The technical standards discussed in the following chart define performance expectations suggested for advancement through and successful completion of the Criminal Justice program. As a result, considerable thought has gone into ensuring individuals entering the Criminal Justice program understand what may be expected throughout the academic program. These standards are not intended to discourage individuals from considering the Criminal Justice program, but to provide an overview so that individuals can make a well-informed decision regarding their academic pursuits. It is the policy of SOWELA Technical Community College to provide reasonable accommodations for those with disabilities, health impairments, and other conditions. Individuals that would like to pursue a degree in this program and believe they may need accommodations are encouraged to reach out to the Office of Disability Services at (337) 421 – 6576 or email ods@sowela.edu.
