

Assessment: Program Four Column

Acad Program - Associate of Science in Nursing (ASN)

Unit Assessment Coordinator: Deanne Smith

Mission: The Associate of Science Degree in Nursing (ASN) is designed to prepare students for immediate employment in the healthcare arena and enhance possibilities of transfer coursework to a Baccalaureate of Science in Nursing (BSN) program. Graduates will be eligible to write the National Council Licensure Exam for R.N (NCLEX-RN) and be prepared to enter the workforce as a registered nurse generalist.

<i>Program Learning Outcomes</i>	<i>Assessment Methods</i>	<i>Assessment Results</i>	<i>Action Taken (Use of Results)</i>
Safe Care - Provide safe care that is culturally and developmentally appropriate. Assessment Year: 2017 - 2018, 2018 - 2019, 2019 - 2020, 2021 - 2022, 2022 - 2023 Start Date: 08/02/2021	Standardized Test - ATI standardized Comprehensive predictor in the NLN competency, Nursing Judgement category will be utilized Criterion: cohort average on first attempt of the ATI standardized Comprehensive predictor in the NLN competency, Nursing Judgement category will be at or above 78.59%	Reporting Period: 2022 - 2023 EoY Result Type: Criterion Met traditional ASN- 78.9%, LPN to RN 83.6%, combined 81.25% both program options met the Expected Level of Achievement (ELA) of 78.59%(08/11/2023) Analysis: The cohorts results of the NLN category was collected, averaged and reviewed by faculty.	Action Taken (Use of Results): This is the second year of collecting data for this new assessment method and plan to trend over 3 yrs. prior to making changes. ELA has been met for 2 yrs. Anticipate raising avg. to 80% after year 3 results. (08/11/2023)
	Fieldwork - NURS 2410 clinical evaluation tool_copy Criterion: 90% of cohort will score a 2.5 or greater, at midterm on all EPSLO #1 criterion on the NURS 2410 clinical evaluation tool.	Reporting Period: 2022 - 2023 EoY Result Type: Criterion Met 100% of students met ELA (08/11/2023) Analysis: All students clinical evaluation tools scores were collected and reviewed by faculty.	Action Taken (Use of Results): This is the second year of collecting data for this new assessment method and plan to trend over 3 yrs. prior to making changes. ELA has been met for 2 yrs. Anticipate raising goal to 95% after year 3 results. (08/11/2023)
	Group Project - NURS 2400 group project Criterion: on the NURS 2400 group project, 95% of the cohort will score a 3 or greater on the rubric under the category Nursing Judgement	Reporting Period: 2022 - 2023 EoY Result Type: Criterion Met 100% of students met ELA (08/11/2023) Analysis: All group project rubrics were collected and reviewed by faculty.	Action Taken (Use of Results): This is the second year of collecting data for this new assessment method and there was an increase in being met this year. Plan to trend over 3 yrs. prior to making changes but anticipate increasing goal to 100%. (08/11/2023)
Practice of Registered Nurse -	Fieldwork - NURS 2410 clinical	Reporting Period: 2022 - 2023 EoY	Action Taken (Use of Results):

<i>Program Learning Outcomes</i>	<i>Assessment Methods</i>	<i>Assessment Results</i>	<i>Action Taken (Use of Results)</i>
Practice within the legal, ethical, and professional scope of the Registered Nurse. Assessment Year: 2017 - 2018, 2018 - 2019, 2019 - 2020, 2020 - 2021, 2021 - 2022, 2022 - 2023 Start Date: 08/02/2021	evaluation tool Criterion: 90% of cohort will score a 2.5 or greater, at midterm on all EPSLO #2 criterion on the NURS 2410 clinical evaluation tool. Standardized Test - ATI standardized Comprehensive predictor in the NLN competency, Professional Identity category will be utilized Criterion: cohort average on first attempt of the ATI standardized Comprehensive predictor in the NLN competency, Professional Identity category will be at or above 77.69%	Result Type: Criterion Met 100% of students met ELA (08/11/2023) Analysis: All students clinical evaluation tools scores were collected and reviewed by faculty. Reporting Period: 2022 - 2023 EoY Result Type: Criterion Not Met traditional ASN- 70.3%, LPN to RN 73.3%, combined 71.8% neither program options, separate or combined, met the ELA) of 77.69%(08/11/2023) Analysis: The cohorts results of the NLN category was collected, averaged and reviewed by faculty.	This is the second year of collecting data for this new assessment method and plan to trend over 3 yrs. prior to making changes. ELA has been met for 2 yrs. Anticipate raising goal to 95% after year 3 results. (08/11/2023) Action Taken (Use of Results): This is the second year of collecting data for this new assessment method and plan to trend over 3 yrs. prior to making changes. Neither are meeting the benchmark. Will reach out to ATI to see if can get a breakdown of content covered in this category to determine if all content covered in nursing courses prior to changing ELA. (08/11/2023)
	Group Project - NURS 2400 group project Criterion: on the NURS 2400 group project, 95% of the cohort will score a 3 or greater on the rubric under the category Professional Identity	Reporting Period: 2022 - 2023 EoY Result Type: Criterion Met 100% of students met ELA (08/11/2023) Analysis: All group project rubrics were collected and reviewed by faculty.	Action Taken (Use of Results): This is the second year of collecting data for this new assessment method and plan to trend over 3 yrs. prior to making changes but anticipate increasing goal to 100%.(08/11/2023)
	Essay - Scope and Standards of Nursing Practice assignment in NURS 2500 Criterion: 80 % of cohort will score 90% or better on the Scope and Standards of Nursing Practice assignment in NURS 2500	Reporting Period: 2022 - 2023 EoY Result Type: Criterion Not Met 58% of students met ELA (08/11/2023) Analysis: All students assignment grades and rubrics were collected and reviewed by faculty.	Action Taken (Use of Results): This is the second year of collecting data for this new assessment method and plan to trend over 3 yrs. There was an increase from 2022 but still not meeting ELA. The due date was changed for 2023 to earlier in the semester will look at a due date change for next class before change ELA. (08/11/2023)
Human Flourishing - Foster human flourishing in their clients, team members and self. Assessment Year: 2017 - 2018, 2018 - 2019, 2019 - 2020, 2020 - 2021, 2021 - 2022, 2022 - 2023 Start Date: 08/02/2021	Standardized Test - ATI standardized Comprehensive predictor in the NLN competency, Human Flourishing category will be utilized Criterion: cohort average on first attempt of the ATI standardized Comprehensive predictor in the NLN competency, Human Flourishing category will be at or above 77.76%	Reporting Period: 2022 - 2023 EoY Result Type: Criterion Not Met traditional ASN- 76.5%, LPN to RN 83.6%, combined 80%. only one option met the ELA, 77.76% met the ELA, but combined they met the ELA. (08/11/2023) Analysis: The cohorts results of the NLN category was collected, averaged and reviewed by faculty.	Action Taken (Use of Results): This is the second year of collecting data for this new assessment method and plan to trend over 3 yrs. prior to making changes. Neither are meeting the benchmark. Will reach out to ATI to see if can get a breakdown of content covered in this category to determine if all content covered in nursing courses prior to changing ELA. (08/11/2023)
