- Certified Nurse Assistant (TCA)
- Industrial Electrician (TD)
- Office Systems Technology (AAS)
- Practical Nursing (TD)
- Welding (TD)
MESSAGE FROM THE CHANCELLOR

On behalf of the faculty and staff, I welcome you to SOWELA Technical Community College. We are very excited that you have chosen SOWELA to help achieve your higher education goals. As a comprehensive community college, we offer high quality technical programs that will prepare you for a career in two years or less and programs/services designed to help you transfer to four-year colleges and universities. SOWELA is entering a new era and many exciting changes are taking place on campus as well as the Southwest Louisiana region. The College is experiencing record breaking enrollment growth and is currently going through a campus revitalization program that includes the addition of new facilities and a reconfiguration of the existing campus layout. Our new Arts & Humanities building officially opened in the summer of 2013 and the new Nursing and Allied Health Building is currently under construction and will open in early 2014. The Louisiana State Legislature passed ACT 360 in 2013 which provides additional funding for new facilities throughout the Louisiana Community and Technical College System (LCTCS) to help meet the growing demands for workforce development. SOWELA will gain two additional facilities from this legislation - a new Student Services building on the Lake Charles Campus and a brand new campus in Jennings.

With the announcement of over $65 billion in industry expansion in the Lake Charles area, SOWELA is designing and implementing new programs and services to help provide the training needed to fill the thousands of jobs that will be created by these expansions. Many of these programs and services will be housed in a new regional training facility that is also currently being designed and will be constructed on the main campus.

Our dedicated faculty and staff are student focused and pride themselves on providing the pedagogical expertise, personal assistance, and the student support services needed to ensure that you will achieve success in your chosen program of study. Whether you just graduated high school, have been out of school for many years, or are returning to update your skills to improve your current job situation, we have the educational program and/or degree that will help put you on the path to a rewarding career.

SOWELA is also a strong community partner that strives to help improve the economy of Southwest Louisiana by providing programs and services focused on strengthening the area workforce. SOWELA has established many partnerships with the businesses and industries in the region in order to help build a strong workforce and enhance the skills of the current workforce and prepare them to compete more successfully in the 21st century global economy.

As you become acquainted with the SOWELA campus and the faculty and staff, you will quickly learn that we are here to help you achieve success and accomplish the educational and life goals you have set. Pursuing a higher education takes courage, stamina, and a great deal of personal responsibility and I want to assure you that we are here to make your journey as smooth as possible.

The “SOWELA Family” is here when you need us so please do not hesitate to call upon me or any of the faculty and staff when you need assistance or have questions. Thanks again for choosing SOWELA Technical Community College and I sincerely hope we can help you reach your destination and realize your dreams.

Dr. Neil Aspinwall
Chancellor
ABOUT SOWELA

SOWELA Technical Community College (SOWELA) is a member of the Louisiana Community and Technical College System and under the governance of the Louisiana Board of Regents.

The course offerings and requirements of SOWELA are continually under examination and revision. This catalog presents the offerings and requirements in effect at the time of publication but makes no guarantee that they will not be changed or revoked. However, adequate and reasonable notice will be given to students affected by any changes. This catalog is not intended to state contractual terms and does not constitute a contract between the student and SOWELA.

SOWELA reserves the right to make changes as required in course offerings, curricula, academic policies and other rules and regulations affecting students, to be effective whenever determined by the institution. These changes will govern current and formerly enrolled students. Enrollment of all students is subject to these conditions.

SOWELA provides the opportunity for students to increase their knowledge by providing programs of instruction in the various disciplines and programs through faculty who, in the opinion of the College, are qualified for teaching at the college level. The acquisition and retention of knowledge by any student is, however, contingent upon the student's desire and ability to learn, and his or her application of appropriate study techniques to any course or program.

EEO/TITLE IX/SECTION 504/ADA

SOWELA does not discriminate on the basis of race, sex, color, religion, national origin, age or disability. This policy extends to employment by, admission to, or educational opportunities and benefits provided by the College. SOWELA is an affirmative action/equal opportunity college.

It is committed to the education of a non-racially identifiable student body. Inquiries concerning EEO, Title IX, the Rehabilitation Act of 1973 and the American Disabilities Act of 1990 should be directed to the following individuals:

ADA Coordinator Questions: Ms. Christine Collins, Director of Student Support Services can be located in the Computer Technology Building-Student Success Center. Ms. Collins can be reached at (337) 421-6974 or via email at christine.collins@sowela.edu.

EEO/Title IX Questions: Dr. Fitzpatrick Anyanwu, Executive Director of Institutional Planning and Effectiveness can be located in the Administration Building. Dr. Anyanwu can be reached at (337) 421-6905 or fitzpatrick.anyanwu@sowela.edu.

For specific information related to disability services on SOWELA campus please feel free to contact the Office of Student Support Services at (337) 421-6974.

ACCREDITATION

SOWELA Technical Community College (SOWELA) is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award Associate Degrees, Diplomas, and Certificates. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, or call 404-679-4500 for questions about the accreditation of SOWELA Technical Community College.

SOWELA is also accredited by the Commission of the Council on Occupational Education (COE) (a national accrediting agency that specializes in the accreditation of job training and workforce development institutions). This accreditation means that SOWELA is recognized as meeting standards of training acceptable for accreditation. The Council is the successor to the Commission on Occupational Education Institutions, founded in 1971 as a regional accrediting agency of the Southern Association of Colleges and Schools.

and Schools.

Dr. Gary Puckett, Executive Director/President Council on Occupational Education 7840 Roswell Road, Building 300, Suite 325 Atlanta, GA 30350 Phone: (770) 396-3898 FAX: (770) 396-3790 Website: www.council.org

SOWELA also offers programs that are accredited by professional licensing bodies as well as industry or discipline specific associations. Organizations that approve programs offered at SOWELA include the following:

1. Association of Technology, Management and Applied Engineering
2. Certified Nurse Assistant Registry
3. Federal Aviation Administration
4. Louisiana State Board of Practical Nurse Examiners
5. National Automotive Technicians Educational Foundation
6. American Culinary Federation Education Foundation

HISTORY

Technical education deals with knowledge, skills, and attitudes that prepare the individual for a specific occupation or vocation. To assist in the accomplishment of this task, the Southwest Louisiana Trade School was established by the Louisiana Legislature in 1938, and in 1940, classes began in five programs of training. In 1962, the name was changed to SOWELA Technical Institute due to expansion of facilities, growth of the student body, increased curricula, and the need for additional technical education.

In 1971, SOWELA Technical Institute gained significant recognition upon its accreditation by the Commission on Occupational Education Institutions of the Southern Association of Colleges and Schools – one of the most prestigious educational accrediting agencies in the United States.

SOWELA Technical Institute moved to its present location at 3820 Sen. J. Bennett Johnston Avenue in January 1980. The institute was renamed SOWELA Regional Technical Institute in March 1990, as it served as the regional center for Region Five.

Another milestone was reached on July 27, 1995, when the school was renamed Louisiana Technical College – SOWELA Campus. SOWELA was among the largest and most progressive post-secondary technical colleges in the state.

The Louisiana Community and Technical College System Board of Supervisors changed the status of Louisiana Technical College – SOWELA Campus to SOWELA Technical Community College effective July 1, 2003.

In 2010, the Louisiana Community and Technical College System Board of Supervisors approved the transfer of Morgan Smith campus in Jennings to SOWELA Technical Community College. Previously, both Morgan Smith and SOWELA were part of Region Five. The transfer of Morgan Smith to SOWELA is a homecoming designed to increase services to Calcasieu and Jefferson Davis Parishes.
INSTITUTIONAL MISSION
SOWELA Technical Community College provides traditional, distance and lifelong learning experiences and awards associate degrees, technical diplomas, and certificates that empower learners in transfer, career, and technical education to excel as globally competitive citizens.

INSTITUTIONAL VISION
SOWELA Technical Community College models excellence in teaching, training, and service.

INSTITUTIONAL VALUES
SOWELA Technical Community College values: Student Success, Integrity, Collaboration, Innovation, Access, and Diversity.

GOVERNING BOARD
SOWELA Technical Community College is a part of the Louisiana Community and Technical College System (LCTCS), a division of the Board of Regents of the State of Louisiana. Members of the Board of Supervisors of the LCTCS are listed below.

Chair - Michael “Mickey” Murphy
First Vice Chair - Norwood “Woody” Oge
Second Vice Chair - Timothy W. Hardy
Robert Brown
Helen Bridges Carter
Keith Gamble
Deni Grissette
Steve Hemperley
Paul Price, Jr.

Student Board Members:
Edward R. Banks
Robert Fisher

SERVICE AREA
SOWELA Technical Community College’s Main Campus is located at 3820 Sen. J. Bennett Johnston Avenue in Lake Charles, Louisiana. The Main Campus is located in Calcasieu Parish and serves citizens of Calcasieu, Cameron, Jefferson Davis, Allen and Beauregard Parishes. SOWELA also operates an off-campus site. The Morgan Smith site is located at 1230 North Main Street in Jennings, Louisiana, 70546-1327.

FREQUENTLY ASKED QUESTIONS
When is registration?
Registration is ongoing. To learn about registration, students should review the Schedule of Classes, check the SOWELA website, or visit the Office of Admissions located in the Administration Building.

How long must an individual reside in Louisiana before being considered a resident? Individuals must reside and/or work in Louisiana for at least one year (365 days) immediately preceding the first official day of classes for the semester they wish to attend. Refer to the SOWELA website for the Academic Calendar.

Do I have to take the SOWELA Placement Test if I have ACT or SAT scores?
If you have ACT or SAT test scores taken within the last three years that meet the requirements of the Board of Regents, you will not be required to take SOWELA’s placement test. If you have transfer credit in college-level English and mathematics, you may receive a waiver from the placement test. Otherwise, you will be required to take the COMPASS Placement Test. New students will take the COMPASS after applying for admission and before being advised.

I do not want to receive credit for classes. Am I required to complete an application?
Yes, all students must complete an Application for Admission in order to register at SOWELA. After completing the application process, a student can either enroll for or audit a class (see the “Glossary” on page 209).

How do I obtain a transcript for another institution or an employer?
First, complete a Transcript Request form available in the Office of the Registrar, or print one from the web site at www.sowela.edu. Also, a letter can be sent to SOWELA Technical Community College, Office of Admissions, P. O. Box 16950, Lake Charles, LA 70616. The letter should include the student's name (printed), signature, social security number, and an address where a transcript can be mailed. Federal regulations require that a student's transcript be released only upon that student's written consent, which must bear the student's signature.

Where should other institutions of higher education send transcript(s) and application materials?
Other institutions should send transcripts to SOWELA Technical Community College, Office of Admissions, P.O. Box 16950, Lake Charles, LA 70616.

How do I register for online courses?
Students can apply to take online courses the same way they apply to enroll in other college courses.

Does SOWELA offer childcare for students’ children?
Currently, the college does not offer childcare services. However, there are qualified and reliable childcare facilities located in close proximity to the campus.

Is it necessary to have a SOWELA identification card?
All students are required to carry a SOWELA ID Card in order to check out books, print/copy, and use other services offered by the College. Some local merchants offer discounts to SOWELA students; to take advantage of the offers, a student ID card must be presented.

How do I qualify for the Dean's List?
To qualify for the Dean’s List, a student must complete a minimum of twelve (12) or more credit hours excluding transitional courses and maintain a grade point average (GPA) of 3.5 or higher with no letter grade lower than a “C”. Grades earned in transitional classes are excluded from the GPA for the Dean’s List.
How do I join a student club/organization?
To join a club/organization, a student should 

Where do I obtain an application for federal financial aid (FAFSA)?
To obtain an application, visit the Office of Financial Aid and Scholarships located in the Administration Building or go online to www.fafsa.ed.gov.

What scholarships are available, and where can I apply?
Scholarship awards are based on availability of funds. To obtain a complete list of the scholarships offered at SOWELA and their qualifying requirements/criteria, students should visit the SOWELA web site at www.sowela.edu and click on the link for the Office of Financial Aid and Scholarships. Students can also download the scholarship application from this link.

ADULT BASIC EDUCATION & (GED) HiSET PREPARATION

What is Adult Basic Education?
Adult basic education (ABE) is instruction designed to help adults improve their reading, writing and mathematics skills; achieve the minimum education level of a high school diploma or equivalent; or improve their speaking, reading, writing or listening skills so that they may gain employment commensurate with their real ability.

Does Sowela offer HiSET preparation classes?
Yes. Sowela partners with the Literacy Council of Southwest Louisiana to offer ABE and HiSET preparation classes. Both the main campus in Lake Charles and Morgan Smith Campus in Jennings have day and evening classes.

Who is eligible to participate in ABE or HiSET classes?
Anyone over the age of 18 who is not attending a K-12 school is eligible to participate in classes. Students, ages 16 and 17, may attend classes if they receive an approved waiver from the local school district.

Who is eligible for online classes?
Online classes are available for people who cannot attend in-person class on a regular basis due to issues such as transportation, child care or work schedules. To be eligible for online classes, those interested must meet the following criteria:
- Must have access to a reliable computer with internet (preferably, broadband) access (home, library, etc.)
- Must be able to schedule at least 6-9 hours per week to work independently on computer-based and / or paper-based assignments.

How does a person register for classes?
To register for class, call the site closest to you or 1-888-LIT-SWLA to register for an upcoming new student testing session.

How much does class cost?
There is an annual $25 registration fee due at new student testing.

How long will it take me to earn the HiSET?
The amount of time it will take you to be ready to pass the HiSET exam will depend on the balance between your program entrance scores and the amount of time you spend studying the material each week. To help you attain your HiSET as quickly as possible, we ask that you make a strong commitment by attending classes regularly, taking the pre- and post-assessments and completing all assignments.

Can I take college level courses at SOWELA while I work on my HiSET?
Adults enrolled in adult basic education classes who test at or above the high intermediate level may be eligible to enroll in college level courses at SOWELA while they work on the HiSET. Contact the Literacy Council at 1-888-LIT-SWLA for more information.

Where are classes offered?
Lake Charles: Central School / Literacy Council, 809 Kirby St., Suite 126.
Lake Charles: SOWELA Main Campus: 3820 Sen J. Bennett Johnston Ave.
Grand Lake: CCOA Site--965 Hwy 384.
Jennings: SOWELA Morgan Smith Instructional Site, 1230 North Main St.
Deridder: Beauregard Education Link / First Street School--401 West First St.

Is the HiSET offered at SOWELA?
Yes. SOWELA has computer-based HiSET testing available on the main campus. There are five sections of the HiSET exam. Each section of the exam costs $27 and the total cost of the computer-based HiSET exam is $135.00.

Do I have to attend class to take the HiSET?
It is recommended that anyone who is not “HiSET Ready” participate in instruction prior to taking the exam. After intake-testing and orientation, anyone who is HiSET Ready is assisted with fast-track test preparation and scheduling the HiSET exam.
FALL 2014 SEMESTER
Full-Term Session
August 25 – December 15, 2014

March 31 – April 4 (Mon – Fri) ... Advising Days
April 7 – August 19 (Mon – Tues) ... Registration for Fall 2014
Registration ends at noon on 8/19/14
August 18 (Mon) ... Faculty return to campus
August 19 (Tues) ... Payment Deadline for Fall 2014 12:00 Noon
August 20 (Wed) ... Non-Payment Purge at 12:00 Noon
August 20 (Wed) ... Faculty Conference Day
August 20 – 29 (Wed – Fri) ... Late Registration Opens for Fall 2014
Late Registration begins and Add/Drop reopens at 1:00 p.m. on 8/20/14 and both end at noon on 8/29/14
August 25 (Mon) ... Classes Begin
August 25 — 29 (Mon – Fri) ... 100% Tuition Adjustment Period
August 29 (Fri) ... Non-Payment Final Purge
September 1 (Mon) ... Labor Day Holiday
August 30 – September 5 (Sat – Fri) ... 50% Tuition Adjustment Period
September 6 – September 11 (Sat – Thurs) ... 25% Tuition Adjustment Period
September 8 (Mon) ... Instructors submit final Show/No Show Report
September 9 (Tues) ... No Show Purge
September 11 (Thurs) ... Last Day to Drop Classes with a Refund
September 12 (Fri) ... 14th Instructional Day/Reporting Day
October 15 (Wed) ... Midterm Grades Due
October 29 (Wed) ... Last Day to Withdraw from the College or from Full-term Classes
November 3 – 7 (Mon – Fri) ... Advising Days

FALL 2014 SEMESTER
1st 7-Week Session (Session 7A)
August 25 – October 15, 2014

August 25 (Mon) ... Classes Begin for Session 7A
August 29 (Fri) ... Late Registration and Add/Drop reopens at 1:00 p.m. on 8/20/14 and both end at noon on 8/29/14
August 25 – 27 (Mon – Wed) ... 100% Tuition Adjustment Period for Session 7A
August 28 – 29 (Thurs – Fri) ... 50% Tuition Adjustment Period for Session 7A
August 30 – September 2 (Sat – Tues) ... 25% Tuition Adjustment Period for Session 7A

Dates for Fall 2014 Installment Payment Plan

July 10 (Thurs) ... Enrollment Opens for Fall 2014 Installment Payment Plan
Enrollment ends 08/29/14
July 15 (Tues) ... Payment Due for Fall 2014 Installment Plan

GENERAL ADMISSIONS REQUIREMENTS

All applicants must submit the following items (NOTE: Documents will not be returned once submitted):

1. A completed application form. The online application must be submitted prior to the first day of classes. Incomplete or false information may jeopardize admission to SOWELA.

2. All official transcripts of previous schooling. These official transcripts must be submitted to the Admissions Office. An official transcript is one that is mailed directly from the transferring college to SOWELA or submitted in a sealed envelope from the transferring college. Students are encouraged to request that their transcript be sent electronically to SOWELA from those colleges that participate in the escript system. Failure to do so may delay admission to SOWELA.

3. Proof of immunization. As required by Louisiana Law R.S. 17:110, all first-time students born after 1956 must provide proof of immunization against measles, mumps, rubella, tetanus, or diphtheria on campus, the college will require the students who are not immunized to stop attending classes until the outbreak is over or until they submit proof of adequate immunization.

4. Proof of Selective Service status. In accordance with the requirements of Louisiana Law R.S. 17:3151 and the Federal Selective Service Act, applicants who are between the ages of 18 and 25 must provide written evidence that they have registered with Selective Service before they will be allowed to register for classes. Acceptable documentation may be a copy of the applicant’s Selective Service Registration card or a printout from the Selective Service website indicating the applicant’s status.

The following categories of applicants are exempt from this requirement:

- Military personnel currently on active duty in the military
- Veterans who submit a copy of their DD214 discharge certificate

ADMISSION OF FIRST-TIME FRESHMEN

Applicants must provide an official high school transcript or official high school equivalency scores (GED or HSET) for admission into the associate degree programs and the Practical Nursing program. Applicants, who are graduates or attending a high school that is not approved by the state of Louisiana can be admitted with a GED or HiSET or official high school transcripts and ACT scores of at least 14 in English and 15 in math on a single ACT administration. The ACT scores are required in addition to the required SOWELA placement test scores unless the ACT scores meet the minimum ACT requirements for College level English and math as determined by the Louisiana Board of Regents.

ADMISSIONS TO THE PRACTICAL NURSING PROGRAM

Students interested in enrolling in the Practical Nursing program should apply to the College under the General Studies degree. Once the student has met the admissions requirements for the Practical Nursing degree program (see the programmatic admission requirements page 146) the degree program will be updated to Practical Nursing.

Students planning to enroll should request that their ACT scores be sent to the Admissions Office at SOWELA. SOWELA’S ACT Code is 5064. The official transcript must indicate successful completion of college English Composition and College Algebra. In order to successfully complete a course for transfer, the student must receive a grade of C or better.

ASSET or COMPASS scores may also be used for placement. Students whose test scores indicate a need for additional preparation in basic skills will be required to enroll in appropriate transitional courses to help prepare them for success in higher level courses.

SOWELA’S placement exams are administered for course placement only and are not used in determining admission to the college except when academic achievement levels are required by a licensure board (i.e. the Louisiana State Board of Practical Nurse Examiners). Test scores are primarily used for advising and placement purposes. A student that tests into transitional courses may be permitted to enroll in a limited number of other courses determined by the department as not requiring a prerequisite.

ADMISSION OF INTERNATIONAL STUDENTS

SOWELA welcomes international students and values their contribution to enhancing the cultural diversity of the College. International students are issued a SEVIS form I-20 by SOWELA after the applicant:

1. Completes a SOWELA application.
2. Meets entrance requirements on SOWELA’s placement test or ACT, or (if the applicant’s native language is not English) scores 450 or more on the paper/pencil Test of English as a Foreign Language (TOEFL) or a 133 on the computerized TOEFL. If the applicant has completed coursework for regular academic credit at another USA institution, it may be used in place of TOEFL.
3. Provides the following documentation to the Admission’s Office:
   a. Birth Certificate or other proof of citizenship.
   b. Documentation of high school completion.
   c. Affidavit of support (INS Form I-134) or SOWELA’s affidavit of support.
   d. Proof of immunization as required of all students.

All documentation must be in English or accompanied by certified translations in English. An M-1 student must be a full-time student and is not allowed to accept any form of employment. An M-1 student has 30 days to depart the United States after completion of his/her course of study. For additional information call (800) 256-0483 or (337) 421-6565.

ADMISSION OF TRANSFER STUDENTS

A transfer student is any student who has been previously enrolled at any college or university. Transfer students may enroll at SOWELA if they are eligible for readmission at the last school attended. Transfer students may be admitted...
STEPS program provides high school seniors a jump start on college. Students in the STEPS program experience the college environment while completing their high school diploma and earning college credits.

Students from participating high schools may enroll in STEPS under the direction of the STEPS coordinator and their high school counselor. Students must meet the minimum requirements of the following diploma paths to qualify for the STEPS program:

**Career Diploma**
- Graduating senior pursuing a Career Diploma that is school-approved
- Maximum of two (2) core courses left for graduation (English, math or science)
- Minimum of 18 high school credits earned
- Meet SOWELA's placement exam standard or required ACT score
- Minimum of twelve (12) semester hours of SOWELA Courses enrolled per semester (fall & spring)
- Open to most SOWELA diploma/degree plans

**La Core 4/Basic Core Curriculum**
- Graduating senior pursuing a La Core 4 or Basic Core path that is school-approved
- Minimum of 18 high school credits earned
- Meet SOWELA's placement exam standard or required ACT score
- Minimum of twelve (12) semester hours of SOWELA courses enrolled per semester (fall & spring) including any high school core dual enrollment courses needed for graduation
- Open to most SOWELA diploma/degree plans

Tuition and books are paid for through a state grant for high school seniors who meet the STEPS admission requirements and choose to attend SOWELA during their senior year of high school. The only cost to the student is to cover mandatory fees per semester.

ADMISSION OF READMIT STUDENTS

Students who have once attended SOWELA, but have not been enrolled for a full semester (with the exception of the summer semester), must submit a new Application of Admission. It the enrolling student has attended another university/college during the lapsed period, a transcript from that institution is required. Students applying for readmission are subject to the most current fees.

ADMISSION TO SENIOR TECHNICAL EDUCATION PROGRAM AT SOWELA (STEPS)

The STEPS program is designed for students who:
- Desire to start college education where there is a smaller student to teacher ratio,
- Want to earn a college degree,
- Want to understand what it is like to attend college,
- Are serious about their education,
- Want to attend college, and
- Wish to get an early start on completing their college education.

For additional information, contact the counselor at participating high schools or phone the STEPS office at (337) 421-6597.

EARLY ADMISSIONS

A student may be able to take classes at SOWELA while still in high school as part of our Early Admissions Program. Students currently enrolled as a junior or senior in high school or home schooled in a BESE approved home school may qualify to attend SOWELA if the following requirements are met:

- Grade Point Average of 3.000 (out of a 4.000) system
- A letter from the high school counselor or principal recommending them for enrollment. Homeschool students must have a letter from someone outside the home that is aware of the student's academic progress.
- An official high school transcript. Documentation of approval for homeschooling from BESE will also be accepted.
- Students must meet all college admission and registration requirements and procedures.
- Students must meet college-level entrance requirements on either the ACT or COMPASS exam.
- Students must pay course tuition, book costs, and fees.

Please note that the classes taken through the early admissions program may not count for credit toward the student's high school diploma or substitute for any high school course requirements.

ADMISSION OF NON-MATRICULATING STUDENTS

Students interested in gaining a basic understanding of course material without the pressure of examination may take classes for non-credit.
Sowela Technical Community College

**Orientation**

All new students are required to participate in an orientation session designed to assist in adjusting to college life. First time students must participate in orientation in order to register for their first term.

Orientation is conducted each term for new students by the Office of Student Affairs to acquaint each student with the staff, buildings and grounds, policies, and rules and regulations of SOWELA.

Each student will be assigned a departmental faculty adviser after the orientation. The faculty adviser will assist the student with curricular advisement during advising days.

**Online Orientation**

SOWELA new students have the option to participate in new student online orientation. However, all students must attend one face-to-face orientation for new students. For additional information regarding online orientation please contact the Office of Student Affairs at (337) 421-6570.

Schedule your COMPASS placement exam online at your convenience. Go to www.sowela.edu. There you will find the link to schedule and pay testing charges online.

**COMPASS Exam Testing Charges:**

- **$25.** (Reading, Writing and Math)
- **$18.** (Two Sections)
- **$11.** (One Section)

**College Board Advanced Placement Program (AP)**

Students who have taken part in the Advanced Placement Program of the College Board may receive credit for examinations at SOWELA. Students who have participated in this program and who plan to enroll at SOWELA should have their AP exams score sent to the Office of the Registrar (College Code 6808). Additional information may be obtained from the Office of the Registrar.

**College Level Examination Program (CLEP)**

Students who have taken the College Level Examination Program (CLEP), may be eligible to receive credit at SOWELA. Students who plan to enroll at SOWELA should have their (CLEP) exam scores sent by mail to the Office of the Registrar (College Code 5048).

---

**Tuition and Fee Schedule**

Note: The table below reflects the estimated rates for 2014-2015. These rates are subject to change at any time.
Fee Assessment Details

Operational Fee
Effective Fall 2004, State of Louisiana Legis-lator's and LCTCS approved an operational fee to be assessed at all state colleges and universities. The operational fee is $3 per credit hour (Maximum $36 per enrollment period).

Student Services Fee
Effective Fall 2011, LCTCS and the Board ap-proved a Student Service Fee to be assessed at all LCTCS colleges. This covers fees for student services such as registration, financial aid, bursar, campus security, library, etc. The Student Service Fee is $2 per credit hour (Maximum $24 per en-rollment period).

Academic Excellence Fee
Academic Excellence fee is $7 per credit hour (Maximum $84 per enrollment period). Atypical courses are assessed as a separate en-rollment period. The Academic Excellence Fee promotes academic excellence at the college by enhancing institutional programs. This fee was approved by the State Legislature in 2003.

Enterprise Resource Planning Fee
Effective Fall 2010, LCTCS and the Board ap-proved an Enterprise Resource Planning fee to be assessed at all LCTCS colleges. The enterprise re-source planning fee will support the implementation and operation of the ERP for the LCTCS. The Enterprise Resource Planning Fee is $3 per credit hour (Maximum $36 per enrollment period).

Building Use Fee
Effective Fall 2013, State of Louisiana Legis-lator's and LCTCS approved a building use fee to be assessed at all state colleges and universities. The building use fee will be used to construct, acquire, repair, maintain, operate, or improve the facilities and physical infrastructure of the college. The building use fee is $4 per credit hour. (Maximum $48 per enrollment period.)

Technology Fee
The student technology fee is $5 per credit hour (Maximum not to exceed $60 per enrollment period). All students pay a student tech-nology fee which supports existing technological resources on SOWELA’s campus and provides for upgrades and improvements.

Student Activity Fee
Based on the results of a student referendum held in the fall semester 2013, a student activ-ity fee of $4 per credit hour (Maximum not to exceed $48 per enrollment period) is being im-plemented effective Fall 2014. All students pay a student activity fee which will provide essential resources to build a vibrant student life experi-ence at SOWELA.

Student Government Association Fee
All students pay this fee which supports the student activities sponsored by the SGA.

Parking Fees/Permits
Vehicle registration permits are issued from the Office of Facilities at a cost of $20 each. All faculty, staff, and students who operate vehicles on campus must register their vehicles and dis-play the hanging permit from their rearview mir-ror so that it is visible at all times. Vehicle reg-istration allows authorized students to park in zones to which they are entitled only if space is available. The operation of a motor vehicle on campus is a privilege granted by SOWELA Technical Community College. Failure to abide by the regulations will revoke this privilege and/or result in disciplinary action.

Graduation Fee
Students who will be graduating are required to pay a graduation fee of $60 during the period of time established for this purpose. The fee cov-ers your cap and gown, and will defray gradua-tion costs. This fee will be paid at the time of registration for the student’s final term and is NONREFUNDABLE. This fee is required even if the student does not plan to attend the gradua-tion ceremony.

Library Fines
The Library and Learning Resource Center (LLRC) has a one month loan period for books with the option to renew materials for an addi-tional month. At the end of the loan period, ma-terials that have not been returned or renewed are considered overdue. The LLRC charges twenty-five (25) cents per day for each overdue book. When a book is reported lost or long overdue the user is charged for the replacement cost and assessed a $20.00 processing. Overdue notices are sent through U.S. mail. A “flag” or stop is placed on a student record when fines are owed. Students may not register for classes or receive transcripts until their account is settled.

Safety Fee
A $2 per credit hour fee has been established for the purpose of providing educational and training materials to instruct students and faculty about the prevention of fire, crime, and other emergencies. The fee is paid to the State Fire Marshal. This fee is assessed at all LCTCS colleges.

Late Registration Fee ............................... $25.00
Graduation Fee ....................................... $60.00
Testing Fee* (if applicable) ...................... $25.00
Credit Card Service Fee ...2.75% of total amount charged.
**Course specific lab and other fees vary by department and term.

Tuition and Fees for Online Courses
The Board of Supervisors of the Louisi-ana Community and Technical College System (LCTCS) approved equalizing and standardizing tuition and registration fees for all online credit courses to provide equity and convenience for online students. These fees are in addition to campus courses. There is no cap on tuition and fees related to these courses. The Tuition and Fees for Online Courses have been established as follows:

Tuition per credit hour $131.68
Online ERP Fee per credit hour $3.00
Registration fee per student $40.00

PAYMENT OPTIONS
Payment Methods Accepted in Person/MAIL – Business Office
Personal checks, cashier’s checks, traveler’s checks, money orders, or cash payments may be made in the SOWELA Business Office in Lake Charles or in the Front office in Jennings at the Morgan Smith Campus. A current student ID or valid State issued ID is required to disclose any financial information. Payments by mail must be received 48 hours before an established payment deadline and should include the student’s ID number to ensure proper credit of payment. It is the student’s responsibility to ensure the payment is received in the Business Office. Please do not mail cash or traveler’s checks. Credit/Debit Cards are no longer accepted as a form of payment in person or via phone.

PAYMENT OPTIONS
Payment Methods Accepted through our Online Payment Gateway
The student or authorized user can make payments by electronic check (e-check), or pay by credit/debit card. MasterCard, American Express, Discover, and Visa are all accepted. The e-check option is entirely free while a 2.75% service fee will be charged for each transaction processed using a credit/debit card (This is a non-refundable fee and is paid directly to CashNet, not to the college).

RETURNED CHECKS
All returned checks and/or credit card charge backs due to insufficient funds, unauthorized use, cancelled card or fraud will be assessed a $25 fee
TUITION DEFERMENT PLAN

SOWELA has contracted with CashNet to provide the ability for students to participate in an installment plan. Students who do not pay the down payment by the given deadline will have their classes dropped. The applicable fee must accompany any payments, and payments are due even if a statement is not received in the mail.

TUITION PAYMENT PLAN “THE PLAN”

SOWELA has an established contract with a third-party vendor, cashnet, to provide a payment plan (“The Plan”) for students (formerly offered directly by SOWELA as a “deferment plan”). To participate in The Plan, students must enroll in a full Fall, Spring, or Summer Semester at SOWELA Technical Community College. The Plan allows students to pay for tuition and fees through monthly installment payments throughout the semester. The number of monthly installments is determined by the date of enrollment and the final payment due date. Final payment due dates are as follows and are subject to change at any time:

- **Fall 2014** Final Payment is Due by July 15, 2014
- **Fall 2014** Final Payment is Due by November 15, 2014
- **Spring 2015** Final Payment is Due by April 15, 2015
- **Summer 2015** Final Payment is Due by July 15, 2015

A one-time, non-refundable fee of $30.00 will be charged upon enrollment in The Plan and is set by and paid directly to the vendor. The first installment (down payment) is due at the time of enrollment. If any installment payment is not received within 15 calendar days after its due date, a late fee of $10.00 will be assessed by the vendor. Please note that declined attempts for credit card or ACH charges or returned checks may also result in late fees if a valid payment is not received by the due date.

The Tuition Adjustment Policy for SOWELA Technical Community College is as follows:

- **A 100% Tuition Adjustment** of Tuition, and all fees will be made to students who resign from all classes or drops a course(s) during the first five instructional days (Add/Drop Period) of the fall and spring semester and the first three instructional days for the summer semester and mini-semesters.
- **A 50% Tuition Adjustment** of Tuition, Operational Fee, Academic Excellence Fee, and Technology Fee will be made to students who resign from all classes or drops a course(s) after the 5th instructional day through the 9th instructional day of the semester for the fall and spring semester and after the 3rd instructional day through the 5th instructional day of the semester for the summer semester and mini-semesters.

These dates are subject to change at any time.

Student’s Fiscal Responsibility

By enrolling in classes at SOWELA Technical Community College, the student makes a financial commitment to pay the tuition and fee charges associated with that enrollment. The enrollment action constitutes a financial obligation between the student and SOWELA.

The following terms and conditions are financial requirements of each student’s education related to their registration for a term at SOWELA Technical Community College. The payment of tuition and fees is the obligation of the student. By processing a course registration a student acknowledges they have read and agree to the following terms and conditions:

- **A 25% Tuition Adjustment** of Tuition, Operational Fee, Academic Excellence Fee, and Technology Fee will be made to students who resign from all classes or drops a course(s) after the 9th instructional day through the 13th instructional day of the semester for the fall and spring semester and after the 5th instructional day through the 6th instructional day of the semester for the summer semester and mini-semesters.
- Other registration fees such as: Student Services Fee, Enterprise Resource Fee, SGA Fee, Parking Fee, Lab Fees, and other miscellaneous fees are not refundable during the Tuition Adjustment Period.
- No Tuition Adjustments shall be made after the 13th instructional day for the fall and spring semester or after the 6th instructional day for the summer semester.
- No refund shall be made for non-credit courses unless the class is cancelled.
- No refund shall be made for testing fees or application charges.

Fall 2016 and Spring 2017 instalments were due as follows: By 1/16/2016 at noon
SOWELA Technical Community College

- Registration constitutes a financial agreement between you ("Student") and SOWELA Technical Community College. Tuition, fees and other charges you incur, including but not limited to testing charges, course specific fees, fines and bookstore charges ("Charges"), shall be added to your student account.

Once you formally register for classes, you assume the responsibility for understanding SOWELA's official policies concerning schedule changes, satisfactory academic progress and the financial policies of the College as described in the current SOWELA Technical Community Catalog and Student Handbook.

Charges left unpaid for prior terms may result in dis-enrollment from your current term courses unless payment arrangements are made prior to payment deadlines.

- Withholding of services: If you have any outstanding obligations with any college in the Louisiana Technical Community System, SOWELA reserves the right to withhold future services including but not limited to registration, transcript requests, diploma, use of university facilities, and other services as deemed appropriate.

- Students withdrawing after the stated refund dates remain liable for full tuition and fee charges.

- In the event the student becomes delinquent in paying Charges or defaults in repaying Charges the debts may be transferred to the State of Louisiana Attorney General's Office, or another outside collection agency, for collection.

- If SOWELA Technical Community College prevails in a lawsuit to collect on this financial obligation, Student will pay SOWELA's court costs, collection agency costs and attorney's fees in an amount the court finds to be reasonable.

- Collection costs incurred in the event of delinquency shall be at the expense of the Student.

- SOWELA accepts payment via student financial aid and third party sponsorship, but the responsibility for payment remains with the student. It is your responsibility to keep track of your account balance and any funding sources. If financial aid is not granted or if third party sponsors do not pay within a reasonable period, the student will be required to pay the full amount due.

- You consent to receive e-mail notifications to your @sowela.edu e-mail address of the availability of an E-Bill (Electronic Billing Statement) and consent to review billing statement information on SOWELA Web Payment System.

- It is the student's responsibility to check his/her SOWELA student e-mail daily and maintain a current postal address to ensure receipt of all College correspondence.

HIGHER ONE REFUND DEBIT CARD

SOWELA has partnered with Higher One, a financial services company, to provide a method of refund disbursement to the college. Higher One will be handling all refunds for SOWELA's credit students via an electronic disbursement format. As a SOWELA credit student you must activate your preference to receive a refund through the Higher One account. You then will be given the option to have your financial aid and tuition refunds disbursed via the SOWELA Debit Card or an electronic transfer to an existing bank account of your choosing. We are very excited about this opportunity to provide students with faster choices on how they want to receive their refund.

A $20 replacement card fee is due at the time of re-ordering an active card.

Contact the Business Office to request a replacement card.

To learn more about Higher One and this great service, visit the Higher One www.higherone.com or www.lctcsdebitcard.com websites.

When you receive your official student refund card, or the SOWELA Debit Card in the mail, activate your refund preference within two business days at www.lctcsdebitcard.com. It is easy!

Even if you do not anticipate a tuition or financial aid refund, activation is required. Do not throw your card away!

Remember it is vital to verify and update your address, phone and e-mail to insure the quickest refunds.

FINANCIAL ASSISTANCE

The Office of Financial Aid works closely with all applicants and students to provide information on financial aid programs which assist with the costs related to their education. It is the responsibility of the applicant or student to make application and provide necessary documentation to establish eligibility with each financial aid source. The financial aid staff works with the agencies providing funding to SOWELA students. As requested, attendance and progress reports are provided to the funding agencies.

Brief descriptions of financial aid sources follow. More details can be obtained through the Office of Financial Aid or from the various agencies providing financial assistance to SOWELA students.

The Federal Government mandates that students maintain satisfactory academic progress toward completion of their degrees within a reasonable period of time in order to be eligible for Title IV financial aid programs (grants, work-study, and National Guard).

Satisfactory Academic Progress (SAP) Policy

Effective summer 2013

The Federal Government mandates that students maintain satisfactory academic progress toward completion of their degrees within a reasonable period of time in order to be eligible for Title IV financial aid programs (grants, work-study, and National Guard).

Satisfactory Academic Progress (SAP) is defined as:

- Passing 67% of all hours attempted
- Achieving a required grade point average (see GPA chart)
Satisfactory Academic Progress (SAP) will be reviewed again after each semester (*increment = one semester) for students enrolled in a technical diploma programs.

SOWELA Associate Degree Program: Satisfactory Academic Progress will be reviewed again after the spring semester (*increment = fall/spring semester combined) for students enrolled in associate degree programs. (Also, reviewed at the end of summer if applicable)

How is SAPReviewed? (Three measures- Qualitative, Quantitative/PACE, and Maximum Time Frame)

In calculating/reviewing SAP, all hours and grades attempted will be considered. These include, but are not limited to, courses passed, courses failed, courses from which the student withdrew, repeated courses, transfer/accepted courses, non-credit transitional/remedial coursework, and courses for which the student did not receive any financial aid.

1. Qualitative Measure (GPA)

The qualitative standard is the student's cumulative grade point average (GPA). The qualitative standard requires that as the number of hours attempted increases, the student's cumulative GPA increases. SOWELA students will need to achieve a cumulative GPA relative to the total number of hours attempted as outlined in the chart below:

Students can calculate their GPA using the GPA Calculator located on the SOWELA website at: http://www.sowela.edu/GPA_improvement_planning_calculator.asp

2. Quantitative Measure/PACE

In calculating the quantitative measure, we will measure the “PACE” at which the student is progressing. This is done by dividing the total hours passed by the cumulative hours attempted. (Example: total attempted hours for = 43, total passed hours = 24. So the calculation would be 24 / 43 = 55% . This student only has a 55% completion rate – does not meet SAP). SAP will be met if the student is achieving the appropriate cumulative GPA (see GPA chart above) and the Pace is equal to 67% or higher and the student has not reached 150% maximum time frame allowed for their degree program. (See Maximum Hours Allowed below)

HOW OTHER FACTORS PERTAIN TO SAP

“I” Grades - An “I” (incomplete) will be considered an “F” until a letter grade is assigned in its place. It is the student's responsibility to notify the Financial Aid Office of the grade change.

Transitional/Remedial Courses - A maximum of 30 hours of transitional/remedial courses will be used to determine enrollment status for financial aid. After a student has attempted 30 hours of transitional/remedial hours, she/he cannot receive financial aid for transitional/remedial hours. From that point forward, transitional/remedial hours will not count in enrollment status or cost of attendance for financial aid purposes.

Withdrawals - For a student who stops attending class officially or unofficially, the last date of attendance in each class will be used to calculate how much of your aid was earned for the semester.

Official Withdrawal - (also called Resignation) A student who totally resigns (receives all Ws) is considered to have officially withdrawn from school.

Unofficial Withdrawal - Students receiving Title IV aid who stop attending all classes (or never begin attendance) and receive all F’s or WNs will be treated as unofficial withdrawals. Students who are suspended from all courses based on unexcused absences will be treated as unofficial withdrawals.

Transfer Students - Transfer students are required to meet the minimum academic standards set by SOWELA in order to receive Federal Financial Aid at SOWELA Technical Community College. A transfer student must supply the SOWELA Admissions Office with a transcript from any previous institutions of attendance. Only courses accepted at SOWELA will be used in the SAP calculation for GPA and hours.

STEPS & Early Start (Dual Enrollment) Students - Early Start (Dual Enrollment) and all other high school students taking college courses during high school will have these courses evaluated when matriculating at SOWELA Technical Community College. If a student's college level courses fail to meet the appropriate cumulative GPA (see GPA chart) and/or 67% completion requirements, she/he will not be eligible for federal financial aid.
Academic Amnesty - Academic amnesty does not affect or alter the student’s financial aid records (academic transcript) for financial aid eligibility. All courses, hours attempted, and grades will be counted for financial aid Satisfactory Academic Progress. This means if for any reason you are allowed to receive a “fresh start” and have all prior SOWELA coursework removed, this WILL NOT remove the coursework from your transcript (all courses, hours, and grades will be counted) for Financial Aid purposes.

Repeated Courses - Repeated courses which were previously failed are counted in hours pursued and, if successfully completed, hours earned/passed. Only one repeated course may be funded with Title IV federal aid if the student has previously passed the course.

WHAT HAPPENS ONCE SAP IS REVIEWED?

At the time of SAP review, students will fall into one of the following categories:

- **Good Standing**: Student has met progress standards and is eligible for aid for the following semester or academic year.
- **Suspension**: Student has not made progress. Student is no longer eligible for Financial Aid. Please see re-establishing eligibility below.
- **Probation**: Student has NOT met progress standards, but has an approved appeal and is eligible for financial aid for one semester or length of Academic Plan.

RE-ESTABLISHING FINANCIAL AID ELIGIBILITY

Should a student choose to “sit out” or attend another school for a period of time, she/he is still subject to meeting the SAP requirements for the semester in which she/he re-enrolls at SOWELA.

“Sitting out” has no bearing on regaining eligibility.

Students must enroll and be attending to re-establish your financial aid eligibility. Should you choose to “sit out” a semester, you are still subject to meeting the conditions listed below for the semester in which you re-enroll.

Students who do not meet SAP Standards have two options to receive Financial Aid in future semesters:
1. Attend and regain without the benefit of financial aid - Students may attend at their own expense without the benefit of federal financial aid, attempt and pass a cumulative 67% of hours attempted and earn the appropriate GPA. (See GPA increment chart)
2. Appeal to the Financial Aid Office:

   **Appeal (without an Academic Plan):**

   If the institution determines that the student is able to meet the Satisfactory Academic Progress requirements by the end of one semester (the semester that the student is appealing), the student may appeal to the Financial Aid Department. If the appeal is approved, the student will be considered on “Probation”, meaning the student is eligible for aid for one semester only. To meet the Satisfactory Academic Progress requirements the student must earn the appropriate cumulative GPA (according to the GPA increment chart), maintain PACE by passing/earning 67% percent of cumulative course attempted, and not exceed 150% of degree program.

   **Appeal (with an Academic Plan):**

   If a student wants to submit a Financial Aid appeal and it is clear the student will NOT be able to meet the progress requirements by the end of the semester for which the student is appealing, the student MUST see their Academic Advisor who will place the student on an Academic Plan that if followed, will ensure that the student will be able to meet the SOWELA SAP requirements by a specific point in time without exceeding 150 percent of the degree program. If the student is unsure on if they will need a plan, students may use calculators listed below to determine if SAP will be met in one semester or will require multiple semesters, therefore needing an academic plan.

   The student must submit a copy of the Academic Plan along with the Financial Aid Appeal form and Appeal Letter. If the appeal is approved, the student will be considered on “probation with Academic Plan”, meaning the student is eligible for aid as long as the student adheres to the Academic Plan. Students who are following an Academic Plan will need to see an Advisor each semester in order to register for classes.

   If the appeal is approved, the Academic Plan requires 100 percent successful completion, no drops or withdrawals, and a specified GPA. Please view your LoLA account to see your current SAP status. You may use the following calculators to assist you with determine your status:

   - http://www.sowela.edu/satisfactory_academic_progress_calculator.asp
   - http://www.sowela.edu/GPA_improvement_planning_calculator.asp

   **HOW TO SUBMIT A FINANCIAL AID APPEAL**

   Students who do not meet Satisfactory Academic Progress (SAP) standards may have the right to appeal to the Financial Aid. These appeals are generally based on mitigating circumstances.

   Examples of mitigating circumstances may be defined as, prolonged illness, accidents that require hospitalization to the student or a close family member, death of an immediate family member, or other types of accidents or incidents.

   The student must provide the following in order to appeal:

   1. Complete a Financial Aid Appeal Form (located on our web page www.sowela.edu/fina_ncialaid.asp)
   2. Submit a typed letter that includes all of the following:
      a. Why the student failed to make satisfactory academic progress.
      b. Why the student is appealing. Example: not meeting a 2.0 GPA or 67% completion rate.
      c. What types of mitigating circumstances existed and documentation of the situation.
      d. What has changed in the student’s situation that will allow the student to demonstrate progress at the next SAP evaluation.
   3. If it is clear that the student will be unable to meet SAP in one semester, he/she must also submit an Academic Plan (provided by the Academic Advisor).

   *All appeals MUST have documentation that corresponds with the type of appeal the student is filing.*

   If the appeal is approved, and the institution has determined that the student should be able to meet the SAP standards by the end of the semester, the student will be placed on “Probation” and would be eligible for aid during the next semester. The student’s academic progress will be reviewed at the end of that semester. If, at the end of the semester, the student does NOT meet the SAP requirements, the student is no longer eligible for federal aid until the student attends at his own expense and meets all SAP requirements.

   If the appeal (with an Academic Plan) is approved, the student will be placed on “Probation with Academic Plan”, meaning the student
is eligible for aid as long as the student adheres to the Academic Plan. The Academic Plan requires 100% successful completion, no drops or withdrawals, and a specified GPA.

The student’s academic progress will be reviewed at the end of each semester until the student meets all SAP requirements specified in the Academic Plan.

If the appeal is DENIED, the student is not eligible to receive federal aid and must attend at his own expense.

The appeals decision is FINAL; therefore, a student may not appeal the decision.

RETURN OF TITLE IV FUNDS POLICY
ATTENTION SOWELA FINANCIAL AID RECIPIENTS: Class enrollment and attendance should be taken seriously, it is important to know and understand your class schedule and it is your responsibility to attend class. If you must resign from SOWELA you must do so officially.

If a student, who is disbursed Title IV financial assistance, withdraws or stops attending class on or before completing 60% of the semester in which the Title IV aid was disbursed, the following Return of Title IV Funds policy will be applied. SOWELA Technical Community College will apply the federal Return of Title IV Funds policy per the Higher Education Act of 1998. This policy will apply to any student who receives Title IV aid: Federal Pell Grant and the Supplemental Education Opportunity Grant (SEOG). This applies to any student receiving Title IV aid who officially withdraws, drops out, is suspended, takes an unapproved leave of absence (unofficial withdrawal), and/or does not attend all scheduled classes. The policy will also apply when a student is dropped from their classes by the instructor due to excessive absences.

The amount of Title IV Funds to return to the applicable federal programs will be determined, using the student’s last date of attendance and calculating the percentage of the enrollment period for which the student did not complete. Scheduled breaks of five or more consecutive days are excluded. SOWELA Technical Community College will return the lesser of the total of unearned aid or an amount equal to institutional charges multiplied by the percentage of unearned aid. SOWELA must return unearned funds within 45 days of the date of determination of the withdrawal date.

Failure to attend class or failure to resign properly could cause the student to receive a letter grade of “F” in all courses. In this case, the student would still be subject to the return of funds policy once a last date of attendance is established. Merely discontinuing class attendance is not considered to be a formal resignation from the college.

If a student’s portion of unearned Title IV funds is a federal grant, the student will be required to return no more than 50% of the amount received for the enrollment period. The student will be notified of the amount of money that must be repaid to SOWELA due to unearned funds that the school had the responsibility to return.

In the event of resignation, the SOWELA institutional refund policy will be applied and tuition will be reduced by that amount. The student may be liable for any Title IV funds disbursed to their account in excess of the amount allowed by federal regulations. The school will collect the portion of any assistance owed by the student. If no payment is received, holds will be placed on the student’s account and the student will lose eligibility for Title IV aid unless the overpayment is paid in full or satisfactory repayment arrangements are made.

Unearned funds are allocated to the Title IV programs from which the student received assistance, in the following order: Federal Pell Grant, and other Title IV programs.

After the institutional refund has been credited in this order, any remaining amount will be returned to the student.

Withholding of Academic Transcripts
Transcript requests will be denied for individuals who are in default on a federal student loan or who owe a refund on a federal educational grant. Please contact the Financial Aid Office with any questions or concerns regarding this policy.

Types of Aid Available:
Federal Pell Grant
The Federal Pell Grant is considered gift-aid that does not have to be repaid, unless the student never begins attendance or withdraws from school and owes a refund. The amount the student receives depends on his/her financial need, cost of attendance, and enrollment status. Student must complete the FAFSA (Free Application for Federal Student Aid). The Pell Grant award is based upon the student’s FAFSA and enrollment status. The Pell Grant award is based solely on financial need.

FSEOG Grant
The FSEOG Program provides need-based grants to help low-income undergraduate students finance the cost of postsecondary education. Priority is given to those students with exceptional need on a first-come, first-served basis. This grant does not have to be repaid, unless the student never begins attendance or withdraws from school and owes a refund. The amount of FSEOG a student receives depends not only on his/her financial need but, also, on the amount of other aid the student receives and the availability of funds. The individual amount of a student’s award is based on the availability of funds, hours enrolled and the student’s demonstrated financial need.

Taylor Opportunity Program for Students
The Taylor Opportunity Program for Student (TOPS) scholarship is awarded to graduating Louisiana high school seniors who have met certain academic requirements and have filed a Free Application for Federal Student Aid (FAFSA). The TOPS scholarship will only fund the tuition portion of institutional charges for two academic years. It does not cover the cost of books, supplies, and fees. TOPS recipients must enroll in an eligible school, as a full-time student, within one year after graduation from high school. To maintain eligibility, completion of 24 credit hours during the fall and spring semesters, with a minimum overall GPA of 2.5, and yearly submission of the FAFSA are required. For more information, please contact your high school counselor or the Louisiana Office of Student Financial Assistance (800) 259-5626, ext: 1012.

Federal Work-Study Program
The Federal Work-Study Program (FWS) is an award from federal funds that allows a student to earn money to meet educational expenses. A student must have financial need to be awarded work-study. This program encourages community service and work related to the student’s course of study. Students will be paid at least the federal minimum wage and can work 10 to 20 hours per week.

Veterans Affairs Educational Benefits
The potential recipient must complete the application process online at www.gibill.va.gov or through the local Veteran’s Affairs Office located...
Verification of enrollment for the student is completed electronically by the Financial Aid Office after the application process and no sooner than the first week of class.

**Note:** Once the student receives an eligibility letter from the Department of Veteran’s Affairs, he/she should contact the Financial Aid Office.

**Louisiana National Guard**

Members of the Louisiana National Guard may be exempt from paying the tuition portion of fees. The exemption only covers the tuition portion and the student is still responsible for any and all additional fees relevant to payment of classes before the semester of study begins. The student may claim the exemption at the time of registration by identifying himself/herself as an eligible recipient of this exemption. Eligibility is confirmed via a list of eligible recipients given to the Financial Aid Office by the state.

**Scholarships**

A number of SOWELA Foundation and institutional scholarships are available due to the generosity of local donors and supporters of SOWELA. A scholarship application may be completed in the Financial Aid Office. Notices will be posted in the Financial Aid Office and throughout the campus when a specific scholarship becomes available. Departmental scholarship notices will be posted within the specific department.

**Louisiana Rehabilitation**

A person with a physical or mental disability severe enough to be considered a vocational handicap may qualify for financial assistance through Louisiana Rehabilitation Services. Students wishing to apply under this program should contact the local Louisiana Rehabilitation Office for assistance at 3616 Kirkman Street, Lake Charles, LA 70605, or call (337) 475-8038.

**Workforce Investment Act (WIA)**

WIA is a federally funded program that assists adults, dislocated workers, and youth (ages 14 – 21) by providing job training, education, and employment services. Interested individuals must participate in a three-step process (Core, Intensive, and Training), after which eligibility is determined by the WIA office. Services are subject to availability, but may include tuition, books, supplies, child care, transportation, etc. For more information contact the Workforce Center at 4250 5th Ave, Lake Charles, or by phone at (337) 475-4901.

**HARDSHIP WAIVER OF TUITION and FEES**

The Hardship Waiver of Tuition and Fees Policy provides a tuition exemption to eligible Louisiana students for the increase in tuition along with the cost of the Academic Excellence Fee and the Operational Fee. Students must complete an application and meet all criteria in order to be eligible; application must be made each semester or session. The Hardship Waiver of Tuition and Fees Application can be found at the Financial Aid Office and in the offices of each academic department. The policy and the application can also be found on the Financial Aid page of the College’s web site.
INDEBTEDNESS TO THE INSTITUTION
Students who do not meet their financial obligations as scheduled are not permitted to continue attending classes. The College will not release a transcript or other information unless the financial account of the student is paid in full and the student is in good standing.

Fines and replacement fees will be assessed for overdue books and other materials borrowed from the library. For non-returned items, the cost of replacement will be charged to the student. Unpaid fines and replacement fees will be added to the student's bill and will result in a hold being placed on the student's records.

A non-sufficient fund fee (NSF) of $25.00 will be charged to students who write NSF checks to SOWELA. The amount owed, plus the $25.00 fee, must be paid in cash in the Business Office upon notification by the school.

The charge for each returned check is $25.00. If the check is written payable to SOWELA by a student or on his behalf and is returned to the College, that student will forfeit all check writing privileges with SOWELA in the future. Payment by cash, cashier's check, money order, or credit card will be required.

Putting a stop payment on a check will not constitute an official resignation from the College.

STATEMENT OF NON-DISCRIMINATION
SOWELA supports the Civil Rights Act of 1964, “Executive Order #11246, Title IX” of the Educational Amendments of 1972”, “Section 504”, of the Rehabilitation Act of 1973, and the Americans with Disability Act. No person shall be excluded from participation in, denied the benefits of, or subjected to discrimination under any program or activity of the college on the basis of age, race, religion, color, sex, national origin, or disability. Any student who has a grievance related to discrimination should contact the Executive Director of Enrollment Management and Student Affairs or Designee.

STUDENT EDUCATIONAL RECORDS
A SOWELA student educational record includes all the documents required for admission to the College as well as electronic, digitized and paper documents related to registration, add/drop or withdrawal from classes, academic standing, attendance, appeals, credential completion, graduation and placement. Other documents related to enrollment may also be included. The security, maintenance and integrity of the student educational record is the responsibility of the Registrar's office.

The Nursing Department maintains records required for students to become certified by the Louisiana State Nursing Board. In addition to the documents required for admission to the College, a copy of the student's driver's license, social security card and an original birth certificate are maintained.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)
SOWELA intends to fully comply with the Family Educational Rights and Privacy Act (FERPA). This Act gives students the right to inspect and review their educational records, to request correction of inaccurate or misleading information, to authorize disclosure of educational records, and to file complaints with the U.S. Department of Education concerning alleged failure to comply with the act.

Student information will be released only upon the student's written request or authorization.

To gain access to their educational records, students must submit a written request, available in the Registrar's Office, which specifies the records that they wish to inspect. Access to records will ordinarily be provided within 24 hours of the student's request.

If students believe that any information in their records is inaccurate, misleading, or in violation of their privacy rights, they may complete a Request to Amend Records form available in the Registrar's office.

At the post-secondary level, parents have no inherent right to inspect a student's educational record. The right to inspect is limited solely to the student.

Records or information may be given to parents only if the following conditions have been met:

1. Student signs a written consent. Consent forms are available in the Office of the Registrar.
2. Request is in connection with a health or safety issue.
3. Parent submits evidence that he/she claimed the student as a dependent on his/her most recent Federal Income Tax Form.

Students may not inspect or review the following: financial information submitted by their parents, nor employment, job placement, or education records containing information about more than one student (in which case the institution will permit access only to that part of the record which pertains to the inquiring student).

Directory Information may include a student's:

- Name
- Local address/Phone number
- SOWELA e-mail address
- Date and place of birth
- Major field of study
- Full or part-time status
- Participated in official recognized activities and sports
- Dates of attendance

SOWELA applies this definition to the areas of academic advancement, academic standing, or academic performance.

HARASSMENT/SEXUAL HARASSMENT POLICY
Harassment, including sexual harassment, is prohibited by the Equal Employment Opportunity Commission, the Office for Civil Rights, and state regulations (R.S.23:301,312,332), and therefore, it is the policy of the Louisiana Community and Technical College System Board of Supervisors and SOWELA Technical Community College that unlawful harassment of employees and students is prohibited.

Harassment is physical, verbal, and visual conduct that creates an intimidating, offensive, or hostile environment, which interferes with work/academic performance. This includes harassment because of race, sex, sexual orientation, religious creed, color, national origin, ancestry, disability or medical condition, age, or any other basis protected by federal, state or local law, ordinance or regulation.

Sexual Harassment is defined by the Equal Employment Opportunity Commission as: Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature...when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment/academic success, (2) submission or rejection of such conduct by an individual is used as the basis for employment/academic decisions affecting such individual, or (3) such conduct has the purpose and effect of unreasonably interfering with an individual's work/academic performance or creating an intimidating, hostile or offensive working/academic environment.

SOWELA applies this definition to the areas of academic advancement, academic standing, or academic performance.
The workplace/academic harassment infringes on employee's/student's rights to a comfortable work/academic environment and it is a form of misconduct that undermines the integrity of the employment/academic relationship. No employee/student, male or female, should be subjected to unsolicited and unwelcome overtures or conduct, either verbally, visually, physically, or electronically transmitted. Although this list is not all-inclusive, examples of conduct that is prohibited include:

- Taking any personnel/academic action on the basis of an employee/student's submission to or refusal of sexual overtures
- Unwelcome or unwanted conversation
- Unwelcome or unwanted touching
- Continued or repeated verbal abuse of a sexual nature
- Explicit or degrading verbal comments, suggestions, or slurs about another individual or his/her appearance
- Offensive comments regarding sexual or private matters
- Display of sexually suggestive pictures, objects
- Offensive jokes
- Verbal abuse, comments, names, or slurs that in any way relate to an individual's race, color, sex, sexual orientation, age, religion, national origin, or disability
- Any other offensive or abusive physical, visual or verbal conduct

This policy applies to all members of the LCTCS Board of Supervisors, employees, students, supervisors, managers, faculty, vendors, and all other individuals doing business with SOWELA. It is the policy of SOWELA that no member of the SOWELA community may harass another. This includes harassment of an employee by another employee, of an employee by a student, of a student by another student. Additionally, under appropriate circumstances, SOWELA may take action to protect its employees and students from harassment, on SOWELA property, or at SOWELA sponsored events, by individuals who are not students or employees of SOWELA.

A complaint of harassment should be presented as promptly as possible after the alleged harassment occurs. Any employee who believes he/she is the subject of harassment or who has knowledge of harassing behavior must report such conduct to the designated officer, at the institution's human resource department. SOWELA has developed a system of recording all formal written complaints to be submitted and kept on file in the office of Human Resources.

Students who have problems, questions, and grievances can discuss these with a SOWELA counselor. Some college officials or faculty members can assist in counseling for sexual harassment problems. Throughout the counseling process, information divulged is held in the strictest confidence and no information is released unless the complainant agrees to inform a third party who can facilitate a solution. Any student inquiring about a complaint or concern can seek the advice of a SOWELA faculty/staff member, and the faculty/staff member can accommodate the student to discussions with the designated officer, advisor, or counselor. A formal charge is not made by merely discussing the complaint, and no repercussions/reprimands are issued for initiating a complaint. However, the college is also obliged to protect the rights of a person(s) against whom a complaint is lodged. Efforts are made to resolve issues in a reasonable amount of time.

Any student who believes he/she is the subject of harassment or who has knowledge of harassing behavior must report such conduct to the appropriate office. Reporting of harassment is encouraged. Any employee, student or other person who, in good faith, files a complaint of or responds to questions in regard to having witnessed prohibited harassment is protected against retaliation. False charges are treated as serious offenses and may result in disciplinary and/or civil action.

Any employee/student or member of management who is found, after appropriate investigation to have engaged in harassing conduct is subject to appropriate disciplinary action up to and including termination of employment and/or student standing per the college's current policies which govern students.

Appeal:
- To obtain a hearing with the Chancellor, a student must submit a written request within 10 days after the report from the Human Resource office is rendered.
- Once the Chancellor receives a request for a hearing, he/she appoints a chairperson to head the Committee of Review. Two members are also selected for the committee in the following manner:
  - The complainant selects one committee member; and
  - Only full-time, permanent employees can serve on the Committee of Review. The composition of the Committee of Review may include faculty, staff, or a combination of both.

- Committee of Review thoroughly investigates the complaint of sexual harassment and conducts a hearing. Involved parties are informed of the date and time of the hearing by certified mail, return receipt requested, at least three days prior to the scheduled hearing. An accused faculty member is given notice pursuant to “Section 212” of the Policy Manual and relevant sections of the Policy Manual and SOWELA statutes.
- Hearing is conducted pursuant to procedures established by the Committee of Review and in compliance with the policy.
- Committee presents its findings, along with any pertinent information, to the Chancellor for further dispensation, which usually takes place within 10 working days after the conclusion of the hearing.
- The Chancellor renders a final decision
and notifies the involved parties within a reason-
able period of time.

SEXUAL ASSAULT POLICY

Emergency Phone Number (337) 274-9790

When reporting a sexual assault, confidentiality is vital. Sexual assault is an act of violence in which a person subjects a victim to contact of a sexual nature against the victim’s will - is an illegal act on the SOWELA campus. Sexual assault includes rape, assault to commit rape, sexual battery, aggravated sexual battery, object rape, statutory rape, sodomy, aggravated sodomy, public indecency, and statutory rape. Sexual assault in its various forms, is defined under Louisiana law.

Procedures

1. Students should immediately report incidents of sexual assault to the SOWELA Safety Coordinator.
2. The Safety Coordinator will write an incident report and notify the Dean of Instruction.
3. Students will be assisted in seeking counseling and follow-up medical care, addressing academic concerns, and reporting incidents to the appropriate authorities. It is crucial that a victim receive prompt medical attention. For medical and counseling services, contact the Louisiana Rape Crisis Center 24-hour crisis line at (800) 656-HOPE (4673).
4. A victim of sexual assault should preserve any evidence that can be used to prove an occurrence of sexual assault. Victims are advised to consult law enforcement officials before showering, bathing, changing, or laundering clothing worn during an assault. Even if a victim bathes, showers, or somehow compromises evidence, the victim should report the assault. Valuable information can still be obtained and an investigation conducted from remaining evidence taken from a victim’s person.
5. After a sexual assault is reported, campus personnel should take reasonable and necessary steps to secure the crime scene and protect the victim.

Rights and Responsibilities of the Victim

1. A report of sexual assault is treated seriously and the victim treated with dignity. Campus organizations/personnel who deal with sexual assaults should be contacted to assist the victim.
2. A victim has the right to have the alleged sexual assault(s) investigated and adjudicated by the duly constituted criminal and civil authorities of the governmental jurisdiction where the alleged incident(s) occurred; and to full and prompt cooperation and assistance of campus personnel in notifying the proper authorities and in providing any exculpatory information. Campus disciplinary proceedings are held in addition to these procedures.
3. Campus personnel are prohibited from pressuring a victim to: a) not report the crime(s) to civil/criminal investigating authorities, campus law enforcement personnel, or disciplinary authorities; or b) report the crimes less than what actually occurred.
4. SOWELA offers a victim advice, assistance, or representation at campus disciplinary proceedings, the same as offered to the accused.
5. A victim is notified of the outcome of the disciplinary proceedings.
6. Campus personnel should cooperate in obtaining, securing, and maintaining evidence (including medical examination documentation) required to prove the occurrence of criminal sexual assault for subsequent legal proceedings.
7. SOWELA personnel are to contact and exercise the option(s) provided by state and federal laws and regulations regarding mandatory testing of a sexual assault suspect(s) for communicable diseases and in notifying a victim of the results of the testing.
8. A victim is provided information regarding counseling.

Rights of the Accused

1. The accused has the right to have the alleged sexual assault(s) investigated and adjudicated by the duly constituted criminal and civil authorities of the governmental jurisdiction where the alleged incident(s) occurred; and to full and prompt cooperation and assistance of campus personnel in notifying the proper authorities and in providing any exculpatory information. Campus disciplinary proceedings are held in addition to these procedures.
2. SOWELA offers the accused advice, assistance, or representation at campus disciplinary proceedings, the same as offered to the victim.
3. The accused is notified of the outcome of the disciplinary proceedings.
4. The accused receives full and prompt cooperation from campus personnel in obtaining, securing, and maintaining evidence that may disprove the occurrence of criminal sexual assault in subsequent legal proceedings.
5. The accused is provided information regarding counseling.

STUDENT CONDUCT POLICY

Students, as members of the SOWELA college community, are expected to conduct themselves at all times in a manner that reflects respect for the rights of others and an appreciation of a diverse population. Behavior that interferes with the learning process, is discriminatory, or is derogatory in nature will not be tolerated. Students should understand and exercise their rights, meet their responsibilities, and allow other students to enjoy the same privileges. The college maintains an academic environment for all without denying opportunities to any, and being unfamiliar with SOWELA policies and procedures does not excuse a student from acting responsibly. (See also Student Conduct Code Section)

In an educational environment, each instructor has the responsibility to maintain a classroom climate conducive to student learning. The instructor also has the authority to temporarily dismiss from class a student that disrupts that climate or interferes with the rights of other members to learn. The instructor does have an obligation to make students aware of rules for the class and to inform students if they are violating any class rules. A disruptive student may be required to attend a session mediated by a counselor before returning to the class. Extended or permanent exclusion from the classroom can be achieved only through appropriate procedures of the College.

The Chancellor or his designated representative may suspend or expel a student for violation of school rules or for conduct that is disruptive of the educational process. The disciplinary action shall be taken in accordance with the procedure provided for in this section.

SUSPENSION

A student at SOWELA may be suspended for up to ten days by the Chancellor or his representative without the necessity of a formal due process hearing. Prior to the suspension, however, the student shall be advised by the Chancellor or his representative of the particular conduct of which he/she is accused, as well as the basis for the accusation. The student is given the opportunity to explain his/her version of the events to the Chancellor or his representative. After giving the student this chance to respond to the charges against him/her, the Chancellor or his representative may investigate further. Or, if satisfied that sufficient information has been obtained, the Chancellor or his representative may take appropriate disciplinary action not to exceed a ten day suspension.

The Chancellor or his representative should document the circumstances involved in the action taken, along with the explanation given by the student, and prepare a written memorandum for the school’s files.
EXPULSION

No student shall be expelled for disciplinary reasons or suspended for more than ten days without being offered the opportunity for a due process hearing on the charges made against him/her. If the Chancellor learns of charges against a student which, if proved true, might necessitate expulsion, the Chancellor shall offer the student an opportunity to participate in a hearing on the charges. The student may be suspended from appearing on the school premises until the time of the due process hearing; however, every effort should be made to provide for a prompt scheduling of the due process hearing.

At the due process hearing, the student may bring such witnesses as he/she desires to testify on his/her behalf on any matter pertinent to the allegations against him/her. He/she may introduce pertinent evidence, may cross-examine any witness against him/her, and may have representation by legal counsel or such other person as he/she desires to act on his/her behalf.

Upon completion of the due process hearing, the Chancellor or his representative shall make a determination as to the disciplinary action to be taken as soon as possible and shall so inform the student of the action to be taken and the reasons why disciplinary action is being taken.

The student of the decision has a right to appeal within 10 working days following the decision rendered by the department or college. To file an appeal, the student should submit a list of any witnesses involved in the hearing. Each party will receive a copy of the materials and list of witnesses submitted by the other party. The parties may introduce additional evidence at the hearing.

To file an academic appeal, the student will submit a list of any witnesses it anticipates involving in the hearing. Each party will receive a copy of the materials and list of witnesses submitted by the other party. The parties may introduce additional evidence at the hearing.

A student who has been suspended for more than ten days must file an appeal to the Executive Director of Enrollment Management and Student Affairs or Designee. The Executive Director of Enrollment Management and Student Affairs or Designee will conduct the hearing according to the Guidelines for the Conduct of Student Grievance Hearings. After the hearing, the Executive Director will meet in closed session to determine its recommendations. The recommendations of the Executive Director of Enrollment Management and Student Affairs and the Vice Chancellor of Academic Affairs will be forwarded to the Executive Director of Enrollment Management and Student Affairs.

GUIDELINES FOR CONDUCTING FORMAL STUDENT GRIEVANCE HEARINGS AT THE COLLEGE LEVEL:

- A copy of the Student Grievance Form filed by the student will be forwarded to the department(s) and parties involved by the Director of Student Support Services.

- Within five (5) days of receipt of the student’s grievance form, the department(s) will submit any prior responses to the student’s complaint, a list of any witnesses it anticipates involving in the hearing, and copies of any documents to be used at the hearing. Similarly, within ten (10) class days of filing the grievance form, the student will submit a list of any witnesses and copies of any documents the student anticipates involving in the hearing. Each party will receive a copy of the materials and list of witnesses submitted by the other party.

- If a standing Grievance Committee is not established, an ad hoc panel will be appointed by the Executive Director of Enrollment Management and Student Affairs or Designee. The Executive Director of Enrollment Management and Student Affairs or Designee will consist of five members, two of whom are students. The Executive Director of Enrollment Management and Student Affairs or Designee will conduct the hearing and will be responsible for determining the procedures to be followed in the hearing.

- An ad hoc panel will be appointed by the Executive Director of Enrollment Management and Student Affairs or Designee and will conduct the hearing according to the Guidelines for the Conduct of Student Grievance Hearings. After the hearing, the ad hoc panel will meet in closed session to determine its recommendations. The recommendations of the ad hoc panel or the Grievance Committee will be forwarded to the Executive Director of Enrollment Management and Student Affairs and the Vice Chancellor of Academic Affairs. The ad hoc committee will inform the student of the decision.

panel will be appointed by the Executive Director of Enrollment Management and Student Affairs or Designee and will conduct the hearing according to the Guidelines for the Conduct of Student Grievance Hearings. After the hearing, the ad hoc panel will meet in closed session to determine its recommendations. The recommendations of the ad hoc panel or the Grievance Committee will be forwarded to the Executive Director of Enrollment Management and Student Affairs and the Vice Chancellor of Academic Affairs. The ad hoc committee will inform the student of the decision.

The Director of Student Support Services and/or the Department Chair will forward all materials to the hearing panel and will schedule an evidentiary hearing within ten (10) working days of receipt of all written information. All parties involved will be notified as to date, time, and location of the hearing.

The Grievance Officer will serve as hearing officer and conduct the hearing utilizing the following format:

1. The petitioner and the respondent will each provide a brief opening statement.

2. Each party will make a presentation of position and evidence, beginning with the petitioner. Witnesses may be called at this time. Questioning will be restricted to members of the hearing panel and the hearing officer. Questions by the involved parties to the witnesses will be addressed through the hearing officer.

3. Each party will have the opportunity for rebuttal during which additional evidence may be introduced to refute points made by the other party.

4. Each party will make a brief summary statement.

- Attendance at evidentiary hearings is limited to the hearing officer, panel members, the petitioner, the respondent, and their respective witnesses. Witnesses may be present only during their own testimony.

- After the hearing the panel will meet in...
Step 4: Student – Appeal to the Louisiana appellate authority.

If the grievant or the party or parties against whom the grievance has been filed is not satisfied with the determination made by the Chancellor may appeal the ruling to the full Board of Supervisors. In order to be considered, the appeal must be made in writing within fifteen (15) working days after the date the Chancellor's determination is mailed to the grievant or the party or parties against whom the grievance has been filed and be addressed to:

Executive Assistant to the President
Board of Supervisors
265 South Foster Drive, Baton Rouge, LA 70806-4104
(Via certified mail).

The Board of Supervisors shall render a written disposition of the grievance appeal within twenty (20) school days from the date of the appeal hearing unless all parties agree to an extension. The decision of the Board of Supervisors may be appealed to the Louisiana Board of Supervisors. The Chancellor shall investigate failure to comply with the timeliness requirement specified. The Chancellor shall investigate failures to comply with the timeliness requirements and take appropriate action. The College's failure to meet any deadline shall not exempt the student from any sanctions under this policy.

Step 3: Student – Appeal to the Chancellor

If the grievant or the party or parties against whom the grievance is addressed desire to appeal a decision of a Student Grievance Committee, he or she must deliver a written request within ten (10) working days of receipt of the Committee's finding or decision. A request should describe in detail all reasons or bases upon which the grievant or the party contends the decision of the Student Grievance Committee is erroneous. The Chancellor shall have the authority to affirm, remand, modify, or reverse the decision or the findings of the Committee. Within approximately twenty (20) working days of receiving the written request, the Chancellor shall send the grievant and the party or parties against whom the grievance has been filed his decision by certified mail, return receipt requested.

The decision of the Chancellor is final as to all student appeals, except those in which the grievant is alleging discrimination on the basis of sex, race, national origin, religion, or disability. In the event the grievant is alleging discrimination on the basis of sex, race, national origin, religion, or disability, the full Board of Supervisors will serve as the College's final appellate authority.

Step 4: Student – Appeal to the Louisiana Community and Technical College System

To initiate this final step of the grievance process, a grievant or the party or parties against whom the grievance has been filed who is not satisfied with the determination made by the Chancellor may appeal the ruling to the full Board of Supervisors. In order to be considered, the appeal must be made in writing within fifteen (15) working days after the date the Chancellor's determination is mailed to the grievant or the party or parties against whom the grievance has been filed and be addressed to:

Executive Assistant to the President
Board of Supervisors
265 South Foster Drive, Baton Rouge, LA 70806-4104
(Via certified mail).

The Board of Supervisors shall render a written disposition of the grievance appeal within twenty (20) school days from the date of the appeal hearing unless all parties agree to an extension. The decision of the Board of Supervisors may be appealed to the Louisiana Board of Supervisors. The Chancellor shall investigate failure to comply with the timeliness requirement specified. The Chancellor shall investigate failures to comply with the timeliness requirements and take appropriate action. The College's failure to meet any deadline shall not exempt the student from any sanctions under this policy.

CAMPUS SECURITY ACT

The campus of SOWELA is comprised of 50 acres, including buildings, parking lots, and vacant land. Campus Security are available between 6:30 a.m. and 9:00 p.m. and can be reached at (337) 274-9790 if needed. Jennings Campus Security Hours are MWF 8:00 a.m. to 4:00 p.m. and TTH 11:00 a.m. to 7:00 p.m. They may be reached at (337) 368-4325 if needed.

The following policies have been adopted to comply with the requirements of the Campus Security Act (PL 101-542):

1. In the event that students, faculty, or staff members witness or discover a criminal/illegal activity, they should first notify campus police. A report will be written and kept on file, with action taken as needed.
2. Records shall also be maintained of any illegal acts which occur during any off-campus school-sponsored activities.
3. Campus crime statistics are made available to the Office of Facilities.

STUDENT PROHIBITIONS/ FIREARMS POLICY

The following are not allowed on SOWELA’S campus: alcoholic beverages, narcotics, other controlled substances, fireworks, and gambling.

Carrying a firearm or any dangerous weapon on the SOWELA campus, or at any school function, is also prohibited as defined in R.S. 14:95.2.

ALCOHOL AND DRUG POLICY

SOWELA is committed to providing a drug-free environment for students, visitors, and employees. SOWELA prohibits unlawful possession, use, or sale of any alcoholic beverage or controlled dangerous substance.

Any person who violates the school policy will be subject to disciplinary action, up to and including termination of employment or enrollment. Violations are subject to referral to the appropriate authorities for prosecution. The revocation of federal licenses and benefits, such as public housing tenancy or pilot licenses, etc., rests with authorities of the individual federal agencies. Students, visitors, and employees are expected to adhere to all federal, state, and local laws and ordinances concerning illicit drug violations. SOWELA will make every effort to keep a copy of the current laws and ordinances on file in the Administration office.

Each new student is provided the following information during orientation:

- Policy of maintaining a drug-free workplace and campus.
- Statement that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited on campus property or as part of any of its activities.
- Statement that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited on campus property or as part of any of its activities.
- Statement that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited on campus property or as part of any of its activities.
- Description of health risks associated with the use of illegal drugs and the abuse of alcohol.
- A clear statement that the institution will impose disciplinary sanctions on students (consistent with local, state, and federal law) and a description of those sanctions, up to and including expulsion and referral for prosecution when appropriate.

Drug Free Schools and Communities Act

The Drug Free Schools and Communities Act Amendment of 1989 (Public Law 101-226) requires the college to remit certification to the
Department of Education that it has adopted and implemented a program to prevent illicit use of drugs and abuse of alcohol by its students and employees. The program includes:

1. Standards of conduct concerning the unlawful possession, use, or distribution of drugs; and the illegal use of alcohol by students and employees on college property or at any college activity

2. A description of the legal sanctions for violating the law

3. A clear statement of the college’s sanctions issued for the commission of these types of violations

4. A description of any drug and alcohol counseling, treatment, or rehabilitation services offered at SOWELA

5. A description of the health risks associated with the use of illicit drugs and abuse of alcohol.

The information below complies with the requirements of the act.

Statement of Purpose
Alcohol abuse is a major issue in the community and on college campuses. Use of alcohol or drugs can lead to physical abuse, date rape, auto accidents, violence, health issues and other self-destructive behaviors.

SOWELA Technical Community College complies with state, federal, and local laws pertaining to alcohol and enforces underage drinking laws. SOWELA policy prohibits the consumption, possession, or distribution of alcoholic beverages and disciplines individuals under the influence of any controlled substance while on college property or participating in college-sponsored trips or activities. The use, possession, or distribution of illegal drugs or being under the influence of any controlled substance while on college property or participating in college-sponsored activities is strictly prohibited by the law. SOWELA policy prohibits the consumption, possession, or distribution of alcoholic beverages for any reason or anywhere open to the public.

Legal Sanctions
It is unlawful in Louisiana to produce, manufacture, distribute, dispense, or possess illegal drugs. The most common illegal drugs on college campuses are marijuana, opium derivatives, hallucinogens, depressants, cocaine, cocaine derivatives, and amphetamines. The Criminal Code of Louisiana carries specific penalties for the possession and use of illegal drugs. It is also unlawful in Louisiana for anyone under 21 years of age to purchase/possess alcoholic beverages for any reason or anywhere open to the public.

Controlled Dangerous Substances Sch I – Sch IV (R.S. 40:981.3)
It is unlawful to possess, sell, distribute, or manufacture drugs listed in the statute. The drugs include, but are not limited to, marijuana, cocaine, “crack” cocaine, methamphetamine, heroine, “rush” LSD, “ruthies,” and prescription drugs without having obtained a prescription from a licensed physician. Persons found guilty of one of these drug violations are subject to a fine of not less than $500, may be imprisoned at hard labor for up to 30 years or; if found selling illegal drugs on campus, can be imprisoned at hard labor for up to 45 years.

Effects of Alcohol and Drug Use
Alcohol consumption causes marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses also increase the incidence of various aggressive acts, including spousal and child abuse. Moderate to high doses cause marked impairments and higher mental functions, severely altering one’s ability to learn and remember information.

Very high doses cause respiratory depression and death. Combined with other depressants of the central nervous system, much lower doses of alcohol produce the same effects. Regular use of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening.

Long-term alcohol consumption in large quantities, particularly if combined with poor nutrition, can also lead to permanent damage to vital organs such as the liver and brain. Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome, irreversible physical abnormalities and mental retardation. Research shows that children of alcoholic parents are at greater risk than others of becoming alcoholics.

Marijuana usage negatively affects physical and mental processes; it can produce paranoia, impair short-term memory and comprehension, and alter one’s sense of time. Research indicates marijuana smoke contains more cancer causing substances than tobacco smoke.

Cocaine stimulates the central nervous system; produces psychological and physical dependence; crack is very addictive. Effects include dilated pupils, increased pulse and elevated blood pressure, loss of appetite, hallucinations, paranoia, and seizures. Use of cocaine can cause death by cardiac arrest or respiratory failure.

College Sanctions
Disciplinary actions are taken for the commission of violations pertaining to the SOWELA drug policy by any student, faculty, or staff. Depending on the nature of the offense, disciplinary action takes the form of a written reprimand, a suspension, a demotion, a reduction in pay, or termination of affiliation with SOWELA. Disciplinary actions for students are issued in accordance to school policies. Examples of sanctions include warnings, probation, exclusion, restitution, suspension of privileges, community service, termination of employment and/ or expulsion/suspension from the college.

Substance Abuse Helpline: 1-800-662-Help (4357)
Narcotics Anonymous (Lake Charles): (337) 439-5753
Lake Charles Office of Behavioral Health: (337) 475-8022
Calcasieu Parish Sheriff’s Office: Non-emergency: (337) 491-3600 Emergency: 911
National Council on Alcohol and Drug Dependency: 1-800-NCA-CALL (622-2255) for referrals to local treatment facilities.

Commonly Abused Drugs and Health Risks
- http://www.drugabuse.gov/drugs-abuse/commonly-abused-drugs

SEARCH AND SEIZURE
Lockers and desks are the property of SOWELA. As the property of the school, they are subject to search for any contraband at any time, upon the reasonable belief of the Chancellor that the lockers and/or desks may contain material which is not allowed on the school campus. Bringing a tool box or book bag and operating a motor vehicle on campus are privileges granted to students. The granting of these privileges are conditional upon the consent of the students to a search by the school administration of tool boxes, book bags and/or motor vehicles to determine if they contain material which is not allowed on the school campus.

This search and seizure policy applies to materials such as weapons, illegal substances or drugs, alcoholic beverages, and other similar materials. Local law enforcement authorities may be included in this process if the Chancellor determines a need for such involvement.
EMERGENCY PROCEDURES
The campus will follow the procedure as outlined in the Emergency Policy and Procedure Bulletin located in each classroom and shop area. All personnel and students should leave the building in accordance with the evacuation plan. Emergency procedures are reviewed at the department orientation.

PERSONAL PROPERTY
The school will not be held responsible for personal property of students. Vehicles cannot be left on school property after hours without permission from administration. Lost or stolen property should be reported to the program instructor and campus police.

PROTECTIVE ORDERS
Protective orders are documents issued by a court of law for cases of domestic violence or other criminal activity. They are issued to provide relief from abuse or harassment by a spouse, intimate partner, or family member.

If an employee or student is granted a protective order, that individual is encouraged to furnish a copy of the order and if available, photographs of the offender(s) to campus security.

In case of an emergency or minor accidents, students should first inform the instructor. Appropriate first-aid treatment will be provided. If necessary, the school will telephone an emergency contact to come to the school for the injured or sick student. No emergency or sick room is maintained at the school. A first-aid kit is located in each department.

In case of a serious accident, notify emergency personnel at (337) 274-9790 or (337) 421-6535, an ambulance may be summoned. Personnel in charge at the time of the accident will make that determination. All medical expenses are the responsibility of the student.

The Director of Facilities and safety coordinator shall be consulted in all safety/accident situations.

SAFETY
At SOWELA, the safety of students, personnel, and visitors is of great importance. The college assumes the primary role of providing a safe atmosphere in which to work and study.

Campus security officers are available during normal class hours to assist in the enforcement of protective orders. This information shall remain confidential unless the employee or student holding the protective order signs a written release.

To the extent permitted by State law, all faculty, staff, students, visitors, vendors, contractors, and all others are prohibited from using any tobacco products (cigarettes, cigars, smokeless tobacco, snuff, chewing tobacco, electronic cigarettes, etc.) while on the property of SOWELA Technical Community College.

The use of tobacco products is prohibited at all times as follows:
1. In all interior space on SOWELA Technical Community College's main campus and all satellite locations;
2. On all outside property or grounds of SOWELA Technical Community College campus;
3. In all SOWELA Technical Community College vehicles;
4. In all indoor and outdoor athletic facilities;
5. All tobacco industry promotions, advertising, marketing, and distribution in any format are prohibited on campus properties and for campus activities as well as direct funding from tobacco companies for such programs.

Tobacco-Free Campus
To the extent permitted by State law, all faculty, staff, students, visitors, vendors, contractors, and all others are prohibited from using any tobacco products (cigarettes, cigars, smokeless tobacco, snuff, chewing tobacco, electronic cigarettes, etc.) while on the property of SOWELA Technical Community College.

The speed limit is 15 miles per hour on the campus, with two-way traffic lanes. Students are
to park in designated areas. Students should not park in spaces for Faculty/Staff during day-time classes. During night-time classes, after 5:00 p.m., students may park in Faculty/Staff spaces. Parking rules for parking in Handicap and Fire Zones will still be enforced. Students should not park in spaces for Visitors and should not park in driveways or exits. Campus police will handout parking tickets for parking violations.

Those coming to SOWELA to take tests should park in designated Visitor's Parking areas.

Handicapped parking is provided with DMV Handicapped Tags. If you should have a temporary disability contact the Director of Facilities for parking.

All vehicles parked on the campus of SOWELA Technical Community College must have a parking tag. Parking tags are valid for an academic school year (summer, fall, and spring semesters). Parking tags are to be displayed on the rear view mirror of the front windshield of the vehicle.

In the event that a person locks his/her keys in a vehicle, only a licensed locksmith may unlock the vehicle. No campus police officer can open a vehicle.

Parking violation fines must be paid at the Business Office.

The Campus Security Office is located in the Facilities Building and can be reached at (337) 274-9790. Students indebted to the College will not receive official transcripts and will not be able to register for school until all fines are paid.

Parking violation fines are as follows:

- $15.00 - Faculty Parking
- $20.00 - No Parking Tag
- $20.00 - Expired Parking Tag
- $50.00 - Handicapped Parking
- $25.00 - Fire Lane
- $10.00 - Lawn/Sidewalk
- $25.00 - No Parking Zone
- $10.00 - Blocking Driveway/Vehicle
- $10.00 - Reserved Space
- $20.00 - Failure to Obey Officer
- $30.00 - Wheel Boot Fee

TEXTBOOKS

Textbooks and supplies may be purchased/rented from SOWELA's bookstore by visiting http://sowela.thecampus.com. Students may also utilize other online or on-ground bookstores if they choose. For a list of textbooks visit our website at http://www.sowela.edu. Under Academics, you'll see the link for Textbook List.

LIBRARY AND LEARNING RESOURCE CENTER

The Library and Learning Resource Center (LLRC) is a comprehensive academic library which supports teaching and learning through its many resources and services. It is located in the Arts & Humanities Building and is open Monday through Friday. The facility includes 48 public computers, printers, photocopier, four private group study rooms and individual study carrels. A separate library instruction classroom/computer lab offers 38 additional computers with linked printers.

Books, periodicals and audio visual materials are accessible on open shelves which allow users the opportunity to browse and select materials themselves. Collections are arranged by Library of Congress Classification. Individuals with a current SOWELA identification card may borrow materials from the Circulation Desk. The loan period, for most items, is 28 days with the option to renew. Overdue fines are charged at 25 cents per item per day. Also at the Circulation Desk, patrons may acquire a free LALINC Card to borrow materials from participating Louisiana colleges and university libraries.

Through the library's web page, patrons may connect to online tutorials, ebooks, full-text e-journals, digital photos, maps, and numerous reference sources. Authorized students, faculty, and staff have off-campus, 24/7 access to these digital resources. Professional librarians and trained staff are available to assist patrons individually or to conduct group instruction. For assistance, e-mail sowelalibrary@sowela.edu or call (337) 421-6530.

SOWELA MORGAN SMITH LIBRARY/JENNINGS

The Library is open Monday through Friday, twenty-five hours per week. Assistance is provided by one paraprofessional. There are 16 public computers and two printers. Students and faculty have access to materials at the main library through a campus courier service and access to the same online materials and tutorials. For assistance, call (337) 616-9384.

INFORMATION TECHNOLOGY

The Information Technology Department is committed to providing the highest quality of services to assist with the information technology needs of the college community. We provide students, faculty and staff with the necessary computer-related technical support.

For assistance with an information technology problem, please e-mail help@sowela.edu or call the IT Help Desk at (337) 421-6520 (Toll Free: (866) 940-1979). Please include your full name, a description of the problem, and contact information. Students should also include their student ID numbers and birthdates.

E-LEARNING

SOWELA offers electronic courses in two basic formats: online and hybrid courses. Web-enhanced classes are taught in a traditional face-to-face format but make use of a supplemental online site.

Both the online and hybrid courses offer one to four semester hours of credit and are equivalent to face-to-face courses in terms of transferability. (No distinction is made on college transcripts.) The courses are offered in 15-week formats during the spring and fall semesters and an 8 - 10 week format during the summer. Specialty leisure-learning or career or workforce-development courses may employ a shorter format and may be offered between or during semesters.

First-time online and hybrid students are required to complete an online tutorial before beginning their courses, which are all delivered using a Moodle-based course management system called Joule®.

A brief description of each type of course is offered below:

Web-enhanced: This is a traditional face-to-face format class, but the teacher has chosen to supplement the course by using a companion

CENTER OF EXCELLENCE IN INSTRUCTIONAL TECHNOLOGY (CEIT)

CEIT is designed to provide support to faculty and staff as they undertake new instructional ventures and learn to use new strategies, technologies, software, and technology in the delivery of instruction in traditional, online, hybrid, or telecourse formats. The CEIT provides services which include professional development and instructional design support for the faculty in a myriad of educational technologies. The CEIT staff may also provide guidance to faculty and chairs in determining what technology resources fit best with their particular courses and curricula.

INSTRUCTIONAL TECHNOLOGY (CEIT)

CEIT is designed to provide support to faculty and staff as they undertake new instructional ventures and learn to use new strategies, technologies, software, and technology in the delivery of instruction in traditional, online, hybrid, or telecourse formats. The CEIT provides services which include professional development and instructional design support for the faculty in a myriad of educational technologies. The CEIT staff may also provide guidance to faculty and chairs in determining what technology resources fit best with their particular courses and curricula.

SOWELA Technical Community College
A few web class facts:

- Web classes are not for everyone. A certain measure of self-discipline is required of students to follow a schedule and get their work in on time without being verbally reminded by the teacher to do so.
- Web classes allow flexibility for students, parents and working folks because they are not tied down to attending class at a specific time on specific days. However, students still must meet deadlines for various assignments and tests scheduled throughout the semester.
- Web classes are not necessarily easier. In some cases, they are more rigorous than face-to-face classes. Deadlines still must be met. The "lecture" element is not necessarily used in this format, and often more individual and group projects are assigned.
- Web classes still require "attendance"... not in the usual sense... but students still must check their e-mail everyday and should log in to the course site at least three times a week, preferably every day, to check for announcements, postings, and updates. Students must also communicate regularly (via e-mail or in-course site messaging system) with their online instructor(s).
- Web classes require the same amount of "seat time" per credit hour as face-to-face classes – at least 15 hours of coursework, per credit hour, per semester.

To access SOWELA online courses, students should visit the SOWELA website at http://www.sowela.edu and click on the "Current Students" link, then choose the "LCTCSOnline Login" option. In the event that the SOWELA website is down, students can also access the LCTCSOnline joule site at http://lctcs.mrooms3.net. (There is no "www" in the address.) Students may also access the LCTCSOnline site by logging in to LoLA, looking for the on LCTCSOnline logo in the bottom left corner of the page, and then clicking on the appropriate link to access that site. NOTE: LCTCSOnline classes are NOT taught on the SOWELA joule site.

Student E-mail

E-mail is a mechanism for official communication within SOWELA Technical Community College. The College has the right to expect that such communications will be received and read in a timely fashion. Official e-mail communications are intended only to meet the academic and administrative needs of the campus community. Official College e-mail accounts are available for all enrolled students. The usernames for e-mail accounts are the same as those for LoLA accounts, and generally follow the following format: firstnamelastname@students.sowela.edu (e.g.johndoe@students.sowela.edu) or e-mail returned to the College with "Mailbox Full" or "User Unknown" are not acceptable excuses for missing official College communications via e-mail. Students are expected to check their e-mail on a frequent and consistent basis in order to stay current with College-related communications. Students have the responsibility to recognize that certain communications may be time-critical. "I didn't check my e-mail", "error in forwarding mail", or e-mail returned to the College with "Mailbox Full" or "User Unknown" are not acceptable excuses for missing official College communications via e-mail. Students should exercise extreme caution in using e-mail to communicate confidential or sensitive matters, and should not assume that e-mail is private and confidential.

Students should never include their Social Security numbers or personal passwords in e-mail correspondence. It is especially important that users are careful to send messages only to the intended recipient(s). Particular care should be taken when using the "reply" command during e-mail correspondence.

Faculty will determine how electronic forms of communication (e.g., e-mail) will be used in their classes, and will specify their requirements in the course syllabus.

INTELLECTUAL PROPERTY & SHARED ROYALTIES POLICY

SOWELA Technical Community College recognizes the need for and desirability of academic research. The primary purpose of this policy is to provide the necessary protections and incentives to encourage both the discovery and development of new knowledge and its transfer for the public benefit; a secondary purpose is to enhance the generation of revenue for the College and the creators.

SOWELA is committed to assist its faculty and other researchers in properly disclosing their scholarly work, in complying with applicable laws and formal agreements, and in gaining the protection available under the United States laws governing patents, copyrights, trademarks, and other appropriate provisions.

In order to review the full policy for objectives, definition/background, rights to ownership/disclosures, organization/management/administration and proceeds distribution, please refer to SOWELA’s web site. Look under "General Policies" found on the Student Life page.
ACADEMIC LOAD

Full time students are those who are registered for a least twelve (12) semester credit hours during the fall and spring semesters and at least six (6) semester credit hours during the summer session.

Students will be allowed to enroll for a maximum of nineteen (19) semester credit hours in the fall and spring semesters and ten (10) semester credit hours in the summer session. Only with the written recommendation of the Department Chair and approval from the Dean of Instruction is a student permitted to exceed those limits.

Semester credit hours earned from enrollment in alternative delivery systems (e-learning courses, independent study, etc.) are included in the above enrollment figures.

STUDENT RECORDS

Permanent student records are maintained by the Office of the Registrar. All student records are confidential. Students who wish to review their records may do so through the Office of the Registrar. All student records are considered to be desirable or necessary. If changes are made in curriculum, courses, and/or other requirements, the changes may be applied to students already enrolled. Those changes do not increase the number of credit hours needed to complete a program of study and to receive a degree/diploma. If a program of study is revised, but the changes are not applied to the students already enrolled, a student may voluntarily elect to follow the new requirements; however, the total credit hours required for graduation could be increased. A change in major or program of study will require the student to meet the requirements specified in the catalog published at the time of the change. Always consult the on-line catalog for the most current, officially approved courses and curricula.

GENERAL EDUCATION

CORE REQUIREMENTS

In accordance with the policies established by the Louisiana Board of Regents, the LCTCS Board of Supervisors, and the Commission on Colleges of SACS, SOWELA requires that graduates of degree programs must demonstrate competency in general education. To fulfill the General Education Core Requirement, students must complete a minimum of thirty hours coursework as indicated by their respective degree plans.

Minimum Semester Hours of General Education Required for AAS, AGS, AALT and ASLT Degrees.

<table>
<thead>
<tr>
<th>Course Area</th>

</tbody>
</table>

In addition to the credit hours above, graduates must also demonstrate basic computer and informational literacy. Some degrees require a computer course to fulfill this requirement. Others include concepts in various technical courses.

SOWELA students enrolled in AAS degrees are required to successfully complete the general education core requirements in order to comply with this mandate. Course selection may vary by program of study but must be selected from each of the following areas: English Composition, mathematics/analytical reasoning, humanities, fine arts, social/behavioral sciences, and natural sciences.

The following courses may be used to meet the General Education Core Requirements. Specific course requirements vary by degree program; therefore, students should confer with their academic advisors.

English Composition:
- ENGL 1010 English Composition I
- ENGL 1020 English Composition II

Math
- MATH 1100 College Algebra
- MATH 1105 College Algebra & Trigonometry
- MATH 1110 Trigonometry
- MATH 1120 Precalculus Algebra

- PHYS 1300* Physical Science II Laboratory
- PHYS 1500 Astronomy

Humanities
- ENGL 1500 Creative Copy Writing
- ENGL 2010 British Literature I
ATTENDANCE POLICY

SOWELA is a non-mandatory attendance institution. Thus, the student is considered enrolled and attending all registered courses. Student class attendance is confirmed by instructors taking attendance up to the official census date. It is the responsibility of the student to officially withdraw from a course or courses he or she is not attending prior to the start of the term of enrollment. Any course in which the College has established that the student did not begin attendance will be dropped from the student schedule for non-attendance or no-show prior to the census date. Students will only be allowed to enroll after the published census date with documentation of mitigating circumstances and approval from the Chancellor.

Students receiving federal student aid, scholarships, and/or institutional awards should consult with the Office of Student Financial Aid prior to withdrawal. Students who completely withdraw from a course or courses he or she must submit a written or electronic notice of official withdrawal to the Office of Registration and Records. Failure to officially withdrawal may affect the awarding and disbursement of Title IV aid and future balance owed.

ABSENCES FOR SCHOOL-SANCTIONED ACTIVITIES

Student Organization advisors for school-sponsored and/or school-sanctioned activities may request excused absences for participating students. Advisors should address such requests to the Dean of Instruction prior to the event. Students will be permitted to make up any work that is missed. Further, any assignments due on the day(s) of the events will be accepted on the first day of class following the event, without a penalty being levied. (If students miss an exam, they will be permitted to make up the exam without penalty.) Advisors should make every attempt to limit the number of absences by working around the student’s class schedule as much as possible.

DROPS/WITHDRAWALS

During the initial two weeks of classes for the Fall and Spring semesters and the initial six instructional days for the summer and 1st and 2nd 7-week semesters, a student may drop courses online at the SOWELA website. Dropped courses are removed from the student’s academic schedule for that semester and will not appear on the student’s transcript. Refunds for dropped courses are based on the school’s current refund policy; refer to the “Academic Calendar” for dates and refund percentages.

Students can withdraw from a course before the deadline published in the “Academic Calendar” for that semester after the refund period has ended. However, courses that are shorter than the full semester will have different deadlines. Students in these courses will need to check with the instructor or the Registrar’s office for the withdrawal deadline. Successful withdrawal from a class results in a letter grade of “W” for that course, which is the grade that appears on the student’s transcript.

Students who do not attend a class during the first fourteen (14) days of the semester may be dropped or withdrawn from the course. Failure to properly drop or withdraw may result in a grade of “F” being assigned for the semester. If a student who is dropping a class or classes or who is withdrawing from the college is receiving any type of financial aid, he/she must notify the Office of Financial Aid, the WIA Office, and/or any other source of funding. Failure to do so may jeopardize any future financial aid and may result in the student owing a repayment of funds.

WITHDRAWAL FROM SOWELA (WITHDRAWING FROM ALL CLASSES)

Students are encouraged to notify their advisor or department chair if they are withdrawing from the college. In addition, students should notify the Office of Financial Aid if they are receiving any type of financial aid. Equipment, books or any other items belonging to the college or instructor must be returned. The college is not responsible for any items left on campus. Failure to properly withdraw may jeopardize a student’s financial aid and will result in a grade of “F” being assigned.

Employment information should be given to the department chair or advisor when students withdraw from the college or if the students secure employment after withdrawal.

REINSTATEMENT

Students who have been dropped or withdrawn for excessive absences or who have dropped courses themselves may request reinstatement by obtaining a completed Reinstatement Form from the Instructor. The form must be signed by the Department Chair and submit the completed form to the Registrar’s Office.

ACADEMIC HONESTY

SOWELA Technical Community College encourages academic honesty in all classes and requires academic honesty from all students. Students are expected to maintain honesty and integrity when completing all academic assignments and examinations.

Academic dishonesty includes, but is not limited to the following:

- Submitting another student's work as your own or allowing a student to submit...
your work as their own.

- Copying from another student on assignments or during an exam or allowing a student to copy from your assignments or exams.
- Receiving exam questions from a student who has already taken an exam or giving questions to a student who has not taken an exam.
- Listing false references.
- Making up research data.
- Using an author's work without proper credit and citation (plagiarism).
- Plagiarizing any part of an assignment, essay, or exam.
- Using unauthorized materials obtained from instructors or students.
- Receiving unauthorized help on assignments or exams.
- Altering grades.
- Using a cell phone, pager, etc. during an exam.

Plagiarism, cheating, and other forms of academic dishonesty will not be tolerated. Any student found guilty of such dishonorable acts in academic work will receive a grade of 0% for the work presented. The instructor may also refer the student to the appropriate administrator for further disciplinary action that could result in an “F” in the course, dismissal from the course, dismissal from the college, and/or possible legal action.

To refer a student for further disciplinary action, the academic administrator will review the evidence presented and may decide to advance the recommendation or terminate the action. If the recommendation is confirmed, the student will be informed in writing of the final decision and a record of the action will be filed in the student’s records.

The student has the right to appeal any decision by following the institution’s grievance policy.

ACADEMIC APPEALS PROCEDURE

A student who seeks to appeal a grade must follow the academic chain of authority (Instructor – Department Chair – Dean of Instruction – Vice Chancellor for Academic Affairs – Chancellor). Grades may be challenged within the first two weeks of the semester following the awarding of the grade. The student is responsible for moving through the process as expeditiously as possible.

A student who seeks to appeal an administrative withdrawal must follow the academic chain of authority. An appeal of an administrative withdrawal must be initiated within 10 days of the notice provided to the student by the instructor that such action has been made.

STUDENT IDENTIFICATION CARDS (ID)

Student identification cards are issued to students at the time of initial registration. All students enrolled at SOWELA must have an ID card and it should, for security purposes, be carried while on campus to permit immediate identification of SOWELA students. ID cards are required for students to access library services and for admission to social, cultural, athletic, and cultural events sponsored by the college. Students are accessed a $5 replacement fee for lost or stolen ID cards.

LIVE-WORK POLICY

Certain occupational areas require specific skills or competency mastery that can best be obtained or demonstrated in a laboratory environment with real items or projects. Live-work projects provide real-world working conditions to such industrial and technical occupations as auto mechanics, auto body repair, and welding. Instructional live-work projects, when carefully managed and controlled, provide an essential dimension to laboratory learning for certain occupations as a planned and integrated component of the curriculum.

As a part of their training at SOWELA, students may be involved in live-work projects in which competencies are taught. Acceptance of live work is at the discretion of the instructor and is determined by the need for projects which relate directly to the curriculum being taught at a given time. The college maintains the following for work done under this premise:

1. Work is limited to property owned by students, school employees, civic enterprises, or charitable organizations.
2. A written request for work must be approved by the program instructor, who will assign a student to the project and note competencies and/or units of instruction to be addressed.
3. The Chancellor or his representative must approve the request.
4. All costs involved in the work (parts, supplies, etc.) must be borne by person(s) requesting the work.
5. Neither the student(s) performing the work, nor the instructor supervising the work, nor the college, will be liable for losses or damages that might occur in connection with the work.

GRADUATION REQUIREMENTS

SOWELA Technical Community College holds an annual graduation ceremony at the end of the spring semester. Candidates for graduation must fulfill the following requirements:

1. Complete curriculum requirements with a minimum overall grade point average of 2.0 on all courses counted toward the degree or diploma.
2. Meet specific departmental requirements including a grade of “C” or better in all coursework required in the major subject area.
3. Earn at least 25% of the required hours in a program at SOWELA and at least one third of the major course work required in a program at SOWELA.
4. Be free of debt to SOWELA.
5. Submit an application for graduation, accompanied by the appropriate fees, at the time of registration for the last semester in which the candidate completes degree requirements for graduation.

GRADUATION APPLICATIONS

Students should consult with their academic advisor on a regular basis to ensure they are on track to meet all graduation requirements. All students must complete a graduation application regardless of their intent to participate in the graduation ceremony. Students must complete the application and pay all applicable graduation fees by the 5th instructional day of the semester they plan to graduate. If a student does not complete the requirements for the upcoming or current semester they must reapply for the semester in which they intend to complete. Applications can be completed online through BANNER self-service. A $60 graduation fee must be paid to the Business Office prior to the graduation application being processed by the Registrar’s Office. Failure to complete and pay appropriate fees could result in a student not graduating with his/her class.

GRADUATION CEREMONY

A graduation ceremony is held once a year in May. Students who participate in the graduation ceremony may incur additional expenses for caps and gowns. Announcements and
class rings may be purchased through Jostens. Students who have completed a graduation application will receive graduation information including commencement activities, by mail. It is the student’s responsibility to ensure the Office of Enrollment Management has a correct mailing address.

HONOR GRADUATES
Students with excellent academic achievement are designated as “Honor Graduates.” Honor graduates must 1) earn a cumulative grade point average of 4.0 in all coursework attempted, 2) earn a minimum of 45 semester hours in their program at SOWELA, and 3) complete the final 15 semester hours of a program at SOWELA.

Students who receive the award of “Graduate with Distinction” must 1) earn a cumulative grade point average of at least 3.50 on all coursework attempted, 2) earn a minimum of 45 semester hours in their program at SOWELA, and 3) complete the final 15 semester hours of a program at SOWELA.

TRANSCRIPTS
Transcripts of grades may be obtained by written request from the Registrar’s Office. It is requested that adequate time be given in order to process the transcript. Students/graduates are limited to a request of five transcripts per request per week.

FOLLOW-UP OF STUDENTS
SOWELA conducts routine follow-up surveys on all students. This data is used to evaluate the success of programs and the employment success of students. For this reason, students are asked to inform their advisors or the Placement Office of employment obtained following withdrawal from the college. Instructional Departments and/or the Office of Career Planning and Placement send follow-up letters or make follow-up phone calls to students who exit the school each semes-
SOWELA Technical Community College

GRADING SYSTEM

SOWELA uses a point grading system that ranges from 0.0 to 4.0. The academic performance level of each student is designated on the transcript by a letter grade which has an assigned point value. Grades earned are determined by instructors at the end of each semester and are recorded on the student’s transcript which is maintained by the Registrar’s Office.

Students should learn and understand the evaluation and grading systems used to calculate the GPA. At the beginning of each semester, the course instructor discusses how grades are awarded and publishes this information in a course syllabus. A student should discuss questions, concerns, or academic progress with his/her instructor.

Students are evaluated by their instructors relative to the following factors: knowledge of course work, ethical behavior, safety, job performance, work attitudes, ability to follow instructions, ability to get along with others, attention to assignments, and pride in workmanship.

A final letter grade for a course is assigned by the instructor at the end of the semester. The grade indicates the success/failure of the student. If a student believes he/she has been assigned an incorrect letter grade for the course, the issue should be discussed with the course instructor. The time frame a student has to challenge a grade can be found in the section Academic Appeals. After the period has expired, grades will be changed only for unusual circumstances.

A student may challenge a grade can be found in the section Academic Appeals. After the period has expired, grades will be changed only for unusual circumstances.

Letter grades are used to determine a grade point average. The overall grade point average is an indicator of academic status and/or eligibility to remain in college. Each letter grade is converted to quality points assigned per semester credit hour. Calculating the GPA requires determining the total number of quality points earned for that course. Divide the total number of quality points by the total number of attempted credit hours.

Students are hereby informed that the grading scale may vary in programs regulated by state boards or federal guidelines.

All students will be able to view a grade report at the end of each semester/term through Banner Self Service.

Calculating the Grade Point Average (GPA)

The following steps should be used to calculate an overall grade point average. Ignore transitional courses and courses where letter grades of “I”, “A*”, “B*”, “C*”, “D*”, “F*”, or “W” was given.

- For each course taken, multiply the course’s credit hours by the quality points of the grade earned to obtain the total number of quality points earned for that course.
- Add the total quality points for all courses.
- Add the total earned credit hours for all courses.
- Divide the total number of quality points by the total number of attempted credit hours.

The sample schedule illustrates how to determine an overall GPA:

<table>
<thead>
<tr>
<th>Course Number</th>
<th>Attempted Credit Hours</th>
<th>Earned Grade</th>
<th>Hours Earned</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 1010</td>
<td>3</td>
<td>A</td>
<td>3</td>
<td>12</td>
</tr>
<tr>
<td>HIST 1020</td>
<td>3</td>
<td>B</td>
<td>3</td>
<td>9</td>
</tr>
<tr>
<td>PSYC 1200</td>
<td>3</td>
<td>C</td>
<td>3</td>
<td>6</td>
</tr>
<tr>
<td>BIOL 1010</td>
<td>3</td>
<td>F</td>
<td>0</td>
<td>0</td>
</tr>
<tr>
<td>BUSI 1040</td>
<td>3</td>
<td>W</td>
<td>0</td>
<td>0</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>15</td>
<td>9</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td>27</td>
</tr>
</tbody>
</table>

Although the student in the sample schedule above attempted five courses (15 semester credit hours), he/she withdrew from one course prior to the withdrawal deadline; therefore, the course indicated with a “W” is not included in the overall calculation. The student has a total of 27 quality points from a total 12 credit hours earned…including the failed course, in which the student earned zero quality points. The student should divide 27 quality points by the 12 hours in order to calculate a 2.25 GPA. In this example, the student has earned three passing letter grades, but has one failing grade which lowers the student’s overall average. However, the student in the example has achieved satisfactory academic progress (a GPA of 2.0 or above), and therefore will not be placed on probation next term.

A grade point average is computed for all work that a student completes except work in transitional courses and courses where letter grades of “I”, “A*”, “B*”, “C*”, “D*”, “F*”, or “W”, are given. “I” (Incomplete) is a temporary grade that has no grade value. The letter grade that replaces the “I” will be used to calculate the GPA. If the course is not completed by the following semester after an “I” grade is recorded, the “I” grade is automatically converted to “F”.

AU: Audit.
REPEAT COURSES
SOWELA students are allowed to repeat courses. Only the last grade earned will be used in computing the GPA (EVEN IF THE LAST GRADE IS LOWER THAN THE PREVIOUS GRADE). A student that chooses to repeat a course in which he/she has already earned a passing grade is hereby cautioned that failing to complete the course satisfactorily may result in a failure to complete graduation requirements. Academic advisors should discourage students from repeating courses previously passed.

INCOMPLETE GRADES
An Incomplete “I” grade may be requested only in extraordinary circumstances when a student who is passing is unable to complete the course on schedule. “I” grades may be issued for students who are currently passing the class, attending regularly, and can reasonably complete the coursework by the deadline published in the academic calendar or by the date agreed upon in the Incomplete Grade Contract. The student is responsible for making up the work within the mandated time period. The “I” grade will convert to an “F” grade if not changed by the day grades are due the semester following the issuance of the “I”.

Examples of extraordinary circumstances are serious illness or injury, death in the family, sudden change in employment schedule or sudden need for employment, act of nature, and other emergencies deemed appropriate and verified by the instructor.

The Procedure for Awarding an “I” is as follows:

1. The student should initiate the request for grade of “I” with the instructor.
2. After the student provides verification of the extraordinary circumstances, the student and instructor complete and sign the Incomplete Grade Contract/Request Form obtained from the department.
3. The Incomplete Grade Contract/Request Form must be approved by the Department Chair and the Dean of Instruction.
4. The Incomplete Grade Contract/Request Form, accompanied by the appropriate verification, must be submitted to the Registrar's Office no later than the date the semester grades are due.

AWARDING OF TRANSFER CREDIT
An applicant should submit a currently issued official transcript from all institutions of higher education that he/she has attended within thirty days of the beginning of the first semester/session of enrollment. Transcripts become the property of SOWELA and part of the permanent student record.

Decisions regarding the award of transfer credit will be determined no later than the end of the first semester a student is enrolled.

Transfer credit is generally accepted from institutions that are accredited through recognized agencies. Transfer credit from other institutions will be considered on a case-by-case basis. Conversion from quarter hours to semester hours and conversion to a four-point grading basis. Conversion from quarter hours to semester hours and conversion to a four-point grading scale will be made as needed. Course content, prerequisites and level of instruction will be reviewed. The student may be required to provide course syllabi to determine transfer credit eligibility.

Transfer of credit will be considered only for comparable courses within the current curriculum at SOWELA. Only grades of “C” or better will be considered for transfer credit. Once the credit becomes a part of the student’s official record at SOWELA, it will not be removed.

Application of transfer credit toward the completion of program requirements will be determined by the Registrar's Office. Grades awarded for any and all transfer credits are excluded when calculating the SOWELA institutional grade point average. However, grades for transfer credit will be included when calculating the student’s overall grade point average.

No credit will be given for courses taken at other institutions while under suspension from SOWELA.

Only courses appearing on a college transcript will be considered for transfer credit. Students with Advanced standing/placement at a previous institution due to ACT Scores or institutional advancement exams can NOT receive credit for courses that were bypassed. In such cases, students will be required to take a CLEP exam to receive credit for courses not appearing on a college transcript.

CREDIT BY EXAMINATION
SOWELA recognizes that students enroll with varying degrees of preparedness and a wide variety of learning experiences. The College offers the opportunity to earn advanced credit through its “Credit By Examination” policy. The policy enables students to receive credit using Advanced Placement (AP) exams or credit exams.

A student enrolled in good standing at SOWELA may take a credit examination in a course if that student has fundamental knowledge of the content and/or skills associated with the course. Permission to take the credit exam must be granted by the chair of the department offering the course; the credit exams are developed and graded by faculty. Credit examinations are not available for all courses. A non-refundable fee is assessed for each credit exam. A 75% proficiency performance is required for a grade of “CR”. A credit exam for an individual course may be taken only once. A student who passes a credit exam will receive a grade of “CR”.

DEAN’S LIST
The Dean’s List has been established as a means of encouraging and recognizing academic excellence. The criteria for qualification are as follows:

- Full-time students (those who complete twelve or more semester credit hours in a semester and/or six semester credit hours in a summer term) will qualify for the Dean's List if their Grade Point Average (GPA) for the current term is 3.5 or greater.
- Students must not have a grade of “F” or an incomplete (“I”) for the current semester, nor can grades for transfer credit be used in the computation of GPA for the Dean’s List. Transfer courses are not included. You may view the Dean's List on our website under Academics at www.sowela.edu.

ACADEMIC PROBATION
A student that has attempted at least 15 credit hours and fails to maintain Satisfactory Academic Progress during any term will be placed on academic probation at the end of that term. (See table below). A student on academic probation may be required to attend workshops designed to bolster academic performance. A student on academic probation must wait to register for the subsequent semester until the previous semester grades are available. The scale used to determine Academic Probation is provided below:

<table>
<thead>
<tr>
<th>Semester Credit Hours Attempted</th>
<th>Minimum Overall GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>15</td>
<td>1.54</td>
</tr>
<tr>
<td>16-30</td>
<td>1.75</td>
</tr>
</tbody>
</table>

ACADEMIC STANDING

Minimum Overall GPA
Students will remain on academic probation until they raise their overall grade point average to a 2.00 or suspended.

**ACADEMIC SUSPENSION**

If a student has attempted at least 24 hours and is unable to maintain satisfactory academic progress while on academic probation, the student is then suspended for the upcoming semester. During this suspension term, the student may not enroll in any programs at SOWELA. No credit will be given for courses taken at other institutions while a student is under suspension from SOWELA.

Students reentering school after academic suspension will reenter on academic probation. Students not maintaining Satisfactory Academic Progress after one semester of academic probation will not be allowed to enroll in any program for one calendar year from the date of the second suspension.

Students on academic suspension may also appeal with the Dean of Instruction requesting a change in academic standing from Suspension to Probation. Students wishing to appeal must submit documentation of extenuating circumstances in the form of a letter or via e-mail. A committee will review the request and notify the student of the committee's decision. Students should be cautioned that approved appeals may require specific measures be taken that will assist in raising the student’s overall GPA. Students may obtain an Academic Standing Appeal form from the Office of the Dean of Instruction.

**TRANSFER OF CREDITS TO OTHER INSTITUTIONS**

While most courses at SOWELA are designed to lead to direct employment in a specific career, some courses are designed for transfer to other institutions of higher education. The Statewide Student Transfer Guide and Articulation System Matrices are available to assist students with determining the potential transferability of courses. These matrices indicate transfer equivalencies of courses among Louisiana’s public colleges and universities and may be accessed through the Board of Regents’ web page at www.regents.state.la.us. Students should note that the matrices are not all-inclusive. The determination of what credit will transfer from SOWELA Technical Community College rests with the receiving institution. Therefore, students are advised to contact the institution to which they intend to transfer to inquire about the potential transferability of courses and to determine whether the courses may be used to meet graduation requirements within their chosen major.
The Offices of Student Success and Student Support Services are multi-faceted offices providing services for students with disabilities, career guidance, counseling, tutoring, mentoring and student enrichment activities. Our goal is to provide opportunities for students to gain their full career and educational potential using state of the art learning resources.

**DISABILITY SERVICES**

Students with disabilities are entitled to equal access to a post-secondary education and SOWELA actively recruits prospective qualified students, including those with disabilities. Title I and Title II of the Americans with Disabilities Act (ADA) are strictly adhered to and the campus will make reasonable accommodations in facilities, services, policies, and practices so that qualified individuals with disabilities may have access to training. Students with impaired sensory, manual, or speaking skills or other disabilities have the responsibility to provide documentation in a timely fashion regarding reasonable accommodation needs.

In support of the college's mission to identify and meet the educational needs of its community through innovative, dynamic programs, Disability Services ensures equal access to all campus programs and activities. The office promotes full participation in campus life for individuals with disabilities. Services are provided collaboratively to empower students to advocate for themselves and assume responsibility for their academic outcomes and personal goals.

Students must self-identify and apply in the Office of Student Support Services to obtain accommodations. Students must provide documentation from a board-certified physician or psychologist describing the nature of the disability and how it affects an individual's major life activity. The doctor should also recommend the types of accommodations the student may need. We recommend requests for special accommodations/services be made at least eight (8) to four (4) weeks prior to the first official day of classes each semester. For more information please contact (337) 421-6969.

As part of the Americans with Disabilities Act (ADA) the College allows persons with disabilities to bring service animals with them to College activities, services and programs. In accordance, to Louisiana State Law service dogs shall be currently vaccinated and wear a vaccination tag. Service animals are defined as "any animal individually trained to do work or perform tasks for the benefit of an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals who are hearing impaired to intruders, pulling a wheelchair for a person, or fetching dropped items for a person with limited mobility." When an animal meets this definition, it is considered a service animal regardless of whether or not it has been certified by a training program. The College may not insist on proof of state certification before permitting the service animal to accompany the person with a disability. All service animals must be permitted to accompany a person with a disability. If there are any questions regarding service animals, the Office of Student Support Services should be contacted at (337) 421-6969.

**ADVISING SERVICES**

Advising services are available through the Office of Student Success. We provide students with activities that foster campus-wide learning as well as increase their retention of knowledge and improve the educational outcome of SOWELA.

Each student is assigned a faculty advisor during the process of orientation. The advisor provides the student with information about educational, administrative, career, and extracurricular matters, guides the student through the chosen program of study, and helps the student plan the class schedule each semester. Students are encouraged to visit with their advisor early and often as the advisor can help the student make the most of their educational experience. For more information on whom your advisor is contact (337) 421-6967 or (337) 421-6973. Call (337) 824-4811 for advising services in Jennings. (For more information, please go to the Student Life web page at www.sowela.edu)

**CAREER SERVICES**

Career Services offers a lifetime of career assistance to the students and alumni of SOWELA. We work closely with students seeking employment by working cooperatively with business and industry to stay informed of employment needs and opportunities. We are committed to serving our students and employers in our region.

Career services offers a variety of career guidance resources, job search related services, and skills in resume writing and interviewing. Career guidance resources include our Strong Interest Inventory and the Myer-Briggs Personality Assessment. The Strong Interest Inventory Assessment combined with the Myer-Briggs Type Indicator helps students gain a better understanding of who they are, and how their personality and interests help in developing a satisfying and productive workplace. The assessments do not measure skills or abilities, but the results can help guide students toward rewarding careers, work activities, areas of study, and leisure activities. (For more information, please go to the Student Life web page at www.sowela.edu)

Career fairs are held biannually on campus to offer an opportunity for students and alumni to network and make connections with potential employers. For more information please contact the office of Career Planning and Placement, (337) 421-6968.

**STUDENT COUNSELING**

Student Counseling services are available to assist students with their academic decisions, personal counseling and development, mental health, education, and wellness. For most students, college presents new and difficult challenges. The Counseling services are FREE of charge to all currently enrolled SOWELA students. You can learn more by requesting information from the Student Counseling Office, (337) 421-6971.

**STUDENT WIRELESS ACCESSIBILITY**

Wireless accessibility is provided to all SOWELA students.

**TUTORING**

SOWELA is proud to offer both face-to-face tutoring as well as online tutoring through Smarthinking. Face-to-face tutoring is located in the Computer Technology Building/Student Success Center. Face-to-face tutoring is also offered at the Morgan Smith Campus. For more information on Tutoring Services offered you can call (337) 421-6974.

**STUDENT ORGANIZATIONS**

SOWELA encourages participation in student organizations and activities and offers students opportunities to grow socially, personally, and intellectually outside of the classroom. The activities of clubs and organizations enhance the educational experience of the student body. Participation in student activities helps students to develop leadership, communication, interpersonal relations and problem solving skills. For information concerning any of the organizations below, contact the Office of Student Support Services at (337) 421-6969.

Organizing Student Clubs/Organizations

The following are procedures for operating clubs/organizations:

**Starting a Club/Organization**

1. Students, faculty, or staff interested in
starting/advising a club/organization must complete a Prospective Student Organization Form to register the club/organization with the Office of Student Support Services.

2. The Vice Chancellor for Academic Affairs or his/her designee will sign the constitution and Prospective Student Organization Form. Club members and advisors agree to follow club/organization guidelines and contribute to updating the Student Services section.

Club/Organization Advisors
Each Club/Organization has a faculty/staff member as an advisor. The advisor assists students with the club business and activities, mentors members of the club/organization, and provides guidance as necessary.

Club/Organization advisors are required to attend mandatory meetings at the beginning of the fall and spring semesters. An advisor that is unable to attend should contact and make an appointment to meet with the Director prior to initiating any club/organization activities.

Club/Organization advisors should keep their Club Advisors Application current, and a copy should be kept on file in the Office of Student Support Services.

Scheduling Activities and Meetings
Student activities require prior approval from the Office of Student Support Services. Whenever any campus room or facility is used for club/organization activities, the club/organization sponsoring the event is responsible for cleaning the area and restoring it to presentable conditions.

To schedule an activity/meeting:
1. The club/organization must complete a Student Activity Request Form. The form must be signed by the organization’s president and/or advisor, and submitted to OSSS at least three weeks prior to the proposed activity. Clubs/Organizations must also fill out a Program Proposal and Evaluation Form. The “Program Proposal” section is to be completed prior to the event.
2. The Dean of Instruction and the Director of Facilities or his/her designee must approve the use of space for the event, and sign the request form.
3. After the event, the club/organization should complete the Program Proposal and Evaluation Form by filling out the “Evaluation” section.

Posting Regulations
The Graphic Arts Program is available to assist students in creating flyers, banners, and posters for club/organization events. Each club requesting flyers, banners, etc. must complete a Student Activity Request Form prior to any advertising. Only OSSS can approve postings. If a student club/organization would like posters, flyers, and/or posters done by Graphic Arts they must complete a form and submit the form to graphicarts@sowela.edu. Unauthorized postings will be removed.

Communication and Representation
1. A representative from each club/organization should check for club/organization mail at least once a week in the mail area.
2. Clubs/Organizations can appoint a club senator to serve in the Student Government Association. To serve, a student must maintain a 2.0 GPA, and complete at least six hours of coursework.
3. A complete roster of current members is due to OSSS no later than the third week of classes each semester. Additions to the roster can be made at any time. A club/organization must complete a Club Membership Semester Academic Application at the beginning of each semester. This allows members and advisors to maintain an accurate roster/directory of its members.
4. A student interested in joining a club/organization must complete a Club Membership Semester Academic Application at the beginning of each semester. This allows members and advisors to maintain an accurate roster/directory of its members.
5. A sign-in sheet must be completed for each meeting/activity and submitted to OSSS at the end of each semester.
6. Clubs/organizations must provide a constitution to OSSS.

7. Students who wish to attend conferences/activities that conflict with their class schedules must complete a Club/Organization Conference Activity Excuse Form and submit it to the instructor whose class is to be missed. Students are not allowed to attend/participate in any event unless a completed Club/Organization Conference Activity Excuse Form is submitted to OSSS at least 30 days prior to the event.
8. Clubs/Organizations taking students to an off-campus event must have each student sign a waiver of liability form prior to the event. Waiver of liability forms can be obtained from the OSSS.

Student Organization Fund-raising Projects Policy
1. Student clubs/organizations considering a fund-raising project must obtain a Fund-raising Proposal Application from the Office of Student Support Services. The proposal must be submitted at least two weeks prior to the planned activity. The Directors of Student Support Services may approve, modify, or deny proposals. Upon completion of the fund-raiser, a Student Organization Deposit Form must be completed and submitted to the Office of Student Support Services.
2. Projects that interfere with academic programs or functions, college-operated services, contracts, or college development (fund-raising) activities; or competition for products or services available through existing college contracts of a commercial vendor are not approved.
3. Fund-raising activities are to be assigned to specific geographic areas on campus.
4. Clubs/Organizations are responsible for paying postage associated with fund-raising. Services from the campus postal service cannot be used by any clubs/or-organizations for fund-raising activities.
5. Advertising must comply with the campus policies for the posting of flyers, banners, etc.
6. Collection of monies must comply with campus policies; and in order to be properly processed, funds must be maintained in an account in the Business Office.

7. SOWELA does not accept responsibility for any financial liability with reference to student fund-raising. All financial expenditures are necessary to projects underwritten as conditions for their approval. College funds are not to be utilized to initiate, or sustain the fund-raising activities of a student club/organization.

8. All fund-raising items must be purchased and paid for by the club/organization upon receipt of the invoiced merchandise. If funds are not available to cover the entire invoice amount prior to delivery, clubs/organizations are prohibited from entering into contracts with companies who require payment after the sale. Exception: When a contracted company has specific guidelines which stipulate the division of the profit between the club/organization and the contracted company.

9. All fund-raising activities must abide by local, state, and federal laws and regulations. Failure to properly account for expenses and income relative to fund-raising activities and failure to deliver promised goods are grounds for disciplinary action by the College. The College reserves the right to audit fund-raising records and activities of the officially recognized student organizations.

Club/Organization Advisor Guidelines

Rule 4. Advisors are responsible for ensuring that regular meetings of the club/organization and its executive committee are held.

5. Any money collected by a student club/organization must be deposited into a registered campus account in the name of the club/organization at the Business Office.

6. Advisors must be familiar with the Student Code of Conduct.

7. The main advisor for each club/organization must maintain an accurate roster of the club/organization members, a copy of the constitution, and the names and contact information of any other club advisors. This information is filed with Student Support Services.

8. The main advisor should know each club/organization member’s current academic status and maintain an accurate record of this information in Student Support Services.

9. Club/Organization advisors are required to attend a mandatory club/organization advisor meeting at the beginning of each semester. The spring meeting is held for new advisors only. Current or returning advisors will receive an update of operating rules and procedures in the spring.

10. Assistance or technical support is provided by the Director of Student Support Services.

Clubs/Organizations

SOWELA Technical Community College students can join the following service clubs/organizations and honor societies:

Student Government Association (SGA)

Every student duly enrolled at SOWELA Technical Community College (SOWELA) shall be a member of the Student Government Association. The SGA is designed to facilitate student involvement within the college. The SGA promotes the general welfare of the college in a democratic fashion and facilitates communication among the student body, the faculty and the administration. The purpose of the SGA is to serve students by advocating for student rights as well as providing programs that enrich the college experience. The SGA governing body is comprised of an Executive Branch and Student Senate. An elected president, vice-president, secretary, and treasurer form the Executive Branch. Senators are chosen by each department/organization to represent the interests of that department/organization.

Future Business Leaders of America - Phi Beta Lambda (PBL)

PBL is the largest business career student organization in the world. The high school division has 215,000 members, while the postsecondary division reaches over 11,000 college students. The newest group, FBLA-Middle Level, is showing remarkable growth with over 11,000 student members. Finally, the Professional Division has reached over 3,000 members. Over 11,000 advisers round out the group. Exclusive membership and career recognition programs are designed for each division to provide additional personal and character development opportunities. The Gamma Alpha Pi Chapter of PBL has been active at SOWELA since 1975. SOWELA’s chapter competes across the state and nation, frequently winning top honors. Visit www.fbla-pbl.org.

Skills USA

Skills USA is a national organization serving more than 250,000 high school and college students and professional members who are enrolled in training programs in technical, skilled, and service occupations, including health occupations. Skills USA prepares America’s high performance workers. It provides quality education experiences for students in leadership, teamwork, citizenship and character development. It builds and reinforces self-confidence, work attitudes and communication skills. It emphasizes total quality at work, high ethical standards, superior work skills, lifelong education and pride in the dignity of work. More than 1,000 corporations, trade associations, and labor unions actively support Skills USA on a national level through financial aid, in-kind contributions, and involvement of their people in Skills USA activities. Team SOWELA competes on the state and national levels and has brought home many gold, silver and bronze medals in Skills USA competitions. Visit www.skillsusa.org.

Southwest Student Chapter of the Louisiana Restaurant Association (LRA)

The Southwest Student Chapter of the Louisiana Restaurant Association is a trade organization in the hospitality industry. The Student Chapter works with the Southwest LRA Chapter to foster education, progress, fraternity, professionalism, and dignity in the hospitality industry. It is the goal of the organization to practice active community citizenship by participating in civic and business development through association and cooperation with responsible community leadership while maintaining a high standard of integrity. Activities include participation in the
Annual Louisiana Food Expo, Southwest Chapter

National Technical Honor Society

NTHS is the acknowledged leader in the recognition of outstanding student achievement in career and technical education. SOWELA Technical Community College offers this nationally recognized honor society to students. Individuals interested in joining NTHS must have a current overall GPA of 3.4 or above and must be at least a second semester student. NTHS members must maintain an overall GPA of 3.0 and maintain a GPA of 3.25 in their Career and Technical program to remain an active member. The student cannot have any current or future discipline and/or academic attendance problems.

Being a part of NTHS encourages higher scholastic achievement, cultivates a desire for personal excellence, and helps top students find success in today’s highly competitive workplace. Key benefits to membership include the NTHS custom certificate, presentation folder, member pin, ID card, window decal, white graduation tassel, official NTHS diploma seal and customized general letter of recommendation for the student’s career portfolio. Once the student logs in they may request up to three personal letters of recommendation for employment, college admission, or scholarship committees and gain access to the NTHS Online Career Center. Full time students inducted as NTHS members are eligible to apply for scholarships through the NTHS website at www.nths.org.

Criminal Justice Club

The Criminal Justice Club is an organization established by Criminal Justice students to serve the community in a service capacity.

STUDENT CONDUCT CODE

Membership in the college community confers upon students certain rights and imposes certain responsibilities which are defined below. Students are expected to understand and exercise their rights, to meet their responsibilities, and to respect the rights of others. The College’s student conduct code is expected to enforce these responsibilities and to afford the same rights to students. The College will help to preserve a climate in which students can develop without denying this same opportunity to others. Unfamiliarity with the following does not excuse students from carrying out their responsibilities as members of the college community.

Student Rights

1. Students have the right to be heard in matters that affect their rights and responsibilities. (e.g., through Student Government Association, Dean of Instruction, etc.)

2. Students have the right to take stands on issues, to examine and discuss questions of interest, and to support legal causes by orderly means which do not disrupt college operations or interfere with the rights of others.

3. Student publications and communications are guaranteed the rights inherent in the concept of “freedom of the press.” Individual students and student organizations have the right to publish, distribute, and broadcast material on the college campus provided that the materials are identified by the name of the student or student organization. All publications and broadcasts shall be subject to the canons of responsible journalism, including the avoidance of defamation, indecency and obscenity, undocumented allegations, and harassment. In addition, all publications and communications must be approved by the Office of Student Support Services.

4. Students have the right to form and participate in student organizations that provide opportunities for educational and social enrichment. All student organizations registered with the Office of Student Support Services may meet on college premises provided that they make reservations in accordance with the established rules and regulations for room and space reservation. Students and/or student groups may not make reservations in their names for outside groups or organizations to use college space.

5. Student organizations registered with the Office of Student Support Services have the right to invite any persons of their choosing to their organization as speakers on college premises. The Chancellor or the Executive Director of Enrollment Management and Student Aftairs may cancel a speaker’s reservation where there is a clear and present danger to the orderly operation of the college. Such cancellation shall be communicated to the sponsoring organization at the earliest opportunity.

6. Students have the right to have their academic records kept confidential subject to existing law. No official records shall be kept which reflect political activities or beliefs of students. No official records shall be available to unauthorized persons within the institution, or to any person outside the institution without the expressed written consent of the student involved, except under legal compulsion.

7. Students have the right to due process when accused of any violations of college regulations or rules of conduct. This right shall include the following:

- Right to a notice in writing of any charges.
- Right to admit the alleged violation, waive a hearing and accept the college’s action.
- Right to admit the alleged violation but request a hearing.
- Right to deny the alleged violation and request a hearing.
- Right to a fair hearing before an impartial committee.
- Right to appear in person at a hearing or not to appear with assurance the failure to appear shall not be construed as indicative of guilt.
- Right to select an advisor of their choice to attend the hearing with them.
- Right to call witnesses and present evidence on their behalf.
- Right upon request to a list of witnesses who will appear against them.
- Right to present and cross-examine witnesses and/or accusers.
- Right to request a copy of any available record or tape recording of a hearing if the offenses involve possible suspension or expulsion.
- Right to appeal to the Executive Director of Enrollment Management and Stu-
Student Regulations And Rules Of Conduct

It is a basic and fundamental responsibility of a college to maintain order through reasonable policies and procedures. The filing of an application for admission shall be regarded as evidence of the applicant’s intention to abide by the standards and regulations of SOWELA. Students forfeit their right to remain enrolled if they fail to comply with such standards and regulations. The following is a statement of the regulations and responsibilities of students both as individuals and as groups at SOWELA. Additional rules or regulations may be initiated under established procedures during the year.

1. Firearms, explosives, fireworks, or weapons of any kind are not to be brought onto the college premises or to college-sponsored events except as authorized by the proper officials of the College.

2. The manufacture, distribution, sale, possession, or use of alcoholic beverages, marijuana, controlled substances, or dangerous drugs on the campus and at institutionally approved events off campus is prohibited.

3. No person shall physically abuse, threaten, or intimidate any member of the faculty, staff, student body, or any official visitor to the College.

4. The taking, damaging, or malicious destruction of property belonging to the college, to the visitors to the college, or to any member of the college community is prohibited.

5. No persons shall assemble on campus for the purpose of creating a riot or disruptive or disorderly diversion which interferes with the normal educational processes and operations of the College. This policy shall not be construed as the denial of any student’s right to peaceful assembly.

6. Gambling on the campus premises is prohibited.

7. No person shall interfere with, fail to cooperate with, or fail to identify himself or herself to any properly identified administrator or staff person while that person is in the performance of his or her duties.

8. Unauthorized entry into, use, or occupation of college facilities which are locked, closed to student activities, or otherwise restricted as to use, or which have not been reserved for use through the proper college authorities is prohibited.

9. Falsification, alteration, fabrication, or misuse of college forms, documents, records, or identification cards is prohibited. This policy includes any documents submitted in support of official college purposes.

10. The operation on campus of student organizations not properly registered with and recognized by the Student Support Services Office is prohibited.

11. The dissemination on campus of publications which do not bear the name of the originator or which are not done in accordance with college rules and regulations is prohibited.

12. Students shall not attempt to defraud, deceive, or mislead an instructor in arriving at an honest grade assessment.

13. Hazing is not permitted. Hazing violations include, but are not limited to, abusive initiation requirements for entrance into a club or organization.

14. Unauthorized use of college property or services is prohibited.

15. Behavior that is disruptive or that interferes with the campus learning process in the classroom or on campus is not permitted. Students accused of Student Conduct Code violations can be assured adequate due process through administrative procedures. Violations can be adjudicated through an informal hearing with the Executive Director of Enrollment Management and Student Affairs and/or through a formal hearing. An informal hearing is a meeting between the accuser, the accused, and the Executive Director of Enrollment Management and Student Affairs. An informal hearing is appropriate when all parties voluntarily agree to engage in an attempt to resolve the complaint. This may result in sanctioning if needed. If the informal hearing does not result in resolution, the case will be forwarded for a formal hearing.

Addendum

Additional Conduct Regulated

1. Appearance and/or dress that is extreme or unusual to the point of distracting from or being disturbing to the learning environment within classes or on campus will not be tolerated. In certain technical labs, student dress is expected to meet all safety codes.

2. Telephone and mail service is not available on campus for students. Students should be called through the college switchboard only in cases of emergency which involve the illness or death of a family member. The Office of Facilities should be contacted in such emergencies.

3. The use of tobacco products is prohibited in all buildings on SOWELA campus. Tobacco users are required to be 50 ft. from all entrances, exits, and building occupancies.

4. Food and drinks may be brought into buildings, but they are not allowed in classrooms. Children are not allowed in classrooms, and cannot be left unattended while on campus.

5. All electronic devices should be turned off and put away while in class.

Disciplinary Sanctions

Students/student leaders/clubs/organizations who fail to follow the Code of Conduct are subject to disciplinary actions/sanctions authorized by the Executive Director of Enrollment Management and Student Affairs or Designee. These include:

1. Admonition or oral statement to the student who has violated regulations.

2. Official written reprimand, warning, or notice in writing that continuation or repetition of wrongful conduct can result in harsher action.

3. Educational sanctions that include fines, public service, participation in selected programs, and/or the assignment of a research project.

4. Disciplinary probation/exclusion from privileged or extracurricular activities.

5. Restitution/reimbursement for damage(s) or loss(es) to property or person(s).

6. Forfeiture of academic credit.

7. Suspension/exclusion from classes and privileges for a defined period of time.

8. Expulsion/termination of the club/organization(s).

9. Sanctions as deemed necessary by the Executive Director of Enrollment Management and Student Affairs or Designee.
The Executive Director of Enrollment Management and Student Affairs or Designee reviews all disciplinary sanctions. The Vice Chancellor of Academic Affairs or Designee will review all academic related sanctions.

Unusual circumstances (i.e. threat of personal safety, physical danger, repeated violations, etc) may result in dispositions decided on through informal hearings. Such dispositions may result in suspension, exclusion from classes, or expulsion or termination of the student's status at SOWELA.

Students on disciplinary suspension, exclusion, or expulsion are forbidden the use of college facilities during the term of their sanction. A student or student club/organization facing disciplinary sanctions may receive temporary sanctions from the Executive Director of Enrollment Management and Student Affairs or Designee. These include suspension pending the final disposition of the case, or temporary suspensions imposed in order to maintain the orderly operation of the college.

Categories and Definitions of Academic Dishonesty

Cheating is the intentional use of inappropriate and unauthorized assistance, information, materials, or study aids in any academic exercise, and includes multiple submissions of the same or part of the same work to different instructors for different assignments in the same semester or in a different semester. Cheating includes, but is not limited to, the use of unauthorized assistance, information, or materials on tests, homework, quizzes, papers, projects and all other academic assignments. Additionally, the act of conspiracy for the purpose of defrauding also constitutes cheating.

Fabrication is the misrepresentation of a signature or a document as original (authentic) and includes the fabrication of any part of an academic individual or group assignment, or of official documents of the college or outside agencies, including drop/add slips, excused absence slips, and medical documentation. Fabrication also includes making up or changing data or results, or relying on someone else's results in experiments or laboratory assignments. Citing a source that has not actually been used or consulted is also an offense.

Plagiarism constitutes the use of another person's ideas, words, data, arguments or sentence structure in any academic assignments as the student's own without proper documentation or citation.

Misuse of academic resources constitutes prohibiting students, faculty or staff from using print or electronic resources by rendering them unavailable, useless, or altered from their original form and purpose. This includes the unauthorized use of computer accounts, alteration of passwords, violation of library procedures or other intentional misuse or destruction of educational materials.

Misrepresentation is intentionally presenting oneself as someone else, or intentionally representing the condition or the situation as more or less than what actually is to gain credit or special concessions on academic individual and group work including make-up tests, projects, and class assignments.

Violation of class rules is the intentional failure to follow the rules of each individual class concerning academic assignments and class behavior as referenced in the course syllabus.

Complicity is the willing involvement with others in any academic misconduct.

Software fraud is the unlawful downloading and copying of computer software used in the creation of academic work.

Multiple submissions of work include handing in academic work that was done previously by the student for another class or by someone else.

Cheating includes any attempt to defraud, deceive or mislead the instructor in arriving at an honest grade assessment. Plagiarism is a form of cheating that involves presenting as one's own the ideas or work of another. Through course syllabi or course requirements, students will be informed of the cheating policy. The policy has been established by SOWELA to insure due process in cases of cheating and plagiarism.

Standards Of Conduct For Use Of SOWELA Computers

SOWELA's Acceptable Use Policy #7.001.1 complies with the latest revisions of both the Computer Fraud and Abuse Act and the Copyright Act and overall Louisiana Community and Technical College System policy #7.002. Examples of unacceptable activities:

- Accessing, uploading, downloading, transmitting, displaying, or distributing obscene or sexually explicit material; transmitting obscene, abusive, or sexually explicit language
- Damaging computers, computer systems or computer networks
- Vandalizing, damaging or disabling the property of another person or organization
- Debilitating or disabling computers systems or networks through the intentional misuse
- Overuse of electronic distribution or the spreading of computer "viruses" through the inappropriate use of files, cd's or other removable devices
- Violating copyright, or otherwise using another person's intellectual property without his or her prior approval or proper citation
- Using another person's passwords
- Trespassing in another person's folders, work or files
- Violating local, state and federal statutes

Display Of Non-College Publications

As an institution of higher education, SOWELA seeks to foster a "free marketplace of ideas" in support of the ideas written in our state and national constitutions. To that end, SOWELA allows the display of non-college publications on its campus. The regulations contained herein in no way approve, disapprove, support, or fail to support the content of the publications included in this policy. The policy simply assists SOWELA in the use and management of college facilities.

Procedure for posting Non-College Publications:

1. An Agreement for Display of Non-college Publications must be completed and filed in the OSSS. Agreements are renewed annually, however, SOWELA can cancel an agreement at any time by issuing a two-week notice to the vendor.
2. OSSS assigns display locations and assignments are made solely at the discretion of SOWELA.
3. Display racks must be provided and used by the vendor to display publications.

Sales and Solicitation

SOWELA does not permit the operation of private business enterprises on campus unless the business is under contract to the college. As specified by related procedures, all private business interests on the SOWELA campus are only operated as auxiliaries to the business, and are under the direct management, control, and supervision of the college's chief business officer: Jeanine Newman, Vice Chancellor for Finance.

Procedures for Students/Student Organizations:

Students can place notices of items for sale on the “Campus Advertising Board”. Posting of
sales notices must first be approved by the Office of Student Support Services.

**Student Assemblies**

Students who need to utilize campus facilities for an event, must first reserve the facilities through the Office of Student Support Services. Whenever an activity, held in the name of the college, includes a speaker, the Vice Chancellor for Academic Affairs must officially approve the speaker and coordinate the event with the SOWELA Office of Facilities.

**Visitors on Campus**

Visitors are welcome and are invited to visit the college at any time. Each visitor to the college must check with the administrative office before touring the school or visiting classes. Visitors must adhere to the rules and policies of the college, including traffic and parking regulations.
The following section is a description of all programs of study offered at SOWELA Technical Community College. The curricula are as accurate and complete as possible at the time of publication of this catalog. Since this catalog was prepared, some programs may have been added, others may have been deleted, and/or changes in curricula may have been made.

Exit level designations for these programs are as follows:

- **TCA** = Technical Competency Area Certificate: An applied course, or series of courses (1-16 hours) which provides a student with a specific technical competency area.

- **CTS** = Certificate of Technical Studies: An applied technical program (usually 16-33 hours) to provide a student with a broad technical competency.

- **CGS** = Certificate of General Studies: An academic program (30 hours) of general education courses designed to prepare students for entry into an associate or baccalaureate program.

- **TD** = Technical Diploma: An applied technical degree program (45-60 hours) often formed by combining multiple CTS's and/or TCA's.

- **AAS** = Associate of Applied Science Degree: An applied/academic degree program (60-72 hours), primarily designed to prepare students for immediate employment or career entry.

- **AGS** = Associate of General Studies: An academic program (60 hours) that allows students to select a concentration to prepare them for career entry, but which may also transfer to a baccalaureate program.

- **AALT** = Associate of Arts Louisiana Transfer Degree: An academic program (60 hours) that is designed to facilitate transfer from community colleges to related baccalaureate degree programs at public universities in Louisiana.

- **ASLT** = Associate of Science Louisiana Transfer Degree: An academic program (60 hours) that is designed to facilitate transfer from community colleges to related baccalaureate degree programs at public universities in Louisiana.

- Degrees offered in the following programs:
  - Accounting Technology AAS
  - Aviation Maintenance Technology AAS
  - Computer Technology/Network Specialist AAS
  - Computer Technology/Programming Specialist AAS
  - Criminal Justice AAS
  - Culinary Arts AAS
  - Drafting and Design Technology AAS
  - General Studies AGS
  - Graphic Art AAS
  - Industrial Instrumentation Technology AAS
  - Office Systems Technology AAS
  - Process Technology AAS
  - Transfer - Arts Louisiana AALT
  - Transfer - Science Louisiana ASLT

The AAS degrees at SOWELA are not designed for transfer into a baccalaureate program.
ACCOUNTING TECHNOLOGY

Department: Business and Information Technology

Program Description: The Associate of Applied Science in Accounting Technology program is designed to prepare the student for general office work emphasizing manual and computerized accounting. The mission of this program is to provide specialized classroom instruction and practical experience to prepare students for employment as accounting technicians or to provide supplemental training for persons previously or currently employed as accounting technicians. The program prepares individuals to provide technical support to professional accountants and other management personnel. It includes instruction in general accounting principles and practices, posting transactions to accounts, record-keeping systems, and accounting software operation. The program emphasizes safe and efficient work practices, basic occupational skills, and employability skills. The content is organized into competency-based courses that specify occupational competencies that the student must successfully complete.

Program Coordinator: Debbie Lejeune

Program Instructors: Ricky Monceaux, Winston Richard, Tamalla Green, Kylie Schmalz (Morgan Smith Site)

Special Comments: A minimum grade of C is required in all Accounting Technology major-specific courses.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive an associate degree, certificate or diploma.

Student Learning Outcomes: Students who successfully complete the Accounting Technology Program will be able to:
1. Identify the accounting equation and define each of its elements.
2. Record receipts, invoices, payments, payables, and bank deposits and print financial reports using computerized accounting software.
3. Prepare a set of financial statements in accordance with generally accepted accounting principles.
4. Apply fundamentals of business style in written and oral communication through letters, resumes, presentations, and interviews.
5. Format documents efficiently in various documents using word processing software.
6. Utilize formulas and functions and format documents using electronic spreadsheet software.

### AUTOMOTIVE TECHNOLOGY

**Department**: Industrial & Transportation Technology

**Program Description**: The purpose of the Automotive Technology program is to provide specialized classroom instruction and practical shop experience to prepare individuals to engage in the servicing and maintenance of all types of automobiles. The program prepares the individual to select, safely use, and maintain hand and power tools, jacks, and hoisting equipment; provides instruction in the diagnosis of malfunctions and the repair of engines; instruction in the analysis of fuel, electrical, cooling, brake systems, drive train, and suspension systems are included. The competencies in the Automotive Technology program are closely correlated with the knowledge required to prepare an individual for the certification test given by the National Institute for Automotive Service Excellence (ASE). The content is organized into competency-based courses of instruction that specify occupational competencies that the individual must successfully complete according to the priorities for tasks established by the National Automotive Technicians Education Foundation (NATEF).

**Program Coordinator**: Lewis Williams

**Program Instructors**: Thomas Richard, Lewis Williams.

**Program Accreditation**: National Automotive Technicians Education Foundation (NATEF)

**Special Comments**: A minimum grade of C is required in all Automotive Technology major-specific courses. This program is also offered at Morgan Smith Campus.

**Overall Grade Point Average**: Program requirements must be completed with an overall grade point average of 2.0 in order to receive a certificate or diploma.

**Student Learning Outcomes**: Students who successfully complete the Automotive Technology Program will be able to:

1. Demonstrate the use of tools and equipment used in the automotive service industry.
2. Describe the theory of operation of automotive systems.
3. Diagnose and document component failures.
4. Inspect, adjust, repair or replace automotive components.
5. Locate manufacturer specific information.
6. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the automotive industry.

The image contains a page from a document, which includes course listings and descriptions for the Accounting and Automotive Technology programs at Sowela Technical Community College. The document outlines various courses, their credit hours, and provides details about the programs' objectives, learning outcomes, and necessary specifications for completion. The table format is used to organize the course information, making it easier to read and comprehend. The text is clear and readable, with all necessary details provided for each course and program. The content is structured in a logical manner, allowing for easy navigation and understanding of the information presented. The page also includes a continuation note, indicating that additional information is available on the previous page.

### AVIATION MAINTENANCE TECHNOLOGY

**Department:** Industrial and Transportation Technology

**Program Description:** The mission of the Aviation Maintenance Technology program is to provide a teacher-learning environment that will prepare students for certification by the Federal Aviation Administration (FAA) in airframe and powerplant mechanics. The certification process consists of three separate tests detailing the General, Airframe, and Powerplant sections. In addition, three separate oral and practical tests are administered by an FAA designated examiner. Upon successful completion of the three tests, the graduate is awarded the A & P Mechanic Certificate. The Aviation Maintenance Technology program provides a safe and healthy environment for learning, encourages students to become critical thinkers and lifelong learners, and attempts to establish relationships with students and employers that promote upgrading of skills for continued advancement in the field.

**Program Coordinator:** Troy Fontenot

**Program Instructors:** Anthony Savant, Troy Fontenot, Jerome Gueringer.

**Program Accreditation:** Federal Aviation Administration (FAA) Certificated & Association of Technical, Management and Applied Engineering (ATMAE).

**Special Comments:** The grading scale utilized in this program is set by the FAA. According to the FAA grading scale, which differs from the SOWELA grading scale, the minimum grade required in all Aviation Maintenance Technology major-specific courses is 70% or the letter grade D. As an ATMAE accredited program, graduates in Aviation Maintenance Technology must successfully complete a minimum of twenty-two hours of technical coursework at SOWELA. All AMTG, AMTA, AMTP courses are FAA Certificated, all other courses listed are not FAA Certificated.

**Overall Grade Point Average:** Program requirements must be completed with an overall grade point average of 2.0 in order to receive an associate degree, diploma or certificate.

**Student Learning Outcomes:** Students who successfully complete the Aviation Maintenance Technology Program will be able to:

1. Execute Federal Aviation Administration (FAA) forms/records and compose appropriate corresponding aircraft maintenance records entries.
2. Troubleshoot and repair basic aircraft electrical systems utilizing manufacturer data.
3. Inspect an aircraft to show compliance with a 100 hour/Annual inspection in accordance with the Title 14 of the Code of Federal Regulations (CFR).
4. Satisfactorily pass the Federal Aviation Administration (FAA) knowledge, oral, practical and written examinations in General, Airframe, and Powerplant subjects.
5. Obtain FAA general mechanic, airframe and powerplant certifications.
6. Demonstrate a working knowledge and mechanical ability to inspect, maintain, service and repair aircraft electrical, engine (piston and turbine), airframe structure, flight control, hydraulic, pneumatic, fuel, navigation and instrument systems and other aircraft components specified by Federal Aviation Regulation Part 147.
7. Identify, install, inspect, fabricate and repair aircraft sheet metal and synthetic material struc-
8. Display proper behavior reflecting satisfactory work habits and ethics to fulfill program requirements and confidence to prepare for employment.
9. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the aviation maintenance industry.

CERTIFIED NURSE ASSISTANT

Program Description: The Certified Nurse Assistant program prepares students for employment in long-term care facilities, home health agencies, and hospitals where basic bedside nursing care is needed. Classroom instruction includes an introduction to health care, basic nursing skills, body structure and function, and infection control. Students participate in clinical activities under the supervision of the instructor. All OBRA Skill Standards are included in this competency-based curriculum. Upon completion of the program, the student is qualified for certification and employment in the areas of long-term home health and acute care.

Program Coordinator: Paula Hellums, RN, MSN.

Program Instructors: Patrice Fontenot, RN, BSN; Charon Randel, RN, MSN; Lisa Rogers, RN, ADN; Gloria White, RN, ADN; Sarah Seaman, RN, BSN; Patricia Montou, RN, BSN; Leslie Ferrygood, RN, MSN.

Program Coordinator Morgan Smith Site: Charon Randel, RN, BSN.

Program Instructors Morgan Smith Site: Kecia Clark, RN, BSN; Rebecca Doucet, RN, MSN; Pat Pousson, LPN; Charon Randel, RN, MSN.

Clinical Sites: Grand Cove, Lake Charles Care Center, Lake Charles Memorial Hospital, Resthaven Nursing Rehabilitation Center.

Clinical Sites Morgan Smith: Jeff Davis Living Center, Southwest Louisiana War Veterans Home, Jennings American Legion Hospital, Camelot Brookside.

Special Comments: All courses in the Certified Nurse Assistant Program must be completed with a grade of C or higher.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive a technical competency area certificate.

Student Learning Outcomes: Students who successfully complete the Certified Nurse Assistant Program will be able to:

1. Demonstrate basic nursing skills while maintaining infection control and safety standards.
2. Perform cardiopulmonary resuscitation (CPR).
3. Demonstrate basic personal care skills for the client.
4. Demonstrate basic mental health and social service needs by modifying his/her own behavior in response to residents’ or clients’ behavior.
5. Demonstrate skills which incorporate principles of restorative nursing, including the use of assistive devices.
6. Demonstrate behavior which maintains residents’ or clients’ rights, including, but not limited to, providing privacy and maintenance of confidentiality and allowing clients to make personal choices to accommodate individual needs when possible, and providing care which safeguards the client against abuse.

Certified Nurse Assistant Admission Requirements: To be considered for the Certified Nurse Assistant program, an applicant must:

1. Submit a completed application.
2. Submit official copies of ACT, COMPASS, or ASSET scores and official copies of transcripts of all college work to the Admission Office.

TCA – Certified Nurse Assistant 10

CIP Code: 513902

Total Clock Hrs: 214
Department: Industrial & Transportation Technology

Program Description: The purpose of the Collision Repair Technology program is to provide specialized instruction and practical shop experience to prepare students for employment in a variety of jobs in the field of collision repair. The Collision Repair Technology program prepares individuals to repair modern vehicles. This includes identification and analysis of damage, measurement, straightening, welding, structural repair and replacement, corrosion, alignment, refinishing, trim and glass replacement, plastic repair, and working with electrical and mechanical components as they pertain to collision repair.

Program Coordinator: Tim McCarty

Program Instructors: Tim McCarty

Special Comments: A minimum grade of C is required in all Collision Repair Technology major-specific courses.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive a diploma or certificate.

Student Learning Outcomes: Students who successfully complete the Collision Repair Technology Program will be able to:

1. Perform body panel and minor structural repairs and parts replacement.
2. Perform vehicle refinishing preparation, application, and paint detailing.
3. Dismantle and reassemble vehicle body parts, trim, interior components, and non-structural glass.
4. Perform minor mechanical and electrical collision related procedures.
5. Assess a vehicle’s damage, develop a repair plan through interpretation of service information, and communicate the calculation of repair costs and procedures to related parties.
6. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the collision repair industry.

COMPUTER TECHNOLOGY - NETWORKING SPECIALIST

Department: Business & Information Technology

Program Description: The Networking Specialist program provides a thorough background in PC computer hardware and operating systems, local networking and internet technologies. In addition, the program provides a background in analyzing business requirements and designing and implementing network infrastructure for business solutions. Implementation responsibilities include installing, configuring and troubleshooting network systems. The courses prepare the student for various certifications in: CompTIA’s A+, Network+, Server+, Security+, MCP (Microsoft Certified Professional), Cisco’s CCENT (Cisco Certified Entry Network Technician) and CCNA (Cisco Certified Network Associate), and MCSE (Microsoft Certified Systems Engineer).

Program Coordinator: Debbie Lejeune

Program Instructors: Rocky Schexneider, Barry Humphus, ShaDawnya Semien, Dr. Martha Schexneider.

Program Accreditation: Association of Technology, Management, and Applied Engineering (ATMAE)

Special Comments: A minimum grade of C is required in all Information Technology courses.

As an ATMAE accredited program, graduates in Networking must successfully complete a minimum of fifteen hours of technical coursework at SOWELA.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive a degree, certificate or diploma.

Student Learning Outcomes: Students who successfully complete the Networking Specialist Degree will be able to:

1. Demonstrate a working knowledge of IT terminology.
2. Identify, describe, and troubleshoot system components.
4. Install, manage, and maintain system servers, routers and workstations.
5. Demonstrate a basic knowledge of network security and data communications.

CRIMINAL JUSTICE

Program Description: The mission of the Criminal Justice program is to provide specialized classroom instruction and practical experience to prepare students for employment or promotional opportunities in criminal justice agency positions in crime prevention, public safety, corrections, or other related fields. This program is designed to educate students who wish to pursue a career in criminal justice or for additional training of individuals already employed in the field. The program emphasizes safe and efficient work practices, basic occupational skills, and the application of federal, state, and local laws as they apply to both emergency and routine situations. Course content is organized into competency-based courses of instruction that specify occupational competencies that the student must successfully complete.

Program Coordinator: Dr. Lisa Quibodeaux
Program Instructors: Dr. Lisa Quibodeaux, Ricky Titus, David McMurry, Jonathan Byrd, Alberto Galan.

Special Comments: A minimum grade of C is required in all Criminal Justice major-specific courses.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive an associate degree, certificate or diploma.

Student Learning Outcomes: Students who successfully complete the Criminal Justice Associate Degree or Diploma program will be able to:
1. Demonstrate knowledge and skills required for entry-level employment in the criminal justice profession.
2. Demonstrate knowledge of the issues and dilemmas facing contemporary criminal justice.
3. Apply their analytical skills to applied, professional tasks and team efforts in criminal justice.
4. Communicate successfully within the criminal justice profession using verbal, written, and basic computer literacy skills.
5. Critically evaluate current criminal justice strategies for strengths and weaknesses, and reformulate policy to enhance criminal justice efficiency.

### CULINARY ARTS

#### Department:
Culinary, Graphic & Design Arts

#### Program Description:
The Culinary Arts program prepares students to work in service, production, fast foods, and baking areas of the food service industry. Program content includes American Culinary Federation information and guidelines for approved chef training, accreditation, and National Restaurant Association Pro Management Certification.

#### Program Coordinator:
Jerry Sonnier

#### Program Instructors:
Jerry Sonnier, Ed Neeley, Roy Angelle and Mary Ellen Fontenot.

#### Special Comments:
A minimum grade of C is required in all Culinary Arts major-specific courses.

#### Overall Grade Point Average:
Program requirements must be completed with an overall grade point average of 2.0 in order to receive a certificate or a diploma.

#### Student Learning Outcomes:
Students who successfully complete the Culinary Arts Degree or Diploma program will be able to:
1. Demonstrate good knife skills.
2. Identify kitchen equipment, tools and their use.
3. Utilize basic culinary terminology used in the industry.
4. Demonstrate standard vegetable and meat cuts that are essential in the industry.
5. Recognize guidelines necessary to maintain food safety throughout the flow of food, from purchasing to serving.
6. Produce a meal from start to finish including production of a standard recipe, portion control, cooking concepts, customer relations and proper service.
7. Recognize the concept of food presentation.
8. Know the basic principles and ingredients of the bakeshop.
9. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the culinary industry.

DRAFTING AND DESIGN TECHNOLOGY

Department: Culinary, Graphic and Design Art

Program Description: The mission of the Drafting and Design Technology program is to provide a teacher-learning environment that will afford every student an opportunity to obtain the board and computer drafting skills needed for employment and advancement in the areas of Structural, Architectural, Civil/Surveying, Electrical, Machine/Manufacturing, Piping and Structural/Strength and Materials Drafting. The Drafting program provides a safe and healthy environment for learning, encourages students to become critical thinkers, and attempts to establish a relationship with students and employers that promote upgrading skills for advancement in their drafting career.

Program Coordinator: Vacant

Program Instructors: Jason Parker, Aaron Goodman

Program Accreditation: Association of Technology, Management, and Applied Engineering (ATMAE)

Special Comments: A minimum of C is required in all Drafting and Design Technology major-specific courses.

As an ATMAE accredited program, graduates in Drafting and Design Technology must successfully complete a minimum of fifteen hours of technical coursework at SOWELA.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive a degree, certificate or a diploma.

Student Learning Outcomes: Students who successfully complete the Drafting and Design Technology Degree or Diploma Program will be able to:

1. Use industry-standard equipment, and software to create working drawings, in various disciplines of drafting, for use in construction.
2. Interpret ideas or sketches from engineers and designers into working drawings.
3. Collect field notes and data on existing equipment or property to be used in the creation of working drawings.
4. Apply appropriate terminology to effectively communicate with professionals in the Architecture, Engineering and Design office environment.
5. Exhibit professionalism through active participation in class activities and successful completion of group projects.

### GENERAL APPRENTICESHIP: ELECTRICAL CONSTRUCTION

#### Department:
Industrial and Transportation Technology

#### Program Description:
The General Apprenticeship with a concentration in Electrical Construction is a 50 credit hour program for apprentices of the International Brotherhood of Electrical Workers (IBEW) that prepares them with the required classroom theory added to their in-the-field work experience to attain the level of journeyman in the electrical field. The essential purpose of this program is to meet the changing needs of this labor group and to provide the highest level of education possible for employees of the region in electrical work. The goal of this program is to provide specialized skilled-trades courses in an effort to provide students with the skills necessary, based on industry standards, to become electrical journeymen. The curriculum places emphasis on the development of a common set of trade skills.

#### Program Coordinator:
David Lafargue

#### Program Instructors:
Steven Gaspard, Robert Guinn, Terry Hornsby, Jesse Fontenot, Jon Stephens, and John Hicks.

#### Special Comments:
Applicants must be approved by the Joint Apprenticeship Training Committee (JATC) for IBEW Local 861 or one of its affiliates.

#### Overall Grade Point Average:
Program requirements must be completed with an overall grade point average of 2.0 in order to receive the technical diploma or certificate.

#### Student Learning Outcomes:
Students who successfully complete the General Apprenticeship: Electrical Construction program will be able to:
1. Demonstrate positive work habits and use appropriate procedures, tools and equipment, consistent with all applicable standards and OSHA regulations.
2. Make clear and effective presentations to individuals and groups.
3. Demonstrate basic mechanical drawing skills.
4. Use various types of blueprints to perform work-related functions.
5. Apply math skills to analyze and solve work-related problems.
6. Apply writing skills to create reports related to technical work documents and other related tasks.
7. Apply basic laws of physics (Ohm's law, Boyle's law, circuitry, load, and demonstrations as proof of formula) to solve work-related problems.
8. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the electrical construction industry.

---

GENERAL APPRENTICESHIP: PLUMBING CONSTRUCTION

Department: Industrial and Transportation Technology

Program Description: The General Apprenticeship with a concentration in Plumbing Construction is a 50 credit hour program for plumbers and steamfitters apprentices that prepares them with the required classroom theory added to their in-the-field work experience to attain the level of journeyman in the plumbing field. The essential purpose of this program is to meet the changing needs of this labor group and to provide the highest level of education possible for employees of the region in plumbing work. The goal of this program is to provide specialized skilled-trades courses in an effort to provide students with the skills necessary, based on industry standards, to become plumbing journeymen. The curriculum places emphasis on the development of a common set of trade skills.

Program Coordinator: David Lafargue
Program Instructors: Richard Campbell, Jr., Michael Nunez, Richard Paulk.
Special Comments: Applicants must be approved by the Apprenticeship Training Committee (ATC) for Plumbers and Steamfitters Local 106 or one of its affiliates.
Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive the technical diploma or certificate.
Student Learning Outcomes: Students who successfully complete the General Apprenticeship: Plumbing Construction diploma program will be able to:
1. Demonstrate positive work habits and use appropriate procedures, tools and equipment, consistent with all applicable standards and OSHA regulations.
2. Make clear and effective presentations to individuals and groups.
3. Use various types of blueprints to perform work-related functions.
4. Apply math skills to analyze and solve work-related problems.
5. Recognize and classify drawings related to the plumbing industry.
6. Apply writing skills to create reports related to technical work documents and other related tasks.
7. Recognize, classify and demonstrate welding techniques related to the plumbing industry.
8. Recognize and discuss portions of the Plumbing Code.
9. Distinguish and apply techniques for sewer cleaning & stoppage repair.
10. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the electrical construction industry.

*CIP Code 460503
Total Clock Hrs: 750*
Special Degree Requirements:
- Students wishing to earn an Associate of General Studies Degree must:
  - Complete the 27 hours General Education requirement
  - Complete six hours in each of three Enrichment Blocks (15 hours; chosen from two of the three blocks)
  - Complete a Concentration Area* (18 hours)

General Education Core Requirements 27 Credit Hours
- English Composition - ENGL 1010, 1020 (6 hours)
- Mathematics - MATH 1100 or higher (3 hours)
- Humanities (3 hours)
- Natural Science (6 hours)
- Social/Behavioral Science (6 hours)
- Fine Arts (3 hours)

Concentration 18 Credit Hours
- Arts & Humanities
- Natural Science/Mathematics
- (A coherent selection of courses designed to meet the career objectives of the student)

Enrichment Electives 15 Credit Hours
- (15 hours, 6 hours from two enrichment blocks other than the area of concentration)
  - Block 1 – Arts and Humanities (Communications, Literature, History and Religion)
  - Block 2 – Natural Science/Mathematics (Mathematics, Statistics, Biology, Environmental Science, and Physical Science)
  - Block 3 – Social/Behavioral Science (Economics, Psychology, Sociology, Government, Geography)

Associate of General Studies (AGS) 60 Credit Hours

Associate of General Studies (AGS) (60)

CIP Code: 240102
Total Clock Hrs: 900
Certificate of General Studies

Program Description: The Certificate of General Studies (CGS) curriculum provides students with a broad foundation of fundamental academic skills. This program offers students who are undecided about career goals or who are unsure of preparation of collegiate studies, the opportunity to increase readiness for collegiate study, explore career opportunities, and improve individual capacity for learning, personal growth, and interpersonal communication skills. The CGS is designed to provide the foundation needed to pursue additional studies at another college or university. The CGS allows students that intend to transfer the opportunity to tailor their certificate courses to meet admission and/or prerequisite requirements of the student’s intended program.

Program Coordinator: Dr. Charles Stewart

Program Instructors: Dr. Charles Stewart, Luann Ballou, Alex Bell, Todd Carrere, Dr. Mandy Creel, Matthew Dye, Jonathan Frantz, Katrina Freeman, Robert Groth, Kristen S. Ison, Dr. Bill Kalb, Angela Madden, Dorothy E. McCormick, Anita Morris, Dr. Lane Nevils, Susan Shaffer, Pamela K. Smith, Stephanie Smith, Dr. Bridget Whelan.

Special Comments: To be awarded this certificate, students must earn a C or better in all courses. All courses in the CGS program are to be selected in consultation with an advisor.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive a certificate.

Student Learning Outcomes: Students who successfully complete the Certificate of General Studies Demonstrate knowledge of the humanities, science, mathematics, and social and behavioral sciences in order to understand the world and the cultures.
1. Apply the skills of inquiry and analysis, quantitative literacy, problem solving, and critical thinking.
2. Communicate effectively through writing, speaking, reading, and listening.
3. Employ computer skills and information literacy.
4. Work cooperatively with others to evaluate a situation, and institute priorities for solving a problem or accomplishing a task.
Department: Culinary, Graphic & Design Arts

Program Description: The mission of the Graphic Art program is to provide a teacher-learning environment that will afford students an opportunity to obtain competency skills for employment and advancement in the fields of advertising, photography, printing, video, web development and animation. The Graphic Art program provides a safe and healthy environment for learning, encourages students to become critical thinkers, and attempts to establish relationships with students and employers that promote an upgrading of skills for continued advancement in the field.

Interim Program Coordinator: Erik Jessen

Program Instructors: Erik Jessen, Judd Bares, Darrell Buck, Jason Hardesty and Rosalyn Stokes.

Program Accreditation: Association of Technology, Management, and Applied Engineering (ATMAE)

Special Comments: All Graphic Art courses must be completed with a grade of C or higher.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive an associate degree, certificate or diploma.

Student Learning Outcomes: Students who successfully complete the Graphic Art Associate Degree or Diploma Program will be able to:

1. Use industry standard software to modify photographs and images and create illustrations.
2. Integrate photographs, illustrations, and text to create professional layouts for print and web.
3. Use industry standard software to create Images, edit video tape, and create animations to be incorporated into websites or television productions.
4. Demonstrate a working knowledge of the vocabulary and terminology of the graphic arts industry.
5. Work effectively both individually and as a member of a diverse production team.

---

**INDUSTRIAL ELECTRICIAN**

**Department:** Industrial & Transportation Technology

**Program Description:** The Industrial Electrician program will prepare individuals to install, troubleshoot, and repair wiring, electrical equipment, and other electrical devices used in the industrial environment, such as motors (AC and DC drives), transformers, control systems, industrial instruments, PLC’s, and lighting systems. Program specialties emphasize safe and efficient work practices, and basic occupational skills. They are organized into competency-based courses that specify occupational competencies, which the student must successfully complete. Areas of study also include all applicable codes and standards, blueprint reading, and wiring diagram interpretations, which are appropriate to the area.

**Program Coordinator:** David Lafargue

**Program Instructors:** Robert LeBoeuf, Ronald Mueller, John LeBlanc, Steven Drake, Cornelius Moon and Michael Stewart (Morgan Smith Site).

**Special Comments:** A minimum grade of C is required in all Industrial Electrician major-specific courses. This program is also offered at the Morgan Smith Campus.

**Overall Grade Point Average:** Program requirements must be completed with an overall grade point average of 2.0 in order to receive a diploma.

**Student Learning Outcomes:** Students who successfully complete the Industrial Electrician program will be able to:

1. Interpret voltage, current and resistance characteristics as they relate to circuit operation.
2. Use proper electrical test equipment.
3. Interpret electrical drawings.
4. Troubleshoot conventional and specialized motors and their feedback systems.
5. Select, install and troubleshoot industrial electrical sensors and devices.
6. Install, and troubleshoot a PLC and computer communications network.
7. Understand residential, commercial, and industrial diagrams, as well as motor control, and instrumentation piping diagrams.
8. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate caution in the electrical industry.

### INDUSTRIAL INSTRUMENTATION TECHNOLOGY

#### Department: Industrial & Transportation Technology

**Program Description:** The Industrial Instrumentation Technology program prepares individuals to install, maintain, troubleshoot, and repair various types of measuring and control instruments and peripherals, such as measuring, transmitting, indicating, recording, and controlling devices, final elements, optical instruments and control areas of electronics, motor controls, and different types of measuring systems.

**Interim Program Coordinator:** Brian Ezell

**Program Instructors:** Brian Ezell, Robbie Johnson, Terrell Saucier, Shannon Kennedy, Christopher Fontenot.

**Program Accreditation:** Association of Technology, Management, and Applied Engineering (ATMAE)

**Special Comments:** A minimum grade of C is required in all Industrial Instrumentation major-specific courses. As an ATMAE accredited program, graduates in Industrial Instrumentation must successfully complete a minimum of fifteen hours of technical coursework at SOWELA.

**Overall Grade Point Average:** Program requirements must be completed with an overall grade point average of 2.0 in order to receive a degree or diploma.

**Student Learning Outcomes:** Students who successfully complete the Industrial Instrumentation Technology program will be able to:

1. Read and interpret instrument drawings.
2. Perform basic troubleshooting and calibration skills necessary for entry level instrumentation positions.
3. Interpret voltage, current and resistance characteristics as they relate to circuit operation.
4. Interface sensors with automatic controls.
5. Identify typical pumps, compressors, transmitters, and similar components.
6. Communicate technical issues to peers both in writing and orally.
7. Demonstrate punctuality and responsibility suitable to work place employment.
8. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate cautions in the industrial instrumentation industry.

SOWELA Technical Community College

OFFICE SYSTEMS TECHNOLOGY

Department: Business & Information Technology

Program Description: The mission of the Office Systems Technology program is to provide specialized classroom instruction and practical experience to prepare students for employment or to provide supplemental training for persons previously or currently employed in the business field. This program prepares individuals to perform the duties of special assistants for business executives and top management. It includes instruction in business communications, public relations, scheduling and travel management, conference and meeting recording, report preparation, office equipment and procedures, office supervisory skills, professional standards, and legal requirements. The program emphasizes safe and efficient work practices, basic occupational skills, and employability skills. The content is organized into competency-based courses that specify occupational competencies that the student must successfully complete.

Program Coordinator: Debbie Lejeune

Program Instructors: Debbie Lejeune, Nora Cooper, P. A. Guillory, Adrienne Abel (Morgan Smith Site), Melinda Thigpen, Judy Tinker.

Program Accreditation: Association of Technology, Management, and Applied Engineering (ATMAE)

Special Comments: A minimum grade of C is required in all Office Systems Technology major-specific courses. As an ATMAE accredited program, graduates in Office Systems Technology must successfully complete a minimum of fifteen hours of technical coursework at SOWELA.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive a degree, diploma or certificate.

Student Learning Outcomes: Students who successfully complete the Office Systems Technology program will be able to:
1. Apply fundamentals of business style in written and oral communication through letters, resumes, presentations, and interviews.
2. Apply formatting efficiently in various documents using word processing software.
3. Utilize formulas and functions and format documents using electronic spreadsheet software.
4. Demonstrate the role of the administrative assistant in human relations, communications, ethics, and time management.
5. Demonstrate desktop publishing skill in creating specialized documents such as letterheads, business cards, calendars, certificates, and flyers.

CTS – Medical Office Assistant (27)  12

CIP Code: 520401

PRACTICAL NURSING

Department: Nursing

Program Description: The Practical Nursing program is designed to prepare the student to become a Licensed Practical Nurse. The program consists of both classroom instruction and supervised clinical activities in accredited hospitals, nursing homes, and other health care agencies. Since man is a biological, psychological, and spiritual being who is evolving across the life span, it is essential that nursing needs be met by caring, supportive persons who recognize these many facets and who respect individuality. The program content has been developed utilizing the Administrative Rules for the Louisiana State Board of Practical Nurse Examiners (LSBPNE). The nursing process incorporates the concepts of holistic nursing, hierarchy of needs, stress and adaptation, creative problem-solving, and psychosocial development. Students who are unable to complete the Practical Nursing program may be awarded a Certificate in Nursing Assistant if they satisfactorily complete and can demonstrate the competencies of OBRA skills, as determined by the instructor, and complete a minimum of 40 hours of clinical activities. Upon graduation, the student is awarded a technical diploma and is eligible to take the National Council Licensure Examination (NCLEX) for Practical Nurses. Students should note that some courses have prerequisites, which must be successfully completed before enrolling in upper level courses. All course work must be completed with at least 80% or above for program progression and completion.

Program Coordinator: Paula Hellums, RN, MSN/Kim Eaves, RNC, BSN.
Program Instructors: Rachael Bilbo, RN, BSN; Kim Eaves, RNC, BSN; Leslie Ferrygood, RN, MSN, ADN; Patrice Fontenot, RN, BSN; Paula Hellums, RN, MSN; Deanna Pulver, RN, MSN; Lisa Rogers, RN, ADN; Gloria White, RN, ADN; Lynn Boyett, ADN; Patricia Montou, RNC, BSN; Danielle Abercrombie, RN, BSN; Amber Petroski, RN, BSN.

Program Coordinator Morgan Smith Site: Charon Randel, RN, BSN.
Program Instructors Morgan Smith Site: Charon Randel, RN, MSN; Christian Lewis, RN, BSN.
Clinical Sites: West Cal-Cam Hospital, Calcasieu Oaks, Christus-St. Patrick Hospital, Dubuis Hospital, Lake Charles Memorial Hospital, Grand Cove Nursing and Rehabilitation Center, Lake Charles Care Center, OCEANS Behavioral Hospital, and Resthaven Rehabilitation Center.
Clinical Sites Morgan Smith: Jennings American Legion Hospital, Southwest Louisiana War Veterans Home, MMO West End Hospital, Dr. Darrell Elias, Dr. Amanda LeCombe, Jeff Davis Living Center, The Clinic of Welsh, Jennings Pediatric Center, James Ward Elementary School, Camelot Brookside.

Special Comments: The grading scale utilized in this program is set by the LSBPN. According to the LSBPNE grading scale, the minimum grade required in all Practical Nursing courses is 80% or the letter grade C. Students who make less than an 80% in a theory course are required to repeat the associated clinical course, as well as the theory course, even if a passing grade was made in the clinical course. Application for approval is submitted prior to entering the first semester of the program; however, progression in the program is contingent on LSBPNE approval. Students exiting the program with credit in ANUR 1233 will be awarded a TCA in nursing assistant. The
LSBPNE requires that all nursing students complete an FBI background check at least six (6) months prior to graduation.

**Overall Grade Point Average:** Program requirements must be completed with an overall grade point average of 2.0 in order to receive a certificate or diploma.

**Student Learning Outcomes:** Students who successfully complete the Nursing program will be able to:

1. Collaborate with other health care members to facilitate effective client care.
2. Demonstrate an understanding of patient rights, confidentiality, continuity of care, informed consent, ethical practices, legal responsibilities, resource management, and team management.
3. Demonstrate the proper procedure to protect themselves and others from hazardous and infectious materials.
4. Contribute to the health and environmental protection of clients and health care personnel.
5. Demonstrate the proper use of equipment.
6. Demonstrate an understanding of safety plans, disaster plans, security plans, safety devices, error prevention, and reporting requirements.
7. Provide care that incorporates knowledge of expected stages of growth and development, and prevention and/or early detection of health problems.
8. Demonstrate an understanding of the aging process, developmental stages, disease prevention, family planning, health screening programs, human sexuality, self-care, data collection techniques, and postpartum and newborn care.
9. Provide care that assists with the promotion and support of the emotional, mental, and social well being of clients.
10. Demonstrate an understanding of behavioral interventions, behavioral management, coping mechanisms, crisis interventions, grief and loss, mental health and illnesses, substance abuse, abuse and neglect, violence precautions, therapeutic communication, and cultural/spiritual influences on health.
11. Provide comfort and assistance to clients in their activities of daily living.
12. Demonstrate an understanding of assistive devices, mobility issues, non-pharmacological interventions, nutrition, oral hydration, elimination, personal hygiene, and comfort care.
13. Properly administer medications and monitor clients receiving parenteral therapies.
14. Demonstrate an understanding of medication administration, expected versus adverse effects, pharmacological actions and agents, and side effects.
15. Provide care that reduces the potential for clients to develop complications or health problems related to treatments, procedures, or existing conditions.
16. Demonstrate an understanding of human anatomy, human physiology, diagnostic tests, laboratory values, potential for alteration in the body systems, potential for complications of diagnostic tests/procedures/surgery, therapeutic procedures, and vital signs.
17. Provide care for clients with acute, chronic, or life-threatening physical health conditions.
18. Demonstrate an understanding of alterations of body systems, basic pathophysiology, fluid and electrolyte imbalances, medical emergencies, radiation therapy, and unexpected responses to therapies.

**Practical Nursing Admission Requirements:** To be considered for the Practical Nursing Program, an applicant must:

- Be 18 years of age or older.
- Provide an official high school transcript or documentation of a HiSET.
- Provide a certified copy of his/her birth certificate.
- Provide proof of immunizations.
- Be physically and emotionally able to meet the requirements of the program as determined by a qualified physician and drug-free upon random testing.
- Submit official copies of ACT or COMPASS scores and official copies of transcripts of all work to the Office of Admissions.
- Satisfactorily complete one of three categories for admission before qualifying to submit an application. Admission categories are as follows:
  a. ACT scores: Reading 19, English 18, and Math 19, or
  b. COMPASS scores: Reading 82, Writing 68, and Algebra 40.
  c. COMPASS scores: Reading 82, Writing 60, and Algebra 30 or Pre-Algebra 44; take and pass transitional courses in areas where college entrance score requirements are not achieved; see the Nursing Department Testing Policy for additional information.
- Submit a completed application.

who desire to make a career change and want to take advantage of the new high paying careers that are being created as a result of industry expansion. This approach is not a shortened version of SOWELA’s well-established two-year program, but rather the same courses offered in a compressed format. Instead of the traditional two or three day a week semester style course offering, the courses are offered Monday through Friday and stacked as three or four classes per day to offer a full load. This full load offers the entire core Process Technology courses, which consists of 40 credit hours in 16 weeks towards the AAS degree.

As a compressed version of SOWELA’s existing program, students can plan to spend less time transitioning into a new career. The repetitive and immersion-style approach to teaching the required materials keeps students connected through a building-block approach to learning.

The Fast Track PTEC program is specifically designed to help those with an Associate’s degree or higher to attain the Associates of Applied Science (AAS) degree in Process Technology within as little as one semester. For more information, please contact the Process Technology department to see when the next cohort will be offered as well as instructions on how to apply.

THE ASSOCIATE OF ARTS LOUISIANA TRANSFER DEGREE

Department: Liberal Studies and Education

Program Description: The Associate of Arts Louisiana Transfer degree program is designed to facilitate transfer from community colleges to related baccalaureate degree programs at public universities in Louisiana. The purpose of the Associate of Arts Louisiana Transfer degree program is to provide rigorous general education coursework coupled with related preparatory instruction in pre-defined, discipline specific tracks to allow seamless transition from the associate degree to the baccalaureate degree with maximization of credits awarded. The Associate of Arts Louisiana Transfer Degree will transfer as a total block rather than by individual course review.

The total credit hours required for the degree is 60, with 39 hours required in approved general education coursework and the remaining 21 credit hours in pre-approved discipline-specific coursework as preparation for continued studies in a related baccalaureate degree program. Students in the Associate of Arts Louisiana Transfer Degree program may choose from three concentrations: 1) Criminal Justice, 2) Humanities, or 2) Social Sciences.

Advising and planning are key to a student's success in maximizing the transfer experience. All students who might eventually transfer from SOWELA to a university should develop, with an advisor's assistance, a written degree plan of courses to take for the transfer associate degree. Whenever possible, students should use the transfer degree requirements to satisfy the specific course requirements for the baccalaureate degree and major of the university to which they plan to transfer. This information is available through the university's website linked to www.transferdegree.com

In summary, for students who complete the Associate of Science Louisiana Transfer Degree with the required grades, the degree guarantees:

• Admission to a 4-year Louisiana public university
• Junior-level standing
• Transfer of all 60 credit hours
• Completion of General Education block requirements at any Louisiana public university

Program Coordinator: Dr. Charles Stewart

Program Instructors: Dr. Charles Stewart, Luann Ballou, Alex Bell, Todd Carrere, Dr. Mandy Creel, Matthew Dye, Jonathan Frantz, Katrina Freeman, Robert Groth, Kristen S. Ison, Dr. Bill Kalb, Angela Maddox, Dorothy E. McCormick, Anita Morris, Dr. Lane Nevills, Susan Shaffer, Pamela K. Smith, Stephanie Smith, Dr. Bridget Whelan.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 or better in all credits used to fulfill degree requirements. Further, students must earn a “C” or better in all coursework applied to the degree.

Student Learning Outcomes: Students who successfully complete the Associate of Arts Louisiana
Transfer will be able to:

1. Demonstrate comprehension of college-level material in the general education curriculum consisting of English composition, mathematics/analytical reasoning, natural sciences, humanities, social/behavioral sciences, and fine arts.
2. Demonstrate proficiency in general education competencies including reading, written communications, oral communication, mathematical computation, critical thinking, library skills, and computer literacy.
3. Demonstrate comprehension of basic concepts derived from concentration or track-specific courses in disciplines based upon the student’s area of interest and anticipated baccalaureate major.

CRIMINAL JUSTICE CONCENTRATION

Below is a general outline for the concentration in Criminal Justice.

General Education Requirements (39 Credit Hours):

- English Composition - 6 credit hours
- Math/Analytical Reasoning - 6 credit hours
- Fine Arts - 3 credit hours
- Humanities - 9 credit hours
- Natural Sciences - 9 credit hours
- Social/Behavioral Sciences - 6 credit hours

Discipline Specific Courses (21 Credit Hours):
The remaining 21 credit hours are discipline specific and should be selected as preparatory coursework for continued studies in a related baccalaureate degree program.

HUMANITIES CONCENTRATION

Below is a general outline for the concentration in the Humanities.

General Education Requirements (39 Credit Hours):

- English Composition - 6 credit hours
- Math/Analytical Reasoning - 6 credit hours
- Fine Arts - 3 credit hours
- Humanities - 9 credit hours
- Natural Sciences - 9 credit hours
- Social/Behavioral Sciences - 6 credit hours

Discipline Specific Courses (21 Credit Hours):
The remaining 21 credit hours are discipline specific and should be selected as preparatory coursework for continued studies in a related baccalaureate degree program.

SPECIAL ALABAMA TRANSFER DEGREE (AALT)

60 Credit Hours
CIP Code: 240199

SOCIAL/BEHAVIORAL SCIENCES CONCENTRATION

Below is a general outline for the concentration in the Social and Behavioral Sciences.

General Education Requirements (39 Credit Hours):

- English Composition - 6 credit hours
- Math/Analytical Reasoning - 6 credit hours
- Fine Arts - 3 credit hours
- Humanities - 9 credit hours
- Natural Sciences - 9 credit hours
- Social/Behavioral Sciences - 6 credit hours

Discipline Specific Courses (21 Credit Hours):
The remaining 21 credit hours are discipline specific and should be selected as preparatory coursework for continued studies in a related baccalaureate degree program.
THE ASSOCIATE OF SCIENCE LOUISIANA TRANSFER DEGREE

Department: Liberal Studies and Education

Program Description: The Associate of Science Louisiana Transfer degree program is designed to facilitate transfer from community colleges to related baccalaureate degree programs at public universities in Louisiana. The purpose of the Associate of Science Louisiana Transfer degree program is to provide rigorous general education coursework coupled with related preparatory instruction in pre-defined discipline-specific tracks to allow seamless transition from the associate degree to the baccalaureate degree with maximization of credits awarded. The Associate of Science Louisiana Transfer degree will transfer as a total block rather than by individual course review.

The total credit hours required for the degree is 60, with 39 hours required in approved general education coursework and the remaining 21 credit hours consisting of pre-approved, discipline-specific coursework as preparatory coursework for continued studies in a related baccalaureate degree program. Students in the Associate of Science Louisiana Transfer Degree will follow the Physical Sciences concentration.

Advising and planning are key to a student's success in maximizing the transfer experience. All students who might eventually transfer from SOWELA to a university should develop, with an advisor’s assistance, a written degree plan of courses to take for the transfer associate degree. Whenever possible, students should use the transfer degree requirements to satisfy the specific course requirements for the baccalaureate degree and major of the university to which they plan to transfer. This information is available through the university’s website linked to www.transferdegree.com

In summary, for students who complete the Associate of Science Louisiana Transfer Degree with the required grades, the degree guarantees:

• Admission to a 4-year Louisiana public university
• Junior-level standing
• Transfer of all 60 credit hours
• Completion of General Education block requirements at any Louisiana public university

Program Coordinator: Dr. Charles Stewart

Program Instructors: Dr. Charles Stewart, Luann Ballou, Alex Bell, Todd Carrere, Dr. Mandy Creel, Matthew Dye, Jonathan Frantz, Katrina Freeman, Robert Groth, Kristen S. Ison, Dr. Bill Kalb, Angela Madden, Dorothy E. McCormick, Anita Morris, Dr. Lane Nevils, Susan Shaffer, Pamela K. Smith, Stephanie Smith, Dr. Bridget Whelan.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 or better in all credits used to fulfill degree requirements. Further, students must earn a “C” or better in all coursework applied to the degree.

Student Learning Outcomes: Students who successfully complete the Associate of Arts Louisiana Transfer will be able to:

1. Demonstrate comprehension of college-level material in the general education curriculum consisting of English composition, mathematics/analytical reasoning, natural sciences, humanities, social/behavioral sciences, and fine arts.
2. Demonstrate proficiency in general education competencies including reading, written communications, oral communication, mathematical computation, critical thinking, library skills, and computer literacy.
3. Demonstrate comprehension of basic concepts derived from concentration or track-specific courses in disciplines based upon the student's area of interest and anticipated baccalaureate major.

PHYSICAL SCIENCES CONCENTRATION

Below is a general outline for the concentration in Physical Sciences.

General Education Requirements (39 Credit Hours):
English Composition - 6 credit hours
Math/Analytical Reasoning - 6 credit hours
Fine Arts - 3 credit hours
Humanities - 9 credit hours
Natural Sciences - 9 credit hours
Social/Behavioral Sciences - 6 credit hours

Discipline Specific Courses (21 Credit Hours):
The remaining 21 credit hours are discipline-specific and should be selected as preparatory coursework for continued studies in a related baccalaureate degree program.

Associate of Science Louisiana Transfer Degree (ASLT) 60 Credit Hours
CIP Code: 240199

SOWELA Technical Community College
WELDING

Department: Industrial and Transportation Technology

Program Description: The purpose of the Welding program is to prepare individuals for employment in the field of welding. Instruction is provided in various processes and techniques of welding including oxy-fuel cutting, carbon arc cutting, shielded metal arc welding, gas tungsten arc welding, flux-cored arc welding, gas metal arc welding, pipe welding, plasma arc cutting, blueprint reading, weld symbols, and joints. After completion of this program, the student will have covered the skills designated by the American Welding Society (AWS) and will be prepared to take the AWS Entry Level Welder Test.

Program Coordinator: David Lafargue

Program Instructors: Jonathan Darbonne, Richard Devin, and Wallace Deshotel (Morgan Smith Site).

Special Comments: A minimum grade of C is required in all Welding major-specific courses. This program is also offered at the Morgan Smith Site.

Overall Grade Point Average: Program requirements must be completed with an overall grade point average of 2.0 in order to receive a diploma or certificate.

Student Learning Outcomes: Students who successfully complete the Welding program will be able to:

1. Demonstrate fundamental proficiencies in the use of hand tools, portable, and power equipment.
2. Analyze drawings and specifications related to welding problems and jobs.
5. Perform a gas tungsten arc welding 6G pipe weld using ER70S-6 filler metal.
6. Demonstrate knowledge of safety procedures, hazards, housekeeping, and appropriate caution in the welding industry.

WORKFORCE DEVELOPMENT UNIT

The Workforce Development Unit (WDU) at SOWELA focuses on providing educational and training opportunities beyond the scope of credit preparatory programs that award a degree, diploma, or certificate. This is in keeping with SOWELA’s mission statement and that of the WDU.

The mission of the Workforce Development Unit is to develop, design, support, and provide education and training programs and services that meet the specific needs of the employers, employees, and citizens in the communities we serve.

The WDU specializes in providing educational and training programs that are specifically designed for a narrow focus of learning. This can be for credit, non-credit, or continuing education units (CEUs), and can be as short as a one hour course to an apprenticeship training program of several hundred hours.

Sample WDU Courses:
• Aviation Apprenticeships
• Command Spanish®
• Entrepreneurship Training
• Equipment Care and Monitoring for Process Equipment
• Fast Track Welding
• High-Voltage Electrical Safety
• Human Resource Training
• I-CAR Training
• Microsoft Word Beginner, Intermediate, and Advanced
• Microsoft Excel Beginner, Intermediate, and Advanced
• Microsoft Access Beginner, Intermediate, and Advanced
• NICET Levels 1, 2, 3, & 4 training for Industrial Instrumentation
• Personal Trainer
• Pharmacy Technician Training
• Pre-License Insurance professional Training
• Programmable Logic Controller Operation
• Serve Save Essentials
• Spanish for the Workforce
• Total Distributive Control Operations
• and many more.

The focus of the WDU is to provide just-in-time training, attentive to the needs of individuals or employers, at affordable rates and convenient times of delivery. In most cases, a class can be developed and ready to deliver on campus, at the employer's site, or at a neutral location in ten working days. This response time coupled with very affordable rates make the SOWELA Technical Community College Workforce Development Unit the best choice for individuals and employers looking for specialized and customized training.

Dr. Joseph Fleishman, Vice Chancellor for Economic & Workforce Development
William E. Mayo, Director of Workforce Development
Rosemary August, Administrative Coordinator
Alfred Caesar, Training Coordinator

CONTINUING EDUCATION

Additionally, SOWELA provides continuing education opportunities for professional and personal growth. These courses are conducted for groups of individuals on an as-needed basis. This can range from a course to teach health care workers how to perform a successful venipuncture to work as a phlebotomist to a course in regional cuisine preparation for couples wanting to learn new culinary skills for entertaining their families and friends.

GRANT FUNDED TRAINING

SOWELA serves as primary training provider for employers applying for the Incumbent Worker Training Program. This program is a funding stream that pays for upgrade training of current employees to meet the needs of a changing workforce. SOWELA has experience with obtaining Workforce Investment Act (WIA) funds, National Emergency Grant (NEG) funds, and Community Development Block Grant (CDBG) funds.
ACCT 1110. Fundamentals of Accounting  
Lecture 3, Lab 0, Credit 3  
Accounting cycle, journalizing, posting, adjusting, and preparation of financial statements, focuses on sole proprietorship and merchandising.

ACCT 1150. Federal Income Tax  
Lecture 3, Lab 0, Credit 3  
Principles and practices relating to income tax returns for individuals. Special attention is given to tax planning, withholding allowances, and itemized deductions. Prerequisite: ACCT 1110 or Special Approval. [LCCN: CACC 2613]

ACCT 1210. Computerized Accounting I  
Lecture 3, Lab 0, Credit 3  
Basic accounting principles utilizing the application of a current computerized accounting package which includes setting up the accounting system, recording routine transactions, preparing financial statements, and completing the year-end operations. Prerequisite: ACCT 1110 or Special Approval. [LCCN: CACC 2413]

ACCT 1250. Payroll Accounting  
Lecture 3, Lab 0, Credit 3  
Accounting principles and procedures relating to payroll accounting, including the required payroll and personnel records and reports; computation and payment of wages and salaries, social security taxes, income tax withholding; unemployment compensation taxes; and analysis and recording of payroll transactions. Prerequisite: ACCT 1110 or Special Approval. [LCCN: CACC 2413]

ACCT 2010. Accounting I  
Lecture 3, Lab 0, Credit 3  
Principles, techniques, and tools of accounting. Includes the principles of collecting, summarizing, and reporting financial information for sole proprietorships. Prerequisite: ACCT 1110. [with ACCT 2020, LCCN: CACC 2211]

ACCT 2020. Accounting II  
Lecture 3, Lab 0, Credit 3  
Introduces balance sheet valuations, partnerships, corporations, stockholder equity, the statement of cash flows, and financial statement analysis. Prerequisite: ACCT 2010. [with ACCT 2010, LCCN: CACC 2211]

ACCT 2996. Special Projects  
Lecture 3, Lab 0, Credit 3  
A course designed for the student who has demonstrated specific special needs. Prerequisite: Special Approval.

ACNA 1110. Introduction to Health Care  
Lecture 2, Lab 0, Credit 2  
The student learns to establish a safe and supportive environment for the patient/resident/client through ethical and legal responsibilities, effective communication, observational skills, safety issues (including fire safety), infection control, CPR, and personal hygiene and grooming practices.

ACNA 1120. Basic Body Structure and Function  
Lecture 2, Lab 0, Credit 2  
This course covers identification of the organs, systems, basic functions of the human body and disorders as it relates to each system with medical terminology integrated with each.

ACNA 1160. Professionalism for Health Care Providers  
Lecture 1, Lab 0, Credit 1  
This course assists the student in identifying and performing skills necessary to secure employment in the health care industry and make immediate and future decisions regarding job choices and educational growth.

AMTA 2000. Aircraft Fuel Systems  
Lecture 1, Lab 1, Credit 2  
The study of the installation, inspection, maintenance, removal, overhaul, repair, and service of aircraft engine fuel systems, which also includes troubleshooting of fuel pressure and temperature warning systems, valves, and fuel pumps.

AMTA 2010. Wood Structures and Covering  
Lecture 5, Lab 5, Credit 1  
A study of the wooden structures and the organic/inorganic fabrics that cover these structures. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2020. Aircraft Finishes  
Lecture 5, Lab 5, Credit 1  
A study of the selection, application, and subsequent inspection of aircraft finishes and trim. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2030. Sheet Metal  
Lecture 2, Lab 2, Credit 4  
A study which involves the bending, forming, riveting, and inspecting of aircraft metallic structures made of aluminum sheets. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2040. Composites  
Lecture 1, Lab 1, Credit 2  
A study of the various forms of nonmetallic structures that includes the inspection of these structures. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2050. Welding  
Lecture .5, Lab .5, Credit 1  
An introductory course to the science and methodology of welding, brazing, and soldering of materials used in the construction of aircraft. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2060. Assembly and Rigging  
Lecture 1, Lab 1, Credit 2  
A course of study detailing the assembly of primary and secondary flight controls and the subsequent rigging of these controls. Both fixed and rotary wing aircraft are addressed. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2070. Hydraulics and Pneumatics  
Lecture 1, Lab 1, Credit 2  
A study of the aircraft's hydraulic and pneumatic systems and the associated components. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2080. Landing Gear and Position/Warning System  
Lecture 1, Lab 1, Credit 2  
A study of both large and small aircraft landing gear systems and their associated components. The course also includes the position indicating and warning system for retractable landing gear, as well as stall warning and other P&W systems. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2090. Aircraft Electrical Systems  
Lecture 2, Lab 2, Credit 4  
A course involving the installation, checking, servicing, and repairing of electrical wiring, controls, switches, indicators, components, and circuit protective devices. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040,
AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2100. Aircraft Instruments
Lecture 5, Lab 5, Credit 1
A course of study on aircraft flight instruments that includes principles of operation, purpose, removals, installations, and system integration. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2110. Communication and Navigation System
Lecture 5, Lab 5, Credit 1
A study of the communication and navigation systems found on both general aviation and air carrier aircraft. Topics include autopilots, VHF and UHF radios, pulse systems, radar, antenna placement, and equipment installations. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2120. Cabin Atmosphere
Lecture 5, Lab 5, Credit 1
A course involving the principles of operation, servicing, inspecting, removing, installing, checking, troubleshooting, and repairing heating, cooling, air conditioning, pressurization, and oxygen systems. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2130. Ice and Rain
Lecture 5, Lab 5, Credit 1
A study of airborne systems to control the formation and removal of structural ice and rain. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTA 2140. Airframe Inspection
Lecture 5, Lab 5, Credit 1
A course of study which allows the student to utilize previous studies in performing airframe conformity and airworthiness inspections. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTG 1070. Weight and Balance
Lecture 1, Lab 1, Credit 2
A course of study that includes solving weight and balance problems, computing forward and aft-loaded center of gravity limits, equipment changes, loading schedules, helicopter weight and balance and examining weight and balance records.

AMTG 1080. Documents and Regulations
Lecture 1, Lab 1, Credit 2
The study and application of FAA and manufacturer maintenance publications, mechanic privileges and limitations, and maintenance forms and records.

AMTG 1090. Basic Electricity
Lecture 1, Lab 1, Credit 3
The study and application of FAA and manufacturer maintenance publications, mechanic privileges and limitations, and maintenance forms and records.

AMTA 2200. Aircraft and Engine Fire Protection
Lecture 5, Lab 5, Credit 1
A course of study which prepares the student for basic flight line duties such as fueling, directing, securing, taxing, and providing fire suppression for airplanes and helicopters.

AMTP 2200. Engine Electrical Systems
Lecture 2, Lab 1, Credit 3
A basic course covering the relationship, measurement, and the calculation of voltage, current resistance, continuity and power in DC circuits, as well as the calculation of power, capacitance, resistance, and inductance in AC circuits. The inspection, servicing, and theory of operation of the different types of aircraft electrical systems are also discussed.

AMTP 2220. Turbine Engines and APU
Lecture 2, Lab 1, Credit 3
A course of study which allows the student to utilize previous studies in performing airframe conformity and airworthiness inspections. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTP 2230. Induction and Engine Airflow Systems
Lecture 5, Lab 5, Credit 1
A course of study involving both turbine and reciprocating engine induction and airflow systems. Topics include ice/rain protection, heat exchangers, turbochargers, filters, and intake manifolds.

AMTP 2240. Exhaust (Reverser) and Cooling Systems
Lecture 5, Lab 5, Credit 1
A course of study, in which both reciprocating and turbine exhaust and cooling systems are inspected, serviced, checked, and repaired. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTP 2250. Lubrication Systems
Lecture 5, Lab 5, Credit 1
A course of study involving the lubrication systems of both reciprocating and reciprocating engines. Topics include identification and selection of lubricants, and the repair, inspection, and troubleshooting of the system. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTP 2260. Engine Electrical Systems
Lecture 2, Lab 1, Credit 3
A course of study involving the installation, checking, servicing, and repairing of electrical components, wiring, controls, switches, indicators, and protective devices found on engine electrical systems. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTP 2270. Communication and Navigation Systems
Lecture 5, Lab 5, Credit 1
A course of study involving the installation, checking, servicing, and repairing of electrical components, wiring, controls, switches, indicators, and protective devices found on engine electrical systems. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.
AMTP 2270. Engine Instruments
Lecture .5, Lab .5, Credit 1
A study of the instrumentation used in monitoring both reciprocating and turbine engine performance. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTP 2280. Ignition and Starting Systems
Lecture 1, Lab 1, Credit 2
A course of study in the repair, servicing, and troubleshooting of both reciprocating and turbine engine ignition and starting systems. Topics include magneto, ignition leads, spark plug/igniter, and electrical/pneumatic systems. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTP 2290. Fuel Metering Systems
Lecture 2, Lab 1, Credit 3
A study of the fuel metering systems of both reciprocating and turbine engines. Topics include the inspection, repairing, servicing, and troubleshooting of these systems. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTP 2300. Propellers and Rotors
Lecture 2, Lab 1, Credit 3
A study of propellers, helicopter rotors, and their related systems, including maintenance, inspections, modifications, and overhaul techniques and practices. Prerequisites: AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTP 2310. Engine Inspection
Lecture .5, Lab .5, Credit 1
A course of study that allows the student to use previous studies to perform engine conformity and airworthiness inspections. Prerequisites:

AMTG 1010, AMTG 1020, AMTG 1030, AMTG 1040, AMTG 1050, AMTG 1060, AMTG 1070, AMTG 1080, AMTG 1090.

AMTG 1080, AMTG 1090.

ANTH 2010. Cultural Anthropology
Lecture 3, Lab 0, Credit 3
Explore the diversity of human cultures; examine patterns of culture including social organization and subsistence, communication, human individuality, law, ethnicity and racism, religion, beliefs and values.

ANUR 1040. PN Anatomy & Physiology
Lecture 5, Lab 0, Credit 5
This course presents a study of the structure and function of the human body systems to include cells/tissues/membranes, skeletal, muscular, circulatory, lymphatic, digestive, respiratory, urinary, reproductive, endocrine, nervous, sensory and integumentary systems. Medical terms and commonly used medical/nursing abbreviations related to each body system are addressed in detail in this course. Prerequisites: Admission to the nursing program; eligibility to enroll in college level courses.

ANUR 1060. Basic Nutrition & Diet Therapy
Lecture 2, Lab 0, Credit 2
Normal nutrition and the modification of the principles of normal nutrition for therapeutic purposes are studied. This course includes the role of the essential nutrients of proteins, carbohydrates, fats, vitamins, minerals, and water in the maintenance of good health and wellness for all ages. Diet therapy will be incorporated in the application of basic nutritional principles and therapeutic diets used in the management of disease conditions for all age groups. Prerequisites: Admission to the nursing program; eligibility to enroll in college level courses.

Note: Students who wish to articulate to the Practical Nursing Program must meet LSBNPE admission requirements. Students must pass both the theory and clinical components of this course with at least an 80% in each component to successfully complete the course and articulate to the Practical Nursing Program. If students do not wish to articulate to the Practical Nursing Program, they must meet the admission requirements for the Certified Nurse Assistant program and complete both the theory and clinical components of this course with at least a 70% in each component.

ANUR 1240. Nursing Fundamentals II
Lecture 2, Lab 1, Credit 3
This course provides further detail of the major issues in adult development and aging changes, cognitive changes, and disease factors; along with the physiological, psychosocial, sociocultural, and spiritual needs of clients in various health care environments. The student is introduced to the basic concepts of the adult population including measurement of the physiological and psychological statistics and documentation of these findings, basic nutritional intake/output, proper use of body mechanics, bed-making, and infection control. Omnibus Budget Reconciliation Act (OBRA) guidelines are presented as application of the nursing process in the management of clients with health alterations. Supervised lab experiences that focus on providing basic nursing skills, emphasized in identifying critical thinking skills of the novice nurse practitioners will be incorporated. Supervised lab experiences that focus on providing more advanced nursing skills are emphasized in identifying internal and external stressors and adaptive responses that adults experience in the maintenance or promotion of health. Health care environments utilized include long term care facilities, skilled nursing facilities, and acute care settings. This course includes a 30-hour skills lab experience and a 64-hour clinical component. Prerequisites: Admission to the nursing program; eligibility to enroll in college level courses.

ANUR 1350. Introduction to Health Care
Lecture 4, Lab 0, Credit 4
This course includes the discussion of the concepts of health, health maintenance, and human development throughout the life cycle. The effects of stress and related defense or coping mechanisms are introduced along with the use of therapeutic communication. The course identifies trends in health care and local, state, and national health resources available for the maintenance of health. Students learn about the role of the practical nurse and the history of practical nursing education, necessary educational adjustments, and the Louisiana State Board of Practical Nurse Examiners. Legal, ethical and cultural issues relevant to client care are addressed. In order to be successful in this course it is necessary that the student possess basic computer skills.
Prerequisites: Admission to the nursing program; eligibility to enroll in college level courses.

**ANUR 1450. Basic Pharmacology**  
Lecture 2, Lab 1, Credit 3

This course provides information on pharmacology that is essential for accurately calculating dosages and understanding drug orders and labels. Students learn to recognize common abbreviations and to select correct dosages for medication administration. Critical thinking skills are applied to medication situations, emphasizing the importance of accuracy and the prevention of medication errors. Students will learn procedures for oral, intramuscular, enteral, topical, and instillation administration routes/methods. Safety precautions, guidelines, and documentation will also be emphasized. Prerequisites: ANUR 1040, ANUR 1060, ANUR 1233, ANUR 1240, ANUR 1350.

**ANUR 2110. Medical/Surgical Nursing Concepts I**  
Lecture 5, Lab 0, Credit 5

Nursing theory related to the care of the preoperative client and the adult medical/surgical client experiencing alterations in respiratory, cardiovascular, lymphatic functions are presented. Principles of fluid and electrolytes balance are discussed. Diet therapy and pharmacological agents used both in the nursing care of these health alterations and to maintain health is included. The role and responsibilities of the medical/surgical adult client with neoplastic and skin disorders, and alterations in musculoskeletal, gastrointestinal and the endocrine system are discussed. The appropriate pharmacologic agents and diet therapy necessary for health restoration are discussed. Prerequisites: ANUR 1450, ANUR 2110, ANUR 2112. Corequisite: ANUR 2212.

**ANUR 2212. Medical/Surgical Nursing Clinical Applications I**  
Lecture 0, Lab 3, Credit 3

Building on Medical/Surgical Nursing Clinical Applications I, students utilize the nursing process to demonstrate basic to advanced medical/surgical clinical nursing skills in a variety of health care settings under the supervision of an instructor. Students have the opportunity to participate in health screening activities. The role and responsibilities of the practical nurse as a health team member are emphasized. Prerequisites: ANUR 1040, ANUR 1060, ANUR 1233, ANUR 1240, ANUR 1350. Corequisite: ANUR 2112.

**ANUR 2112. Medical/Surgical Nursing Clinical Applications I**  
Lecture 0, Lab 3, Credit 3

This course builds upon the nursing care theory and skills discussed in Nursing Fundamentals I, Nursing Fundamentals II, and Medical/Surgical Nursing Concepts I. Using the nursing process, students perform basic and increasingly advanced clinical nursing skills in appropriate health facilities under the supervision of the instructor. The student begins to use the nursing process to plan and implement safe nursing care. Prerequisites: ANUR 1040, ANUR 1060, ANUR 1233, ANUR 1240, ANUR 1350. Corequisite: ANUR 2110.

**ANUR 2210. Medical/Surgical Nursing Concepts II**  
Lecture 5, Lab 0, Credit 5

This course builds upon knowledge gained from Medical/Surgical Concepts I. Nursing care of the medical/surgical adult client with neoplastic and skin disorders, and alterations in musculoskeletal, gastrointestinal and the endocrine system are discussed. The appropriate pharmacologic agents and diet therapy necessary for health restoration are discussed. Prerequisites: ANUR 1450, ANUR 2110, ANUR 2112. Corequisite: ANUR 2212.

**ANUR 2212. Medical/Surgical Nursing Clinical Applications II**  
Lecture 0, Lab 3, Credit 3

This course builds upon knowledge gained in Medical/Surgical Concepts I and Medical/Surgical Nursing Clinical Applications I. The student begins to use the nursing process to plan and implement safe nursing care. Prerequisites: ANUR 1040, ANUR 1060, ANUR 1233, ANUR 1240, ANUR 1350. Corequisite: ANUR 2110.

**ANUR 2223. Mental Health Nursing Concepts**  
Lecture 2, Lab 5, Credit 2.5

This course utilizes the nursing process to provide care to client experiencing psychopathological, emotional, and behavioral alterations. Appropriate pharmacological agents, their actions, uses, and side effects are discussed. Client education and diet modifications related to the use of these medications are stressed. Health promotion activities necessary to promote and maintain optimal mental health are explored. Using the nursing process, students demonstrate appropriate communication techniques and have the opportunity to participate as a member of a multidisciplinary health care team in the care of a selected client in the mental health setting. This course includes a 32-hour clinical component. Prerequisites: ANUR 1040, ANUR 1060, ANUR 1233, ANUR 1240, ANUR 1350. Note: Students must pass both the theory and clinical components of this course with an 80% in each component to successfully complete the course and advance in the Practical Nursing Program.

**ANUR 2230. IV Therapy Concepts**  
Lecture 5, Lab 0, Credit 5

This course focuses on the anatomy and physiology specific to intravenous therapy. The legal ramifications of this responsibility are stressed. Students focus on the anatomy and physiology specific to intravenous infusions and are taught the correct procedures to perform IV therapy in order to maintain client safety. Students demonstrate nursing skills necessary to perform venipuncture. Supervised lab performance is a part of this course. Prerequisites: ANUR 1040, ANUR 1450, ANUR 2110, ANUR 2112. Note: Students must pass both the theory and clinical components of this course with an 80% in each component to successfully complete the course and advance in the Practical Nursing Program.

**ANUR 2243. Maternal Neonate Nursing**  
Lecture 2, Lab 5, Credit 2.5

This course builds upon knowledge gained in Medical/Surgical Concepts I and Medical/Surgical Nursing Clinical Applications I. The student begins to use the nursing process to plan and implement safe nursing care. Prerequisites: ANUR 1040, ANUR 1060, ANUR 1233, ANUR 1240, ANUR 1350. Corequisite: ANUR 2110. Note: Students must pass both the theory and clinical components of this course with an 80% in each component to successfully complete the course and advance in the Practical Nursing Program. (For Semesters 2 and 3)

**ANUR 2310. Medical/Surgical Nursing Concepts III**  
Lecture 5, Lab 0, Credit 5

This course builds upon knowledge gained in Medical/Surgical Concepts II and Medical/Surgical Nursing Clinical Applications II. The student begins to use the nursing process to plan and implement safe nursing care. Prerequisites: ANUR 1040, ANUR 1060, ANUR 1233, ANUR 1240, ANUR 1350. Corequisite: ANUR 2110. Note: Students must pass both the theory and clinical components of this course with an 80% in each component to successfully complete the course and advance in the Practical Nursing Program.

**ANUR 2312. Medical/Surgical Nursing Clinical Applications III**  
Lecture 0, Lab 3, Credit 3

Building on Medical/Surgical Nursing Clinical Applications II, the student utilizes the nursing process to provide care to adult medical/surgical clients. Clinical opportunities include a Senior Management Rotation in a long-term care facility to enhance the leadership and management skills of the student and allow for further development of critical-thinking.
In this course, students study adaptive behaviors utilized within the family unit to maintain and promote health. Students have the opportunity to demonstrate nursing skills specifically employed with pediatric clients. They learn to adapt the nursing process to reflect appropriate developmental stages and how to modify nursing actions for the pediatric client. This course also presents essential information related to growth and development from infancy through adolescence and those diseases common to the particular age groups. Health alterations commonly occurring during this period of the life span are explored. Students focus on age appropriate nursing care for the restoration of health and the promotion of wellness. This course includes a 32-hour clinical component. Prerequisites: ANUR 1450. Note: Students must pass both the theory and clinical components of this course with an 80% in each component to successfully complete the course and advance in the Practical Nursing Program.

ANUR 2340. Advanced Pharmacology Lecture 2, Lab 0, Credit 2

Drug classifications and their effect on the various body systems are presented. Specific drugs in each classification are emphasized according to therapeutic effects, side effects, and adverse effects. Routes of drug administration and variables that influence drug actions are covered to include dangerous drug interactions and nursing implications related to each drug. Safety precautions which will aide in decreasing the incidence of errors in medication are stressed. Advanced medication calculations will be required to demonstrate knowledge of safe dosing parameters. The nursing process is utilized to assess the learning needs of the client and the effects of all pharmacological interventions. Prerequisites: ANUR 1450, ANUR 2110, ANUR 2112, ANUR 2210, ANUR 2212. ANUR 2353. PN Professionalism Lecture 2.5, Lab 0, Credit 2.5

This course assists the student in preparing for the NCLEX-PN licensure examination. The students are assisted in making decisions concerning job choices and educational growth by compiling resumes, evaluating job offers, and outlining information essential to finding, applying for, and terminating a job in the health care industry. Development and functionality of professional nursing organizations are discussed while relating the importance of continuing education in preparation for expanded job roles. The laws related to the Practice of Practical Nursing (Nurse Practice Act) and the Administrative Rules and Minimum Requirements Relating to Practical Nursing Education and Licensure to Practice in the state of Louisiana are reviewed and discussed. This course is a study of a dynamic process of internalizing professional and social values for professional nursing practice. Students synthesize professional practice issues in a selected clinical area of interest as a nursing mentor. Clinical experiences provide the students with the opportunity to integrate classroom theory with professional nursing practice while adhering to Laws related to the Practice of Practical Nursing. This course includes a 32-hour clinical component. Prerequisites: ANUR 2110, ANUR 2112, ANUR 2210, ANUR 2212, ANUR 2223, ANUR 2230. Note: Students must pass both the theory and clinical components of this course with an 80% in each component to successfully complete the course.

ARTS 1200. Introduction to Visual Arts Lecture 3, Lab 0, Credit 3

This course is a study of the nature and meaning of the visual arts including painting, drawing, sculpture, printmaking, photography, and architecture. [LCRN: CART 1023]

AUTO 1002. Introduction to Automotive Technology Lecture 2, Lab 1, Credit 3

This course will introduce students to the field of automotive service technology. Students will learn of the career opportunities available in the automotive field as well as safety factors relating to the automotive service industry. Students will be introduced to responsibilities performed and the tools used in the automotive service industry. Topics include the following: careers, chemicals used in automotive service, tools and equipment used, certification requirements, and OSHA and EPA regulations.

AUTO 1102. Engine Repair Lecture 2, Lab 3, Credit 5

This course covers the theory, construction, and operation of the internal combustion engine. Topics include: automotive engine designs, performance testing of engines, engine removal and disassembly, cylinder head service, short block service, engine assembly and installation, engine lubrication system, and drivability problems related to internal engine problems. Prerequisite: AUTO 1002.

AUTO 1202. Automatic Transmission and Transaxle Lecture 1, Lab 4, Credit 5

This course will cover theory, design, and operation of automatic transmissions and transaxles. Topics include the following: transmission design and components, electric transmission controls, and automatic transmission diagnosis and service. Prerequisite: AUTO 1002.
This course includes the following: the communication theories and their applications; the role of technology; legality and ethics; the psychological approaches to preparing business letters; analysis and solution of business problems through effective letters and memos. Prerequisite: ENGL 1010.

CADD 1101. Computer Aided Drafting I
Lecture 1, Lab 3, Credit 4

This course is an introduction to computer-aided drafting. It introduces the basic concepts and principles of CAD, covering basic CAD commands. Emphasis is on drawing setup; creating and modifying geometry; storing and retrieving predefined shapes; placing, rotating and scaling objects; adding text, using layers; coordinating systems and input and output devices.

CADD 1201. Computer Aided Drafting II
Lecture 1, Lab 3, Credit 4

This course is an application of basic use of commands and components of a CAD workstation. It includes setting up and preparing working drawings. It covers the advanced principles of CAD and making use of advanced commands to develop complex, drawings. It is a continuation of practices and techniques used in Basic I. This course emphasizes the development of symbol libraries; application of parametric principles; dimensioning, blocks; three-dimensional and isometric drawings; customizing program menus and extracting attributes. Students create three-dimensional objects and link graphic entities to external non-graphic data. Prerequisite: CADD 1101, DRFT 1101, DRFT 1102, DRFT 1103, DRFT 1104.

CCSS 1000. College & Career Success Skills
Lecture 1, Lab 0, Credit 1

A course designed to provide students with the skills, information and guidance useful for success in college. Students will be introduced to strategies that promote success in college as well as the workplace. Includes an introduction to the college and its resources, recognition of various learning styles, critical thinking, problem-solving, financial literacy, time management, note taking, test taking, listening skills, basic technology skills, social and academic growth.

CHEM 1010. General Chemistry I
Lecture 3, Lab 0, Credit 3

An introductory course including atomic and molecular structure, chemical nomenclature, measurement, and stoichiometry. Prerequisite: "C" or better in College Algebra. [LCCN: CCEM 1123]

CHEM 1011. General Chemistry I Laboratory
Lecture 0, Lab 1, Credit 1

Laboratory investigations designed to demonstrate and complement the lessons of General Chemistry. Prerequisite or corequisites: CHEM 1010. [LCCN: CCEM 1121]

CHEM 1020. General Chemistry II
Lecture 3, Lab 0, Credit 3

An introduction to chemistry including Acid-base reactions, thermochemistry, chemical thermodynamics, kinetics, equilibria (acid-base and solubility), and electrochemistry. The course focuses on developing a molecular viewpoint of chemistry, as well as an understanding of broad chemical principles. Prerequisite: "C" or better in CHEM 1010. [LCCN: CCEM 1133]

CHEM 1021. General Chemistry II Laboratory
Lecture 0, Lab 1, Credit 1

Laboratory investigations designed to demonstrate and complement the lessons of General Chemistry. Prerequisite or Corequisite: CHEM 1020. [LCCN: CCEM 1131]

CLRP 1110. Orientation and Safety
Lecture 1, Lab 0, Credit 1

Overview of the collision repair industry and basic safety and health information needed to prepare individuals entering the work force.

CLRP 1121. Tools and Equipment
Lecture 0, Lab 3, Credit 3

Fundamentals of hand and power tools, equipment, and materials used in collision repair industry. Prerequisites: CLRP 1110.

CLRP 1131. Identification and Analysis
Lecture 0, Lab 3, Credit 3

The analysis of body construction. Emphasis is given to diagnosis and repair of collision related items. Prerequisites: CLRP 1110 or AUTO 1002.

CLRP 1140. Basic Automotive Electricity
Lecture 2, Lab 1, Credit 3

A study of basic electrical properties and their behavior in electrical circuits. The course emphasizes the reading and interpretation of wiring diagrams and schematics. Prerequisites: CLRP 1110.

CLRP 1150. Mechanical Components
Lecture 3, Lab 3, Credit 6

Covers mechanical components such as steering, suspension, brakes, cooling system, climate control, etc. which may be damaged in a collision. Prerequisites: CLRP 1110.

CLRP 1210. Frame and Body
Lecture 3, Lab 0, Credit 3

Includes instructions in unibody and frame construction. Emphasis is given to proper measuring and straightening techniques, stress and failure analysis, the use of gauging equipment, and alignment of components. Prerequisites: CLRP 1110.

CLRP 1220. Welding and Cutting
Lecture 1, Lab 3, Credit 4

The application of welding equipment and procedures as they pertain to collision repair processes. Emphasis is given to the setup and use of oxyacetylene, MIG, and other welding equipment. Prerequisites: CLRP 1110 or AUTO 1002.

CLRP 1230. Panel Replacement
Lecture 1, Lab 5, Credit 6

Provides the skills for panel removal, replacement, and alignment; includes door panels, fenders, hood, and body panels. Prerequisites: CLRP 1110 or AUTO 1002.

CLRP 1311. Automotive Trim and Glass
Lecture 0, Lab 4, Credit 4

The application of body trim and glass removal and installation; Includes the removal and replacement of interior and exterior trim and locking mechanisms as well as removal, replacement, and alignment of moveable glass. Prerequisites: CLRP 1110.

CLRP 1320. Refinishing/Detailing
Lecture 2, Lab 5, Credit 7

Theory and application of proper refinishing and detailing procedures; Includes the proper operation of spray equipment, surface preparation, priming, top coat application, polishing and compounding, and color adjusting. Prerequisites: CLRP 1110.

CLRP 2111. Restraint Systems
Lecture 0, Lab 2, Credit 2

A study of the types and operation of passive and active restraint systems; includes theory of operation, components, troubleshooting, and removal and replacement of restraint systems. Prerequisites: CLRP 1110.

CLRP 2121. Plastic Repair
Lecture 0, Lab 1, Credit 1

The fundamentals of plastic repair. Emphasis is given to the proper repair procedures for rigid and flexible plastic; includes plastic welding and bonding procedures. Prerequisites: CLRP 1110.
CRM 1220. Police Systems and Practices
Lecture 3, Lab 0, Credit 3
Review of history and philosophical back-
ground of the US criminal justice systems; the
organization of its agencies and processes in-
cluding the legislature, police, prosecutor, courts,
corrections; including their development of mod-
ern practices and their role in today’s society.
[LCCN: CCRJ 1013]

CRM 1120. Introduction to Corrections
Lecture 3, Lab 0, Credit 3
Study of history, philosophy, theories and
practices involved in treatment of convicted law
violators. Focus is given to roles of correctional
system as it relates to other components of the
criminal justice system. The two worlds of the
prison system are explored - administration and
inmate. [LLCN: CCR] 2013

CRM 1230. Criminal Justice Writing
Lecture 3, Lab 0, Credit 3
General procedures in writing police reports
and law enforcement related reports, including
development and organization of thoughts and
ideas; covers grammar skills, proper punctua-
tion, capitalization, and effective communica-
tion techniques. Prerequisite: Eligible for ENGL
1010.

CRM 1222. Criminal Investigation
Lecture 2, Lab 1, Credit 3
Study of investigation procedures including
theory, legal aspects, evidence collection, pres-
ervation, submission, interviews, interrogations,
search and protection of crime scene, patrol and
observation, note taking, and report writing.

CRM 1332. Introduction to Criminal Law
Lecture 3, Lab 0, Credit 3
Study of substantive criminal law includ-
ing definition of law, crime, defenses, criminal
responsibility, punishments, and court systems.
Prerequisite: Eligible for ENGL 1010 or ENGL
1020. [LCCN: CCRJ 2213]

CRM 1340. Criminology
Lecture 3, Lab 0, Credit 3
A study of the theories used to explain crimi-
nal behavior. [LLCN: CCRJ 2113]

CRM 1410. Juvenile Delinquency
Lecture 3, Lab 0, Credit 3
Study juvenile delinquency with empha-
sis on theories, preventive programs, juvenile
courts, and treatment.

CRM 1422. Judicial Process
Lecture 3, Lab 0, Credit 3
Examination of roles, function, structure of
courts and how they relate to criminal justice.
Prerequisite: Eligible for ENGL 1010 or ENGL
1020.

CRM 2112. Social Problems for Criminal
Justice
Lecture 3, Lab 0, Credit 3
Analysis of major social problems in today’s
society focusing on causes and consequences.
This course is designed for Criminal Justice ma-
jors only. Prerequisites: CRMJ 1110 and Eligible
for ENGL 1010.

CRM 2510. Introduction to Forensics
Lecture 2, Lab 1, Credit 3
Study of investigative techniques and sci-
entific methods used in criminal investigations.
Prerequisites: CRMJ 1110 and Eligible for ENGL
1010 or ENGL 1020.

CRM 2520. Drugs, Crime, and Criminal
Justice
Lecture 3, Lab 0, Credit 3
Overview of illegal drugs, drug traffic, gang
organizations in the local area; discussion of the
care and use of firearms in law enforcement.
Prerequisites: CRMJ 1110 and Eligible for ENGL
1010 or ENGL 1020.

CRM 2522. Criminal Justice Externship
Lecture 0, Lab 3, Credit 3
Provides hands on experience at a criminal
justice agency, allowing students to take class-
room knowledge into the real working realities of
the criminal justice system. Prerequisites: CRMJ
1110 and Eligible for ENGL 1010 or ENGL 1020.

CRM 2997. Selected Topics in Criminal
Justice
Lecture 3, Lab 0, Credit 3
Examine current issues in the criminal jus-
tice system; students will analyze, explore, ques-
tion, and develop possible responses to issues
presented. Prerequisites: CRMJ 1110 and Eligible
for ENGL 1010.

CRM 2998. Selected Topics in Criminal
Justice
Lecture 3, Lab 0, Credit 3
Examines current issues in the criminal justice
system with emphasis on topics appropriate for
students considering transfer to a baccalaureate
degree. Students will analyze, explore, question,
and develop possible responses to issues pre-
sented. Prerequisites: CRMJ 1110 and Eligible
for ENGL 1010.
preparation, holding, and serving procedures to maintain a quality product. Prerequisites: CULN 1130 and CULN 1160.

CULN 2450. International Cuisine
Lecture 2, Lab 3, Credit 5
Team preparation of a specified number and variety of regional dishes for portfolio, using advanced skills, instructor prepared criteria, and evaluation processes. Includes a research project. Prerequisite: CULN 1210.

CULN 2460. Food and Beverage Operation
Lecture 2, Lab 1, Credit 3
Team preparation of a specified number and variety of meals for portfolio, using advanced skills, instructor prepared criteria, and evaluation processes. Includes a research project. Prerequisite: CULN 1210.

CULN 2460. Food and Beverage Operation
Lecture 2, Lab 1, Credit 3
Team preparation of a specified number and variety of meals for portfolio, using advanced skills, instructor prepared criteria, and evaluation processes. Includes a research project. Prerequisite: CULN 1210.

CULN 2460. Food and Beverage Operation
Lecture 2, Lab 1, Credit 3
Team preparation of a specified number and variety of meals for portfolio, using advanced skills, instructor prepared criteria, and evaluation processes. Includes a research project. Prerequisite: CULN 1210.
This course includes the fundamentals of single phase and three phase motors, and generators and transformer theory, application, and characteristics. Prerequisite: INST 1111 or ETRN 1112.

ELEC 1422. Introduction to Motor Controls
Lecture 1, Lab 2, Credit 3

This course includes the fundamentals and principles of single phase and three phase motors and generators and transformer theory, application, and characteristics. Prerequisite: ETRN 1112.

ELEC 1430. Blueprint Interpretation
Lecture 1, Lab 2, Credit 3

This course is designed as an advanced enhancement course. The student prepares a job presentation portfolio for one of the four specialty areas: Architecture, Civil, Marine, or Piping drafting. Prerequisites: CADD 1201 and all DRFT 1200 level courses.

ELEC 1230. National Electric Code
Lecture 1, Lab 2, Credit 3

This course includes code requirements for residential installations, installing and troubleshooting of single pole, 3/w, 4/w, and receptacle circuits, breaker panels and also building a residential service entrance. Prerequisite: ELEC 1220.

ELEC 1230. Generator and Transformer Operations
Lecture 1, Lab 2, Credit 3

This course includes the fundamentals and principles of single phase and three phase motors and generators and transformer theory, application, and characteristics. Prerequisite: INST 1111 or ETRN 1112.

ELEC 1422. Introduction to Motor Controls
Lecture 1, Lab 2, Credit 3

This course includes an introduction to basic manual and push button motor control systems. Topics include an understanding of ladder logic and its various components, and basic motor and control installations. Prerequisite: ETRN 1112.

ELEC 1430. Blueprint Interpretation
Lecture 1, Lab 2, Credit 3

This course is designed to teach an overview of design rationale and methodology with practical applications using contemporary design principles and required information to layout and erection of a steel structure. The placement of reinforcing steel in concrete is also covered, in addition to the use of the ATSC Steel Construction Manual, American Concrete Institute standards, and the American Institute of Steel Construction. It covers the topics of stress and strain, direct and shear stresses, torsion, bending, bolted and welded connections, basic design of timber and steel beams and timber and steel columns, beam deflections, and statistically indeterminate beams. Prerequisites: CADD 1201 and all DRFT 1200 level courses.

This course is a continuation of Architecture I. It emphasizes more advanced drawing including some design and utilities for construction. Prerequisites: CADD 1201 and DRFT 2301.

This course covers mapping including the types of maps, conventional symbols, profiles, cross-sections, planning maps, plotting traverses, drawing contours, and city and village maps from engineer’s notes. It also deals with construction, care and use of surveying instruments, and the theory and practice of chaining, differential and profile leveling, traversing, computation of areas of earthwork, theory and practice of stadia and its application to topographic surveying. U.S. Government systems of Public Lands Surveys, linear and grades, and reduction and plotting field notes. Prerequisites: CADD 1201 and all DRFT 1200 level courses.

This course is designed to teach an overview of design rationale and methodology with practical applications using contemporary design methods in the shipbuilding and marine industry. Prerequisites: CADD 1201 and all DRFT 2300 level courses.

This course is designed as an advanced enhancement course. The student prepares a job presentation portfolio for one of the four specialty areas: Architecture, Civil, Marine, or Piping drafting. Prerequisites: CADD 1201 and all DRFT 1200 level courses, plus the area of specialization: DRFT 2301/DRFT2401, DRFT 2304 or DRFT 2402 or DRFT 2303.

This course includes the study of market forces and government policies that affect national output/income, unemployment, inflation, and interest rates. It includes an introduction to banking, foreign currency markets, and trade balance. Prerequisite: Eligible for MATH 1100 and ENGL 1010.

This course includes a study of individual behavior and market process. It includes supply and demand, resource allocation, cost, prices and profit, the production process, market structure, and government intervention. Prerequisite: Eligible for MATH 1100 and ENGL 1010.

This course includes the identification and uses of various types of conductors, equipment, devices, fittings, raceways and boxes used in residential installations. Breaker panel and service entrance components will also be identified and discussed. Also an introduction to various methods of installing AC cable, EMT, rigid metallic conduit, PVC, flexible and surface raceways. Lab requirements include cutting, bending, and installing conduit.

This course includes the fundamentals and principles of single phase and three phase motors and generators and transformer theory, application, and characteristics. Prerequisite: INST 1111 or ETRN 1112.

This course covers mapping including the types of maps, conventional symbols, profiles, cross-sections, planning maps, plotting traverses, drawing contours and city and village maps from engineer’s notes. It also deals with construction, care and use of surveying instruments, and the theory and practice of chaining, differential and profile leveling, traversing, computation of areas of earthwork, theory and practice of stadia and its application to topographic surveying. U.S. Government systems of Public Lands Surveys, linear and grades, and reduction and plotting field notes. Prerequisites: CADD 1201 and all DRFT 1200 level courses.
ENGL 2100. British Literature I
Lecture 3, Lab 0, Credit 3
A survey of British writers from the beginning to the Romantic Era; includes literary analysis and writing about literature. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2103]

ENGL 2200. British Literature II
Lecture 3, Lab 0, Credit 3
A survey of British writers from the beginning to the Romantic Era; includes literary analysis and writing about literature. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2113]

ENGL 2300. Major British Writers
Lecture 3, Lab 0, Credit 3
A survey of significant British writers. Includes literary analysis and writing about literature. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2123]

ENGL 2400. American Literature I
Lecture 3, Lab 0, Credit 3
A survey of American writers from the beginning to the Civil War; includes literary analysis and writing about literature. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2153]

ENGL 2500. American Literature II
Lecture 3, Lab 0, Credit 3
A survey of American writers from the Civil War through the present day; includes literary analysis and writing about literature. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2163]

ENGL 2600. Major American Writers
Lecture 3, Lab 0, Credit 3
A survey of significant American writers. Includes literary analysis and writing about literature. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2173]

ENGL 2700. World Literature I
Lecture 3, Lab 0, Credit 3
A survey of world writers from the beginnings through the 1600s; includes literary analysis and writing about literature. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2203]

ENGL 2800. World Literature II
Lecture 3, Lab 0, Credit 3
A survey of world writers from circa 1700 through the present day; includes literary analysis and writing about literature. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2213]

ENGL 2900. World Literature III
Lecture 3, Lab 0, Credit 3
A survey of world writers from circa 1700 through the present day; includes literary analysis and writing about literature. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2223]

ENGL 3000. Introduction to Fiction
Lecture 3, Lab 0, Credit 3
Introduction to fiction; includes critical analysis and writing about literature. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2303]

ENGL 3100. Introduction to Literature
Lecture 3, Lab 0, Credit 3
Introduction to various literary genres; includes critical analysis and writing about literature. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2323]

ENGL 3200. Introduction to Poetry and/or Drama
Lecture 3, Lab 0, Credit 3
Introduction to poetry and/or drama; includes critical analysis and writing about poetry/drama. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2313]

ENGL 3300. Introduction to Women’s Literature
Lecture 3, Lab 0, Credit 3
Introduction to literature by or about women; includes critical analysis and writing about literature. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2353]

ENGL 3400. Introduction to African American Literature
Lecture 3, Lab 0, Credit 3
Introduction to African American literature; includes critical analysis and writing about literature. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2403]

ENGL 3500. Introduction to Gender Studies
Lecture 3, Lab 0, Credit 3
Introduction to gender studies; includes critical analysis and writing about literature. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2413]

ENGL 3600. Mythology and Folklore
Lecture 3, Lab 0, Credit 3
Introduction to mythology and/or folklore and its role in literature and culture. Prerequisite: Require a “C” or better in ENGL 1020 to enroll. [LCCN: CENL 2503]

ENGL 3700. Technical Report Writing
Lecture 3, Lab 0, Credit 3
The study of the procedures, terminology, and communication techniques utilized in writing reports for business/industry. Includes the organization of ideas and proposals and the preparation of reports and correspondence. It is strongly recommended that students take this course during their last semester of study. Prerequisite: Require a “C” or better in ENGL 1010 to enroll.

ENSC 2000. Environmental Science
Lecture 3, Lab 0, Credit 3
This course is an introduction to the relationship of man’s environment to his health. It includes a study of the physical and chemical hazards in the workplace, as well as a study of general environmental issues. Prerequisite: Eligible for ENGL 1010. [LCCN: CEVS 1103]
ETRN 1112. Fundamentals of Electricity/ Electronics  
Lecture 1, Lab 3, Credit 4  
This course is designed to cover second year first electrical trade technology concepts. Concepts covered include additional aspects of electronics. Prerequisite: GAEC 1110.  

GAEC 1310. Apprentice Trade Technology Part II  
Lecture 3, Lab 0, Credit 3  
This course is designed to cover second year part one electrical trade technology concepts. Concepts covered include additional aspects of high voltage/low voltage theory and blueprint reading for electricians. Prerequisite: GAEC 1130  

GAEC 1120. Apprentice Trade Related Science  
Lecture 2, Lab 0, Credit 2  
This course is designed to cover general knowledge and use of test instruments and the National Electrical Code book. Prerequisite: GAEC 1120  

GAEC 2200. Apprentice Trade Technology Part VI  
Lecture 5, Lab 0, Credit 5  
This course is designed to cover fourth year part one electrical trade technology concepts. Concepts covered include lighting protection, motors, motor controls, test instruments application, and lighting essentials. Prerequisite: GAEC 2100.  

GAEC 2210. Apprentice Trade Technology Part VII  
Lecture 5, Lab 0, Credit 5  
This course is designed to cover fourth year part two electrical trade technology concepts. Concepts covered include fire alarm systems, installer/technician sound reinforcement systems, installer/technician job information, and installer/technician nurse call systems. Prerequisite: GAEC 1300.  

GAEC 2220. Apprentice Trade Technology Part VIII  
Lecture 5, Lab 0, Credit 5  
This course is designed to cover fifth year part two electrical trade technology concepts. Concepts covered include fire alarm systems, instrumentation and security systems. Prerequisite: GAEC 2210.
The course covers basic mathematical concepts, formulas used in the pipe trades industry, pipe measurements, and metric measurements. Prerequisite: GAPC 1110.

GAPC 1130. Apprentice Trade Technology Part I
Lecture 3, Lab 0, Credit 3
This course is designed to cover first year pipe trades technology concepts. Concepts covered include all aspects of basic electricity and the use and care of tools. Prerequisite: GAPC 1120.

GAPC 1200. Apprentice Trade Technology Part II
Lecture 2, Lab 0, Credit 2
This course is designed to cover basic science principles and concepts related to pipe trades. Prerequisite: GAPC 1130.

GAPC 1210. Apprentice Trade Technology Part III
Lecture 3, Lab 0, Credit 3
This course is designed to cover the soldering and brazing methods used in the preparation and joining of the cup type copper tube joint. Prerequisite: GAPC 1200.

GAPC 1220. Customer Service in the Trade Area
Lecture 2, Lab 0, Credit 2
This course is designed to cover the basic principles of service work including human relations, salesmanship and how to plan service work. Prerequisite: GAPC 1210.

GAPC 1230. Apprentice Trade Technology Part IV
Lecture 3, Lab 0, Credit 3
This course is designed to cover second year part two pipe trades technology concepts. Concepts covered include pipe, fittings, valves, supports and fasteners. Prerequisite: GAPC 1220.

GAPC 1300. Apprentice Trade Technology Part V
Lecture 5, Lab 0, Credit 5
This course is designed to cover third year part one pipe trades-pipelighter and plumber technology concepts. Concepts covered include oxy-fuel cutting and welding, shielded metal-arc welding and water supply systems. Prerequisite: GAPC 1230.

GAPC 2100. Apprentice Trade Technology Part VI
Lecture 5, Lab 0, Credit 5
This course is designed to cover third year part two pipe trades-plumber technology concepts. Concepts covered include a continuation of oxy-fuel cutting and welding and shielded metal-arc welding and drainage systems. Prerequisite: GAPC 1300.

GAPC 2200. Apprentice Trade Technology Part VII
Lecture 5, Lab 0, Credit 5
This course is designed to cover fourth year part one pipe trades technology concepts. Concepts covered include a continuation of oxy-fuel cutting and welding and shielded metal-arc welding, as well as drawing interpretation and plan reading. Prerequisite: GAPC 2100.

GAPC 2210. Apprentice Trade Technology Part VIII
Lecture 5, Lab 0, Credit 5
This course is designed to cover fourth year part two pipe trades-plumber technology concepts. Concepts covered include a continuation of oxy-fuel cutting and welding and shielded metal-arc welding, as well as plumbing fixtures and appliances. Prerequisite: GAPC 2200.

GAPC 2300. Apprentice Trade Technology Part IX
Lecture 5, Lab 0, Credit 5
This course is designed to cover fifth year part one pipe trades-plumber technology concepts. Concepts covered include a continuation of oxy-fuel cutting and welding and shielded metal-arc welding, as well as plumbing code interpretation. Prerequisite: GAPC 2210.

GAPC 2310. Apprentice Trade Technology Part X
Lecture 5, Lab 0, Credit 5
This course is designed to cover fifth year part two pipe trades-plumber technology concepts. Concepts covered include preparation for cross connection prevention certification and medical gas certification. Prerequisite: GAPC 2300.

GART 1010. Orientation to Graphic Communication
Lecture 1, Lab 1, Credit 2
This course provides the student with the basic principles, terminology, guidelines, methods and systems necessary to solve graphic design problems. Students will be introduced to various careers in the graphic design industry and learn classroom policy, procedure and safety.

GART 1020. Graphic Illustration
Lecture 1, Lab 2, Credit 3
In this course the students will experience drawing with various media. Students learn how to prepare materials and still life arrangements, working with foundation lines and incorporating more complex lighting, shading, depth, value and color techniques.

GART 1030. Photography I
Lecture 1, Lab 2, Credit 3
Students will create photographic images and become familiar with the various aspects of photography, including subject matter, concept development, contrast, composition, meaning, cropping, lighting, emotional impact and message. An SLR 35mm camera or digital equivalent is required.

GART 1040. Vector Graphics
Lecture 1, Lab 2, Credit 3
Students will work to develop professional vector graphics and become familiar with the various aspects of vector art design, including subject matter, concept development, contrast, composition, meaning, cropping, lighting, emotional impact and message. Students will learn the fundamentals of being a designer. The course will cover color theory, design, typography, and the elements and principles of design. Upon completion the student will have a good understanding of executing professional graphic designs. Prerequisite: GART 1040.

GART 1220. Advertising Theory
Lecture 1, Lab 2, Credit 3
In this course the student will learn the fundamentals of being a designer. The course will cover color theory, design, typography, and the elements and principles of design. Upon completion the student will have a good understanding of executing professional graphic designs. Prerequisite: GART 1040.

GART 1240. Raster Graphics I
Lecture 1, Lab 2, Credit 3
This course gives students experience in silhouetting, exposure correction, retouching, layering, typography, and image composition in Adobe Photoshop. The student will learn how to make high-quality selections and edits, using an efficient imaging workflow.

GART 2110. Videography I
Lecture 1, Lab 2, Credit 3
This course introduces the student to the terminology, principles and practices of videography. The student will learn to differentiate between good and bad video, learn basic production techniques, non-linear editing, creative lighting methods and field camera operation.
GART 2120. Animation
Lecture 1, Lab 2, Credit 3
In this course students will use After Effects to create motion graphics, key out color using green/blue screen techniques, motion tracking, and composition video and animation. There will be a focus on key framing, masking and using alpha channels. Projects include animated logos, titles, and rendering for broadcast. Prerequisites: GART 1040; GART 1240.

GART 2130. Design II
Lecture 1, Lab 2, Credit 3
In this course the student will focus more on real-world design as a base study to their course work. By using industry standard programs the student will study designs and understand the mechanics and theory by which it was created. Prerequisites: GART 1040, GART 1230, GART 1240.

GART 2140. Raster Graphics II
Lecture 1, Lab 2, Credit 3
In this course the student will continue their studies in Adobe Photoshop. Advanced skills would include creating compositions for advertising and the arts. Some projects would include website interfaces, billboards, flyers, brochures, just to name a few. Prerequisite: GART 1240.

GART 2210. Web Site Design
Lecture 1, Lab 2, Credit 3
Students will learn to develop a web site using industry standard software. Students will create the web site by creating a story board, using advanced presentation techniques and combining layout and design skills. Prerequisites: GART 1040, GART 1240.

GART 2230. Photograph II
Lecture 1, Lab 2, Credit 3
Students are introduced to digital photography and explore software programs that adjust and manipulate photographs. Prerequisites: GART 1030, GART 1240.

GART 2240. Videography II
Lecture 1, Lab 2, Credit 3
Students will master camera image controls, study the aesthetics of composition, gain an understanding of the importance of lighting, produce an aesthetically thematic and logical video product (with music: tracks, voice over, graphics and titling) and explore occupational opportunities in the video industry. Prerequisites: GART 2110; GART 2120.

GART 2250. Agency
Lecture 1, Lab 2, Credit 3
In this course the student will gain real-world experience by working on various jobs in the true schedule of the advertising industry. Students will be appointed various tasks in relation to a graphic designer, creative director, or account executive. Prerequisite: GART 1210, GART 2110, and GART 2130.

GART 2260. Special Projects
Lecture 1, Lab 2, Credit 3
Internship. Prerequisite: Special Approval.

GART 2500. Portfolio Preparation
Lecture 0, Lab 1, Credit 1
Students receive individual art direction for both required and elective pieces. Work is evaluated and refined to meet top industry standards. Students will present their portfolio to a panel of instructors and industry representatives. Prerequisite: GART 1210, GART 2110, and GART 2130.

GEOG 2110. Human Geography
Lecture 3, Lab 0, Credit 3
Concepts, themes, and techniques of cultural geography: includes politics, language, religion, urbanization, agriculture, environmentalism, and social problems. Prerequisite: Be eligible for ENGL 1010. [LCCN: CGRG 2013]

GEOG 2215. Geography of Louisiana
Lecture 3, Lab 0, Credit 3
The course is a study of the physical geography and the natural resources of Louisiana as well as the people in terms of their cultural backgrounds, settlement patterns, and regional economics. Prerequisite: Eligible for ENGL 1010.

HIST 1010 Western Civilization I
Lecture 3, Lab 0, Credit 3
This course is a survey of western civilization from the Reformation era to the present. Prerequisite: Eligible for ENGL 1010.

HIST 1020 Western Civilization II
Lecture 3, Lab 0, Credit 3
This course is a survey of western civilization from ancient times to the Reformation era. Prerequisite: Eligible for ENGL 1010.

HIST 1111 Fundamentals of Electricity/Electronics
Lecture 4, Lab 1, Credit 5
An introduction to the concept of DC/AC electronics on Ohm’s Law, series, series-parallel, and parallel circuits. To include the concepts of inductive and capacitive reactance, time constants, impedance, meters, magnetic relay, and solenoid principles.

INST 1111. Fundamentals of Semiconductors/Circuits
Lecture 4, Lab 1, Credit 5
An introduction to solid-state components and electronic circuits. The individual will gain knowledge on diodes, transistors, thermistors, and optical devices. To include power supplies.
amplifier circuits, amplifier coupling and phase splitters. Prerequisite: INST 1111 or ETRN 1112.

INST 2732. Temperature and Analytical Measurement Lecture 2, Lab 1, Credit 3
An introduction to the concepts of temperature measurement calculations, conversions and operating principles of temperature sensing devices. Troubleshooting, calibration and repair/replacement of electronic and pneumatic temperature sensing devices is also covered. The student will also be introduced to principles of liquid and gas analysis, as well as pH, conductivity, and ORP measurement. Prerequisite: INST 1010 or INST 1110.

INST 2812. Advanced Programmable Logic Controllers Lecture 2, Lab 1, Credit 3
An advanced programmable logic control course that covers the programming, testing, and troubleshooting of specific programmable logic control applications. Also included are the design and installation aspects of PLC’s as they relate to industrial settings. Prerequisites: INST 2722 or INST 2721 and ELEC 1220 or ELEC 1422.

ITEC 1000. Application Basics Lecture 3, Lab 0, Credit 3
A hands-on approach that provides an introduction to basic information technology skills and microcomputer applications such as file management, electronic, and digital controllers along with instruments that are found in a typical control loop. Also, process measurement and control using computers and microprocessor based control systems will be covered. Students will be introduced to various distributed control systems including the use of field bus and tuning methods in control systems. Prerequisite: INST 1010 or INST 1110.

ITEC 1001. Keyboarding Lecture 3, Lab 0, Credit 3
Introduction to basic keyboarding terminology and practice. Emphasis is placed on speed, accuracy, and correct technique.

ITEC 1005. IT Fundamentals Lecture 3, Lab 0, Credit 3
Introduction to computer hardware, operating systems, Internet concepts, microcomputer applications, and security and ethical issues.

ITEC 1010. Web Site Development Lecture 3, Lab 0, Credit 3
A comprehensive study of Internet concepts, terminology, connection practices, researching on, designing for and publishing on the Internet, as well as a brief study of the programming basics behind the creation of Web Pages using HTML and Dynamic HTML. This course may be used as a substitute for ITEC 1300.

ITEC 1015. E-Commerce Design Lecture 3, Lab 0, Credit 3
This course teaches the student to build web pages that conform to business functions using various web languages such as HTML, DHTML, XML, Perl, VB Script, Java Script, and Active Server pages. The concepts of good practice and the Web will be taught as the fundamentals of developing web sites for e-commerce. Topics of the course include design of web hosting, data processing on the web, web marketing, e-commerce components, payment processing, security, and customer service. Prerequisites: ITEC 1010.

ITEC 1020. Advanced Web Site Development Lecture 3, Lab 0, Credit 3
A study in the prevailing language in internet programming. Advanced topics will include, web development, including database programming, communications, and on-line form activity. Prerequisites: ITEC 1010.

ITEC 1100. IT Essentials: PC Hardware and Software Lecture 3, Lab 0, Credit 3
A hands-on study of operating systems which prepares students for an industry-based certification such as the MCP examination. The course includes the installation and administration of a network operating system as well as trouble-shooting and optimizing techniques.

ITEC 1200. Operating Systems Lecture 3, Lab 1, Credit 4
A hands-on study of operating systems which prepares students for an industry-based certification such as the MCP examination. The course includes the installation and administration of a network operating system as well as trouble-shooting and optimizing techniques.

ITEC 1210. Introduction to Programming Lecture 3, Lab 0, Credit 3
Basic logic, variables, constants, TOE charts, Input/output, Sequence Structure, Selection Structure, and Repetition Structure.

ITEC 1300. Internet Applications Lecture 3, Lab 0, Credit 3
A hands-on study of Internet concepts. The course includes a wide range of Internet basics such as HTML, networking concepts, TCP/IP protocols, IP addressing, and sub netting.

ITEC 1320. Introduction to Database Management Lecture 3, Lab 0, Credit 3
A comprehensive study and hands-on approach to database management using tables, queries, forms, and reports to facilitate the development, manipulation, and reporting of data in an information system.
ITEC 1500. Network Pro
Lecture 3, Lab 0, Credit 3
This course teaches students, through lectures, discussions, demonstrations, and labs, the skills and knowledge necessary to install, configure, optimize and administer a Microsoft Exchange Server and to prepare the Microsoft Exchange Server Administrator certification. Additional topics of scheduled backup, disaster recovery planning, and scaling for the enterprise. Prerequisites: ITEC 2030.

ITEC 2110. Networking for Home & Small Business
Lecture 3, Lab 1, Credit 4
After completion students will be able to setup a personal computer system, including the operating system, interface cards, and peripheral devices. Plan and install a small network connecting to the Internet. Troubleshoot network and internet connectivity. Share resources such as files and printers among multiple computers. Recognize and mitigate security threats to a home network. Configure an integrated wireless access point and a wireless client. This course is designed around the Cisco Networking Academy Discovery Program Semester 1 curriculum.

ITEC 2120. Working at a Small-to-Medium Business or ISP
Lecture 3, Lab 1, Credit 4
After completion students will be able to understand the structure of the Internet and how communication occurs between hosts. Install, configure, monitor, and manage a small to medium business network. Perform network maintenance tasks. Troubleshoot network and internet connectivity. Design and implement network security solutions. Prerequisites: ITEC 2040.

ITEC 1530. Introduction to C Programming
Lecture 3, Lab 0, Credit 3
A study of advanced programming concepts such as arrays, class inheritance, constructors, exception handling, GUI interface, etc. Prerequisites: ITEC 1531.

ITEC 1550. Introduction to Visual Basic
Lecture 3, Lab 0, Credit 3
This course teaches application programming topics of installation, configuration, and troubleshooting. Prerequisites: ITEC 1210.

ITEC 1581. Introduction to Oracle
Lecture 3, Lab 0, Credit 3
A study of client/server databases and Oracle database architecture. Includes a hands-on study of creating and modifying database tables, performing queries, and creating forms, reports, and graphics. Prerequisites: ITEC 1210.

ITEC 1610. Introduction to Game Programming
Lecture 3, Lab 0, Credit 3
Introduction to Game Programming is the first part of a first-year crash course covering the basics of game programming. Students will learn to program 2D and 3D games using Visual Basic and Windows API (Application Programming Interface). This first-year course will give students some experience writing several complete games in 2D and 3D. Prerequisites: ITEC 1210.

ITEC 1620. Advanced Game Programming
Lecture 3, Lab 0, Credit 3
Advanced Game Programming is a continuation of the study of game programming. It includes concepts such as Direct API used for drawing output, sound and music. Prerequisites: ITEC 1610.

ITEC 1800. Unix/Linux OS
Lecture 3, Lab 0, Credit 3
A study of the Unix and Linux operating systems, including topics of installations, configurations, troubleshooting, optimizing, and administration. Focus on adding users and group and access rights along with user permissions and login authorizations. Prerequisites: ITEC 1100 and ITEC 1101.

ITEC 2010. MCSE 2-Windows Server
Lecture 3, Lab 1, Credit 4
This course is designed to provide students with the background necessary to plan, install, configure, manage, and troubleshoot a Windows Server as a member server in an Active directory environment. Prerequisites: ITEC 1500 or ITEC 1100 and ITEC 1101.

ITEC 2020. MCSE 3-Windows Network
Lecture 3, Lab 1, Credit 4
This course is designed to provide students with the background necessary to install, manage, monitor, configure, and troubleshoot DNS, DHCP, Remote Access, Network Protocols, IP Routing, and WINS in a Windows network infrastructure. Prerequisites: ITEC 1100.

ITEC 2030. MCSE 4-Windows Directory Services Administration
Lecture 3, Lab 1, Credit 4
This course is designed to provide students with the background necessary to install, configure, and troubleshoot the Windows Active Directory components, DNS for Active Directory, and Active Directory security solutions. Prerequisites: ITEC 2030.

ITEC 2040. MCSE Core/Elective
Lecture 3, Lab 1, Credit 4
This Course is designed to provide students with the background necessary to analyze the business requirements and design a directory service architecture, including: Unified directory services such as Active Directory and Windows NT domains; connectivity between and within systems, components, and applications; data replication such as directory replication and database replication. Prerequisites: ITEC 2030.
SOWELA Technical Community College

Configure, and troubleshoot Cisco IOS devices. Plan a basic wired infrastructure to support network traffic. Configure a server to share resources and provide common Web services. Implement basic WAN connectivity using Telco services. Demonstrate proper disaster-recovery procedures and perform server backups. This course is designed around the Cisco Networking Academy Discovery Program Semester 2 curriculum. Prerequisite: ITEC 2110.

ITEC 2125. Health Information Networking
Lecture 3, Lab 0, Credit 3
This course is designed to introduce students to IT fundamentals for medical groups and include basic information on healthcare environments, fundamentals of electronic health record systems, and designing, securing, and troubleshooting a network to support healthcare organizations. Prerequisite: ITEC 2120 or equivalent industry experience.

ITEC 2130. Introducing Routing and Switching in the Enterprise
Lecture 3, Lab 1, Credit 4
After completion students will be able to implement a LAN for an approved network design. Configure a switch with VLANs and inter-switch communication. Implement access lists to permit or deny specific traffic. Implement WAN links. Configure routing protocols on Cisco Devices. Perform LAN, WAN and VLAN troubleshooting using a structured methodology and the OSI model. This course is designed around the Cisco Networking Academy Discovery Program Semester 3 curriculum. Prerequisite: ITEC 2120.

ITEC 2140. Designing and Supporting Computer Networks
Lecture 3, Lab 1, Credit 4
After completion students will be able to gather customer requirements. Design a simple Internetwork using Cisco technology. Design an IP addressing scheme to meet LAN requirements. Create an equipment list to meet LAN design requirements. Install and configure a prototype Internetwork. Obtain and upgrade Cisco IOS software in Cisco devices. This course is designed around the Cisco Networking Academy Discovery Program Semester 4 curriculum. Prerequisite: ITEC 2130.

ITEC 2230. Introduction to SQL
Lecture 3, Lab 0, Credit 3
An extensive programming course using SQL in many different environments including Access, Oracle, Informix, and DB2. The use of data modeling and SQL commands will be observed as the standard of programming in SQL. Server applications and Server SQL programming will be observed during the course. Software includes MS SQL Server, Oracle, Informix and DB2. Prerequisite: ITEC 1000.

ITEC 2270. Advanced Spreadsheet Development
Lecture 3, Lab 0, Credit 3
This is a comprehensive course focusing on the most currently used spreadsheet package used in business and industry. It is a concentrated course on basic spreadsheet creation, formulas, charts, macros, database function, and programming using Visual Basic for Applications (VBA). Prerequisite: ITEC 1000.

ITEC 2450. Advanced Visual Basic
Lecture 3, Lab 0, Credit 3
A study of custom controls, toolbars, file handling, database referencing and other advanced features of the Visual Basic programming language. Prerequisite: ITEC 1550.

ITEC 2570. Advanced JAVA
Lecture 3, Lab 0, Credit 3
A study of logic structure, arrays, database handling, file connectivity, and various advanced features. Prerequisite: ITEC 1571.

ITEC 2650. Advanced Database Development
Lecture 3, Lab 0, Credit 3
A further study of database applications including advanced concepts such as action queries, switchboards, custom toolbars and menus, converting objects to html files, and hyperlinks. Prerequisite: ITEC 1320.

ITEC 2670. Networking Security
Lecture 3, Lab 0, Credit 3
This course teaches the basic networking security requirements needed in local area networking system and the wide area networking systems. It prepares the student for the certification such as the CompTIA Security+ certification test. Topics include: Public Key/ Private Key, basic hackers attacks and defenses, firewall configurations, and future planning for securing the network. Prerequisite: ITEC 2110.

ITEC 2680. Security Project
Lecture 3, Lab 1, Credit 4
This course will focus on the knowledge and the experience students need to enter the industry as an entry-level IT security administrator. The student will learn how to protect that network from a myriad of threats. The goal is to prepare the student for certifications and give them the hands-on skills IT employers are seeking. Upon completion of this course, the student will be prepared to take any or all of three separate certification exams: TestOut's Security Pro Certification exam, CompTIA's Security+ exam (SYO-301), and (ISC)2's SSCP exam. Prerequisites: ITEC 1500 or ITEC 2110, and ITEC 1100, ITEC 1200 or ITEC 1820, or Special Approval.

ITEC 2830. Voice and Data Cabling
Lecture 3, Lab 1, Credit 3
This course prepares the student for the Certification tests associated with Voice and Data Wiring and cabling. Topics include Levels and Categories of different types of wiring and Fiber Optics; terminations of copper wiring CAT 5, Fiber Optic terminations, Wiring closets, distributions, cable specifications, troubleshooting, and design of local areas to wide enterprising systems. Prerequisite: ITEC 1100.

ITEC 2840. Data Communications
Lecture 3, Lab 0, Credit 3
This course introduces concepts that help the student achieve an in-depth understanding of the often complex topic of data communications and computer networks by balancing the more technical aspects and the everyday practical aspects. It offers full coverage of wireless technologies, industry convergence, compression techniques, network security, LAN technologies, VoIP, and expanded coverage of error detection and correction.

ITEC 2911. IT Ethics & Career Development
Lecture 3, Lab 0, Credit 3
This course teaches the ethics and management techniques in the Information Technology arena and focuses on the methodologies of the IT professional as it relates to business and professional development.

ITEC 2998. Comprehensive Programming Project
Lecture 1, Lab 2, Credit 3
This course is taken toward the end of the student's studies and provides career related work experience in the programming field at the campus or at an employer's site under the supervision of a faculty member. Prerequisite: Special Approval.

ITEC 2999. Comprehensive Networking Project
Lecture 1, Lab 2, Credit 3
This course is taken toward the end of the student's studies and provides career related work experience in the networking field at the campus or at an employer's site under the supervision of a faculty member. Prerequisite: Special Approval.

JOBS 2450. Job Seeking Skills
Lecture 2, Lab 0, Credit 2
This course assists students in preparing appropriate documents for the job search process.
MATH 1020. Applied Trigonometry
Lecture 3, Lab 0, Credit 3

Topics include a review of geometry essentials, trigonometric functions and graphs, right triangles, vector resolution and oblique triangles. Prerequisite: Require a “C” or better in MATH 1100.

MATH 1100. College Algebra
Lecture 3, Lab 0, Credit 3

Linear and quadratic equations and inequalities, radical and rational equations, complex numbers, graphing, functions, exponential and logarithmic functions, polynomial equations, systems of linear equations and inequalities. Prerequisite: Math score of at least 22 on the Enhanced ACT. [LCCN:CMAT 1100 or MATH 1110. Prerequisite: Math score of at least 22 on the Enhanced ACT.]

MATH 1120. Precalculus Algebra
Lecture 3, Lab 0, Credit 3

Topics from advanced algebra to include real number properties, solutions of equations and inequalities, relations, functions, graphs, polynomial and rational functions, exponential and logarithmic functions, complex numbers, systems of equations, and the theory of equations. Prerequisite: “C” or better in MATH 1100 or a math score of 22 on the Enhanced ACT.

MATH 1250. Math for Graphic Communication
Lecture 3, Lab 0, Credit 3

Basic mathematical operations reviewed in the context of applications for graphic communication students.

MATH 1305. Finite Math
Lecture 3, Lab 0, Credit 3

Matrices with applications, linear programming, probability, mathematics of finance and trigonometry. Prerequisite: Require “C” or better in MATH 1000 or MATH 1100. [LCCN: CMAT 1313]

MATH 2000. Contemporary Mathematics
Lecture 3, Lab 0, Credit 3

An introduction to contemporary mathematics. Topics will vary but may include finance, perspective and symmetry in art, logic, probability and odds, graph theory, statistics, elementary number structure and theory, and numeracy in the real world. Prerequisite: “C” or better in MATH 1000 or MATH 1100. [LCCN: CMAT 1103]

MATH 2110. Trigonometry
Lecture 3, Lab 0, Credit 3

Includes the study of trigonometric functions and identities, inverse trigonometric functions, graphs, solving triangles and equations, complex numbers, vectors and polar coordinates. Prerequisite: Require “C” or better in MATH 1100. [LCCN: CMAT 1223]

MATH 1110. Trigonometry
Lecture 3, Lab 0, Credit 3

Includes the study of trigonometric functions and identities, inverse trigonometric functions, graphs, solving triangles and equations, complex numbers, vectors and polar coordinates. Prerequisite: Require “C” or better in MATH 1100. [LCCN: CMAT 1223]

MATH 1120. Precalculus Algebra
Lecture 3, Lab 0, Credit 3

Topics from advanced algebra to include real number properties, solutions of equations and inequalities, relations, functions, graphs, polynomial and rational functions, exponential and logarithmic functions, complex numbers, systems of equations, and the theory of equations. Prerequisite: “C” or better in MATH 1100 or a math score of 22 on the Enhanced ACT.

MATH 1250. Math for Graphic Communication
Lecture 3, Lab 0, Credit 3

Basic mathematical operations reviewed in the context of applications for graphic communication students.

MATH 1305. Finite Math
Lecture 3, Lab 0, Credit 3

Matrices with applications, linear programming, probability, mathematics of finance and trigonometry. Prerequisite: Require “C” or better in MATH 1000 or MATH 1100. [LCCN: CMAT 1313]

MATH 2000. Contemporary Mathematics
Lecture 3, Lab 0, Credit 3

An introduction to contemporary mathematics. Topics will vary but may include finance, perspective and symmetry in art, logic, probability and odds, graph theory, statistics, elementary number structure and theory, and numeracy in the real world. Prerequisite: “C” or better in MATH 1000 or MATH 1100. [LCCN: CMAT 1103]

MATH 2110. Trigonometry
Lecture 3, Lab 0, Credit 3

Includes the study of trigonometric functions and identities, inverse trigonometric functions, graphs, solving triangles and equations, complex numbers, vectors and polar coordinates. Prerequisite: Require “C” or better in MATH 1100. [LCCN: CMAT 1223]

MATH 1110. Trigonometry
Lecture 3, Lab 0, Credit 3

Includes the study of trigonometric functions and identities, inverse trigonometric functions, graphs, solving triangles and equations, complex numbers, vectors and polar coordinates. Prerequisite: Require “C” or better in MATH 1100. [LCCN: CMAT 1223]

MATH 1120. Precalculus Algebra
Lecture 3, Lab 0, Credit 3

Topics from advanced algebra to include real number properties, solutions of equations and inequalities, relations, functions, graphs, polynomial and rational functions, exponential and logarithmic functions, complex numbers, systems of equations, and the theory of equations. Prerequisite: “C” or better in MATH 1100 or a math score of 22 on the Enhanced ACT.

MATH 1250. Math for Graphic Communication
Lecture 3, Lab 0, Credit 3

Basic mathematical operations reviewed in the context of applications for graphic communication students.

MATH 1305. Finite Math
Lecture 3, Lab 0, Credit 3

Matrices with applications, linear programming, probability, mathematics of finance and trigonometry. Prerequisite: Require “C” or better in MATH 1000 or MATH 1100. [LCCN: CMAT 1313]

MATH 2000. Contemporary Mathematics
Lecture 3, Lab 0, Credit 3

An introduction to contemporary mathematics. Topics will vary but may include finance, perspective and symmetry in art, logic, probability and odds, graph theory, statistics, elementary number structure and theory, and numeracy in the real world. Prerequisite: “C” or better in MATH 1000 or MATH 1100. [LCCN: CMAT 1103]

MATH 2110. Trigonometry
Lecture 3, Lab 0, Credit 3

Includes the study of trigonometric functions and identities, inverse trigonometric functions, graphs, solving triangles and equations, complex numbers, vectors and polar coordinates. Prerequisite: Require “C” or better in MATH 1100. [LCCN: CMAT 1223]

MATH 1110. Trigonometry
Lecture 3, Lab 0, Credit 3

Includes the study of trigonometric functions and identities, inverse trigonometric functions, graphs, solving triangles and equations, complex numbers, vectors and polar coordinates. Prerequisite: Require “C” or better in MATH 1100. [LCCN: CMAT 1223]

MATH 1120. Precalculus Algebra
Lecture 3, Lab 0, Credit 3

Topics from advanced algebra to include real number properties, solutions of equations and inequalities, relations, functions, graphs, polynomial and rational functions, exponential and logarithmic functions, complex numbers, systems of equations, and the theory of equations. Prerequisite: “C” or better in MATH 1100 or a math score of 22 on the Enhanced ACT.

MATH 1250. Math for Graphic Communication
Lecture 3, Lab 0, Credit 3

Basic mathematical operations reviewed in the context of applications for graphic communication students.

MATH 1305. Finite Math
Lecture 3, Lab 0, Credit 3

Matrices with applications, linear programming, probability, mathematics of finance and trigonometry. Prerequisite: Require “C” or better in MATH 1000 or MATH 1100. [LCCN: CMAT 1313]

MATH 2000. Contemporary Mathematics
Lecture 3, Lab 0, Credit 3

An introduction to contemporary mathematics. Topics will vary but may include finance, perspective and symmetry in art, logic, probability and odds, graph theory, statistics, elementary number structure and theory, and numeracy in the real world. Prerequisite: “C” or better in MATH 1000 or MATH 1100. [LCCN: CMAT 1103]

MATH 2100. Elementary Statistics
Lecture 3, Lab 0, Credit 3

Calculation of simple probability in discreet and continuous variable cases. Descriptive statistics; measures of central tendency; binomial, Poisson and normal distributions. Testing hypotheses using normal deviate and t-statistics. Prerequisite: Require “C” or better in MATH 1000 or MATH 1100. [LCCN: CMAT 1303]

MATH 2200. Calculus for Non-Science Majors
Lecture 3, Lab 0, Credit 3

Limits and continuity of functions; differential and integral calculus; applications to business, economics, and social sciences including maxima, minima, optimization, marginal analysis, and exponential growth. Prerequisite: “C” or better in MATH 1100. [LCCN: CMAT 2103]

MATH 2500. Calculus I
Lecture 3, Lab 0, Credit 3

Limits and continuity of functions; the derivative; techniques of differentiation; Chain Rule; implicit differentiation; transcendental functions; applications of differentiation; concavity; relative extrema; optimization; antiderivatives; definite integrals; Fundamental Theorem of Calculus; area. Prerequisites: “C” or better in MATH 1110. [LCCN: CMA 2113]

MATH 2510. Calculus II
Lecture 3, Lab 0, Credit 3

Techniques of integration; applications of the integral; parametric equations; polar coordinates; infinite sequences and series; Taylor's formula. Prerequisite: “C” or better in MATH 2500. [LCCN: CMAT 2123]

MEDL 1300. Medical Terminology
Lecture 3, Lab 0, Credit 3

An introduction of basic medical terms by use of prefixes, suffixes, and anatomical roots.

MEDL 1340. General Body Structure
Lecture 3, Lab 0, Credit 3

This course covers identification of the organs and basic functions of the human boy and disorders as it relates to each system with medical terminology integrated with each.

MEDL 1360. Medical Coding Part 1
Lecture 3, Lab 0, Credit 3

Provides instruction in the application of the International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM) classification system for diagnosis coding and Procedure Coding System (ICD-10-PCS) coding procedures for inpatient procedure coding for all individuals covered by Health Insurance Portability Accountability Act (HIPAA). Prerequisite: MEDL 1300.

MEDL 1370. Medical Coding Part 2
Lecture 3, Lab 0, Credit 3

MEDL 1400. Medical Billing
Lecture 3, Lab 0, Credit 3

Highlights the concepts and procedures that are essential to preparing and submitting accurate health insurance claims. Instructions on all aspects of medical insurance, including plan options, carrier requirements, state and federal regulations, abstracting relevant information from source documents and accurate claim completion. Prerequisite: MEDL 1370.
OADM 0990. Keyboarding Basics
Lecture 2, Lab 0, Credit 2
Introduction to basic keyboarding terminology and touch typing including alphabetic, numeric, and symbol keys. Emphasis is placed on speed, accuracy, and correct technique utilizing keyboarding software which focuses on drill and practice. This course is designed for students with limited typing skills and does not substitute for OADM 1100, Keyboarding I.

OADM 1000. Customer Service
Lecture 3, Lab 0, Credit 3
This course is intended to help participants’ progress from learning about themselves, learning how to relate to their internal customers as well as their external customers in the workplace.

OADM 1100. Keyboarding I
Lecture 3, Lab 0, Credit 3
Development and application of introductory and intermediate keyboarding techniques combined with basic word processing documentation. Emphasis is also placed on an increase in speed, accuracy, and correct keyboarding techniques.

OADM 1150. Introduction to Software Applications
Lecture 3, Lab 0, Credit 2
An introductory study of computer hardware, operating systems, Internet concepts, and security and ethical issues. Includes a hands-on approach in the use of microcomputer applications including spreadsheet, word processing, and database concepts. OADM 1150, ISTE 1000, and ISTE 1005 are considered to be equivalent courses to satisfy the degree requirements. Duplicate credit for these courses will not be given to satisfy elective credit for the Accounting and Office Systems programs.

OADM 1180. Records Management
Lecture 3, Lab 0, Credit 3
This course includes basic records management terminology, procedures, classification systems, electronic and manual storage, retrieval, and disposal, compliance with freedom of information laws and Privacy Act.

OADM 1200. Keyboarding II
Lecture 3, Lab 0, Credit 3
Continued development and application of computerized keyboarding techniques and proper usage of word processing commands. Emphasis is on integrated office projects for various types of business. Prerequisite: OADM 1100

OADM 1330. Introduction to Spreadsheets
Lecture 3, Lab 0, Credit 3
Focuses on the basic fundamentals of producing spreadsheets. Prerequisite: OADM 1150 or Special Approval.

OADM 1450. Basic Word Processing
Lecture 3, Lab 0, Credit 3
Hands-on application of basic word processing techniques and functions. Current version of popular word processing software is incorporated. Prerequisites: OADM 1150 and OADM 1100 or Special Approval.

OADM 1550. Advanced Word Processing
Lecture 3, Lab 0, Credit 3
Hands-on application of advanced word processing with emphasis on features and commands using current version of word processing software. Prerequisite: OADM 1450.

OADM 1610. Presentation Software
Lecture 3, Lab 0, Credit 3
The student will study the use of presentation software. The course will focus on design and proper technique for developing a presentation. Prerequisite: OADM 1150 or Special Approval.

OADM 1630. Desktop Publishing
Lecture 3, Lab 0, Credit 3
Basic concepts in creating documents containing graphics and text. Current version of popular word processing/graphics software is incorporated. Prerequisite: OADM 1550 or Special Approval.

OADM 2530. Office Procedures
Lecture 3, Lab 0, Credit 3
Focuses on understanding the role of the office professional in today’s changing office environment. Students learn effective office, human relations, communication, decision-making, and critical thinking skills by completing assignments and live projects. Specific items covered in this course include interpersonal communications, professional presence and success behaviors, stress and time management, work ethics and diversity, current technology, telecommunications, mail and records management, business correspondence, teamwork, meetings and presentations, travel and conference arrangements, and career development. Prerequisite: OADM 1450.

OADM 2640. Advanced Spreadsheet Applications
Lecture 3, Lab 0, Credit 3
Focuses on creating graphs, the use of multiple spreadsheets, database capabilities, special spreadsheet functions to perform statistical analysis, financial analysis, mathematical computations, and an introduction to the macro capabilities of spreadsheets. Prerequisite: OADM 1330.

OADM 2996. Special Projects
Lecture 3, Lab 0, Credit 3
A course designed for the student who has demonstrated specific special needs. Prerequisite: Special Approval.

ORNT 1000 College Success
Lecture 1, Lab 0, Credit 1
This course is designed to introduce newly enrolled students to college life and career development through a variety of activities. The course includes: an introduction to the college: policies, procedures, and available resources; college success strategies such as study skills, time management, problem resolution, stress management, and effective communication; setting personal and educational goals; team/group dynamics; an introduction to electronic learning and online resources.

PHSC 1000. Physical Science I
Lecture 3, Lab 0, Credit 3
Introductory study of topics in physical science including motion, energy, temperature, light and sound, electricity, and atomic structure. Prerequisite: Eligibility for Math 1100. [LCCN: CPHY 1023]

PHSC 1100. Physical Science I Laboratory
Lecture 0, Lab 1, Credit 1
Laboratory investigations designed to demonstrate and complement the lessons taught in Physical Science I. Prerequisite or corequisite: PHSC 1000.

PHSC 1200. Physical Science II
Lecture 3, Lab 0, Credit 3
Introductory study of topics in physical science including chemical processes, organic chemistry, meteorology, and geology. Prerequisite: Eligibility for Math 1100. [LCCN: CPHY 1033]
PHSC 1300. Physical Science II Laboratory
Lecture 0, Lab 1, Credit 1
Laboratory investigations designed to demon-
strate and complement the lessons taught in
Physical Science II. Prerequisite or corequisite:
PHSC 1200.

PHSC 1500. Astronomy
Lecture 3, Lab 0, Credit 3
Includes a study of the earth’s solar system,
the sun and other stars, nebulae, and galaxies.
Prerequisite: Eligible for ENGL 1010.

PHYS 2100. General Physics I
Lecture 3, Lab 0, Credit 3
Fundamental principles of motion, force,
work, energy, temperature, and heat. Prerequi-
site or Corequisite: “C” or better in MATH 1100.
[LCCN: CPHY 2113]

PHYS 2110. General Physics II
Lecture 3, Lab 0, Credit 3
Use of laboratory experiences to develop
an understanding of basic principles of physics.
Prerequisite or corequisite: PHYS 2100 (either
pre-req or co-req). [LCCN: CPHY 2111]

PHSC 1100. American Government
Lecture 3, Lab 0, Credit 3
Principles, structures, processes, and func-
tions of the United States government. Prerequi-
site: Eligible for ENGL 1010. [LCCN: CPOL 2013]

PHSC 1200. Physical Science I Laboratory
Lecture 0, Lab 1, Credit 1
An overview of physics designed to fa-
miliarize students with the major theories and
basic principles for studying and understanding
human behavior. Prerequisite: Eligible for ENGL
1010. [LCCN: CPSY 2113]

PSYC 2335. Psychology of Human Development
Lecture 3, Lab 0, Credit 3
Physical, psychological, and social aspects
of the individual from conception to death.
Includes cultural, social, and hereditary factors
that affect the individual’s behavior throughout
the life cycle. Prerequisite: Require “C” or better in
PSYC 2100. [LCCN: CPSY 2113]

PTEC 1010. Process Instrumentation I
Lecture 3, Lab 0, Credit 3
This course is designed to introduce the stu-
dent to the equipment and methodologies used
by the industry for monitoring performance and
controlling processes. Topics addressed include
common terminologies, basic principles of mea-
surement and instrumentation, specific hard-
ware, performance characteristics, control loops,
typical applications and operating limits. Prereq-
usites or Corequisite: PTEC 1010.

PTEC 1310. Process Instrumentation II
Lecture 2, Lab 1, Credit 3
This course is a continuation of PTEC 1310.
The course extends the student’s knowledge of
process instrumentation. Topics addressed in-
clude learning to use P&ID’s, detailed study of
control loops, computerization of process con-
trol, DCS, case studies, and troubleshooting. Pre-
requisite: PTEC 1310 or INST 1110.

PTEC 1320. Process Instrumentation III
Lecture 2, Lab 1, Credit 3
This course is a study of process plant equip-
ment including their construction, principles of
operations, maintenance and utilization within
the process industry. Equipment to be studied in-
cludes piping, valves, pumps, compressors, heat
exchangers, fired furnaces, steam and gas tur-
bines. Prerequisites or Corequisite: PTEC 1010.

PTEC 1610. Plant Equipment (PT I)
Lecture 2, Lab 1, Credit 3
This course is an introductory study of the
chemical and refining industry. This includes
distillation and fractionation, reaction, absorp-
tion, adsorption, extraction, stripping, cracking,
refining, alkylation, delayed coking, and hydro-
processing. Process Systems also covers cooling
water, heat recovery, water chemistry, clarifica-
tion, filtration, steam generation, and heat ex-
change. Prerequisite: PTEC 1610 and PTEC 1310
Corequisite: PTEC 2421.

PTEC 2421. Process Systems (PT II)
Lecture 3, Lab 0, Credit 3
This course teaches processes found in the
chemical and refining industry. This includes
distillation and fractionation, reaction, absorp-
tion, adsorption, extraction, stripping, cracking,
refining, alkylation, delayed coking, and hydro-
processing. Process Systems also covers cooling
water, heat recovery, water chemistry, clarifica-
tion, filtration, steam generation, and heat ex-
change. Prerequisite: PTEC 1610 and PTEC 1310
Corequisite: PTEC 2421.

PTEC 2421. Process Systems (PT II) Lab
Lecture 0, Lab 1, Credit 1
This lab prepares the student to operate the
Distributive Control Systems in industry. In this
class, the student will study the TDC-3000 Dis-
tributive Control System. Then the student will
work in the Simtronics simulation software.
The simulations will be based on plant equipment
and running conditions. Corequisite: PTEC 2420.

PTEC 2430. Unit Operations (PT III)
Lecture 3, Lab 1, Credit 4
This course teaches the operations of an en-
SOWELA Technical College

PTEC 2620. Process Physics Laboratory
Lecture 0, Lab 1, Credit 1

The laboratory experience is used to enhance the basic principles of process physics. The major objective is to generate data that can be examined to answer scientific principles. Formula writing as well as mathematical expertise will be needed to accomplish this objective. The topics of industrial organics, forces in our universe, motion, vectors, heat energy, and radiation will be studied in detail. Students should develop a real appreciation of the work of scientists in the process of discovery to answer questions about our physical universe. The correct use and manipulation of scientific equipment and supplies are also important skills of a process technician. At the end of the semester the student must prepare an operating manual for one of our glass plants. The lab portion of the classes includes simulation software (Simtrons and Dexter) and refresher training using the Ingenious software. Prerequisites or Corequisite: PTEC 2420, Corequisites: PTEC 2911 or PTEC 2912.

PTEC 26240. Process Troubleshooting
Lecture 3, Lab 0, Credit 3

This course applies a six-step troubleshooting method for solving and correcting operating problems. It focuses on malfunctions as opposed to process design or configuration improvements. Troubleshooting is using data from instrumentation to determine the cause for abnormal conditions in an organized and regimented way. Prerequisite: PTEC 1610, Prerequisite or Corequisite: PTEC 2420.

PTEC 2630. Fluid Mechanics
Lecture 3, Lab 0, Credit 3

This course is designed to introduce the student to fundamental physics principles and their application to industry. The basic principles of motion, force, work, energy, temperature, and heat will be studied. Formulas, synthesis of formulas, and modification of variables are important to the understanding of scientific principles. Vector analysis and force modifications will be applied as they relate to the petrochemical environment. The use of machines, their mechanical advantages and energy transformations will be tested. The principles of radioactivity and its attendant nature and safety factors will be explored. The students' mathematical knowledge, including trigonometry, is imperative to the understanding of this course. Prerequisites: MATH 1100, Corequisite: PTEC 2621.

PTEC 2621. Process Physics Laboratory
Lecture 0, Lab 1, Credit 1

This course consisting of 135 hours of departmentally approved team activities utilizing the PTEC Laboratory (Glass Plants). Using the PTEC Laboratory, Glass Plants (six operating units), the students will apply and demonstrate the operating principles previously learned in the PTEC curriculum. This course consists of some individual and team work, operating principles, safety health and environment issues, and drawing a (P&ID) of their assigned plants as built. Prerequisites: PTEC 2420, Corequisite: PTEC 2430.

PTEC 2911. Campus Internship
Lecture 0, Lab 3, Credit 3

This course is designed to introduce the student to the basic principles of radioactivity and its attendant nature and safety factors will be explored. The students’ mathematical knowledge, including trigonometry, is imperative to the understanding of this course. Prerequisites: MATH 1100, Corequisite: PTEC 2621.

PTEC 2912. Independent Internship
Lecture 0, Lab 3, Credit 3

Students qualifying for an industrial internship (PTEC 2912) must work a minimum of 135 supervised hours in a local industry facility. The facility providing the internship will determine the work schedule, which may include shift, nights or weekend work, and the actual hours that the student must spend at the facility to complete this course. In most cases the total hours will be more than the minimum 135 hours. Students who are unable to obtain an industrial internship will be required to take a campus internship (PTEC 2911) consisting of 135 hours of departmentally approved team activities utilizing the PTEC Laboratory (Glass Plants). Students taking the industrial internship course should note that it is unlikely that any other SOWELA classes other than distance learning classes can be taken in the semester. In addition to meeting the job requirements of the student’s assignment in the industrial facility, the student will demonstrate the operating principles previously learned in the PTEC curriculum under the supervision of a supervisor at the industrial facility. Students taking the industrial internship will receive compensation from the facility for the hours worked at the industrial facility with the compensation being determined by the facility. Prerequisites: PTEC 2420, Corequisite: PTEC 2430.

RELG 2110. Introduction to Religions of the World
Lecture 3, Lab 0, Credit 3

This course will engage you in a comparative study of the history, basic beliefs, and characteristic practices of such major religious systems as Hinduism, Buddhism, Taoism, Confucianism, Judaism, Christianity, and Islam. Some attention will also be given to the religions of the ancient Middle-Eastern and Mediterranean peoples, to important sects and cults, and to contemporary sectarian and cultic movements. In this course, you will be introduced to primary and secondary sources in the field of comparative religion. You will also be introduced to the essential principles of critical thinking techniques. Prerequisite: Eligible for ENGL 1010. [LCCN: CPHL 2213]

SKIL 1000. Skills for Successful Studies
Lecture 3, Lab 0, Credit 3

A comprehensive course outlined to address strategies needed to be successful in college.

SOCL 2010. Introduction to Sociology
Lecture 3, Lab 0, Credit 3

An overview of sociology including theoretical perspectives and theorists; logic and techniques of research; social organization, institutions, and inequality; and social change. Prerequisite: Eligible for ENGL 1010. [LCCN: CSOC 2013]
SOWELA Technical Community College

SOCL 2020. Social Problems
Lecture 3, Lab 0, Credit 3
A study of individual, family, and community disorganization. Topics include crime, drug abuse, sexual deviance, inequality, and mental illness. Prerequisite: Require "C" or better in SOCL 2010. [LCCN: CSOC 2113]

SPCH 1000. Fundamentals of Speech Communication
Lecture 3, Lab 0, Credit 3
Develops an awareness and appreciation of history and traditions of speech communication as an academic field of study. Includes fundamental codes, functions, and processes of oral communication. Prerequisite: Eligible for ENGL 1010. [LCCN: CCOM 1013]

SPCH 1200. Introduction to Public Speaking
Lecture 3, Lab 0, Credit 3
Basic public speaking principles and skills. Provides experience preparing, organizing, and presenting each of the following types of speech: personal, introductory, informative, demonstrative, persuasive, and testimonial. Prerequisite: Eligible for ENGL 1010. [LCCN: CCOM 2013]

TSEN 0091. Transitional English
Lecture 3, Lab 0, Credit 3
This course provides students with a comprehensive study of English. Topics discussed are grammar, usage, mechanics, sentences, sentence structure, and editing paragraphs. This is a skills improvement course that may not be used as credit for a certificate, diploma, or degree. Placement is based on ACT, COMPASS, ASSET, or SAT scores, or a grade of "C" or better in TSEN 0091.

TSEN 0092. Transitional Mathematics
Lecture 3, Lab 0, Credit 3
Basic operations of whole numbers, fractions, and decimals; basic operations of integers and rational numbers; ratios and proportions; percents; basic algebra concepts including linear equations. This is a skills improvement course that may not be used as credit for a certificate, diploma, or degree. Placement is based on ACT, COMPASS, ASSET, or SAT scores. A student who has satisfactorily completed TSEN 0092 must enroll in TSEN 0093 prior to enrolling in MATH 1100.

TSEN 0093. Intermediate Algebra
Lecture 3, Lab 0, Credit 3
This course provides instruction that will enable students to acquire a better understanding of algebra, thus providing a foundation for college algebra. Topics covered are linear equations, inequalities, polynomials, rational expressions, and quadratic equations. This is a skills improvement course that may not be used as credit for a certificate, diploma, or degree. Placement is based on ACT, COMPASS, ASSET, or SAT scores, or a grade of "C" or better in TSEN 0092.

TSRE 0091. Transitional Reading
Lecture 3, Lab 0, Credit 3
This comprehensive reading course helps students improve their reading processes through a study of word forms and meanings, vocabulary and comprehension skills, and critical thinking skills. Also included are user information skills (reading a newspaper, warning labels, filling out forms, etc.) and reading maps, charts, and graphs. This is a skills improvement course that may not be used as credit for a certificate, diploma, or degree. Placement is based on ACT, ASSET, COMPASS, or SAT scores, or a grade of "C" or better in TSEN 0091.

TSMA 0092. Transitional Algebra
Lecture 3, Lab 0, Credit 3
This course provides instruction that will enable students to master the techniques of composition course. This is a skills improvement course that may not be used as credit for a certificate, diploma, or degree. Placement is based on ACT, ASSET, COMPASS, or SAT scores, or a grade of "C" or better in TSEN 0091.

WELD 1110. Occupational Orientation and Safety
Lecture 1, Lab 1, Credit 2
Introduces the student to the operation of welding that includes information and practice concerning safe working environments and safe operation of tools and equipment common to welding.

WELD 1120. Basic Blueprint, Metallurgy, and Weld Symbols
Lecture 1, Lab 1, Credit 2
An introduction to and practice of interpreting basic blueprint, metallurgy, and welding symbols. Prerequisite: WELD 1110.

WELD 1130. Welding Inspection and Testing
Lecture 1, Lab 1, Credit 2
Instruction and practice in the qualities and judgments involved in the testing and inspection of welded materials. Prerequisite: WELD 1110.

WELD 1210. Oxyfuel Systems
Lecture 1, Lab 1, Credit 2
An introduction to and practice of safety, setup, and handling of Oxyfuel cylinders and cutting equipment including practice cutting mild steel. Prerequisite: WELD 1110.

WELD 1310. Cutting Processes – CAC/PAC
Lecture 0, Lab 1, Credit 1
An introduction to and practice of safety, setup, and handling of Carbon Arc Cutting and Plasma Arc Cutting equipment including practice cutting ferrous and non-ferrous metals. Prerequisite: WELD 1110.

WELD 1410. SMAW – Basic Beads
Lecture 1, Lab 1, Credit 2
An introduction to the fundamentals of shielded metal arc welding including safety and practice of welding beads. Prerequisite: WELD 1110.

WELD 1411. SMAW – Fillet Weld
Lecture 0, Lab 2, Credit 2
Maintaining safety and practice of fillet welds using the shielded metal arc welding process. Prerequisite: WELD 1410.

WELD 1420. SMAW – V-Groove Open
Lecture 1, Lab 3, Credit 4
An introduction to the fundamentals of shielded metal arc welding of open groove welds including safety and practice of open groove welds. Prerequisite: WELD 1411.

WELD 1510. SMAW – PIPE 2G
Lecture 1, Lab 2, Credit 3
An introduction to the fundamentals of shielded metal arc welding of pipe including safety, setup and operation of pipe beveling equipment, and practice of a 2G-pipe weld. Prerequisite: WELD 1420.

WELD 1514. SMAW – 5G Downhill
Lecture 1, Lab 2, Credit 3
Maintaining safety and practice of a 5G-pipe weld using shielded metal arc welding with the weld progressing downhill. Prerequisite: WELD 1420.

WELD 1515. SMAW – 6G Downhill
Lecture 0, Lab 2, Credit 2
Maintaining safety and practice of a 6G-pipe weld using shielded metal arc welding with the weld progressing downhill. Prerequisite: WELD 1420.

WELD 1516. SMAW – 5G Uphill
Lecture 0, Lab 4, Credit 4
Maintaining safety and practice of a 5G-pipe weld using shielded metal arc welding, with the weld progressing uphill. Prerequisite: WELD 1420.
WELD 1517. SMAW – 6G Uphill
Lecture 0, Lab 3, Credit 3
Maintaining safety and practice of a 6G-pipe weld using shielded metal arc welding, with the weld progressing uphill. Prerequisite: WELD 1420.

WELD 2110. FCAW – Basic Fillet Welds
Lecture 1, Lab 1, Credit 2
An introduction to the fundamentals of flux-cored arc welding including safety and practice of fillet welds. Prerequisite: WELD 1110.

WELD 2111. FCAW – Groove Welds
Lecture 0, Lab 1, Credit 1
Maintaining safety and practice of groove welds using the flux-cored arc welding process. Prerequisite: WELD 2110.

WELD 2210. GTAW – Basic Multi-Joint
Lecture 1, Lab 2, Credit 3
An introduction to the fundamentals of gas tungsten arc welding including safety and practice of various fillet and groove welds. Prerequisite: WELD 1110.

WELD 2220. GTAW – PIPE 5G
Lecture 1, Lab 3, Credit 4
An introduction to the fundamentals of gas tungsten arc welding of pipe including safety, setup and operation of pipe beveling equipment, and practice of a 5G-pipe weld. Prerequisite: WELD 2210.

WELD 2221. GTAW – PIPE 2G
Lecture 0, Lab 3, Credit 3
Maintaining safety and practice of a 2G-pipe weld using the gas tungsten arc welding process. Prerequisite: WELD 2210.

WELD 2222. GTAW – PIPE 6G
Lecture 0, Lab 2, Credit 2
Maintaining safety and practice of a 6G-pipe weld using the gas tungsten arc welding process. Prerequisite: WELD 2210.

WELD 2230. GTAW – Aluminum Multi-Joint
Lecture 1, Lab 1, Credit 2
An introduction to the fundamentals of aluminum gas tungsten arc welding including safety and practice of various fillet and groove welds. Prerequisite: WELD 1110.

WELD 2310. GMAW – Basic Fillet Weld
Lecture 1, Lab 1, Credit 2
An introduction to the fundamentals of gas metal arc welding including safety and practice of fillet welds. Prerequisite: WELD 1110.

WELD 2311. GMAW – Groove Weld
Lecture 0, Lab 2, Credit 2
Maintaining safety and practice of groove welds using the gas metal arc welding process. Prerequisite: WELD 2310.

WELD 2312. Basic Pipe and Structural Fabrication
Lecture 1, Lab 2, Credit 3
An introduction to the fundamentals of pipe and structural fitting including safety, math for welders, isometric drawings, pipe takeoffs, saddle layouts, flange layouts, and how to use a pipe fitter’s handbook. Prerequisite: WELD 1110.
ADMINISTRATION
Hellums, Paula, Interim Vice Chancellor for Academic Affairs, B.S.N., Louisiana College – Pineville; M.S.N., McNeese State University.
Newman, Jeanine S., Vice Chancellor for Finance, B.A., McNeese State University.
Nwankwo, Charles, Chief Information Resources and Technologies Officer, B.S., M.S., University of Houston; Ph.D., The University of Texas at Austin.
Jolly, Randy, Executive Director of Institutional Enhancement, Alumni Affairs & Community Engagement, B.S., Abilene Christian University, Abilene, TX.
Farley, Andre’, Executive Director of Enrollment Management and Student Affairs, M.B.A.; M.A., Webster University, St. Louis, MO; B.S., University of South Carolina; Commercial/Instrument Rated Pilot, U.S. Army/FAA.
Anyanwu, FitzPatrick, Executive Director of Planning and Analysis, B.S., M.S., Ed.D., Oklahoma State University.
Vacant, Director of Human Capital/Resources and Payroll Planning and Management.
Darbone, Davidson, Director of Facilities Planning and Management.
Schmaltz, Kylie, Instructional Site Coordinator for Morgan Smith Site, B.S., McNeese State University.

ACADEMIC AFFAIRS
Hellums, Paula, Department Chair of Nursing and Interim Vice Chancellor of Academic Affairs, B.S.N., Louisiana College – Pineville; M.S.N., McNeese State University.

SOWELA Technical Community College

Lafargue, David P., Department Chair of Process Technology and Interim Department Chair of Industrial & Transportation Technology, A.S., B.S., McNeese State University; M.A., Liberty University.
Lejeune, Deborah A., Department Chair of Business and Information Technology, B.S., M.B.A., McNeese State University.
Rigmaidin, Mathilda, Dean of Instruction & Carl Perkins Coordinator, B.S., M.Ed., McNeese State University.
Stewart, Charles, Department Chair of Liberal Studies and Education and Interim Department Chair of Culinary, Graphic and Design Art, B.S., M.S., McNeese State University; Ed.D., Lamar State University.

FULL TIME FACULTY
Abel, Adrienne, Instructor of Office Systems Technology, (Morgan Smith Site), M.A., University of Phoenix; B.S., McNeese State University.
Abercrombie, Danielle, Instructor of Nursing, B.S.N., McNeese State University.
Angelle, Roy, Instructor of Culinary Arts, A.A.S., Ltc - Lafayette Campus.
Ballou, Nella Luann, Instructor of Mathematics, A.A.S., Arkansas Community College; B.S., M.S., McNeese State University.
Bell, Alexander, Instructor of Physics, M.A., University of Phoenix.
Bilbo, Rachael, Instructor of Nursing, B.S.N. McNeese State University.
Boullion, Ronald, Instructor of Process Technology.
Buck, Darrell, Instructor of Graphic Art, A.A.T., SOWELA Technical Community College.
Byrd, Jonathan, Instructor of Criminal Justice, M.S., Troy University.
Carrere, Todd, Instructor of Mathematics, B.S., M.S., McNeese State University.

CREEGUIE, Amanda B., Instructor of Psychology, B.A., Louisiana Tech University; M.A., McNeese State University; Ph.D., Auburn University.
Darbonne, Jonathan, Instructor of Welding, Diploma, SOWELA Technical Community College.
Deshotel, Wallace, Instructor of Welding, (Morgan Smith Site), SMAW Welder Certified.
Duhon, Ernest, Instructor of Process Technology.
Eaves, Kimberly, Program Coordinator and Instructor of Nursing, B.S.N., RN, Northwestern State University of Louisiana.
Ezell, Brian, Interim Program Coordinator and Instructor of Industrial Instrumentation Technology, A.S., B.S., McNeese State University.
Ferrygood, Leslie, Instructor of Nursing, A.D.N., Lamar State College - Orange; B.S.N., M.S.N., Chamberlain College of Nursing, St. Louis, MO.
Fontenot, Christopher, Instructor of Industrial Instrumentation Technology, A.S., Northshore Technical Community College.
Fontenot, Gregory Troy, Program Coordinator and Instructor of Aviation Maintenance Technology, Diploma, SOWELA Technical Community College.
Fontenot, Patrice, Instructor of Nursing, B.S.N., Chamberlain College of Nursing, St. Louis, MO.
Frentz, Jonathan, Instructor of Mathematics, B.S., M.S., McNeese State University.
Frey, Katrina, Instructor of Mathematics, B.S., M.S., McNeese State University.
Freeman, Katrina, Instructor of Mathematics, B.S., M.S., McNeese State University.
Goodman, Aaron, Instructor of Drafting and Design Technology, Diploma, Delta School of Business and Technology.
Groth, Robert, Instructor of Biology, B.S., North-
Lewis-Thomas, Kathy, Transitional Reading Instructor, M.A., McNeese State University; B.S., M.S., Kaplan University; A.A.S., SOWELA Technical Community College.

Louveire, Richard, Interim Program Coordinator and Instructor of Process Technology, Certificate of Electronic Instrumentation, SOWELA Technical Community College.

MacLennan, Darren, Public Services Librarian, B.A., M.S., Kent State University.

Madden, Angela, Instructor of English, M.Ed., M.A., McNeese State University.

McCarty, Timothy, Instructor of Collision Repair Technology, ASE, ICAR Certifications.

McConnell, Doris, Instructor of English, B.A., M.A., McNeese State University.

Monceaux, R. K., Instructor of Accounting Technology, B.A., Louisiana Tech University; M.B.A., McNeese State University.

Montou, Patricia, Instructor of Nursing, RN B.S.N., McNeese State University.

Morris, Anita, Science Lab Coordinator, M.S., McNeese State University.

Mueller, Ronald, Instructor of Industrial Electronics, NEC Electrical Engineering Technology Certificate.

Neils, Lane, Instructor of History, B.A., M.A., University of Louisiana; Ph.D., The University of Texas at Austin.

Parker, Jason, Instructor of Drafting and Design Technology, A.A.T., SOWELA Technical Community College.

Quibodeaux, Lisa E., Instructor of Criminal Justice, B.S., McNeese State University; M.S., University of Alabama; Ph.D., Walden University.

Randel, Charon, Program Coordinator and Instructor of Nursing (Morgan Smith Site), M.S.N., McNeese State University; B.S.N., McNeese State University.

Richard, Devin, Instructor of Welding, SMAW Welder Certified.

Richard, Thomas C., Instructor of Automotive Technology, ASE Certification.

Rogers, Lisa, Instructor of Nursing, RN AD, Lamar State College.

Saucier, Terrell, Instructor of Industrial Instrumentation Technology.

Schmaltz, Kylie, Instructor of Accounting Technology, (Morgan Smith Site), B.S., McNeese State University.

Sherwood, Mary Frances, Director of Library Services, B.A., M.A., Northern Illinois University; M.A.+30, Lamar State University.

Spooner, Kathryn, Instructor of Process Technology, A.A.S., SOWELA Technical Community College; B.S., Oregon State University.

Stewart, Charles, Instructor of Mathematics, B.S., M.S., McNeese State University; Ed.D., Lamar State University.

Stewart, Michael, Instructor of Industrial Electricians.

Trahan, Cheryl, Instructor of Process Technology, B.S., Michigan Technological University.

Whelan, Bridget, Instructor of English, Ph.D., University of LA; M.A., McNeese State University.

White, Gloria V., Instructor of Nursing, A.D.N., Lamar State College - Orange.

Williams, Lewis Ray, Instructor of Automotive Technology, ASE Certification, Diploma, Louisiana Technical College – Alexandria Campus.

PART TIME FACULTY

Bailey, John, Instructor of Information Technology, B.S., M.S., McNeese State University.

Bares, Judd, Instructor of Graphic Art, B.S., McNeese State University.

Bell, Christa, Instructor of Speech, B.A., University of Southern Mississippi; M.A., Gonzaga University.

Bergeron, Cynthia, Instructor of Mathematics, B.A., M.S., McNeese State University.

Boyett, Anita, Instructor of Nursing, A.D.N., McNeese State University.

Campbell Jr., Richard, Instructor of Plumber Apprentice, B.S., McNeese State University.

Clark, James, Instructor of Aviation Maintenance Technology.

Clark, Kecia, Instructor of Health Sciences, (Morgan Smith Site), B.S.N., Florida Hospital College of Health Sciences, Orlando, FL; A.D.N., McNeese State University.

Clay, L., Instructor of Transitional Studies, B.A., M.A., McNeese State University.

Devereaux, Desiree, E-Learning Program Coordinator, B.A., M.Ed.+30, McNeese State University.

Doucet, Rebecca, Instructor of Nursing (Morgan Smith Site), M.S.N., C.S.N., University of South Alabama.

Downs, Harvey, Instructor of History, B.A., McNeese State University; M.A., Lamar State University.

Edwards, Alvin, Instructor of Electricians, B.S., University of Maryland.

Farber, Gary, Instructor of Process Technology.

Flowers, Barbara, Instructor of English, M.A., McNeese State University.

Fontenot, Jesse, Instructor of Electrician Apprentice, Local 861 Electrical Apprenticeship, Diploma, SOWELA Technical Community College.

Fontenot, Mary Ellen, Instructor of Culinary Arts, A.A.S., SOWELA Technical Community College.

Fults, W. D., Instructor of Process Technology.

Galan, Alberto, Instructor of Criminal Justice, B.S., Louisiana State University; J.D., Southern University Law Center.

Gaspard, Steven, Instructor of Electrician Apprentice, Local 861 Electrical Apprenticeship, Diploma, SOWELA Technical Institute.
GLOSSARY OF IMPORTANT TERMS

Academic Status
While attending SOWELA, a student must remain in good standing. Students not on academic/disciplinary probation or suspension are in good standing. Students in good standing can participate in clubs/organizations.

Auditing
Students who audit a course attend class, but are not required to fulfill all course prerequisites. No course credit is earned for audited courses; they are shown on the student's transcript with a grade of “AU.” Students must register for the course(s) they intend to audit and pay the required fees.

CIP Code
Classification of Instructional Programs Code – It provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity.

College Catalog
The College Catalog includes information about SOWELA and its admissions, policies, academic support services, and programs of study. The latest catalog is always on our web site at www.sowela.edu.

Corequisites
Corequisites are required courses that must be taken with or prior to a companion course(s). These courses are listed in the course descriptions of the latest College Catalog.

Credit Hour, Semester
The credit hour is a unit of measure assigned to college credit coursework. A semester credit hour corresponds to one hour of class instruction. Most courses earn three to four semester credit hours. For more information consult your academic faculty advisor.

Dual Enrollment
This is a program that allows a high school student to enroll in a college level course for which dual credit (both college and high school credit) is earned on the student's secondary and postsecondary academic record.

Electives
Electives are courses taken in addition to required coursework. Elective courses usually relate to the student's major. For more information, consult your academic faculty advisor.

General Education Core
The general education core is a key series of courses in the humanities, fine arts, mathematics, natural sciences, and social sciences that students are required to take in order to receive an associates or transfer degree. Refer to the latest College Catalog.

GED (See HiSET)

Grade Point Average (GPA)
GPA is used to measure scholastic standing. The GPA is determined by dividing the total number of grade points earned by the total semester credit hours attempted. Refer to the “Grading Section” of this catalog.

Grade Points
Grade points are numerical values assigned to each letter grade for the purpose of computing the grade point average (GPA). Refer to the “Grading Section” of this catalog.

HiSET
High School Equivalency Test– A group of five subject tests which, when passed, certify that the taker has high school level academic skills. They measure proficiency in science, mathematics, social studies, reading and writing. Passing the HiSET, therefore, gives those who did not complete high school the opportunity to earn their high school equivalency credential.

Prerequisites
Prerequisites are required courses. Students seeking to take a course or enter a program of study with prerequisites must first pass the prerequisite courses with a letter grade of “C” or better. Refer to the latest College Catalog.

Semester Hour
Refer to “Semester Credit Hour” in this catalog.

STEPS
Senior Technical Education Program at SOWELA – The STEPS program provides high school seniors a jump start on college. Students in the STEPS program experience the college environment while completing their high school diploma and earning college credits.

Transcript
A transcript is the student's official record of academic standing, including biographical and test data. Transcripts are obtained upon request from the student to the Office of the Registrar.
