturing materials, material terminology, apply proper specific notes for manufacturing features, place proper general notes and delta notes on a drawing; interpret and use correct tolerancing techniques; prepare completely dimensioned multi-view drawings. Students learn the fundamentals of orthographic projection and the application of dimensioning practices in the preparation of formal multi-view drawings.

**DRFT 1201. Section Drawing**  
Lecture 1, Lab 1, Credit 2

This course deals with the identification and drawing of section conventions and different types of sectional views. The objectives are for students to: be able to draw proper cutting-plane line representations; draw sectional views, including full, half, aligned, broken-out, auxiliary, revolved, and removed sections; identify features that should remain un-sectioned in a sectional view; prepare drawings with conventional revolutions and conventional breaks; modify the standard sectioning techniques as applied to specific situations; make sectional drawings; create a cam displacement diagram. Prerequisites: DRFT 1101, DRFT 1102, DRFT 1103, and DRFT 1104.

**DRFT 2302. Electrical/Electronics**  
Lecture 1, Lab 2, Credit 3

This course covers AC-DC theory, electrical and electronic symbols, drawings, wiring diagrams, assembly drawings, block diagrams, electronic schematic diagrams, logic diagrams, industrial electronic diagrams, electric power drawings, printed circuit boards layouts, motor control diagrams, electrical one line diagrams, and electrical drawings for architectural plans. Prerequisites: CADD 1201 and all DRFT 1200 level courses.

**DRFT 2303. Machines/Manufacturing**  
Lecture 1, Lab 2, Credit 3

This course deals with the application of theory of machine drawing. Emphasis is on the preparation of detail drawings, section views, notation, tolerance, dimensioning and layout. It is designed to give the student the necessary practice and knowledge to accomplish the design of machine components and to make the necessary drawings to be used in the manufacturing process as well as assembly. Tolerance and classes of fits, threads, fasteners, springs as well as gears and cams are included. Prerequisites: CADD 1201 and all DRFT 1200 level courses.

**DRFT 2304. Piping**  
Lecture 1, Lab 2, Credit 3

This course deals with the theory and principles of pipe drafting, scale layouts, diagrammatic and isometric pipe drawings. Problems in routing pipe design usually handled by the drafter are included in the instruction. It includes acquainting the student with the process pipe drafting used in the area refineries. Prerequisites: CADD 1201 and all DRFT 1200 level courses.

**DRFT 2305. Structural/Strength of Materials**  
Lecture 1, Lab 2, Credit 3

This course is designed to teach the principles and required information to layout and execute the necessary structural steel details and shop drawings required for the fabrication and erection of a steel structure. The placement of reinforcing steel in concrete is also covered, in addition to the use of the AISC Steel Construction Manual, American Concrete Institute standards, and the American Institute of Steel Construction. It covers the topics of stress and strain, direct and shearing stresses, torsion, bending, bolted and welded connections, basic design of timber and steel beams and timber and steel columns, beam deflections, and statistically indeterminate beams. Prerequisites: CADD 1201 and all DRFT 1200 level courses.

**ECON 2010. Macroeconomics**  
Lecture 3, Lab 0, Credit 3

This course covers mapping including the theory of design rationale and methodology with practical applications using contemporary design methods in the shipbuilding and marine industry. Prerequisites: CADD 1201 and all DRFT 2300 level courses.

**ECON 2040. Specialization**  
Lecture 2, Lab 2, Credit 4

This course is designed as an advanced enhancement course. The student prepares a job presentation portfolio for one of the four specialty areas: Architecture, Civil, Machine, or Piping drafting. Prerequisites: CADD 1201 and all DRFT 1200 level courses, plus the area of specialization: DRFT 2301/DRFT2401, DRFT 2304 or DRFT 2402 or DRFT 2303.
ELEC 1122. Residential Wiring
Lecture 1, Lab 2, Credit 3

The course includes the identification and uses of various types of conductors, equipment, devices, fittings, raceways and boxes used in residential installations. Breaker panel and service entrance components will also be identified and discussed. Also an introduction to various methods of installing AC cable, EMT, rigid metallic conduit, PVC, flexible and surface raceways. Lab requirements include cutting, bending, and installing conduit.

ELEC 1220. Introduction to Motor Controls
Lecture 3, Lab 1, Credit 4

An introduction to basic manual and push button motor control systems. Topics include an understanding of ladder logic and its various components, and basic motor and control installations. Prerequisite: INST 1111 or ETRN 1112.

ELEC 1222. Residential Wiring Installation
Lecture 1, Lab 3, Credit 4

The course includes code requirements for residential installations, installing and troubleshooting of single pole, 3/w, 4/w, and receptacle circuits, breaker panels and also building a residential service. Prerequisite: ELEC 1122.

ELEC 1230. National Electrical Code
Lecture 1, Lab 2, Credit 3

An interpretation and study of the NEC including calculations of: voltage-drops, box and conduit fill capacities, service conductor sizing, and transformer and motor installation protection. Also a study of grounding and bonding, class and division identification, and special occupancies.

ELEC 1312. Generator and Transformer Operations
Lecture 3, Lab 0, Credit 3

This course includes the fundamentals and principles of single phase and three phase motors and generators and transformer theory, application, and characteristics. Prerequisite: INST 1111 or ETRN 1112.

ELEC 1340. Generator and Transformer Operations
Lecture 1, Lab 2, Credit 3

This course includes the fundamentals and principles of single phase and three phase motors and generators and transformer theory, application, and characteristics. Prerequisite: ETRN 1112.

ELEC 1422. Introduction to Motor Controls
Lecture 1, Lab 2, Credit 3

An introduction to basic manual and push button motor control systems. Topics include an understanding of ladder logic and its various components, and basic motor and control installations. Prerequisite: ETRN 1112.

ELEC 1430. Blueprint Interpretation
Lecture 1, Lab 2, Credit 3

An introduction to blueprint reading skills, which includes specifications and trade, related elements. The course includes making a material list from a blueprint.

ELEC 2220. Advanced Motor Controls
Lecture 2, Lab 1, Credit 3

This course presents information on advanced motor control applications. Topics include: installation, preventive maintenance, troubleshooting of single phase and three phase motors, reversing motor circuits, reduced voltage starting, accelerating and decelerating methods, variable speed drives including DC motor drives and applications, AC Variable Frequency Drives, programming and troubleshooting of VFD’s. Prerequisite: INST 2721, ELEC 1422.

ENGL 1010. English Composition I
Lecture 3, Lab 0, Credit 3

A study of the basic rhetorical modes of English composition with emphasis on prewriting, writing, and revising techniques utilizing correct English grammar, usage, and punctuation. Prerequisite: English score of at least 18 on the ACT, an equivalent score on the ASSET or COMPASS, "C" or better in TSEN 0093, or permission of the Dean of Instruction.

ENGL 1020. English Composition II
Lecture 3, Lab 0, Credit 3

A study of the basic rhetorical modes of English composition with emphasis on correct English grammar, usage, and punctuation. Term paper required. Prerequisite: ENGL 1010.

ENGL 1500. Creative Copy Writing
Lecture 3, Lab 0, Credit 3

A course in the writing of creative and motivational copy for layouts using the following media: newspaper, radio, billboards, televisions, magazines and direct mailing. Prerequisite: ENGL 1020.

ENGL 2010. British Literature I
Lecture 3, Lab 0, Credit 3

A survey of British writers from the beginning to the Romantic Era; includes literary analysis and writing about literature. Prerequisite: ENGL 1020.

ENGL 2020. British Literature II
Lecture 3, Lab 0, Credit 3

A survey of British writers from the beginning to the Romantic Era; includes literary analysis and writing about literature. Prerequisite: ENGL 2010.

ENGL 2030. British Literature III
Lecture 3, Lab 0, Credit 3

A survey of British writers from the beginning to the Civil War; includes literary analysis and writing about literature. Prerequisite: ENGL 2020.

ENGL 2110. American Literature I
Lecture 3, Lab 0, Credit

A survey of American writers from the beginning to the Civil War; includes literary analysis and writing about literature. Prerequisite: ENGL 1020.

ENGL 2120. American Literature II
Lecture 3, Lab 0, Credit

A survey of American writers from the Civil War through the present day; includes literary analysis and writing about literature. Prerequisite: ENGL 2110.

ENGL 2130. American Literature III
Lecture 3, Lab 0, Credit

A survey of significant American writers; includes literary analysis and writing about literature. Prerequisite: ENGL 2120.

ENGL 2310. World Literature I
Lecture 3, Lab 0, Credit

A survey of world writers from the beginnings through the 1600s; includes literary analysis and writing about literature. Prerequisite: ENGL 1020.
ENGL 2320. World Literature III
Lecture 3, Lab 0, Credit 3
A survey of world writers from circa 1700 through the present day; includes literary analysis and writing about literature. Prerequisite: ENGL 2310.

ENGL 2330. World Literature IV
Lecture 3, Lab 0, Credit 3
A survey of world writers from circa 1700 through the present day; includes literary analysis and writing about literature. Prerequisite: ENGL 2320.

ENGL 2410. Introduction to Fiction
Lecture 3, Lab 0, Credit 3
Introduction to fiction; includes critical analysis and writing about literature. Prerequisite: ENGL 1020.

ENGL 2420. Introduction to Literature
Lecture 3, Lab 0, Credit 3
Introduction to various literary genres; includes critical analysis and writing about literature. Prerequisite: ENGL 1020.

ENGL 2430. Introduction to Poetry and/or Drama
Lecture 3, Lab 0, Credit 3
Introduction to poetry and/or drama; includes critical analysis and writing about poetry or drama. Prerequisite: ENGL 1020.

ENGL 2510. Introduction to African American Literature
Lecture 3, Lab 0, Credit 3
Introduction to African American literature; includes critical analysis and writing about literature. Prerequisite: ENGL 1020.

ENGL 2520. Mythology or Folklore
Lecture 3, Lab 0, Credit 3
Introduction to mythology and/or folklore and its role in literature and culture.

ENGL 2535. Technical Report Writing
Lecture 3, Lab 0, Credit 3
The study of the procedures, terminology, and communication techniques utilized in writing reports for business/industry. Includes the organization of ideas and proposals and the preparation of reports and correspondence. It is strongly recommended that students take this course during their last semester of study. Prerequisite: ENGL 1010.

ENSC 2000. Environmental Science
Lecture 3, Lab 0, Credit 3
Introduction to women's literature; includes critical analysis and writing about literature. Prerequisite: ENGL 2520.

GAEC 1100. Introduction to Electrician Apprenticeship
Lecture 3, Lab 0, Credit 3
This course is designed to cover introductory related information for the Electrician apprentice plan of study. The areas covered include career opportunities in the electrician industry and responsibilities and attitudes required for a successful career in the electrician industry, introductory basics to conduit fabrication, introductory to wiring devices, and an introduction to the National Electrical Code.

GAEC 1110. Job Safety & Health
Lecture 2, Lab 0, Credit 2
This course is designed to cover job safety and health issues related to the Electrician apprentice plan of study. The course covers job safety and health hazards, OSHA laws and employee and employer rights and responsibilities in accident prevention. Prerequisite: GAEC 1100.

GAEC 1120. Apprentice Trade Related Mathematics
Lecture 2, Lab 0, Credit 2
This course is designed to cover mathematical principles and concepts related to electrical trades. The course covers basic mathematical concepts of whole numbers and fraction usage, simultaneous equations, vectors, geometry, and trigonometry. Prerequisite: GAEC 1110.

GAEC 1300. Apprentice Trade Technology Part IV
Lecture 5, Lab 0, Credit 5
This course is designed to cover third year part one electrical trade technology concepts. Concepts covered include direct current (DC) theory, the basics of transformers, additional code calculations, and additional code practices. Prerequisite: GAEC 1220.

GAEC 1230. Apprentice Trade Technology Part III
Lecture 3, Lab 0, Credit 3
This course is designed to cover second year part two electrical trade technology concepts. Concepts covered include all aspects of basic alternating current (AC) theory, a continuation of blueprint reading and conduit fabrication. Prerequisite: GAEC 1200.

GAEC 1220. Customer Service in the Trade Area
Lecture 2, Lab 0, Credit 2
This course is designed to cover local union by-laws, the IBEW constitution, sexual harassment, avoiding the hazards of drug abuse, and additional safety concerns. Prerequisite: GAEC 1210.

GAEC 1130. Apprentice Trade Technology Part V
Lecture 3, Lab 0, Credit 3
This course is designed to cover second year part two electrical trade technology concepts. Concepts covered include all aspects of basic alternating current (AC) theory, the basics of transformers, additional code calculations, and additional code practices. Prerequisite: GAEC 1200.
This course is designed to cover basic mathematical concepts, principles and concepts related to pipe trades technology concepts. Concepts covered include additional motor controls, digital electronics, programmable logic controllers, building automation: Control devices and applications, hazardous locations, and additional code and practices. Prerequisite: GAEC 2200.

GAEC 2300. Apprentice Trade Technology Part VIII
Lecture 5, Lab 0, Credit 5
This course is designed to cover fifth year part two electrical trade technology concepts. Concepts covered include fire alarm systems, instrumentation and security systems. Prerequisite: GAPC 2300.

GAPC 1210. Apprentice Trade Technology Part III
Lecture 3, Lab 0, Credit 3
This course is designed to cover the soldering and brazing methods used in the preparation and joining of the cup type copper tube joint. Prerequisite: GAPC 1200.

GAPC 1220. Customer Service in the Trade Area
Lecture 2, Lab 0, Credit 2
This course is designed to cover the basic principles of service work including human relations, salesmanship and how to plan service work. Prerequisite: GAPC 1210.

GAPC 1230. Apprentice Trade Technology Part IV
Lecture 3, Lab 0, Credit 3
This course is designed to cover second year part two pipe trades technology concepts. Concepts covered include pipe, fittings, valves, supports and fasteners. Prerequisite: GAPC 1220.

GAPC 1300. Apprentice Trade Technology Part V
Lecture 5, Lab 0, Credit 5
This course is designed to cover third year part one pipe trades-pipelifter and plumber technology concepts. Concepts covered include oxy-fuel cutting and welding, shielded metal-arc welding and water supply systems. Prerequisite: GAPC 1230.

GAPC 2100. Apprentice Trade Technology Part VI
Lecture 5, Lab 0, Credit 5
This course is designed to cover third year part two pipe trades-plumber technology concepts. Concepts covered include a continuation of oxy-fuel cutting and welding and shielded metal-arc welding, as well as plumbing fixtures and appliances. Prerequisite: GAPC 2200.

GAPC 2300. Apprentice Trade Technology Part IX
Lecture 5, Lab 0, Credit 5
This course is designed to cover fifth year part one pipe trades-Plumber technology concepts. Concepts covered include a continuation of oxy-fuel cutting and welding and shielded metal-arc welding, as well as plumbing code interpretation. Prerequisite: GAPC 2210.

GAPC 23210. Apprentice Trade Technology Part X
Lecture 5, Lab 0, Credit 5
This course is designed to cover fifth year part two pipe trades-plumber technology concepts. Concepts covered include preparation for cross connection prevention certification and medical gas certification. Prerequisite: GAPC 2300.

GART 1010. Orientation to Graphic Communication
Lecture 1, Lab 1, Credit 2
This course provides the student with the basic principles, terminology, guidelines, methods and systems necessary to solve graphic design problems. Students will be introduced to various careers in the graphic design industry and learn classroom policy, procedure and safety.
Sowela Technical Community College

GART 1020. Graphic Illustration
Lecture 1, Lab 2, Credit 3

In this course the students will experience drawing with various media. Students learn how to prepare materials and still life arrangements, working with foundation lines and incorporating more complex lighting, shading, depth, value and color techniques.

GART 1030. Photography I
Lecture 1, Lab 2, Credit 3

Students will create photographic images and become familiar with the various aspects of photography, including subject matter, concept development, contrast, composition, meaning, cropping, lighting, emotional impact and message. An SLR 35mm camera or digital equivalent is required.

GART 1040. Vector Graphics
Lecture 1, Lab 2, Credit 3

In this course students will learn to create vector art for illustrations, logos, and other graphics for print or the Web. Students will learn to work efficiently in the Adobe Illustrator environment with various modes, panels, and settings.

GART 1210. Desktop Publishing
Lecture 1, Lab 2, Credit 3

In this course students will learn to structure and layout print projects such as menus, brochures, reports, and magazines. The course covers a range of technical essentials including master pages, importing and manipulating objects, controlling text flow and style, and adding effects such as transparency, drop shadow, and feathering.

GART 1220. Advertising Theory
Lecture 1, Lab 2, Credit 3

In this course the student will learn to put together a marketing plan and execute via traditional and non-traditional media. Students will be responsible for demographic research of various products and services. Prerequisite: GART 1040.

GART 1230. Design I
Lecture 1, Lab 2, Credit 3

In this course the student will learn the fundamentals of being a designer. The course will cover color theory, design, typography, and the elements and principles of design. Upon completion the student will have a good understanding of executing professional graphic designs. Prerequisite: GART 1040

GART 1240. Raster Graphics I
Lecture 1, Lab 2, Credit 3

This course gives students experience in silhouetting, exposure correction, retouching, layering, typography, and image composites in Adobe Photoshop. The student will learn how to make high-quality selections and edits, using an efficient imaging workflow.

GART 2110. Videography I
Lecture 1, Lab 2, Credit 3

This course introduces the student to the terminology, principles and practices of videography. The student will learn to differentiate between good and bad video, learn basic production techniques, non-linear editing, creative lighting methods and field camera operation.

GART 2120. Animation
Lecture 1, Lab 2, Credit 3

In this course students will use After Effects to create motion graphics, key out color using green/blue screen techniques, motion tracking, and composition video and animation. There will be a focus on key framing, masking and using alpha channels. Projects include animated logos, titles, and rendering for broadcast. Prerequisites: GART 1040; GART 1240.

GART 2130. Design II
Lecture 1, Lab 2, Credit 3

In this course the student will focus more on real-world design as a base study to their course work. By using industry standard programs the student will study designs and understand the mechanics and theory by which it was created. Prerequisites: GART 1040, GART 1230, GART 1240.

GART 2140. Raster Graphics II
Lecture 1, Lab 2, Credit 3

In this course the student will continue their studies into Adobe Photoshop. Advanced skills would include creating compositions for advertising and the arts. Some projects would include website interfaces, billboards, flyers, brochures, just to name a few. Prerequisite: GART 1240.

GART 2210. Web Site Design
Lecture 1, Lab 2, Credit 3

Students will learn to develop a web site using industry standard software. Students will create the web site by creating a story board, using advanced presentation techniques and combining layout and design skills. Prerequisites: GART 1040, GART 1240.

GART 2230. Photograph II
Lecture 1, Lab 2, Credit 3

Students are introduced to digital photography and external software programs that adjust and manipulate photographs. Prerequisites: GART 1030, GART 1240.

GART 2240. Videography II
Lecture 1, Lab 2, Credit 3

Students will master camera image controls, study the aesthetics of composition, gain an understanding of the importance of lighting, produce an aesthetically thematic and logical video product (with music tracks, voice over, graphics and titling) and explore occupational opportunities in the video industry. Prerequisites: GART 2110; GART 2210.

GART 2250. Agency
Lecture 1, Lab 2, Credit 3

In this course the student will gain real-world experience by working on various jobs in the true schedule of the advertising industry. Students will be appointed various tasks in relation to a graphic designer, creative director, or account executive. Prerequisite: Special Approval.

GART 2260. Special Projects
Lecture 1, Lab 2, Credit 3

Students receive individual art direction for both required and elective pieces. Work is evaluated and refined to meet top industry standards. Students will present their portfolio to a panel of instructors and industry representatives. Prerequisite: Special Approval.

HIST 1210. World Civilization I
Lecture 3, Lab 0, Credit 3

This course is a survey of major civilizations of the world before 1500 and emphasizes interactions among these civilizations and their influences on each other.

HIST 1220. World Civilization II
Lecture 3, Lab 0, Credit 3

This course is a survey of major civilizations of the world from 1500 to the present.

HIST 2010. American History I
Lecture 3, Lab 0, Credit 3

A survey of American history to 1877.

HIST 2020. American History II
Lecture 3, Lab 0, Credit 3

A survey of American history from 1877 to present.
HIST 2100. History of Louisiana
Lecture 3, Lab 0, Credit 3
Topics in this course include discovery and exploration, French and Spanish colonial administration, early American period and emergence as a state, emergence of modern Louisiana.

HPSY 1050. Health Care Concepts Related to Sell, Family, and Community
Lecture 1, Lab 0, Credit 1
This course includes the discussion of the concepts of health and its maintenance, and human development throughout the life cycle. The effects of stress and related defense or coping mechanisms are introduced along with the use of therapeutic communication. It also identifies local, state, and national health resources available for maintenance of health.

INST 1110. Introduction to Instrumentation
Lecture 2, Lab 1, Credit 3
An introductory course providing an occupa-tional analysis of job descriptions, working conditions, employment opportunities, certification requirements, and safety considerations in the classroom and for those employed in the field of industrial instrumentation. Also included are measurement devices, control devices, control loops, lockout tag-out, as well as P&ID symbol-ogy and loop sheets.

INST 1111. Fundamentals of Electricity/Electronics
Lecture 4, Lab 1, Credit 5
An introduction to the concept of DC/AC electronics on Ohm’s Law, series, series-parallel, and parallel circuits. To include the concepts of inductive and capacitive reactance, time constants, impedance, meters, magnetic relay, and solenoid principles.

INST 1112. Fundamentals of Semiconductors/Circuits
Lecture 4, Lab 1, Credit 5
An introduction to solid-state components and electronic circuits. The individual will gain knowledge on diodes, transistors, thermistors, and optical devices. To include power supplies, amplifier circuits, amplifier coupling and phase splitters. Prerequisite: INST 1111 or ETRN 1112.

INST 1310. Pressure and Level Measurement
Lecture 3, Lab 1, Credit 4
An introduction to the concepts of pressure and level measurement, calculations and sensing devices. The student will calibrate, troubleshoot and repair/replace pressure and level indicators, recorders, transmitters, and transducers. Prerequisite: INST 1010 or INST 1110.

INST 1410. Flow and Final Control Elements
Lecture 3, Lab 1, Credit 4
This course includes instruction in performing flow measurement calculations and conver-sions, procedures for using flow sensing devices, calibrating, troubleshooting and repair/replacing flow indicators, recorders, transmitters, transducer, and relays. Also included are the principles of final element operation and relates actuators, positioners and control valves to their function as the last system element in a process control loop. Prerequisite: INST 1010 or INST 1110.

INST 2420. Industrial Control Systems
Lecture 3, Lab 0, Credit 4
Course instruction includes the principles of operation, maintenance, troubleshooting, and repair of pneumatic, electronic, and digital controllers along with instruments that are found in a typical control loop. Also, process measurement and control using computers and microprocessor based control systems will be covered. Students will be introduced to various distributed control systems including the use of field bus and tuning methods in control systems. Prerequisite: INST 1010 or INST 1110.

INST 2722. Introduction to Programmable Logic Controllers
Lecture 3, Lab 1, Credit 4
An introduction to Microprocessors, PLC types, theory, applications, operations, docu-mentation and number systems as they relate to PLC operation. The student will also be intro-duced to PLC programming. Corequisites: ELEC 1220 or ELEC 1422.

INST 2732. Temperature and Analytical Measurement
Lecture 2, Lab 1, Credit 3
An introduction to the concepts of temperature measurement calculations, conversions and operating principles of temperature sensing de-vices. Troubleshooting, calibration and repair/re-placement of electronic and pneumatic tempera-ture sensing devices is also covered. The student will also be introduced to principles of liquid and gas analysis, as well as ph, conductivity, and ORP measurement. Prerequisite: INST 1010 or INST 1110.

INST 2812. Advanced Programmable Logic Controllers
Lecture 2, Lab 1, Credit 3
An advanced programmable logic control course that covers the programming, testing, and troubleshooting of specific programmable logic control applications. Also included are the design and installation aspects of PLC’s as they relate to industrial settings. Prerequisites: INST 2722 or INST 2721 and ELEC 1220 or ELEC 1422.

ITEC 1000. Application Basics
Lecture 3, Lab 0, Credit 3
A hands-on approach that provides an intro-duction to basic information technology skills and microcomputer applications such as file manage-ment, electronic communications, word process-ing, spreadsheets, and presentation concepts.

ITEC 1001. Keyboarding
Lecture 3, Lab 0, Credit 3
Introduction to basic keyboarding terminol-ogy and practice. Emphasis is placed on speed, accuracy, and correct technique.

ITEC 1005. IT Fundamentals
Lecture 3, Lab 0, Credit 3
Introduction to computer hardware, operat-ing systems, Internet concepts, microcomputer applications, and security and ethical issues.

ITEC 1010. Web Site Development
Lecture 3, Lab 0, Credit 3
A comprehensive study of Internet concepts, terminology, connection practices, researching on, designing for and publishing on the Internet, as well as a brief study of the programming basics behind the creation of Web Pages using HTML and Dynamic HTML.

ITEC 1015. E-Commerce Design
Lecture 3, Lab 0, Credit 3
This course teaches the student to build web pages that conform to business functions using various web languages such as HTML, DHTML, XML, Perl, VB Script, Java Script, and Active Serv-er pages. The concepts of good practice and the Web will be taught as the fundamentals of de-voping web sites for e-commerce. Topics of the course include design of web hosting, data pro cessing on the web, web marketing, e-commerce components, payment processing, security, and customer service. Prerequisites: ITEC 1010.

ITEC 1020. Advanced Web Site Development
Lecture 3, Lab 0, Credit 3
A study in the prevailing language in internet programming. Advanced topics will include, web development, including database programming, communications, and on-line form activity. Pre-requisites: ITEC 1010.

ITEC 1100. IT Essentials: PC Hardware and Software
Lecture 3, Lab 0, Credit 3
Students completing this course will be able to describe the internal components of a comput er, understand operating system installation and 176
ITEC 1320. Introduction to Programming
Lecture 3, Lab 0, Credit 3
Basic logic, variables, constants, TOE charts, Input/output, Sequence Structure, Selection Structure, and Repetition Structure.

ITEC 1300. Internet Applications
Lecture 3, Lab 0, Credit 3
A hands-on study of Internet concepts. The course includes a wide range of Internet basics such as HTML, networking concepts, TCP/IP protocols, IP addressing, and sub netting.

ITEC 1320. Introduction to Database Management
Lecture 3, Lab 0, Credit 3
A comprehensive study and hands-on approach to database management using tables, queries, forms, and reports to facilitate the development, manipulation, and reporting of data in an information system.

ITEC 1531. Introduction to C Programming
Lecture 3, Lab 0, Credit 3
Students are introduced to programming concepts and techniques using the C language. Upon completion, students should have the ability to write a wide variety of programs using the C language. Intensive hands-on applications. Prerequisites: ITEC 1210

ITEC 1532. Advanced C Programming
Lecture 3, Lab 0, Credit 3
A study of advanced programming concepts such as arrays, class inheritance, constructors, exception handling, GUI interface, etc. Prerequisites: ITEC 1531

ITEC 1550. Introduction to Visual Basic
Lecture 3, Lab 0, Credit 3
An introduction to the Visual Basic environment. Concentration on basic syntax, object definition, screen layout, and selection and repetition structures. Prerequisites: ITEC 1210, MATH 1100, or Special Approval.

ITEC 1570. Programming with VBA
Lecture 3, Lab 0, Credit 3
This course teaches application programming with Visual Basic for Applications. Prerequisites: ITEC 1210, ITEC 1320

ITEC 1571. Introduction to Java
Lecture 3, Lab 0, Credit 3
A study of logic structure, arrays, database handling, file connectivity, and various advanced features using Java programming Language. Prerequisites: ITEC 1210

ITEC 1581. Introduction to Oracle
Lecture 3, Lab 0, Credit 3
A study of client/server databases and Oracle database architecture. Includes a hands-on study of creating and modifying database tables, performing queries, and creating forms, reports, and graphics.

ITEC 1610. Introduction to Game Programming
Lecture 3, Lab 0, Credit
3
Introduction to Game Programming I is the first part of a first-year crash course covering the basics of game programming. Students will learn to program 2D and 3D games using Visual Basic and Windows API (Application Programming Interface). This first-year course will give students some experience writing several complete games in 2D and 3D. Prerequisites: ITEC 1210

ITEC 1620. Advanced Game Programming
Lecture 3, Lab 0, Credit 3
Advanced Game Programming is a continuation of the study of game programming. It includes concepts such as Direct API used for drawing, input, sound and music. Prerequisites: ITEC 1610

ITEC 1800. Unix/Linux OS
Lecture 3, Lab 0, Credit 3
A study of the Unix and Linux operating systems, including topics of Installations, configurations, troubleshooting, optimizing, and administration. Focus on adding users and group and access rights along with user permissions and login authorizations, and hardware replacements and driver installations.

ITEC 2010. MCSE 2-Windows Server
Lecture 3, Lab 0, Credit 4
This course is designed to provide students with the background necessary to plan, install, configure, manage, and troubleshoot a Windows Server as a member server in an Active directory environment.

ITEC 2040. MCSE Core/Elective
Lecture 3, Lab 1, Credit 4
This Course is designed to provide students with the background necessary to analyze the business requirements and design a directory service architecture, including: Unified directory services such as Active Directory and Windows NT domains; connectivity between and within systems, system components, and applications; data replication such as directory replication and database replication. Prerequisites: ITEC 2030

ITEC 2090. Installing, Configuring & Administration of MS
Lecture 3, Lab 1, Credit 4
This course teaches students, through lectures, discussions, demonstrations, and lab exercises, the skills and knowledge necessary to install, configure, optimize and administer a Microsoft Exchange Server and to prepare the Microsoft Exchange Server Administrator certificate. Additional topics of scheduled backup, disaster recovery planning, and scaling for the enterprise. Prerequisites: ITEC 2030

ITEC2110. Networking/SmallBusiness
Lecture 3, Lab 1, Credit 4
All completion students will be able to setup a personal computer system, including the operating system, interface cards, and peripheral devices. Plan and install a small network con-
ITEC 2120. Working at a Small-to-Medium Business or ISP
Lecture 3, Lab 1, Credit 4
After completion students will be able to understand the structure of the Internet and how communication occurs between hosts. Install, configure, and troubleshoot Cisco IOS devices. Plan a basic wired infrastructure to support network traffic. Configure a server to share resources and provide common Web services. Implement basic WAN connectivity using Telco services. Demonstrate proper disaster-recovery procedures and perform server backups. This course is designed around the Cisco Networking Academy Discovery Program Semester 1 curriculum. Prerequisites: ITEC 1000.

ITEC 2125. Health Information Networking
Lecture 3, Lab 0, Credit 3
This course is designed to introduce students to IT fundamentals for medical groups and include basic information on healthcare environments, fundamentals of electronic health record systems, and designing, securing, and troubleshooting a network to support healthcare organizations. Prerequisites: ITEC 2120 or equivalent industry experience.

ITEC 2130. Introducing Routing and Switching in the Enterprise
Lecture 3, Lab 1, Credit 4
After completion students will be able to implement a LAN for an approved network design. Configure a switch with VLANs and inter-switch communication. Implement access lists to permit or deny specific traffic. Implement WAN links. Configure routing protocols on Cisco Devices. Perform LAN, WAN and VLAN troubleshooting using a structured methodology and the OSI model. This course is designed around the Cisco Networking Academy Discovery Program Semester 3 curriculum. Prerequisites: ITEC 2120

ITEC 2140. Designing and Supporting Computer Networks
Lecture 3, Lab 1, Credit 4
After completion students will be able to gather customer requirements. Design a simple internetwork using Cisco technology. Design an IP addressing scheme to meet LAN requirements. Create an equipment list to meet LAN design requirements. Install and configure a prototype Internetwork. Obtain and upgrade Cisco IOS software in Cisco devices. This course is designed around the Cisco Networking Academy Discovery Program Sem. 4 curriculum. Prerequisites: ITEC 2130

ITEC 2220. Introduction to SQL
Lecture 3, Lab 0, Credit 3
An extensive programming course using SQL in many different environments including Access, Oracle, Informix, and DBV. The use of data modeling and SQL commands will be observed as the standard of programming in SQL. Server applications and Server SQL programming will be observed during the course. Software includes MS SQL Server, Oracle, Informix and DBV. Prerequisites: ITEC 1000.

ITEC 2270. Advanced Spreadsheet Development
Lecture 3, Lab 0, Credit 3
This is a comprehensive course focusing on the most currently used spreadsheet package used in business and industry. It is a concentrated course on basic spreadsheet creation, formulas, charts, macros, database function, and programming using Visual Basic for Applications (VBA). Prerequisite: ITEC 1000.

ITEC 2450. Advanced Visual Basic
Lecture 3, Lab 0, Credit 3
A study of custom controls, toolbars, file handling, database referencing and other advanced features of the Visual Basic programming language. Prerequisites: ITEC 1550

ITEC 2570. Advanced JAVA
Lecture 3, Lab, Credit 3
A study of logic structure, arrays, database handling, file connectivity, and various advanced features. Prerequisites: ITEC 1571

ITEC 2650. Advanced Database Development
Lecture 3, Lab 0, Credit 3
A further study of database applications including advanced concepts such as action queries, switchboards, custom toolbars and menus, converting objects to html files, and hyperlinks. Prerequisites: ITEC 1320

ITEC 2670. Networking Security
Lecture 3, Lab 0, Credit 3
This course teaches the basic networking security requirements needed in local area networking system and the wide area networking systems. It prepares the student for the certification such as the CompTIA Security + certification test. Topics include: Public Key/Private Key, basic hackers attacks and defends, firewall configurations, and future planning for securing the network. Prerequisites: ITEC 2110

ITEC 2830. Voice and Data Cabling
Lecture 3, Lab 1, Credit 4
This course prepares the student for the Certification tests associated with Voice and Data Wiring and cabling. Topics include Levels and Categories of different types of wiring and Fiber Optics; terminations of copper wiring CAT 5, Fiber Optic terminations, Wiring closets, distributions, cable specifications, troubleshooting, and design of local areas to wide enterprising systems. Prerequisites: ITEC 1100

ITEC 2840. Data Communications
Lecture 3, Lab 0, Credit 3
This course introduces concepts that help the student achieve an in-depth understanding of the often complex topic of data communications and computer networks by balancing the more technical aspects and the everyday practical aspects. It offers full coverage of wireless technologies, industry convergence, compression techniques, network security, LAN technologies, VoIP, and expanded coverage of error detection and correction.

ITEC 2911. IT Ethics & Career Development
Lecture 3, Lab 0, Credit 3
This course teaches the ethics and management techniques in the Information Technology arena and focuses on the methodologies of the IT professional as it relates to business and professional development.

ITEC 2998. Comprehensive Programming Project
Lecture 1, Lab 2, Credit 3
This course is taken toward the end of the student's studies and provides career related work experience in the programming field at the campus or at an employer's site under the supervision of a faculty member. Prerequisites: Special Approval.

ITEC 2999. Comprehensive Networking Project
Lecture 1, Lab 2, Credit 3
This course is taken toward the end of the student's studies and provides career related work experience in the networking field at the campus or at an employer's site under the supervision of a faculty member. Prerequisites: Special Approval

JOBS 2450. Job Seeking Skills
Lecture 2, Lab 0, Credit 2
This course assists students in preparing ap-
propriate documents for the job search process including cover letters, resumes, job applications, reference sheets, and follow-up correspondence. Proper grammar and effective word selection is emphasized. Students also participate in a structured interview. It is strongly recommended that students take this course during their last semester of study.

**MATH 1020. Applied Trigonometry**
Lecture 3, Lab 0, Credit 3

Topics include a review of geometry essentials, trigonometric functions and graphs, right triangles, vector resolution and oblique triangles. Prerequisite: MATH 1100.

**MATH 1100. College Algebra**
Lecture 3, Lab 0, Credit 3

Linear and quadratic equations and inequalities, radical and rational equations, complex numbers, graphing, functions, exponential and logarithmic functions, polynomial equations, systems of linear equations and inequalities. Prerequisite: Math score of at least 19 on the ACT, a “C” or better in TSMA 0093.

**MATH 1120. Precalculus Algebra**
Lecture 3, Lab 0, Credit 3

Prerequisite: MATH 1100.

Topics from advanced algebra to include real numbers, graphing, functions, exponential and logarithmic functions, polynomial equations, systems of linear equations and inequalities. Prerequisites: MATH 1100.

**MATH 2100. Elementary Statistics**
Lecture 3, Lab 0, Credit 3

Calculation of simple probability in discreet and continuous variable cases. Descriptive statistics; measures of central tendency; binomial, Poisson and normal distributions. Testing hypotheses using normal deviate and t-statistics. Prerequisite: MATH 1100.

**MBIO 2015. Introductory Microbiology**
Lecture 3, Lab 1, Credit 4

A basic study of microorganisms and their role in disease, sanitation, ecology, and industry. Prerequisite: MATH 1100.

**MEDL 1300. Medical Terminology**
Lecture 3, Lab 0, Credit 3

An introduction of basic medical terms by use of prefixes, suffixes, and anatomical roots. Prerequisite: MATH 1100.

**MEDL 1340. General Body Structure**
Lecture 3, Lab 0, Credit 3

This course covers identification of the organs and basic functions of the human body and disorders as it relates to each system with medical terminology integrated with each.

**MEDL 1360. Medical Coding Part 1**
Lecture 3, Lab 0, Credit 3

Provides instruction in the application of the International Classification of Diseases, Ninth Revision, Clinical Modification (ICD-9-CM) classification system and Healthcare Common Procedure Coding System (HCPCS) coding procedures used in processing insurance and patient information in the medical office environment. Prerequisite: MEDL 1360.

**OADM 1100. Keyboarding I**
Lecture 2, Lab 0, Credit 2

An introductory study of computer hardware, operating systems, Internet concepts, and security and ethical issues. Includes a hands-on approach in the use of microcomputer applications including spreadsheets, word processing, and database concepts.

**OADM 1150. Introduction to Software Applications**
Lecture 3, Lab 0, Credit 3

This course includes basic records management terminology, procedures, classification systems, electronic and manual storage, retrieval, and disposal, compliance with freedom of information laws and Privacy Act.

**OADM 1200. Keyboarding II**
Lecture 3, Lab 0, Credit 3

Continued development and application of computerized keyboarding techniques and proper usage of word processing commands. Emphasis is placed on speed, accuracy, and correct technique utilizing keyboarding software which focuses on drill and practice. This course is designed for students with limited typing skills and does not substitute for OADM 1100, Keyboarding I.

**OADM 1300. Introduction to Spreadsheets**
Lecture 3, Lab 0, Credit 3

Focuses on the basic fundamentals of producing spreadsheets. Prerequisite: OADM 1150 or Special Approval.

**OADM 1450. Basic Word Processing**
Lecture 3, Lab 0, Credit 3

Hands-on application of basic word processing techniques and functions. Current version of popular word processing software is incorporated. Prerequisites: OADM 1150 and OADM 1100 or Special Approval.
OADM 1550. Advanced Word Processing
Lecture 3, Lab 0, Credit 3
Hands-on application of advanced word processing with emphasis on features and commands using current version of word processing software. Prerequisite: OADM 1450.

OADM 1610. Presentation Software
Lecture 3, Lab 0, Credit 3
The student will study the use of presentation software. The course will focus on design and proper technique for developing a presentation. Prerequisite: OADM 1150 or Special Approval.

OADM 1650. Desktop Publishing
Lecture 3, Lab 0, Credit 3
Basic concepts in creating documents containing graphics and text. Current version of popular word processing/graphics software is incorporated. Prerequisite: OADM 1550 or Special Approval.

OADM 2530. Office Procedures
Lecture 3, Lab 0, Credit 3
Focuses on understanding the role of the office professional in today’s changing office environment. Students learn effective office, human relations, communication, decision-making, and critical thinking skills by completing assignments and live projects. Specific items covered in this course include interpersonal communications, professional presence and success behaviors, stress and time management, work ethics and diversity, current technology, telecommunications, mail and records management, business correspondence, teamwork, meetings and presentations, travel and conference arrangements, and career development. Prerequisite: OADM 1450.

OSYS 2530. Office Procedures
Lecture 3, Lab 0, Credit 3
Focuses on understanding the role of the office professional in today’s changing office environment. Students learn effective office, human relations, communication, decision-making, and critical thinking skills by completing assignments and live projects. Specific items covered in this course include interpersonal communications, professional presence and success behaviors, stress and time management, work ethics and diversity, current technology, telecommunications, mail and records management, business correspondence, teamwork, meetings and presentations, travel and conference arrangements, and career development. Prerequisite: OADM 1450.

PHSC 1000. Physical Science I
Lecture 3, Lab 0, Credit 3
Introductory study of topics in physical science including motion, energy, temperature, light and sound, electricity, and atomic structure. Prerequisite: Eligibility for Math 1100.

PHSC 1100. Physical Science I Laboratory
Lecture 0, Lab 1, Credit 1
Laboratory investigations designed to demonstrate and complement the lessons taught in Physical Science I. Prerequisite or corequisite: PHSC 1000.

PHSC 1200. Physical Science II
Lecture 3, Lab 0, Credit 3
Introductory study of topics in physical science including chemical processes, organic chemistry, meteorology, and geology. Prerequisite: PHSC 1000.

PHSC 1300. Physical Science II Laboratory
Lecture 0, Lab 1, Credit 1
Laboratory investigations designed to demonstrate and complement the lessons taught in Physical Science II. Prerequisite or corequisite: PHSC 1200.

PHSC 1500. Astronomy
Lecture 3, Lab 0, Credit 3
Includes a study of the earth’s solar system, the sun and other stars, nebulae, and galaxies.

PHYS 2100. General Physics I
Lecture 3, Lab 0, Credit 3
Fundamental principles of motion, force, work, energy, temperature, and heat. Prerequisites: “C” or better in MATH 1100 and MATH 1020 or 1110.

PHYS 2110. General Physics I Laboratory
Lecture 0, Lab 1, Credit 1
Use of laboratory experiences to develop an understanding of basic principles of physics. Prerequisite or corequisite: PHYS 2100.

PHYS 2200. General Physics 2
Lecture 3, Lab 0, Credit 3
Fundamental principles of electricity, magnetism, optics, and selected topics of modern physics. Prerequisites: PHYS 2100.
gain a fundamental understanding of industrial equipment. There will be an introduction to basic chemistry and physics in the process areas.

PTEC 1310. Process Instrumentation I
Lecture 2, Lab 1, Credit 3
This course is designed to introduce the student to the equipment and methodologies used by the industry for monitoring performance and controlling processes. Topics addressed include common terminologies, basic principles of measurement and instrumentation, specific hardware, performance characteristics, control loops, typical applications and operating limits.

PTEC 1320. Process Instrumentation II
Lecture 2, Lab 1, Credit 3
This course is a continuation of PTEC 1310. The course extends the student’s knowledge of process instrumentation. Topics addressed include learning to use P&ID’s, detailed study of control loops, computerization of process control, DCS, case studies, and troubleshooting. Pre-requisite: PTEC 1310.

PTEC 1610. Plant Equipment (PT I)
Lecture 2, Lab 1, Credit 3
This course is a study of process plant equipment including their construction, principles of operations, maintenance and utilization within the process industry. Equipment to be studied includes piping, valves, pumps, compressors, heat exchangers, fired furnaces, steam and gas turbines.

PTEC 2030. Plant Safety, Health and Environmental
Lecture 3, Lab 0, Credit 3
The student will learn the fundamentals of the government mandated safety programs such as PSM. The student will learn about the governmental bodies regulating safety and environmental programs in the process industry. The student will learn to recognize potential safety and environmental hazards and solutions that could be encountered in their career.

PTEC 2070. Statistical Quality Control
Lecture 3, Lab 0, Credit 3
This course is an introductory study of the concept of product quality. The topics covered are the history of the quality movement, the importance of product quality and how communication and teams affect product quality. In addition, the student will be introduced to the concepts of Total Quality Management and how product quality is measured and maintained in the process industries through the use of statistical control charts.

PTEC 2420. Process Systems (PT II)
Lecture 3, Lab 0, Credit 3
This course studies processes found in the chemical and refining industry. This includes distillation and fractionation, reaction, absorption, adsorption, extraction, stripping, cracking, reforming, alkylation, delayed coking, and hydroprocessing. Process Systems also covers cooling water, heat recovery, water chemistry, clarification, filtration, steam generation, and heat exchange. Pre-requisite: PTEC 1610, Corequisite: PTEC 2420LB.

PTEC 2420LB. Process Systems (PT II) Lab
Lecture 0, Lab 1, Credit 1
This lab prepares the student to operate the Distributive Control Systems in industry. In this class, the student will study the TDC-3000 Distributive Control System. Then the student will work in the Simtronics simulation software. The simulations will be based on plant equipment and running conditions. Pre-requisite: PTEC 1610, Corequisite: PTEC 2420.

PTEC 2430. Unit Operations (PT III)
Lecture 3, Lab 1, Credit 4
This course teaches the operations of an entire unit within the process industry using existing knowledge of equipment, systems, and instrumentation. Concepts related to commissioning, normal startup, operations, normal shutdown, turnarounds, safety, environmental, and abnormal situations, as well as the process technician’s role in performing the tasks associated with these concepts within an operating unit. This course incorporates the knowledge of the student and combines that with the responsibilities of the process technician. At the end of the semester the student must prepare an operating manual for one of our glass plants. The lab portion of the classes includes simulation software (Simtronics and Dexter) and refresher training using the Ingenious software. Prerequisites: PTEC 1010, PTEC 1610.

PTEC 2440. Process Troubleshooting
Lecture 3, Lab 0, Credit 3
This course applies a six-step troubleshooting method for solving and correcting operation problems. It focuses on malfunctions as opposed to process design or configuration improvements. Troubleshooting is using data from instrumentation to determine the cause for abnormal conditions in an organized and regimented way. Pre-requisites: PTEC 1010.

PTEC 2620. Process Physics
Lecture 3, Lab 0, Credit 3
This course is an introductory study of the physical properties and the static and dynamic behavior of fluids. Topics to be studied are; the structure of matter, the density, specific gravity and API gravity of fluids, the viscosity, temperature, and pressure relationships of fluids, the static behavior of fluids including NPSH and its impact on pumping systems, and the dynamic behavior of fluids including the general energy equation and pressure drop relationships. Prerequisites: PTEC 1010 and MATH 1100.

PTEC 2700. Oil & Gas Production
Lecture 3, Lab 1, Credit 4
Oil & Gas Production will familiarize students with the job of the oil and gas production technician. Specifically, the course covers the following topics: natural gas treatment, dehydra-
tion and compressions system and equipment; the produced water treatment and handling system and equipment; auxiliary systems and equipment; artificial lift and enhanced recovery techniques; pumping and transportation systems; safety, health and environmental considerations relative to the field of oil and gas production; and in introduction to petroleum refining and processing. Prerequisite: Department Chair Approval.

**PTEC 2911. Campus Internship**

Lecture 0, Lab 3, Credit 3

This course consisting of 135 hours of departmentally approved team activities utilizing the PTEC Laboratory (Glass Plants). Using the PTEC Laboratory Glass Plants (six operating units), the students will apply and demonstrate the operating principles previously learned in the PTEC curriculum. This course consists of some individual and team work, exchanging operating principles, safety health and environment issues, and drawing a (P&ID) of their assigned plants as individual and team work, exchanging operating principles, including safety health and environment issues, and drawing a (P&ID) of their assigned plants. Prerequisite: PTEC 1010 and PTEC 1610.

**RELG 2110. Introduction to Religions of the World**

Lecture 3, Lab 0, Credit 3

This course will engage you in a comparative study of the history, basic beliefs, and characteristic practices of such major religious systems as Hinduism, Buddhism, Taoism, Confucianism, Judaism, Christianity, and Islam. Some attention will also be given to the religions of the ancient Middle-Eastern and Mediterranean peoples, to ancient and modern tribal religions, and to contemporary sectarian and cultic movements. In this course, you will be introduced to primary and secondary sources in the field of comparative religion. You will also be introduced to the essential principles of critical thinking techniques.

**SKIL 1000. Skills for Successful Studies**

Lecture 3, Lab 0, Credit 3

A comprehensive course outlined to address strategies needed to be successful in college. Students that complete this course will earn an A, B, C, S, or U grade depending on the extent to which they demonstrate mastery of the course competencies.

**SOCL 2010. Introduction to Sociology**

Lecture 3, Lab 0, Credit 3

An overview of sociology including theoretical perspectives and theorists; logic and techniques of research; social organization, institutions, and inequality; and social change.

**SOCL 2020. Social Problems**

Lecture 3, Lab 0, Credit 3

A study of individual, family, and community disorganization. Topics include crime, drug abuse, sexual deviance, inequality, and mental illness. Prerequisite: SOCL 2010.

**SPCH 1000. Fundamentals of Speech Communication**

Lecture 3, Lab 0, Credit 3

Develops an awareness and appreciation of history and traditions of speech communication as an academic field of study. Includes fundamental codes, functions, and processes of oral communication.

**SPCH 1200. Introduction to Public Speaking**

Lecture 3, Lab 0, Credit 3

Basic public speaking principles and skills. Provides experience preparing, organizing, and presenting each of the following types of speeches: personal, introductory, informative, demonstrative, persuasive, and testimonial.

**TSEN 0091. Transitional English**

Lecture 3, Lab 0, Credit 3

This course provides students with a comprehensive study of English. Topics discussed are grammar, usage, mechanics, sentences, sentence structure, and editing paragraphs. This is a skills improvement course that may not be used as credit for a certificate, diploma, or degree. Placement is based on ACT, COMPASS, ASSET, or SAT scores. A student who has satisfactorily completed TSEN 0092 must enroll in TSEN 0093 prior to enrolling in MATH 1100.

**TSEN 0093. Intermediate Algebra**

Lecture 3, Lab 0, Credit 3

This course provides instruction that will enable students to acquire a better understanding of algebra, thus providing a foundation for College Algebra. Topics covered are linear equations, inequalities, polynomials, rational expressions, graphs and functions, radicals, and quadratic equations. This is a skills improvement course that may not be used as credit for a certificate, diploma, or degree. Placement is based on ACT, COMPASS, ASSET, or SAT scores, or successful completion of TSEN 0091.

**TSEN 0099. Comprehensive Transitional English**

Lecture 6, Lab 0, Credit 6

This course provides students with a comprehensive study of Transitional English offered in an accelerated format and including the content traditionally offered in TSEN 0091 and TSEN 0093. Students that complete this course will earn an A, B, C, S, or U grade depending on the extent to which they demonstrate mastery of the course competencies.

**TSEN 0092. Transitional Mathematics**

Lecture 3, Lab 0, Credit 3

Basic operations of whole numbers, fractions, and decimals; basic operations of integers and rational numbers; ratios and proportions; percents; basic algebra concepts including linear equations. This is a skills improvement course that may not be used as credit for a certificate, diploma, or degree. Placement is based on ACT, COMPASS, ASSET, or SAT scores. A student who has satisfactorily completed TSEN 0092 must enroll in TSEN 0093 prior to enrolling in MATH 1100.
A comprehensive study of Transitional Math offered in an accelerated format and including the content traditionally offered in TSMA 0092 and TSMA 0093. Students that complete this course will earn an A, B, C, or U degree depending on the extent to which they demonstrate mastery of the course competencies.

**TSRE 0091. Transitional Reading**

Lecture 3, Lab 0, Credit 3

This comprehensive reading course helps students improve their reading processes through a study of word forms and meanings, vocabulary and comprehension skills, and critical thinking skills. Also included are user information skills (using a library, e-mail, encyclopedias, outlines, note taking, etc.), consumer information skills (reading a newspaper, warning labels, filling out forms, etc.), and reading maps, charts, and graphs.

This is a skills improvement course that may not be used as credit for a certificate, diploma, or degree. Placement is based on ACT, COMPASS, ASSET, or SAT scores.

**WELD 1110. Occupational Orientation and Safety**

Lecture 1, Lab 1, Credit 2

Introduces the student to the occupation of welding that includes information and practice concerning safe working environments and safe operation of tools and equipment common to welding.

**WELD 1120. Basic Blueprint, Metallurgy, and Weld Symbols**

Lecture 1, Lab 1, Credit 2

An introduction to and practice of interpreting basic blueprint, metallurgy, and welding symbols. Prerequisite: WELD 1110.

**WELD 1130. Welding Inspection and Testing**

Lecture 1, Lab 1, Credit 2

Instruction and practice in the qualities and judgments involved in the testing and inspection of welded materials. Prerequisite: WELD 1110.

**WELD 1210. Oxyfuel Systems**

Lecture 1, Lab 1, Credit 2

An introduction to and practice of safety, setup, and handling of Oxyfuel cylinders and cutting equipment including practice cutting mild steel. Prerequisite: WELD 1110.

**WELD 1310. Cutting Processes – CAC/PAC**

Lecture 0, Lab 1, Credit 1

An introduction to and practice of safety, setup, and handling of Carbon Arc Cutting and Plasma Arc Cutting equipment including practice cutting ferrous and non-ferrous metals. Prerequisite: WELD 1110.

**WELD 1410. SAW – Basic Beads**

Lecture 1, Lab 1, Credit 2

An introduction to the fundamentals of shielded metal arc welding including safety and practice of welding beads. Prerequisite: WELD 1110.

**WELD 1411. SAW – Fillet Weld**

Lecture 0, Lab 2, Credit 2

Maintaining safety and practice of fillet welds using the shielded metal arc welding process. Prerequisite: WELD 1410.

**WELD 1420. SAW – V-Groove Open**

Lecture 1, Lab 3, Credit 4

An introduction to the fundamentals of shielded metal arc welding of open groove welds including safety and practice of open groove welds. Prerequisite: WELD 1411.

**WELD 1510. SAW – PIPE 2G**

Lecture 1, Lab 2, Credit 3

An introduction to the fundamentals of shielded metal arc welding of pipe including safety; setup and operation of pipe beveling equipment, and practice of a 2G-pipe weld. Prerequisite: WELD 1420.

**WELD 1514. SAW – 5G Downhill**

Lecture 1, Lab 2, Credit 3

Maintaining safety and practice of a 5G-pipe weld using shielded metal arc welding, with the weld progressing downhill. Prerequisite: WELD 1420.

**WELD 1515, SAW – 6G Downhill**

Lecture 0, Lab 2, Credit 2

Maintaining safety and practice of a 6G-pipe weld using shielded metal arc welding, with the weld progressing downhill. Prerequisite: WELD 1420.

**WELD 1516, SAW – 5G Uphill**

Lecture 0, Lab 4, Credit 4

Maintaining safety and practice of a 5G-pipe weld using the shielded metal arc welding, with the weld progressing uphill. Prerequisite: WELD 1420.

**WELD 1517. SAW – 6G Uphill**

Lecture 0, Lab 3, Credit 3

Maintaining safety and practice of a 6G-pipe weld using shielded metal arc welding, with the weld progressing uphill. Prerequisite: WELD 1420.

**WELD 2110, FCAW – Basic Fillet Welds**

Lecture 1, Lab 1, Credit 2

An introduction to the fundamentals of flux-cored arc welding including safety and practice of fillet welds. Prerequisite: WELD 1110.

**WELD 2111. FCAW – Groove Welds**

Lecture 0, Lab 1, Credit 1

Maintaining safety and practice of groove welds using the flux-cored arc welding process. Prerequisite: WELD 2110.

**WELD 2210. GTAW – Basic Multi-Joint**

Lecture 1, Lab 2, Credit 3

An introduction to the fundamentals of gas metal arc welding including safety and practice of fillet and groove welds. Prerequisite: WELD 1110.

**WELD 2310. GMAW – Basic Fillet Weld**

Lecture 1, Lab 1, Credit 2

An introduction to the fundamentals of gas metal arc welding including safety and practice of fillet welds. Prerequisite: WELD 1110.

**WELD 2311. GMAW – Groove Weld**

Lecture 0, Lab 2, Credit 2

Maintaining safety and practice of groove welds using the gas metal arc welding process. Prerequisite: WELD 2310.

**WELD 2312. Basic Pipe and Structural Fabrication**

Lecture 1, Lab 2, Credit 3

An introduction to the fundamentals of pipe and structural fitting including safety, math for welders, isometric drawings, pipe takeoffs, saddle layouts, flange layouts, and how to use a pipe fitter’s handbook. Prerequisite: WELD 1110.
ADMINISTRATION
Bateman II, Douglas R., Vice Chancellor for Academic Affairs and Student Success, B.A., University of California, Los Angeles; M.R.E., Loyola University, New Orleans; Ph.D., The University of Texas at Austin.
Newman, Jeanine S., Vice Chancellor for Finance, B.A., McNeese State University.
Fleishman, Joseph, Vice Chancellor for Economic Development, B.A., Ph.D., Northern Arizona University.
Anyanwu, FitzPatrick, Executive Director of Planning and Analysis & Director of Human Resources, B.S., M.S., Ed.D., Oklahoma State University.
Vacant, Executive Dean of Enrollment Management.
Nwankwo, Charles, Chief Information Resources and Technologies Officer, B.S., M.S., University of Houston; Ph.D., The University of Texas at Austin.
Darbone, Davidson, Director of Facilities Planning and Management.

ACADEMIC AFFAIRS & STUDENT SUCCESS
Bordelon, Nancy Jane, College & Career Transition Coordinator & Carl Perkins Coordinator, B.S., McNeese State University; M.S., Louisiana State University.
Collins, Christine, Director of Student Support Services, B.S., M.A., Xavier University of Louisiana.
Cox, Melvin, Department Chair of Industrial and Transportation Technology, A.A.T., Louisiana Technical College – SOWELA Campus.
Guidry, Angie, Testing Center Coordinator, A.S. (2), McNeese State University.
Hellums, Paula, Department Chair of Nursing, B.S.N., Louisiana College – Pineville.

Sowela Technical Community College
Lejeune, Deborah A., Department Chair of Business and Information Technology, B.S., M.B.A., McNeese State University.
Little, Gray, Department Chair of Culinary, Graphic and Design Art, B.A., M.Ed., McNeese State University.
Rigmaiden, Mathilda, Dean of Instruction and Student Success, B.S., M.Ed., McNeese State University.
Schexnider, Angela, Director of Career Planning & Placement, M.Ed., McNeese State University.
Stewart, Charles, Department Chair of Liberal Studies and Education, B.S., M.S., McNeese State University; Ed.D., Lamar State University.
Thomas, Debbie, Student Success Counselor, Ph.D., LCSW, Kansas State University.
Walton, Deidra, Director of Student Success, B.A., McNeese State University.

FULL TIME FACULTY
Abel, Adrienne, Instructor of Business Technology, (Morgan Smith Site), M.A., University of Phoenix; B.S., McNeese State University.
Ballou, Nella Luann, Instructor of Mathematics, A.A.S., Arkansas Community College; B.S., M.S., McNeese State University.
Bordelon, Gerald, Instructor of Drafting and Design Technology, A.S., McNeese State University.
Boullion, Ronald, Instructor of Process Technology.
Byrd, Addie, Instructor/Coordinator – Health Sciences, (Morgan Smith Site), B.S.N., McNeese State University.
Byrd, Jonathan, Instructor of Criminal Justice,
Deshotel, Wallace, Instructor of Welding, (Morgan Smith Site), SMAW Welder Certified.

M.S., Troy University
Carrere, Todd, Instructor of Mathematics, B.S., M.S., McNeese State University.

Cox, Melvin, J., Instructor of Industrial Electricians, A.A.T., Louisiana Technical College – SOWELA Campus.

Crel, Amanda B., Instructor of Psychology, B.A., Louisiana Tech University; M.A., McNeese State University; Ph.D., Auburn University.

Creel, Wallace, Instructor of Welding, (Morgan Smith Site), SMAW Welder Certified.

Deshotel, Wallace, Instructor of Welding, (Morgan Smith Site), SMAW Welder Certified.

Duhon, Ernest, Instructor of Process Technology.

Eaves, Kimberly, Instructor of Nursing, B.S.N., RN, Northwestern State University of Louisiana.

Ewalt, Barbara, Instructor of Nursing, B.S.N., M.S.N., McNeese State University.

Ferrygood, Leslie, Instructor of Nursing, A.D.N., Lamar State College - Orange.

Fontenot, Patrice B., Instructor of Nursing, A.D.N., Lamar State College - Orange.

Frisby, Kevin, Instructor of Mathematics, B.S., M.S., McNeese State University.

Freeman, Katrina, Instructor of Mathematics, B.S., M.S., McNeese State University.

Gentry, Jenefer, Instructor of Nursing, B.S.N., McNeese State University; M.S.N, McNeese State University.

Grafton, Jennifer, Instructor of Practical Nursing, A.D.N., Angelina College, Lufkin, TX; B.S.N., University of Phoenix; M.S.N., University of TX at Tyler.

Gremillion, Gregory, Instructor of Industrial Electricians, (Morgan Smith Site), Diploma, SOWELA Regional Technical Institute, Master Electrician.

Groth, Robert, Instructor of Biology, B.S., Northeast Louisiana University; M.S.+30, Louisiana State University.

Guidry, Randall, Student Advisor, A.A.S., SOWELA Technical Community College

Hall, Jimmy D., Instructor of Welding, A.A.T. Louisiana Technical College – SOWELA Campus.

Hancock, Lisa E., Instructor of Criminal Justice, B.S., McNeese State University; M.S., University of Alabama; Ph.D., Walden University.

Hardy, Ben, Instructor of Workplace Literacy, Business and Allied Health, (Morgan Smith Site), B.A., University of Southwestern LA; B.S., University of Texas.

Hellums, Paula, Instructor of Nursing, B.S.N., Louisiana College – Pineville.

Humphrus, Barry M., Instructor of Information Technology, B.A., University of Texas at Austin; M.B.A., McNeese State University.

Ison, Kristin S., Instructor of Mathematics, B.S., M.S., McNeese State University

Istre, Robert, Instructor of Automotive Technology, (Morgan Smith Site), ASE Certified.

Jensen, Erik P., Instructor of Graphic Art, A.A.T., SOWELA Technical Community College.

Johnson, Robert N., Instructor of Industrial Instrumentation Technology, A.S., McNeese State University; A.A.T., SOWELA Technical Community College; B.A., McNeese State University.

Kalb, William, Instructor of Chemistry, A.A., Fullerton Junior College; B.S., California State University; Ph.D., University of California, Los Angeles.

Kennerson, Mary E., Instructor of Information Technology, B.S., M.Ed., McNeese State University

Landry, Julie H., Instructor of Industrial Electricians, A.A.T., SOWELA Technical Community College.

LeBoeuf, Robert J., Instructor of Industrial Electricians, A.A.S., SOWELA Technical Community College.

Little J. Gray, Instructor of Graphic Art, B.A., M.Ed., McNeese State University.

Mayeur, Randy P., Instructor of Culinary Arts & Occupations, B.S., Nicholls State University.

McCarty, Timothy, Instructor of Collision Repair Technology, A.S., ASE, ICAR Certifications.

McNease, Melanie, Instructor of English, B.A., Louisiana Tech University.

Mendez, James, Instructor of Physical Science, B.S., Rose-Human Institute of Technology; Ph.D., Case Western Reserve University.

Monteaux, Ricky, Instructor of Accounting Technology, B.A., Louisiana Tech University; M.B.A., McNeese State University.

Morris, Anita, Science Lab Coordinator, M.S., McNeese State University.

Nevills, Lane, Instructor of History, B.A., M.A., University of Louisiana; Ph.D. Studies, The University of Texas at Austin.

Parker, Jason, Instructor of Drafting and Design Technology, A.A.T., SOWELA Technical Community College.

Randel, Charon, Instructor of Nursing (Morgan Smith Site), M.S.N. McNeese State University, B.S.N. McNeese State University.

Richard, Thomas C., Instructor of Automotive Technology, ASE Certification.

Saucier, Terrell, Instructor of Industrial Instrumentation Technology.

Schmalz, Kyle, Instructor of Business Technology, (Morgan Smith Site), B.S., McNeese State University.

Spoon, Kathryn, Instructor of Process Technology, A.A.S., SOWELA Technical Community College; B.S., Oregon State University.

Trahan, Cheryl, Instructor of Process Technology, B.S., Michigan Technological University.

Williams, Gloria V., Instructor of Practical Nursing, A.D.N., Lamar State College - Orange.

Williams, Lewis Ray, Instructor of Automotive Technology, ASE Certification, Diploma, Louisiana Technical College – Alexandria Campus.
PART TIME FACULTY

Bailey, John, Instructor of Information Technology, B.S., M.S., McNeese State University.

Bilbo, Rachael, Instructor of Nursing, B.S.N., McNeese State University.

Bourque, Theresa, Instructor of Process Technology, A.A.S., SOWELA Technical Community College.

Brown, Ken, Instructor of Criminal Justice, J.D., Creighton University; M.A.T., McNeese State University; B.A., Northwestern University of Louisiana.

Campbell Jr., Richard, Instructor of Plumber Apprentice, B.S., McNeese State University.

Casiday, Bradley, Instructor of Accounting Technology, M.S., University of Texas at Austin; B.S., Louisiana State University.

Clark, Kecia, Instructor of Health Sciences, (Morgan Smith Site), A.S., McNeese State University.

Clarke, Batrina B., Instructor of Transitional Studies, B.A., M.A., McNeese State University.

Cong Vuong Bui, Instructor of Process Technology, A.A.S., SOWELA Technical Community College.

Cooper, Nora, Instructor of Office Systems Technology, B.S., McNeese State University; M.B.A., Dallas Baptist University.

Darbonne, Jonathan, Instructor of Welding, Diploma, SOWELA Technical Community College.

Sowela Technical Community College

Rameelow, Gerald, Instructor of Chemistry, B.S., Gonzaga University; M.S., Montana State University; Ph.D., Middle East Technical University.

Richard, Winston Landon, Instructor of Accounting Technology, B.S., McNeese State University.

Rogers, Lisa, Instructor of Nursing, A.D.N., RN, Lamar State College.

Salutillo, Lilibeth, Instructor of Nursing, B.S.N., RN, Arelano University, Manila, Philippines.

Schexneider, Martha Jo, Instructor of Information Technology, A.S., McNeese State University; A.O.S., SOWELA Regional Technical Institute; B.S., University of Phoenix; M.Ed., Northwestern State University; Ed.D, Lamar University.

Scott, Keeyatha, Instructor of Process Technology, A.A.S., SOWELA Technical Community College.

Semien, Shadawnya, Instructor of Information Technology, B.S., McNeese State University; A.S., McNeese State University.

Shepherd, Sallie, Instructor of Mathematics, M.Ed, McNeese State University; B.S., Louisiana Tech University.

Soileau, Nettra, Instructor of Office Systems Technology, A.A.T., SOWELA Technical Community College; B.A., McNeese State University; M.A.T., McNeese State University.

Stewart, Michael, Instructor of Industrial Electricians, NCCER Instructor Certification.

Strasburg, Otto, Instructor of History, B.S., University of Wisconsin; M.A., M.Ed., University of West Florida; Ed.D., University of Southern Mississippi.

Underwood, Jodi M., Instructor of Psychology, B.S., M.A., McNeese State University.

Vaassine, Carrie, Instructor of Office Systems Technology, (Morgan Smith Site), A.S., B.A., McNeese State University; NCCT Certified Insurance & Coding Specialist.

Vincent, Lilly, Instructor of Process Technology.

Wainwright, Brady, Instructor of Office Systems, B.S., University of Louisiana, Lafayette.

White, Lindsey, Instructor of Criminal Justice, B.A., Miami University; J.D., University of Maryland.

White, Rebecca, Instructor of Mathematics, B.S., M.A., Northwestern State University.

Winfrey, Harold, Instructor of Process Technology, Engineering, Southern University.

SPECIALIZED TRAINING/WORKFORCE DEVELOPMENT FACULTY

Anderson, Martha, Instructor for CPSO Training, B.S., University of Southwestern Louisiana at Lafayette.

Cesar, Alfred, Coordinator of Pathways Training, NCEER Master Trainer.

Guzman, Alexa, Instructor of Spanish, B.A., Rutgers State University, Newark Campus.

Thomas, Johnny, Coordinator of Specialized Training, B.S., Clamburg College; M.Ed.+30, McNeese State University.

STEPS

McCullor, Doug, STEPS Administrator, B.S., McNeese State University; M.Ed., McNeese State University.

Hill, Linda, Secretary.

Madden, Angela, Instructor of English, B.A., M.M.A., McNeese State University.

McGee, Lori, Instructor of Mathematics, B.S., M.E., McNeese State University; M.Ed. +30 McNeese State University.

STAFF

LaFleur, Diane, Administrative Assistant 2, A.A.T., SOWELA Technical Community College.

LaFleur, Laura, Enrollment Services Manager, A.A.T., Louisiana Technical College - SOWELA Campus.

Laszcz, Amy, Bursar, M.B.A., B.S., McNeese State University.

Lavergne, Joseph, Director of Recruitment, B.A., McNeese State University.

Ludman, Nancy, Property Control Manager, A.A.B., Belmont Technical College.

MacLennan, Darren, Public Services Librarian, B.A., M.S., Kent State University.

Mayo, William Emil, Director of Workforce Development, B.A., Grabbling State University; M.Ed., McNeese State University.

McCarty, Shantay, Administrative Coordinator 3.

Munghar, Leonard, Education Research & Data Programmer/Analyst, B.S., Ardis University/Tanzania; Post-Baccalaureate, University of Houston; M.S., Texas Southern University.

Myers, Erica, Administrative Assistant 2, A.A.T., Louisiana Technical College – SOWELA Campus.

Nery, Francis V., Controller, B.S., McNeese State University.

Puryear, Zoe, Executive Administrative Services Coordinator, A.A.S., SOWELA Technical Community College.

Ruppert, Pattie, Career Coach and Mentor Leader.

Richard, LaKeisha, Administrative Assistant 3.

Schexneider, Martha Jo, Director of Center of Excellence in Instructional Technology, A.O.S., SOWELA Regional Technical Institute; Ed.D., Lamar University: A.S., McNeese State University; B.S., University of Phoenix; M.Ed, Northwestern State University.
Sherwood, Mary Frances, Director of Library Services, B.A., M.A., Northern Illinois University; M.A.+30, Lamar State University.

Stickney, Carey, Student Records Coordinator, B.A., Spring Hill College, Mobile, AL

Stutes, Gina, Administrative Assistant 2.

Talbott, Carol, Library Specialist 2.

Thibodeaux, Amy, Assistant to the Chancellor, Diploma – Delta School of Business.

Trahan, Monica, Administrative Assistant 3.

Trahan, Theda, Administrative Assistant 2, A.A.T. (2), Louisiana Technical College – SOWELA Campus.

Tucek, Susan, Procurement Specialist 2, A.A.T., Louisiana Technical College – SOWELA Campus.

Verrett, Caroline, Custodian 2.

Webb, Peggy, Nursing Support Coordinator.

Williams, Matthew, Systems/Security Administrator, A.A.T., Louisiana Technical College – SOWELA Campus.

Williams, Richard, Master Maintenance Repairer.

Young, Joshua, Desktop Analyst, B.A., Louisiana College, Pineville, LA; A.A.S., SOWELA Technical Community College.

Youngblood, Mary, Interpreter, A.A.S., St. Louis Community College.

GLOSSARY OF IMPORTANT TERMS

Academic Status
While attending SOWELA, a student must remain in good standing. Students not on academic/disciplinary probation or suspension are in good standing. Students in good standing can participate in clubs/organizations.

Associate of Applied Science (AAS)
(Degrees/Certificates)
The Associate of Applied Science (AAS) degree prepares a student to enter a vocational field upon graduation with no further study required. Required General Education courses may articulate with other colleges/universities, but completion of an AAS degree will not necessarily provide full transfer to a four year institution.

Auditing
Students who audit a course attend class, but are not required to fulfill all course prerequisites. No course credit is earned for audited courses; they are shown on the student’s transcript with a grade of “AU”. Students must register for the course(s) they intend to audit and pay the required fees.

College Catalog
The College Catalog includes information about SOWELA and its admissions, policies, academic support services, and programs of study. The latest catalog is always on our web site at www.SOWELA.edu.

Corequisites
Corequisites are required courses that must be taken with or prior to a companion course(s). These courses are listed in the course descriptions of the latest College Catalog.

Credit Hour, Semester
The credit hour is a unit of measure assigned to college credit coursework. A semester credit hour corresponds to one hour of class instruction. Most courses earn three to four semester credit hours. For more information consult your academic faculty advisor.

Diploma, Technical
The Technical Diploma prepares a student to enter a vocational field upon graduation with no further study required. In general, students in a diploma program are not required to take general education courses. Students that receive a Technical diploma will not be provided transfer credit to a four year institution.

Electives
Electives are courses taken in addition to required general education courses. Elective courses usually relate to the student’s major. For more information, consult your academic faculty advisor.

General Education Core
The general education core is a key series of courses in the humanities, fine arts, mathematics,
natural sciences, and social sciences that students are required to take in order to receive an associates degree. Refer to the latest College Catalog.

Grade Point Average (GPA)
GPA is used to measure scholastic standing. The GPA is determined by dividing the total number of grade points earned by the total semester credit hours attempted. Refer to the “Grading Section” of this catalog.

Grade Points
Grade points are numerical values assigned to each letter grade for the purpose of computing the grade point average (GPA). Refer to the “Grading Section” of this catalog.

Prerequisites
Prerequisites are required courses. Students seeking to take a course or enter a program of study with prerequisites must first pass the prerequisite courses with a letter grade of “C” or better. Refer to the latest College Catalog.

Semester Hour
Refer to “Semester Credit Hour” in this catalog.

Transcript
A transcript is the student’s official record of academic standing, including biographical and test data. Transcripts are obtained upon request from the student to the Office of Enrollment Management.
