

Assessment: Program Four Column

Acad Program - Machine Tool Technology

<i>Program Learning Outcomes</i>	<i>Assessment Methods</i>	<i>Assessment Results</i>	<i>Action Taken (Use of Results)</i>
<p>PLO 1 - Students will successfully demonstrate knowledge and skills required for an entry-level machinist/millwright position. Outcome Status: Active/Ongoing Assessment Year: 2020 - 2021, 2021 - 2022, 2022 - 2023, 2023 - 2024 Start Date: 08/01/2020</p>	<p>Final Exam Grade - Students will enrolled MTEC 1120, MTEC 1130, MTEC 1220 will demonstrate knowledge and skills required for an entry-level machinist/millwright position through the use of final exam grade. Criterion: 70% of students will successfully demonstrate the required knowledge of entry-level machinist/millwright position</p>	<p>Reporting Period: 2021 - 2022 EoY Result Type: Criterion Met 100% of the students in MTEC 1220 successfully demonstrated the knowledge and skills required for an entry-level machinist/millwright. (06/01/2022) Analysis: After a review of the data, it was determined that the Criterion was met and no changes may be made at this time.</p>	<p>Action Taken (Use of Results): 100% of the students in MTEC 1220 successfully demonstrated the knowledge and skills required for an entry-level machinist/millwright which exceeded the criterion. We will continue to review this goal. (06/01/2022)</p>
<p>PLO 2 - Demonstrate ability to install conveyor systems, connect machinery to power supplies and piping, direct hoisting and setting of machines, adjust the moving and stationary parts of machines to certain specifications. Outcome Status: Active/Ongoing Assessment Year: 2020 - 2021, 2021 - 2022, 2022 - 2023, 2023 - 2024 Start Date: 08/01/2020</p>	<p>Demonstration - Students will be able to Demonstrate ability to install conveyor systems, connect machinery to power supplies and piping, direct hoisting and setting of machines, adjust the moving and stationary parts of machines to certain specifications based on performance evaluations. Criterion: 70% of students will successfully demonstrate in MTEC 1220, MTEC 2120, MTEC 2220 the ability to install conveyor systems, connect machinery to power supplies and piping, direct hoisting and setting of machines, adjust the moving and stationary parts of</p>	<p>Reporting Period: 2021 - 2022 EoY Result Type: Criterion Met 100% of the students in MTEC 2120 and MTEC 2220 demonstrate the ability to install conveyor systems, connect machinery to power supplies and piping, direct hoisting and setting of machines, adjust the moving and stationary parts of machines to certain specifications. (06/01/2022) Analysis: After a review of the data, it was determined that the Criterion was met and no changes may be made at this time.</p>	<p>Action Taken (Use of Results): 100% of the students in MTEC 2120 and MTEC 2220 demonstrate the ability to install conveyor systems, connect machinery to power supplies and piping, direct hoisting and setting of machines, adjust the moving and stationary parts of machines to certain specifications. We will continue to review this goal. (06/01/2022)</p>
